Fifty percent of the penalty must be deposited in the general fund of the county in which the injunction is issued, and 50% must be deposited in the state general fund.

(2) A person subject to an injunction for practicing without a license may also be subject to criminal prosecution. In a complaint for an injunction or in an affidavit, information, or indictment alleging that a person has engaged in unlicensed practice, it is sufficient to charge that the person engaged in the unlicensed practice of a licensed profession or occupation on a certain day in a certain county without averring further or more particular facts concerning the violation.

(3) Unless otherwise provided by statute, a person practicing a licensed profession or occupation in this state without complying with the licensing provisions of this title is guilty of a misdemeanor punishable by a fine of not less than $250 or more than $1,000, imprisonment in the county jail for not less than 90 days or more than 1 year, or both. Each violation of the provisions of this chapter constitutes a separate offense.

However, a licensee who reactivates a license after the license has expired, as provided in 37-1-141, is subject to a mandatory continuing education audit.

(3) After the lapsed date provided for in 37-1-141, the department may conduct a random audit of up to 50% of all licensees who have renewed their licenses to determine compliance with a program's continuing education requirements.

(4) The department may audit licensees for compliance with state, regional, or national certification or other department requirements.

(5) The department shall provide a licensee not in compliance with continuing education or certification requirements with an opportunity to cure the noncompliance as provided in 37-1-321.

(b) The terms do not include any subsequent evaluation of the event by a quality assurance committee, regardless of whether or not the subsequent evaluation of the event occurred in response to an incident report or occurrence report. (4) A member of the quality assurance committee or a person who provides information orally or in writing to a quality assurance committee may be subpoenaed and required to testify in a civil action regarding events about which the person has knowledge independent of the quality assurance program. The member or person may not be asked:

(6) The governing body of a medical practice group may waive privileges under this section and release information or present data of the quality assurance program by discovery, subpoena, or admission into evidence in any judicial or administrative proceeding. Without waiving privileges under this section, the governing body of a medical practice group may voluntarily release information or present data to a health care facility quality assurance committee established under 50-16-202. The information or records must be subject to the privileges and immunities provided for in 50-16-202.

(7) A duly appointed member of a quality assurance committee who acts without malice or fraud may not be subject to liability for damages in any civil action because of any act, statement, or proceeding undertaken, made, or performed within the scope of the functions of the quality assurance committee.

The quality assurance committee shall submit an evaluation report to the medical practice group outlining the review findings and recommending changes if changes are determined necessary.

(b) A focused review is a review intended for specific clinical and quality improvement purposes, such as:

(i) reviewing patient medical records relating to a certain disease or procedural category for purposes of comparing documented treatment to available and current standards of medical care;

(ii) assessing the efficacy and efficiency of an office procedure or process related to clinical care; or

(iii) reviewing office and clinical practices prompted by an analysis and results of incident reports.

(c) An incident review is for purposes of gathering data, investigating, conducting analysis, coordinating all responses, and recommending and initiating corrective action, as necessary, connected with a specific incident involving the delivery of medical care to a patient of the medical practice group.

(2) (a) A review of a medical practitioner conducted by a quality assurance committee under this part must be based on appropriateness, medical necessity, adequacy of documentation, and efficiency of services.

37-3-323. Suspension of license — investigation. (1) The department may investigate whenever the department learns of a reason to suspect that a license applicant or a person having a license to practice medicine in this state:

(a) is mentally or physically unable to safely engage in the practice of medicine, has procured a license to practice medicine by fraud or misrepresentation or through mistake, has been declared incompetent by a court of competent jurisdiction and has not later been lawfully declared competent, or has a condition that impairs the person's intellect or judgment to the extent that the condition incapacitates the person for the safe performance of professional duties;

(b) has engaged in unprofessional conduct;

(c) has practiced medicine with a suspended or revoked license;

(d) has had a license to practice medicine suspended or revoked by any licensing authority for reasons other than nonpayment of fees; or

(e) while under probation has violated the terms of probation.

(2) The investigation must be for the purpose of determining the probability of the existence of these conditions or the commission of these offenses and may, upon order of the board, include requiring the person to submit to a physical examination or a mental examination, or both, by a physician or physicians selected by the board or the board's representative if the board considers that the evaluation is in the best interests of the public. The board may examine and scrutinize the hospital records and reports of a licensee or license applicant as part of the examination, and copies must be released to the board on written request.

(3) If a person holding a license to practice medicine under this chapter is by a final order or adjudication of a court of competent jurisdiction adjudged to be mentally incompetent, to be addicted to the use of addictive substances, or to have been committed pursuant to 53-21-127, the person's license may be suspended by the board. The suspension continues until the licensee is found or adjudged by the court to be restored to reason or cured or until the person is discharged as restored to reason or cured and the person's professional competence has been proved to the satisfaction of the board.

The board may, on its own motion or upon application at any time after refusal, suspension, or the revocation of a license or of probation or of other action as in this chapter provided, reconsider its prior action and grant, reinstate, or restore such license or terminate the suspension thereof or terminate probation or reduce the severity of its prior disciplinary action, provided that the taking of any such further action or the holding of a hearing with respect thereto shall rest in the sole discretion of the board.

37-3-325. Violations — penalties. (1) A person practicing medicine in this state without complying with parts 1 through 3 of this chapter or an association or corporation, except a professional service corporation under Title 35, chapter 4, practicing medicine in this state or a person, association, or corporation violating parts 1 through 3 of this chapter or an officer or director of an association or corporation violating parts 1 through 3 of this chapter is guilty of a misdemeanor and on conviction shall be fined not less than $250 or more than $1,000 or be imprisoned in the county jail for not less than 90 days or more than 1 year, or both. Each daily failure to comply with or each daily violation of parts 1 through 3 of this chapter constitutes a separate offense.

(2) A person presenting or attempting to file as the person's own the diploma, license, certificate, or credentials of another or who gives false or forged evidence to the board, a member of the board, or the department in connection with an application for a license to practice medicine or who practices medicine under a false or assumed name or who falsely impersonates another licensee is guilty of a felony and on conviction shall be imprisoned in the state penitentiary for a term of not less than 1 year or more than 10 years.

37-3-326. Injunctive relief — manner of charging violation. Notwithstanding any other provision in this chapter, the board may maintain an action to enjoin a person from engaging in the practice of medicine until a license to practice medicine is procured. A person who has been enjoined and who violates the injunction is punishable for contempt of court. The injunction does not relieve the person practicing medicine without a license from a criminal prosecution. The remedy by injunction is in addition to remedies provided for the criminal prosecution of the offender. In charging a person in a complaint for injunction or in an affidavit, information, or indictment with a violation of this law by practicing medicine without a license, it is sufficient to charge that the person did, on a certain day and in a certain county, engage in the practice of medicine not having a license to do so, without averring further or more particular facts concerning the violation.

37-3-356. Enactment — provisions. The Interstate Medical Licensure Compact is enacted into law and entered into with all other jurisdictions joining in the compact in the form substantially as follows:

SECTION 1
PURPOSE

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the compact.

SECTION 2
DEFINITIONS

In this compact:

(1) "Bylaws" means those bylaws established by the interstate commission pursuant to Section 11 for its governance, or for directing and controlling its actions and conduct.

(2) "Commissioner" means the voting representative appointed by each member board pursuant to Section 11.

(3) "Conviction" means a finding by a court that an individual is guilty of a criminal offense through adjudication or entry of a plea of guilt or no contest to the charge by the offender. Evidence of an entry of a conviction of a criminal offense by the court shall be considered final for purposes of disciplinary action by a member board.

(4) "Expedited license" means a full and unrestricted medical license granted by a member state to an eligible physician through the process set forth in the compact.

(5) "Interstate commission" means the interstate commission created pursuant to Section 11.

(6) "License" means authorization by a state for a physician to engage in the practice of medicine, which would be unlawful without the authorization.

(7) "Medical Practice Act" means laws and regulations governing the practice of allopathic and osteopathic medicine within a member state.

(8) "Member board" means a state agency in a member state that acts in the sovereign interests of the state by protecting the public through licensure, regulation, and education of physicians as directed by the state government.

(9) "Member state" means a state that has enacted the compact.

(10) "Practice of medicine" means the clinical prevention, diagnosis, or treatment of human disease, injury, or condition requiring a physician to obtain and maintain a license in compliance with the Medical Practice Act of a member state.

(11) "Physician" means any person who:

(a) is a graduate of a medical school accredited by the Liaison Committee on Medical Education, the Commission on Osteopathic College Accreditation, or a medical school listed in the International Medical Education Directory or its equivalent;

(b) passed each component of the United States Medical Licensing Examination (USMLE) or the Comprehensive Osteopathic Medical Licensing Examination (COMLEX-USA) within three attempts, or any of its predecessor examinations accepted by a state medical board as an equivalent examination for licensure purposes;

(c) successfully completed graduate medical education approved by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association;

(d) holds specialty certification or a time-unlimited specialty certificate recognized by the American Board of Medical Specialties or the American Osteopathic Association's Bureau of Osteopathic Specialists;

(e) possesses a full and unrestricted license to engage in the practice of medicine issued by a member board;

(f) has never been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction;

(g) has never held a license authorizing the practice of medicine subjected to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license;

(h) has never had a controlled substance license or permit suspended or revoked by a state or the United States Drug Enforcement Administration; and

(i) is not under active investigation by a licensing agency or law enforcement authority in any state, federal, or foreign jurisdiction.

(12) "Offense" means a felony, gross misdemeanor, or crime of moral turpitude.

(13) "Rule" means a written statement by the interstate commission promulgated pursuant to Section 12 of the compact that is of general applicability, implements, interprets, or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the interstate commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule.

(14) "State" means any state, commonwealth, district, or territory of the United States.

(15) "State of principal license" means a member state where a physician holds a license to practice medicine and which has been designated as such by the physician for purposes of registration and participation in the compact.

SECTION 3
ELIGIBILITY

(1) A physician must meet the eligibility requirements as defined in Section 2(11) to receive an expedited license under the terms and provisions of the compact.

(2) A physician who does not meet the requirements of Section 2(11) may obtain a license to practice medicine in a member state if the individual complies with all laws and requirements, other than the compact, relating to the issuance of a license to practice medicine in that state.

SECTION 4
DESIGNATION OF STATE OF PRINCIPAL LICENSE

(1) A physician shall designate a member state as the state of principal license for purposes of registration for expedited licensure through the compact if the physician possesses a full and unrestricted license to practice medicine in that state, and the state is:

(a) the state of primary residence for the physician; or

(b) the state where at least 25% of the practice of medicine occurs; or

(c) the location of the physician's employer; or

(d) if no state qualifies under subsection (1)(a), subsection (1)(b), or subsection (1)(c), the state designated as state of residence for the purpose of federal income tax.

(2) A physician may redesignate a member state as state of principal license at any time, as long as the state meets the requirements in subsection (1).

(3) The interstate commission is authorized to develop rules to facilitate redesignation of another member state as the state of principal license.

SECTION 5
APPLICATION AND ISSUANCE OF EXPEDITED LICENSURE

(1) A physician seeking licensure through the compact shall file an application for an expedited license with the member board of the state selected by the physician as the state of principal license.

(2) Upon receipt of an application for an expedited license, the member board within the state selected as the state of principal license shall evaluate whether the physician is eligible for expedited licensure and issue a letter of qualification, verifying or denying the physician's eligibility, to the interstate commission.

(a) Static qualifications, which include verification of medical education, graduate medical education, results of any medical or licensing examination, and other qualifications as determined by the interstate commission through rule, shall not be subject to additional primary source verification where already primary source verified by the state of principal license.

(b) The member board within the state selected as the state of principal license shall, in the course of verifying eligibility, perform a criminal background check of an applicant, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation, with the exception of federal employees who have suitability determination in accordance with C.F.R. 731.202.

(c) Appeal on the determination of eligibility shall be made to the member state where the application was filed and shall be subject to the law of that state.

(3) Upon verification in subsection (2), physicians eligible for an expedited license shall complete the registration process established by the interstate commission to receive a license in a member state selected pursuant to subsection (1), including the payment of any applicable fees.

(4) After receiving verification of eligibility under subsection (2) and any fees under subsection (3), a member board shall issue an expedited license to the physician. This license shall authorize the physician to practice medicine in the issuing state consistent with the Medical Practice Act and all applicable laws and regulations of the issuing member board and member state.

(5) An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

(6) An expedited license obtained though the compact shall be terminated if a physician fails to maintain a license in the state of principal licensure for a nondisciplinary reason, without redesignation of a new state of principal licensure.

(7) The interstate commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license.

SECTION 6
FEES FOR EXPEDITED LICENSURE

(1) A member state issuing an expedited license authorizing the practice of medicine in that state may impose a fee for a license issued or renewed through the compact.

(2) The interstate commission is authorized to develop rules regarding fees for expedited licenses.

SECTION 7
RENEWAL AND CONTINUED PARTICIPATION

(1) A physician seeking to renew an expedited license granted in a member state shall complete a renewal process with the interstate commission if the physician:

(a) maintains a full and unrestricted license in a state of principal license;

(b) has not been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction;

(c) has not had a license authorizing the practice of medicine subject to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license; and

(d) has not had a controlled substance license or permit suspended or revoked by a state or the United States Drug Enforcement Administration.

(2) Physicians shall comply with all continuing professional development or continuing medical education requirements for renewal of a license issued by a member state.

(3) The interstate commission shall collect any renewal fees charged for the renewal of a license and distribute the fees to the applicable member board.

(4) Upon receipt of any renewal fees collected in subsection (3), a member board shall renew the physician's license.

(5) Physician information collected by the interstate commission during the renewal process will be distributed to all member boards.

(6) The interstate commission is authorized to develop rules to address renewal of licenses obtained through the compact.

SECTION 8
COORDINATED INFORMATION SYSTEM

(1) The interstate commission shall establish a database of all physicians licensed, or who have applied for licensure, under Section 5.

(2) Notwithstanding any other provision of law, member boards shall report to the interstate commission any public action or complaints against a licensed physician who has applied or received an expedited license through the compact.

(3) Member boards shall report disciplinary or investigatory information determined as necessary and proper by rule of the interstate commission.

(4) Member boards may report any nonpublic complaint or disciplinary or investigatory information not required by subsection (3) to the interstate commission.

(5) Member boards shall share complaint or disciplinary information about a physician upon request of another member board.

(6) All information provided to the interstate commission or distributed by member boards shall be confidential, filed under seal, and used only for investigatory or disciplinary matters.

(7) The interstate commission is authorized to develop rules for mandated or discretionary sharing of information by member boards.

SECTION 9
JOINT INVESTIGATIONS

(1) Licensure and disciplinary records of physicians are deemed investigative.

(2) In addition to the authority granted to a member board by its respective Medical Practice Act or other applicable state law, a member board may participate with other member boards in joint investigations of physicians licensed by the member boards.

(3) A subpoena issued by a member state shall be enforceable in other member states.

(4) Member boards may share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(5) Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine.

SECTION 10
DISCIPLINARY ACTIONS

(1) Any disciplinary action taken by any member board against a physician licensed through the compact shall be deemed unprofessional conduct which may be subject to discipline by other member boards, in addition to any violation of the Medical Practice Act or regulations in that state.

(2) If a license granted to a physician by the member board in the state of principal license is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the Medical Practice Act of that state.

(3) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:

(a) impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the Medical Practice Act of that state; or

(b) pursue separate disciplinary action against the physician under its respective Medical Practice Act, regardless of the action taken in other member states.

(4) If a license granted to a physician by a member board is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then any license issued to the physician by any other member board shall be suspended, automatically and immediately without further action necessary by the other member board, for 90 days upon entry of the order by the disciplining board, to permit the member board to investigate the basis for the action under the Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the 90-day suspension period in a manner consistent with the Medical Practice Act of that state.

SECTION 11
INTERSTATE MEDICAL LICENSURE COMPACT COMMISSION

(1) The member states hereby create the "Interstate Medical Licensure Compact Commission".

(2) The purpose of the interstate commission is the administration of the Interstate Medical Licensure Compact, which is a discretionary state function.

(3) The interstate commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the compact, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of the compact.

(4) The interstate commission shall consist of two voting representatives appointed by each member state who shall serve as commissioners. In states where allopathic and osteopathic physicians are regulated by separate member boards, or if the licensing and disciplinary authority is split between multiple member boards within a member state, the member state shall appoint one representative from each member board. A commissioner shall be:

(a) an allopathic or osteopathic physician appointed to a member board;

(b) an executive director, executive officer, or similar executive of a member board; or

(c) a member of the public appointed to a member board.

(5) The interstate commission shall meet at least once each calendar year. A portion of this meeting shall be a business meeting to address such matters as may properly come before the

commission, including the election of officers. The chairperson may call additional meetings and shall call for a meeting upon the request of a majority of the member states.

(6) The bylaws may provide for meetings of the interstate commission to be conducted by telecommunication or electronic communication.

(7) Each commissioner participating at a meeting of the interstate commission is entitled to one vote. A majority of commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission. A commissioner shall not delegate a vote to another commissioner. In the absence of its commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of subsection (4).

(8) The interstate commission shall provide public notice of all meetings and all meetings shall be open to the public. The interstate commission may close a meeting, in full or in portion, where it determines by a two-thirds vote of the commissioners present that an open meeting would be likely to:

(a) relate solely to the internal personnel practices and procedures of the interstate commission;

(b) discuss matters specifically exempted from disclosure by federal statute;

(c) discuss trade secrets or commercial or financial information that is privileged or confidential;

(d) involve accusing a person of a crime or formally censuring a person;

(e) discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(f) discuss investigative records compiled for law enforcement purposes; or

(g) specifically relate to the participation in a civil action or other legal proceeding.

(9) The interstate commission shall keep minutes which shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes.

(10) The interstate commission shall make its information and official records, to the extent not otherwise designated in the compact or by its rules, available to the public for inspection.

(11) The interstate commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rulemaking, during periods when the interstate commission is not in session. When acting on behalf of the interstate commission, the executive committee shall oversee the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as necessary.

(12) The interstate commission may establish other committees for governance and administration of the compact.

SECTION 12
POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The interstate commission shall have the duty and power to:

(1) oversee and maintain the administration of the compact;

(2) promulgate rules which shall be binding to the extent and in the manner provided for in the compact;

(3) issue, upon the request of a member state or member board, advisory opinions concerning the meaning or interpretation of the compact, its bylaws, rules, and actions;

(4) enforce compliance with compact provisions, the rules promulgated by the interstate commission, and the bylaws, using all necessary and proper means, including but not limited to the use of judicial process;

(5) establish and appoint committees including, but not limited to, an executive committee as required by Section 11, which shall have the power to act on behalf of the interstate commission in carrying out its powers and duties;

(6) pay or provide for the payment of the expenses related to the establishment, organization, and ongoing activities of the interstate commission;

(7) establish and maintain one or more offices;

(8) borrow, accept, hire, or contract for services of personnel;

(9) purchase and maintain insurance and bonds;

(10) employ an executive director who shall have such powers to employ, select, or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation;

(11) establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;

(12) accept donations and grants of money, equipment, supplies, materials and services, and to receive, utilize, and dispose of it in a manner consistent with the conflict of interest policies established by the interstate commission;

(13) lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use, any property, real, personal, or mixed;

(14) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(15) establish a budget and make expenditures;

(16) adopt a seal and bylaws governing the management and operation of the interstate commission;

(17) report annually to the legislatures and governors of the member states concerning the activities of the interstate commission during the preceding year. Such reports shall also include reports of financial audits and any recommendations that may have been adopted by the interstate commission.

(18) coordinate education, training, and public awareness regarding the compact, its implementation, and its operation;

(19) maintain records in accordance with the bylaws;

(20) seek and obtain trademarks, copyrights, and patents; and

(21) perform such functions as may be necessary or appropriate to achieve the purposes of the compact.

SECTION 13
FINANCE POWERS

(1) The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states.

(2) The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.

(3) The interstate commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.

(4) The interstate commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the interstate commission.

SECTION 14
ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

(1) The interstate commission shall, by a majority of commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact within 12 months of the first interstate commission meeting.

(2) The interstate commission shall elect or appoint annually from among its commissioners a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the interstate commission.

(3) Officers selected in subsection (2) shall serve without remuneration from the interstate commission.

(4) The interstate commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

SECTION 15

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(1) The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the interstate commission shall be invalid and have no force or effect.

(2) Rules deemed appropriate for the operations of the interstate commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

(3) Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the interstate commission.

SECTION 16

OVERSIGHT OF INTERSTATE COMPACT

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce the compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of the compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the compact which may affect the powers, responsibilities, or actions of the interstate commission.

(3) The interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission shall render a judgment or order void as to the interstate commission, the compact, or promulgated rules.

SECTION 17

ENFORCEMENT OF INTERSTATE COMPACT

(1) The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the compact.

(2) The interstate commission may, by majority vote of the commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

SECTION 18
DEFAULT PROCEDURES

(1) The grounds for default include, but are not limited to, failure of a member state to perform such obligations or responsibilities imposed upon it by the compact, or the rules and bylaws of the interstate commission promulgated under the compact.

(2) If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the compact, or the bylaws or promulgated rules, the interstate commission shall:

(a) provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default; and

(b) provide remedial training and specific technical assistance regarding the default.

(3) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the commissioners and all rights, privileges, and benefits conferred by the compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(5) The interstate commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state or the withdrawal of a member state.

(6) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(7) The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

(8) The defaulting state may appeal the action of the interstate commission by petitioning the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

SECTION 19
DISPUTE RESOLUTION

(1) The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states or member boards.

(2) The interstate commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

SECTION 20
MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

(1) Any state is eligible to become a member state of the compact.

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than seven states. Thereafter, it shall become effective and binding on a state upon enactment of the compact into law by that state.

(3) The governors of nonmember states, or their designees, shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.

(4) The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

SECTION 21
WITHDRAWAL

(1) Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) Withdrawal from the compact shall be by the enactment of a statute repealing the same, but shall not take effect until 1 year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing the compact in the withdrawing state.

(4) The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt of notice provided under subsection (3).

(5) The withdrawing state is responsible for all dues, obligations, and liabilities incurred through the effective date of withdrawal, including obligations the performance of which extend beyond the effective date of withdrawal.

(6) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

(7) The interstate commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

SECTION 22
DISSOLUTION

(1) The compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

(2) Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

SECTION 23
SEVERABILITY AND CONSTRUCTION

(1) The provisions of the compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(2) The provisions of the compact shall be liberally construed to effectuate its purposes.

(3) Nothing in the compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

SECTION 24
BINDING EFFECT OF COMPACT AND OTHER LAWS

(1) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(2) All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(3) All lawful actions of the interstate commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(4) All agreements between the interstate commission and the member states are binding in accordance with their terms.

(5) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

General

37-4-101. Definitions — practice of dentistry. (1) Unless the context requires otherwise, in this chapter, the following definitions apply:

(a) "Board" means the board of dentistry provided for in 2-15-1732.

(b) "Deep sedation" means a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained.

(c) "Department" means the department of labor and industry provided for in Title 2, chapter 15, part 17.

(d) "General anesthesia" means a drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

(2) Except for the provisions of 37-4-104, a person is practicing dentistry under this chapter if the person:

(a) performs, attempts, advertises to perform, causes to be performed by the patient or any other person, or instructs in the performance of dental operations, oral surgery, or dental service of any kind gratuitously or for a salary, fee, money, or other remuneration paid or to be paid, directly or indirectly, to the person, any other person, or any agency;

(b) is a manager, proprietor, operator, or conductor of a place where dental operations, oral surgery, or dental services are performed, unless the person is the personal representative of the estate of a deceased dentist or the personal representative of a disabled dentist, as provided in 37-4-104;

Out-of-State Mail Service Pharmacies

37-7-701. Legislative declaration. The legislature recognizes that with the proliferation of alternate methods of health care delivery, there has arisen among third-party payors and insurance companies the desire to control the cost and use of pharmacy services through a variety of mechanisms, including the use of mail service pharmacies located outside this state. As a result, the legislature finds and declares that to continue to protect the consumer-patients of this state, all out-of-state mail service pharmacies that provide services to this state's residents must be registered with the board, shall disclose specific information about their services, shall meet the same standards for utilization of technicians as an in-state pharmacy, and shall provide pharmacy services at a high level of competence.

History: En. Sec. 2, Ch. 664, L. 1991; amd. Sec. 2, Ch. 300, L. 1993; amd. Sec. 2, Ch. 274, L. 1995.

37-7-702. Out-of-state mail service pharmacy defined. "Out-of-state mail service pharmacy" means a pharmacy located outside this state that:

(3) shall submit a utilization plan for the employment of pharmacy technicians if allowed by the state where the mail service pharmacy is located. If the state in which the pharmacy is located does not establish a ratio of technicians to pharmacists for determining the number of pharmacy technicians or otherwise define the role of the pharmacist in compounding or dispensing drugs at the pharmacy, then the out-of-state mail service pharmacy may not allow a pharmacist to supervise more than one supportive person at any one time in the compounding or dispensing of prescription drugs, unless approved by the board as provided in 37-7-307 through 37-7-309.

(4) shall submit to the board proof of the pharmacist's good standing with the licensing authority in the state where the pharmacist is employed and the pharmacist's written commitment to comply with the utilization plan, if any, for each pharmacist identified under subsection (2) and shall provide to the board the same toll-free telephone service referenced in 37-7-706 in order to comply with all information requests by the board; and

37-7-704. Inspections. If the licensing or regulatory agency of the state in which an out-of-state mail service pharmacy is domiciled fails or refuses to inspect the out-of-state mail service pharmacy after receiving a request for an inspection from the board of this state, the board may cancel the out-of-state pharmacy's right to do business in this state unless the out-of-state pharmacy agrees to an onsite inspection by the board of this state.

2019 Amendment: Chapter 130 in (1) substituted current text for former text that read: "Each person licensed under Title 37 who is authorized to prescribe, dispense, or distribute controlled substances shall pay to the board a nonrefundable fee that is set by rule commensurate with costs, not to exceed $30." Amendment effective October 1, 2019.

Termination Provision Repealed — Code Commissioner Explanation: Section 5, Ch. 130, L. 2019, repealed secs. 1 and 2, Ch. 13, L. 2017, which terminated subsection (1) of this section June 30, 2019. Effective October 1, 2019.

Because Ch. 130 did not include an effective date, it takes effect on October 1, 2019, which is after the June 30, 2019, termination date, so the 2017 provisions could potentially be construed to have terminated subsection (1). Because the sole purpose of section 5 of Ch. 130, L. 2019, was to make subsection (1) of this section permanent, the code commissioner has not terminated subsection (1).

37-7-1512. Rulemaking authority. The board shall adopt rules to carry out and enforce this part, including but not limited to rules that:

(1) specify the type of information to be reported on prescription drug orders involving controlled substances;

(2) establish the requirements for transmitting from a pharmacy to the board prescription drug order information involving controlled substances;

(3) define the electronic format for submission of information;

(4) define the circumstances under which a pharmacy may receive a waiver from the requirement to submit information electronically;

(5) specify the procedure through which a pharmacy may request an extension of the time limit for submitting information;

(6) establish how a person or entity authorized to receive information from the registry may submit a request for the information;

(7) specify the ways in which the board may use records involving requests for registry information to document and report on statistics involving the registry;

(8) set the fees to be charged for establishing and maintaining the registry; and

(9) establish confidentiality provisions to ensure that the privacy of patient information is maintained.

History: En. Sec. 13, Ch. 241, L. 2011.

37-7-1513. Unlawful acts — sanctions — civil penalties. (1) A pharmacist who fails to submit prescription drug order information to the board as required by 37-7-1503 or who willfully submits incorrect prescription drug order information must be referred to the board for consideration of administrative sanctions.

(2) A person or entity authorized to possess registry information pursuant to 37-7-1504 through 37-7-1506 who willfully discloses or uses the registry information in violation of 37-7-1504 through 37-7-1506 or a rule adopted pursuant to this part must be referred to the appropriate licensing board or regulatory agency for consideration of administrative sanctions.

(3) In addition to the administrative sanction provided in subsection (2), a person or entity who willfully discloses or uses information from the registry in violation of 37-7-1504 through 37-7-1506 or a rule adopted pursuant to this part is liable for a civil penalty of up to $10,000 for each violation.

(4) The board may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general shall petition the district court to impose, assess, and recover the civil penalty.

(5) An action under subsection (3) or to enforce this part or a rule adopted under this part may be brought in the district court of any county where a violation occurs or, if mutually agreed on by the parties in the action, in the district court of the first judicial district.

(6) Civil penalties collected pursuant to this part must be deposited into the state special revenue account created pursuant to 37-7-1511 and must be used to defray the expenses of the board in establishing and maintaining the registry and in discharging its administrative and regulatory duties in relation to this part.

History: En. Sec. 14, Ch. 241, L. 2011.

37-7-1514. Report to legislature. The board shall provide a report to the appropriate interim committees of the legislature each interim, including but not limited to information on:

(1) the cost of establishing and maintaining the registry;

(2) any grants, gifts, or donations received to assist in establishing and maintaining the registry;

(3) how registry information was used; and

(4) how quickly the board was able to answer requests for information from the registry.

History: En. Sec. 15, Ch. 241, L. 2011.

37-7-1515. *(Effective July 1, 2021)* **Mandatory use of prescription drug registry.** A prescriber or an agent of the prescriber shall review a patient's records under the prescription drug registry before the prescriber issues a prescription for an opioid or a benzodiazepine for the patient, unless:

(1) the patient is receiving hospice care;

(2) the prescription is for a number of doses that is intended to last the patient 7 days or less and cannot be refilled;

(3) the prescription drug is lawfully administered to the patient in a health care facility;

(4) due to an emergency, it is not possible to review the patient's records under the registry before the prescriber issues a prescription for the patient;

(5) the patient is being treated for chronic pain and the prescriber reviews the patient's records under the prescription drug registry every 3 months; or

(6) it is not possible to review the patient's records under the registry because the registry is not operational or because of other technological failure if the failure is reported to the board.

History: **En. Sec. 3, Ch. 89, L. 2019.**

Part 5

Enhanced Nurse Licensure Compact

37-8-501. Enhanced nurse licensure compact — enactment. The Enhanced Nurse Licensure Compact is enacted into law and entered into with all jurisdictions legally joining in the compact, in the form substantially as set forth below.

Article I. Findings and Declaration of Purpose

(1) The party states find that:

(a) the health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(b) violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(c) the expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(d) new practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(e) the current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

(f) uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

(2) The general purposes of this compact are to:

(a) facilitate the states' responsibility to protect the public's health and safety;

(b) ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(c) facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(d) promote compliance with the laws governing the practice of nursing in each jurisdiction;

(e) invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(f) decrease redundancies in the consideration and issuance of nurse licenses; and

(g) provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

Article II. Definitions

As used in this compact:

(1) "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

(2) "Alternative program" means a non-disciplinary monitoring program approved by a licensing board.

(3) "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(4) "Current significant investigative information" means:

(a) investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

(5) "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(6) "Home state" means the party state that is the nurse's primary state of residence.

(7) "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.

(8) "Multistate license" means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(9) "Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

(10) "Nurse" means RN or LPN/VN, as those terms are defined by each party state's practice laws.

(11) "Party state" means any state that has adopted this compact.

(12) "Remote state" means a party state, other than the home state.

(13) "Single-state license" means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(14) "State" means a state, territory, or possession of the United States and the District of Columbia.

(15) "State practice laws" means a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. "State practice laws" does not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

Article III. General Provisions and Jurisdiction

(1) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.

(2) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. (e) is eligible for or holds an active, unencumbered license;

(g) has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(h) has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(i) is not currently enrolled in an alternative program;

(j) is subject to self-disclosure requirements regarding current participation in an alternative program; and

(k) has a valid United States social security number.

(4) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(5) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

(6) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

(7) (a) Any nurse holding a home state multistate license, on the effective date of this compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that a nurse, who changes primary state of residence after this compact's effective date, must meet all applicable requirements of subsection (3) of Article III to obtain a multistate license from a new home state.

(b) A nurse who fails to satisfy the multistate licensure requirements in subsection (3) of Article III due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the interstate commission of nurse licensure compact administrators (Commission).

Article IV. Applications for Licensure in a Party State

(1) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

(2) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

(3) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the commission.

(4) The nurse may apply for licensure in advance of a change in primary state of residence.

(5) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(6) If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

Article V. Additional Authorities Invested in Party State Licensing Boards

(1) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(a) take adverse action against a nurse's multistate licensure privilege to practice within that party state. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(b) issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(c) complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(d) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence is located.

(e) obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the federal bureau of investigation for criminal background checks, receive the results of the federal bureau of investigation record search on criminal background checks, and use the results in making licensure decisions;

(f) if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(g) take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(2) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(3) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

Article VI. Coordinated Licensure Information System and Exchange of Information

(1) All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(2) The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

(3) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of

applications (with the reasons for such denials), and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

(4) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

(5) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

(6) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(7) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(8) The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

(a) identifying information;

(b) licensure data;

(c) information related to alternative program participation; and

(d) other information that may facilitate the administration of this compact, as determined by commission rules.

(9) The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

Article VII. Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

(1) The party states hereby create and establish a joint public entity known as the interstate commission of nurse licensure compact administrators:

(a) The commission is an instrumentality of the party states.

(b) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(c) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

(2) Membership, voting, and meetings:

(a) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. The executive director provided for in 37-8-204 shall serve as the administrator of this compact for the state of Montana. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(b) Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(c) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(d) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.

(e) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(i) noncompliance of a party state with its obligations under this compact;

(ii) the employment, compensation, discipline, or other personnel matters, practices or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;

(iii) current, threatened, or reasonably anticipated litigation;

(iv) negotiation of contracts for the purchase or sale of goods, services, or real estate;

(v) accusing any person of a crime or formally censuring any person;

(vi) disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(vii) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(viii) disclosure of investigatory records compiled for law enforcement purposes;

(ix) disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or

(x) matters specifically exempted from disclosure by federal or state statute.

(f) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(3) The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact, including but not limited to:

(a) establishing the fiscal year of the commission;

(b) providing reasonable standards and procedures:

(i) for the establishment and meetings of other committees; and

(ii) governing any general or specific delegation of any authority or function of the commission;

(c) providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed.

(d) establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(e) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission.

(f) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

(4) The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the commission.

(5) The commission shall maintain its financial records in accordance with the bylaws.

(6) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

(7) The commission shall have the following powers:

(a) to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states, except that the rules may not alter qualifications for a state licensure or scope of practice.

(b) to bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(c) to purchase and maintain insurance and bonds;

(d) to borrow, accept, or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;

(e) to cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space, or other resources;

(f) to hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(g) to accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same, provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(h) to lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed, provided that at all times the commission shall avoid any appearance of impropriety;

(i) to sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

(j) to establish a budget and make expenditures;

(k) to borrow money;

(l) to appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons;

(m) to provide and receive information from, and to cooperate with, law enforcement agencies;

(n) to adopt and use an official seal; and

(o) to perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.

(8) Financing of the commission:

(a) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(b) The commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states.

(c) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the commission pledge the credit of any of the party states, except by, and with the authority of, such party state.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(9) Qualified defense and indemnification:

(a) The commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel, and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(b) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

Article VIII. Rulemaking

(1) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.

(2) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(3) Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(a) on the website of the commission; and

(b) on the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

(4) The notice of proposed rulemaking shall include:

(a) the proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(b) the text of the proposed rule or amendment, and the reason for the proposed rule;

(c) a request for comments on the proposed rule from any interested person; and

(d) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(5) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(6) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(7) The commission shall publish the place, time, and date of the scheduled public hearing.

(a) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

(b) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(8) If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule.

(9) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(10) The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(11) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) meet an imminent threat to public health, safety, or welfare;

(b) prevent a loss of commission or party state funds; or

(c) meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

(12) The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

Article IX. Oversight, Dispute Resolution, and Enforcement

(1) Oversight:

(a) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.

(b) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such a proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) Default, technical assistance, and termination:

(a) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(ii) provide remedial training and specific technical assistance regarding the default.

(b) If a state in default fails to cure the default, the defaulting state's membership in this compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

(d) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.

(f) The defaulting state may appeal the action of the commission by petitioning the U.S. district court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) Dispute resolution:

(a) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and non-party states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(c) (i) In the event the commission cannot resolve disputes among party states arising under this compact the party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

(ii) The decision of a majority of the arbitrators shall be final and binding.

(4) Enforcement:

(a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the U.S. district court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

Article X. Effective Date, Withdrawal, and Amendment

(1) This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this compact that also were parties to the prior nurse licensure compact superseded by this compact, (prior compact) shall be deemed to have withdrawn from said prior compact within six (6) months after the effective date of this compact.

(2) Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until such party state has withdrawn from the prior compact.

(3) Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

(4) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

(5) Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

(6) This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(7) Representatives of non-party states to this compact shall be invited to participate in the activities of the commission, on a nonvoting basis, prior to the adoption of this compact by all states.

(8) Nothing in this compact shall be construed to supersede state labor laws or relieve any employer from complying with statutory provisions.

Article XI. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held to be contrary to the constitution of any party state, this compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

The department may employ legal counsel to prosecute these actions. In these actions and on notice and hearing, an order or judgment may be entered awarding a temporary restraining order or final injunction as considered proper by the judge of the district court in the county where the violation occurred.

(a) the proposed time, date, and location of the meeting in which the rule is to be considered and voted upon;

(b) the text of the proposed rule or amendment and the reason for the proposed rule;

(c) a request for comments on the proposed rule from any interested person; and

(d) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(6) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which must be made available to the public.

(7) The commission shall grant an opportunity for a public hearing before the commission adopts a rule or amendment if a hearing is requested by:

(a) at least 25 persons;

(b) a state or federal governmental subdivision or agency; or

(c) an association having at least 25 members.

(8) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held by electronic means, the commission shall publish the mechanism for access to the electronic hearing.

(a) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than 5 business days before the scheduled date of the hearing.

(b) Hearings must be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(c) All hearings must be recorded and copies of the recording are to be made available on request.

(d) This section may not be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(9) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(10) If no written notice of intent to attend the public hearing by an interested party is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(11) The commission shall, by majority vote of all members, take final action on the proposed rule and determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(12) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section are retroactively applied to the rule as soon as reasonably possible but not later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) meet an imminent threat to public health, safety, or welfare;

(b) prevent a loss of commission or member state funds;

(c) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(d) protect public health and safety.

(13) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for the purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions must be posted on the website of the commission. The revision is subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision takes effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

SECTION 10 - OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(1) (a) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated under this compact have standing as statutory law.

(b) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(c) The commission is entitled to receive service of process in any proceeding described in subsection (1)(b) of this section and has standing to intervene in that proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, the compact, or promulgated rules.

(2) (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall provide:

(i) written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(ii) remedial training and specific technical assistance regarding the default.

(b) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) Termination of membership in the compact is to be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(d) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(f) The defaulting state may appeal the action of the commission by petitioning the U.S. district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member must be awarded all costs of the litigation, including reasonable attorney's fees.

(3) (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(4) (a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the U.S. district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the prevailing member must be awarded all costs of the litigation, including reasonable attorney's fees.

(c) The remedies in this section are not to be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

SECTION 11 - DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(1) The compact is effective in this state on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, are limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(2) Any state that joins the compact subsequent to the commission's initial adoption of the rules is subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission has the full force and effect of law on the day the compact becomes law in that state.

(3) Any member state may withdraw from this compact by enacting a statute repealing the compact.

(a) A member state's withdrawal does not take effect until 6 months after enactment of the repealing statute.

(b) Withdrawal does not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements in this compact prior to the effective date of withdrawal.

(4) This compact may not be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(5) This compact may be amended by the member states. An amendment to this compact does not become effective and binding upon any member state until the amendment is enacted into the laws of all member states.

SECTION 12 - CONSTRUCTION AND SEVERABILITY

This compact is to be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact are severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of this compact to any government, agency, person, or circumstance is not affected by the holding of invalidity. If this compact is held contrary to the constitution of any party state, the compact remains in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

(a) Licensure is not required for:

(i) a student enrolled in and attending a school or college of medicine, osteopathy, podiatry, dentistry, dental hygiene, chiropractic, or radiologic technology who applies x-ray radiation to persons under the specific direction of a person licensed to prescribe examinations or treatment;

(ii) a person administering x-ray examinations related to the practice of dentistry or denturitry if the person is certified by the board of dentistry as having passed an examination testing the person's proficiency to administer x-ray examinations;

(iv) a person who only operates industrial x-ray equipment that does not involve procedures administered on people.

(b) This chapter may not be construed to limit or affect in any respect the practice of their respective professions by licensed practitioners.

(2) A person licensed as a radiologic technologist may perform x-ray procedures on persons for medical, diagnostic, or therapeutic purposes under the specific direction of a person licensed to prescribe x-ray procedures.

(3) A radiologic technologist licensed under this chapter may inject contrast media and radioactive isotopes (radionuclide material) intravenously by the use of venous puncture and saline solution flush upon request and direction of a licensed practitioner. In the case of contrast media, the licensed practitioner requesting the procedure, the radiologist, or personnel trained in advanced cardiac life support must be immediately available in the facility. Injections must be for diagnostic studies only and not for therapeutic purposes. Except as provided in 37-14-313, permitted injections include peripheral intravenous injections but specifically exclude intra-arterial injections. (b) If the prospective hearing aid purchaser is 18 years of age or older, the hearing aid dispenser may give that person the opportunity to waive the requirements of subsection (2)(a) in accordance with the disclosure, waiver form, and instructional brochure requirements of the U.S. food and drug administration regulations found at 21 CFR 801.420 and 21 CFR 801.421.

37-16-304. Right to cancel — return of hearing aid or related device — notice — refund — dispensing fee rules. (1) (a) Except as provided in subsection (1)(b), a purchaser of a hearing aid or related device may, for any reason, cancel the sale within 30 days of the date of delivery at a permanent place of business.

(b) (i) If a licensed hearing aid dispenser has provided a hearing test or a fitting consultation to a purchaser at a place of practice other than the dispenser's permanent place of business prior to or at the time the purchaser takes delivery of a hearing aid or related device, the purchaser may, for any reason, cancel the sale within 30 days from the date of the first postdelivery followup consultation conducted in person at the place of practice.

(ii) A purchaser subject to the provisions of subsection (1)(b)(i) may waive the extended trial period if, at the date of delivery, the purchaser was offered and declined in writing the followup consultation, in which case the 30-day period in subsection (1)(a) applies.

(c) The trial period in subsection (1)(a) or (1)(b) applies notwithstanding the provisions of Title 30, chapter 14, part 5.

(2) (a) A purchaser canceling a sale under subsection (1) shall provide written notice indicating the purchaser's intention not to be bound by the sales contract. The notice must be

sent to the address of the licensed hearing aid dispenser's permanent place of business at the time the hearing aid was purchased.

(b) The purchaser shall return or hold for the licensed hearing aid dispenser's disposal the hearing aid or related device in substantially the same condition as it was received by the purchaser.

(3) (a) For the purpose of determining whether cancellation has occurred within the time specified in subsection (1), written notice:

(i) given by mail is considered given on the date mailed; and

(ii) delivered in person is considered given when delivered to the hearing aid dispenser's permanent place of business or place of practice.

(b) If the purchaser and the licensed hearing aid dispenser dispute the timing of a cancellation under the terms of subsection (1)(b), the dispenser shall provide documentation to the board that the dispenser provided written notice of the purchaser's entitlement to a postdelivery followup consultation at the place of practice and that the consultation either occurred or was waived by the purchaser in writing.

(4) A licensed hearing aid dispenser shall refund to the purchaser the amount paid for a hearing aid or related device minus any authorized dispensing fee within 10 days of receipt of written notice of cancellation.

(5) If the board decides to authorize a dispensing fee, the form and manner of calculating a dispensing fee must be established by the board by rule. Dispensing fee rules adopted by the board may include but are not limited to consideration of business overhead and costs associated with initial hearing evaluations, consultations, fittings, and followup visits.

(6) A licensed hearing aid dispenser may not sell a hearing aid in this state unless the dispenser provides the purchaser with written notice of the trial period, as provided in subsection (1), and a money-back guarantee.

(7) If the hearing aid must be repaired, remade, or adjusted during the trial period, the running of the trial period must be suspended for each day that the hearing aid is not in the purchaser's possession. The provisions of this subsection may not be waived.

37-16-405. Trainee license. (1) An applicant who fulfills the requirements of 37-16-402 and who has not previously applied to take a practical examination may apply to the board for a trainee license.

(2) On receiving an application under subsection (1), accompanied by a fee fixed by the board and verification that the applicant has passed the written portion of the examination with a passing score as determined by board rule, the board shall issue a trainee license that entitles the applicant to engage in a training period during which the applicant shall work under the direct supervision of the sponsoring licensed hearing aid dispenser. During this time the applicant may do the testing necessary for proper selection and fitting of hearing aids and related devices and make necessary impressions. However, the delivery and final fitting of the hearing aid and related devices must be made by the trainee and the supervisor.

(3) A trainee license may not be issued unless the board has on file an unrevoked statement from a qualified licensed hearing aid dispenser accepting responsibility for the trainee. Every licensed hearing aid dispenser supervising a trainee license holder shall submit a report every 90 days of the trainee's activities and training assignments, on forms furnished by the board. The supervisor is responsible for all hearing aid fittings of the trainee. A supervisor may terminate any responsibilities to the trainee by mailing a written notice by certified mail to the board and the trainee.

(4) The trainee license terminates 1 year after issuance or after the trainee passes the practical examination, whichever occurs first.

(5) Upon completion of 1,000 hours of supervised training, the trainee is eligible to take the practical examination.

(6) A trainee who does not complete 1,000 hours of supervised training before the trainee license terminates may be issued a second trainee license upon making application and paying the appropriate fee. The hours of training obtained under the first trainee license must be carried forward.

(7) A trainee who fails the practical examination may continue to practice under direct supervision until the trainee license terminates. A second trainee license may not be issued. Termination of the trainee license and cessation of the authority to practice do not preclude a person from retaking the practical examination upon payment of the appropriate fees.

(8) Upon passing the practical examination, a trainee may submit an application for a hearing aid dispenser license with the appropriate fee and a hearing aid dispenser license must be issued.

(9) A licensed hearing aid dispenser who sponsors a trainee is directly responsible and accountable under the disciplinary authority of the board for the conduct of the trainee as if the conduct were the licensee's own.

(10) For the purposes of this section, "direct supervision" means the direct and regular observation and instruction of a trainee by a licensed hearing aid dispenser who is available at the same location for prompt consultation and treatment.

37-16-406. Admission of licensees from other states. When the board determines that another state or jurisdiction has requirements equivalent to or higher than those in effect under this chapter for the practice of dispensing, fitting, and selling hearing aids and that the state or jurisdiction has a program equivalent to or stricter than the program for determining whether applicants under this chapter are qualified to sell, dispense, and fit hearing aids, the board may authorize the department to issue a license to applicants who hold current, unsuspended, and unrevoked licenses to fit, dispense, and sell hearing aids in the other state or jurisdiction. An applicant for a license under this section is not required to take the practical or written examination but is required to:

(1) pay the fee provided for in 37-16-402;

(2) take a test of the applicant's knowledge of the provisions of Title 37, chapter 16, and applicable rules; and

(3) comply with all other requirements of this chapter.

Licensing of Crematoriums, Crematory Operators, and Crematory Technicians

37-19-701. Purpose. The legislature finds that because the practice of crematory operation affects the lives of the people of this state and because some Montanans may exercise their right to choose cremation for themselves or a loved one, it is the purpose of this part to:

(1) provide standards for the licensing and regulation of crematoriums in order to protect the public health, safety, and welfare; and

(2) ensure the qualified and professional practice of crematory operation.

History: En. Sec. 1, Ch. 38, L. 1993.

37-19-702. Licenses required — display of licenses — renewal — penalty for late renewal. (1) A person doing business in this state or a cemetery, mortuary, corporation, partnership, joint venture, voluntary organization, or other entity that erects, maintains, or provides the necessary appliances and facilities for the cremation of human remains and that conducts cremations must be licensed by the board. The license must be displayed in a conspicuous place in the crematory facility.

(2) A crematory license expires on the date set by department rule and may be renewed upon payment of a fee set by the board. The fee must include the cost of annual inspection. If a crematory facility is attached to a licensed mortuary, only one inspection fee may be charged for inspection of both a mortuary facility under 37-19-403 and a crematory facility.

(3) A person in charge of a licensed crematory facility must be licensed as a crematory operator by the board. A person employed by a licensed crematory facility must be licensed as a crematory technician by the board. The license must be displayed in a conspicuous place in the crematory facility.

(4) Crematory operator and crematory technician licenses expire on the date set by department rule and may be renewed upon payment of a fee set by the board. On-the-job training must be provided to a crematory technician at the time of employment.

History: En. Sec. 4, Ch. 38, L. 1993; amd. Sec. 72, Ch. 429, L. 1995; amd. Sec. 60, Ch. 467, L. 2005.

37-19-703. Application — power of board to set standards — inspection — fees. (1) Application for a crematory, crematory operator, or crematory technician license must be on forms prescribed by the board and must include the name of the applicant, name of the crematory facility, location of the crematory facility and its mailing address, and any further information the board requires. To be eligible for licensure:

(a) as a crematory facility, an application must include a description of the type of structure and equipment to be used in the operation of the crematory facility;

(b) as a crematory operator, an applicant must be at least 18 years of age, must be a high school graduate or have an equivalent degree, and must be of good moral character.

(2) The application must be accompanied by an application fee set by the board.

(3) The board must be notified of any change of ownership of a crematory within 30 days of the change.

(4) A license to operate a crematory in Montana may be issued only upon inspection of the crematory facility and upon a finding of compliance with standards for operation set by the board.

(5) A temporary permit may be issued to operate a crematory facility, as prescribed by board rule, that is effective until the initial inspection is completed to the board's satisfaction.

(6) A crematory facility may be inspected by a board member or the board's designated representative during business hours.

(7) The board shall adopt rules governing the cremation of human remains, the transportation of human remains, sanitation, equipment, fire protection, building construction, and recordkeeping.

(8) A crematory facility shall comply with all local building codes, environmental standards, and applicable state and local regulations.

(9) A new crematory facility shall pay an initial inspection fee, set by the board, that must accompany the application.

History: En. Sec. 5, Ch. 38, L. 1993.

37-19-704. Cremation authorization required — identification. (1) Except as otherwise provided in this chapter, a crematory may not cremate human remains until it has received a cremation authorization.

(2) A crematory may not accept unidentified human remains.

(3) Appropriate identification must be placed upon the exterior of the cremation container upon receipt of the human remains.

History: En. Sec. 6, Ch. 38, L. 1993.

37-19-705. Cremation procedures — cremation containers. (1) Human remains may not be cremated except in a licensed crematory.

(2) Human remains may not be cremated within 24 hours after the time of death.

(3) A body may not be cremated with a pacemaker or other potentially hazardous implant, as defined by the board, including any toxic or explosive-type sealed implants, in place. The authorizing agent is responsible for disclosing the existence of any pacemakers or other hazardous implants.

(4) A crematory shall hold human remains, prior to their cremation, under the following conditions:

(a) In the event the crematory is unable to perform cremation upon receipt of the human remains, it shall place the human remains in a holding facility.

(b) If the human remains are not embalmed, they may not be held longer than 48 hours after the time of death outside of a refrigerated facility.

(5) Human remains delivered to a crematory may not be removed from the cremation container, and the cremation container must be cremated with the human remains.

(6) Unauthorized persons may not be permitted in the retort area while any human remains are awaiting cremation, being cremated, or being removed from the cremation chamber.

(7) The unauthorized, simultaneous cremation of human remains of more than one person within the same cremation chamber is prohibited unless the crematory has received express written authorization from all appropriate authorizing agents for the human remains to be cremated simultaneously. A written authorization exempts the crematory from liability for commingling of the product of the cremation process provided the authorization is complied with.

(8) The identification of the human remains, as indicated on the cremation container, must be verified by the crematory operator or crematory technician immediately prior to the cremation container being placed within the cremation chamber. The identification must be removed from the cremation container and be placed near the cremation chamber control panel where it must remain until the cremation process is complete.

(9) Upon completion of the cremation process, all recoverable residue must be removed from the cremation chamber. All residue of the cremation process must be separated from material other than bone fragments, which must be processed so as to reduce the bone fragments to unidentifiable particles.

(10) Cremated remains, with proper identification, must be packed and placed in a temporary container or urn ordered by the authorizing agent.

(11) If the cremated remains will not fit within the dimensions of the temporary container or urn, the remainder of the cremated remains must be returned to the authorizing agent in a separate container.

(12) If the cremated remains are to be shipped, the temporary container or designated receptacle ordered by the authorizing agent must be packed securely in a suitable, sturdy, pressure resistant, and properly sealed container.

(13) Cremated remains may be shipped only by a method that has an internal tracing system available and that provides a receipt signed by the person accepting delivery.

History: En. Sec. 7, Ch. 38, L. 1993.

37-19-706. Disposition of cremated remains. (1) The person arranging the cremation shall require the authorizing agent to provide a signed statement that specifies the ultimate disposition of the cremated remains, if known.

(2) The authorizing agent is responsible for specifying the disposition of the cremated remains. If, after a period of 90 days from the date of cremation, the authorizing agent has not

specified the ultimate disposition or claimed the cremated remains, the crematory or person in possession of the cremated remains is responsible for disposition of the cremated remains and may then dispose of the cremated remains in any manner permitted by law. A record of the disposition must be made and kept by the crematory operator. This subsection applies to all cremated remains in the possession of a crematory or other party.

(3) Except with the express written consent of the authorizing agent, a person may not:

(a) dispose of or scatter cremated remains in a manner or in a location that commingles the cremated remains with those of another person. The provisions of this subsection (3) do not apply to the scattering of cremated remains from individual containers over public waterways or by air or to the scattering of cremated remains in an area located in a dedicated cemetery and used exclusively for that purpose.

(b) place cremated remains of more than one person in the same closed container.

(4) Cremated remains must be delivered to the individual specified by the authorizing agent on the cremation authorization form.

(5) A representative of the crematory and the individual receiving the cremated remains shall sign a receipt indicating the name of the deceased and the date, time, and place of the delivery. The crematory shall retain a copy of the receipt, and the original must be given to the authorizing agent. After this delivery, the cremated remains may be transported, in this state, without a permit and disposed of in accordance with this chapter.

History: En. Sec. 8, Ch. 38, L. 1993.

37-19-707. Limitation of liability. (1) A person signing a cremation authorization form shall warrant the truthfulness of any facts set forth in the form, including the identity of the deceased whose remains are to be cremated and the signer's authority to order cremation.

(2) A crematory, crematory operator, or crematory technician who properly cremates human remains, refuses to accept a body or perform a cremation, or refuses to release cremated remains due to an unresolved dispute is presumed to have acted properly and without negligence if the actions were performed in accordance with Title 37, chapter 19.

History: En. Sec. 9, Ch. 38, L. 1993.

37-19-708. Preneed cremation authorizations. (1) Preneed cremation authorizations may be made with a cemetery, funeral establishment, crematory, or any other party. Preneed authorizations must specify the ultimate disposition of the cremated remains, be signed by the authorizing agent, and meet other requirements established by board rule.

(2) A crematory operator or crematory technician shall comply with the terms of the preneed authorization in releasing or disposing of the cremated remains at the time of death.

(3) Upon payment for cremation and disposition, a crematory, crematory operator, or crematory technician in possession of a cremation authorization form and the deceased's human remains is not liable for the actual cremation and the disposition of the cremated remains if the terms of the preneed authorization have been complied with.

(c) the surviving spouse;

(d) the sole surviving child of the decedent or, if there is more than one child of the decedent, the majority of the surviving children. However, less than one-half of the surviving children may be vested with the rights and duties provided in this section if those surviving children have used reasonable efforts to notify all other surviving children of their instructions and they are not aware of opposition to their instructions on the part of more than one-half of all surviving children.

(e) the surviving parent or parents of the decedent. If one of the surviving parents is absent, the remaining parent may be vested with the rights and duties provided in this section if that parent's reasonable efforts have been unsuccessful in locating the absent surviving parent.

(f) the surviving sibling of the decedent or, if there is more than one sibling of the decedent, the majority of the surviving siblings. However, less than one-half of the surviving siblings may be vested with the rights and duties provided in this section if those siblings have used reasonable efforts to notify all other surviving siblings of their instructions and they are not aware of any opposition to their instructions on the part of more than one-half of all surviving siblings.

(g) the surviving grandparent of the decedent or, if there is more than one surviving grandparent, the majority of the grandparents. However, less than one-half of the surviving grandparents may be vested with the rights and duties provided in this section if those grandparents have used reasonable efforts to notify all other surviving grandparents of their instructions and are not aware of any opposition to their instructions on the part of more than one-half of all surviving grandparents.

(h) the guardian of the decedent at the time of the decedent's death, if a guardian had been appointed;

(i) the personal representative of the estate of the decedent;

(j) the person in classes of the next degree of kinship, in descending order, under the laws of descent and distribution to inherit the estate of the decedent. If there is more than one person of the same degree, any person of that degree may exercise the right of disposition.

(k) if the disposition of the remains of the decedent is the responsibility of the state or a local government, the public officer, administrator, or employee responsible for arranging the disposition of the decedent's remains; and

(l) in the absence of any person provided for in subsections (2)(a) through (2)(k), any other person, including the mortician with custody of the remains, who is willing to assume the responsibility to act and arrange the disposition of the decedent's remains after attesting in writing that a good faith effort has been made to contact the individuals provided for in subsections (2)(a) through (2)(k).

History: **En. Sec. 4, Ch. 208, L. 2009; amd. Sec. 1, Ch. 158, L. 2011.**

37-19-905. Arrangements provided by survivors. The provisions of 37-19-903 and 37-19-904(1) do not prevent the decedent's survivors, in the order listed in 37-19-904, from pursuing, at their own expense, meaningful services and making arrangements for funeral services that do not conflict with the decedent's instructions for disposition made in accordance with 37-19-903 and 37-19-904(1).

History: **En. Sec. 5, Ch. 208, L. 2009.**

37-19-906. Loss of right of disposition. A person entitled to the right of disposition under 37-19-904 forfeits that right and the right is passed on to the next qualifying person listed in 37-19-904 under the following circumstances:

(1) the person is charged with deliberate or negligent homicide in connection with the decedent's death. However, if the charges against the person are dismissed or if the person is acquitted of the charges, the right of disposition is returned to the person.

(2) the person does not exercise the person's right of disposition within 2 days after notification of the death of the decedent or within 3 days of the decedent's death, whichever is earlier;

(3) the person and the decedent are spouses and a petition to dissolve the marriage was pending at the time of the decedent's death; or

(4) the district court, pursuant to 37-19-907, determines that the person entitled to the right of disposition and the decedent were estranged at the time of death. For purposes of this subsection, "estranged" means a physical and emotional separation from the decedent existing at the time of death and that existed for a period of time prior to death that clearly demonstrates an absence of affection, trust, and regard for the decedent.

History: **En. Sec. 6, Ch. 208, L. 2009.**

37-19-907. Disputes. (1) The district court for the county where the decedent resided may award the right of disposition to the person determined by the court to be the most fit and appropriate to carry out the right of disposition and make decisions regarding the decedent's remains if those sharing the right of disposition under 37-19-904 cannot agree.

(2) The following provisions apply to the court's determination under subsection (1):

(a) If the persons holding the right of disposition are two or more persons with the same relationship to the decedent and they cannot, by majority vote, make a decision regarding the disposition of the decedent's remains, any of the persons or a mortician with custody of the remains may file a petition asking the district court to make a determination in the matter.

(b) In making a determination, the district court shall consider the following:

(i) the reasonableness and practicality of any proposed funeral arrangements and disposition;

(ii) the degree of the personal relationship between the decedent and each of the persons claiming the right of disposition;

(iii) the desires of the person or persons who are able and willing to pay the cost of the funeral arrangements and disposition;

(iv) the convenience and needs of other family and friends wishing to pay respects;

(v) the desires of the decedent;

(vi) the degree to which the funeral arrangements would allow maximum participation by all those wishing to pay their respects.

(3) (a) In the event of a dispute regarding the right of disposition, a mortician may not be held liable for refusing to accept the remains or to inter or otherwise dispose of the remains of the decedent or complete the arrangements for final disposition of the remains until the mortician receives a court order or a written agreement signed by the parties to the disagreement that decides the final disposition of the remains.

(b) If the mortician retains the remains for final disposition while the parties are in disagreement, the mortician may embalm or refrigerate and shelter the body, or both, in order to preserve the body while awaiting the final decision of the district court and may add the cost of embalming or refrigeration and sheltering, or both, to the final disposition costs.

(c) If a mortician files a petition under this section for an order of disposition from the district court, the mortician may add the legal fees and court costs associated with the petition to the final disposition costs.

(d) This section may not be construed to require or to impose a duty upon a mortician to bring an action under this section. A mortician may not be held criminally or civilly liable for choosing not to bring an action under this section.

(4) Except to the extent that it may be considered by the district court under subsection (2)(b)(iii), the fact that a person has paid or agreed to pay for all or part of the funeral arrangements and disposition does not give that person a greater right of disposition than the person would otherwise have.

(5) The personal representative of the estate of the decedent does not have, by virtue of being the personal representative, a greater claim to the right of disposition than the person would otherwise have under the provisions of this part.

History: En. Sec. 7, Ch. 208, L. 2009.

37-19-908. Right to rely. (1) A person who signs a funeral agreement, cremation authorization form, or other authorization for disposition must be considered as warranting the truthfulness of any facts set forth in the agreement, form, or authorization, including:

(a) the identity of the decedent whose remains are subject to the disposition; and

(b) the person's authority to order the disposition.

(2) A mortician may rely on the funeral service agreement, cremation authorization form, or other authorization and may carry out the instructions of the person or persons who the mortician reasonably believes hold the right of disposition.

(3) A mortician is not responsible to contact or to independently investigate the existence of any next of kin or relatives of the decedent.

(4) If a class includes two or more persons who are equal in priority, a mortician may rely on and act according to the instructions of the first person in the class to make funeral and disposition arrangements if another person in the class has not provided to the mortician written notice of the person's objections to the arrangements and the mortician does not have knowledge of any objections to the arrangements by other members of the class.

History: En. Sec. 8, Ch. 208, L. 2009.

37-19-909. Immunity. A mortuary or mortician who relies in good faith on the instructions of an individual claiming the right of disposition is not subject to criminal or civil liability or subject to disciplinary action for carrying out the disposition of the remains in accordance with the instructions.

History: En. Sec. 9, Ch. 208, L. 2009.

(c) has submitted a physician assistant supervision agreement to the board on a form prescribed by the department; and

(d) has paid to the board the applicable fees required by the board.

(ii) to protect the state from claims of negligence.

(2) This chapter and the rules promulgated under 37-22-201 set standards of qualification, education, training, and experience and establish professional ethics for those who seek to engage in the practice of social work as licensed social workers.

Part 3
Scope of Practice

37-26-301. Practice of naturopathic health care — alternative health care formulary committee. (1) Naturopathic physicians may practice naturopathic medicine as a limited practice of the healing arts as exempted in 37-3-103(1)(m), with the following restrictions. A naturopathic physician may not:

(a) prescribe, dispense, or administer any legend drug, as defined in 50-31-301, except for whole gland thyroid; homeopathic preparations; the natural therapeutic substances, drugs, and therapies described in subsection (2); and oxytocin (pitocin), provided that the naturopathic physician may administer but may not prescribe or dispense oxytocin (pitocin);

(b) administer ionizing radioactive substances for therapeutic purposes;

(c) perform surgical procedures except those minor surgery procedures authorized by this chapter; or

(d) claim to practice any licensed health care profession or system of treatment other than naturopathic medicine unless holding a separate license in that profession.

(2) Naturopathic physicians may prescribe and administer for preventive and therapeutic purposes the following natural therapeutic substances, drugs, and therapies, as well as drugs on the natural substance formulary list provided for in subsection (3):

(a) food, food extracts, vitamins, minerals, enzymes, whole gland thyroid, botanical medicines, homeopathic preparations, and oxytocin (pitocin);

(b) topical drugs, health care counseling, nutritional counseling and dietary therapy, naturopathic physical applications, therapeutic devices, and nonprescription drugs; and

(c) barrier devices for contraception, naturopathic childbirth attendance, and minor surgery.

(3) A five-member alternative health care formulary committee appointed by the board shall establish a natural substance formulary list. The committee consists of a licensed pharmacist plus four members of the board, two of whom must be licensed naturopathic physicians, one who must be a licensed medical doctor, and one who must be a public member. The list may not go beyond the scope of substances covered by approved naturopathic college curricula or continuing education and must be reviewed annually by the committee. Changes to the list that are recommended by the committee and accepted by the board must be published as administrative rules.

(4) Naturopathic physicians may perform or order for diagnostic purposes a physical or orificial examination, ultrasound, phlebotomy, clinical laboratory test or examination, physiological function test, and any other noninvasive diagnostic procedure commonly used by physicians in general practice and as authorized by 37-26-201(2).

(5) Except as provided by this subsection, it is unlawful for a naturopath to engage, directly or indirectly, in the dispensing of any drugs that a naturopath is authorized to prescribe by subsection (2). If the place where a naturopath maintains an office for the practice of naturopathy is more than 10 miles from a place of business that sells and dispenses the drugs a naturopath may prescribe under subsection (2), then, to the extent the drugs are not available within 10 miles of the naturopath's office, the naturopath may sell the drugs that are unavailable.

History: En. Sec. 4, Ch. 306, L. 1991; amd. Sec. 5, Ch. 314, L. 1993; amd. Sec. 24, Ch. 481, L. 1997; amd. Sec. 26, Ch. 224, L. 2003.

37-26-302. Exemptions. (1) This chapter recognizes that many of the therapies used by naturopathic physicians, such as the use of nutritional supplements, herbs, foods, homeopathic preparations, and such physical forces as heat, cold, water, touch, and light, are not the exclusive privilege of naturopathic physicians, and their use, practice, prescription, or administration by persons not licensed to practice naturopathic medicine is not prohibited by this chapter.

(2) This chapter does not restrict or apply to the scope of practice of any other professions licensed, certified, or registered under the laws of this state.

History: En. Sec. 6, Ch. 306, L. 1991.

37-26-303. Public health duties of naturopathic physicians. Naturopathic physicians have the same authority and responsibility as other licensed physicians with regard to public health laws, reportable diseases and conditions, communicable disease control and prevention, recording of vital statistics, health and physical examinations, and local boards of health, except that the authority and responsibility are limited to activities consistent with the scope of practice described in this chapter.

History: En. Sec. 8, Ch. 306, L. 1991.

37-26-304. Naturopathic childbirth attendance — certification for specialty practice — requirements. (1) A naturopathic physician may not practice naturopathic childbirth attendance without first obtaining from the board a certificate of specialty practice. The board shall adopt rules setting forth the requirements to be met in order to certify naturopathic physicians for the specialty practice of naturopathic childbirth attendance.

(2) In order to be certified for the specialty practice of naturopathic childbirth attendance, a naturopathic physician shall:

(a) pass either a national standardized supplemental examination in naturopathic childbirth attendance provided by the national naturopathic profession licensing organization or another specialty examination approved by the board;

History: En. Sec. 7, Ch. 306, L. 1991.

Part 4
Licensing

(2) (a) A naturopathic physician licensed under this chapter may use the prefix "Dr." or "doctor" as a title.

(b) Only a naturopathic physician licensed under this chapter may use any of the following titles or terms:

(2) The application must be accompanied by the license fees, the application fees, and the documents, affidavits, and certificates necessary to establish that the applicant possesses the qualifications prescribed by 37-26-402. The burden of proof is on the applicant, but the department may make an independent investigation to determine whether the applicant possesses the necessary qualifications and whether the applicant has committed unprofessional conduct that would be a basis for licensure denial.

(3) At the board's request, the applicant shall provide necessary authorizations for the release of records and information pertinent to the department's investigation.

Part 1
General

37-27-101. Short title. This chapter may be cited as the "Direct-Entry Midwifery Licensing Act".

History: En. Sec. 1, Ch. 550, L. 1991.

37-27-102. Purpose. The legislature finds and declares that because the practice of direct-entry midwifery affects the lives of the people of this state and because some Montanans may exercise their right to give birth where and with whom they choose, it is the purpose of this chapter to provide for the common good by regulating and ensuring the qualified and professional practice of direct-entry midwifery.

History: En. Sec. 2, Ch. 550, L. 1991.

37-27-103. Definitions. As used in this chapter, the following definitions apply:

(1) "Apprentice" means a person who is working under the supervision of a licensed direct-entry midwife and is seeking licensure as a direct-entry midwife under this chapter.

(2) "Board" means the alternative health care board established in 2-15-1730.

(3) "Continuous care" means care provided for one person from the initial history-taking interview through monthly prenatal, intrapartum, and postpartum periods.

(4) "Direct-entry midwife" means a person who advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the postpartum period.

(5) "Licensee" means a person authorized by this chapter to practice direct-entry midwifery.

(6) "Postpartum period" means the period up to 6 weeks following birth.

(7) "Practice of direct-entry midwifery" means the advising, attending, or assisting of a woman during pregnancy, labor, natural childbirth, or the postpartum period.

History: En. Sec. 3, Ch. 550, L. 1991; amd. Sec. 3, Ch. 524, L. 1991; amd. Sec. 59, Ch. 10, L. 1993.

37-27-104. Exemptions. This chapter does not limit or regulate the practice of a licensed physician, certified nurse-midwife, or licensed emergency care provider. The practice of direct-entry midwifery does not constitute the practice of medicine, certified nurse-midwifery, or emergency medical care to the extent that a direct-entry midwife advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the postpartum period when the pregnancy is not a high-risk pregnancy.

History: En. Sec. 4, Ch. 550, L. 1991; amd. Sec. 10, Ch. 220, L. 2019.

Compiler's Comments

2019 Amendment: Chapter 220 in (1) near beginning substituted "licensed emergency care provider" for "licensed basic or advanced emergency medical technician". Amendment effective July 1, 2019.

37-27-105. General powers and duties of board — rulemaking authority. (1) The board shall:

(2) The board has the authority to administer and enforce all the powers and duties granted statutorily or adopted administratively.

(2) Notwithstanding any other provisions of this chapter, the board may maintain an action to enjoin a person from engaging in the practice of direct-entry midwifery until a license to practice direct-entry midwifery is obtained. A person who has been enjoined and who violates the injunction is punishable for contempt of court. The injunction does not relieve the person practicing direct-entry midwifery without a license from criminal prosecution. The remedy by injunction is in addition to remedies provided for criminal prosecution of the offender. In charging a person in a complaint for injunction or in an affidavit, information, or indictment

with a violation of law by practicing direct-entry midwifery without a license, it is sufficient to charge that the person did, on a certain day and in a certain county, engage in the practice of direct-entry midwifery while not having a license to do so, without averring further or more particular facts concerning the violation.

(ii) The techniques described in subsection (4)(a)(i) must be applied by the massage therapist through the use of hands, forearms, elbows, knees, or feet or through the use of hand-held tools that mimic or support the action of the hands and are primarily intended to enhance or restore health and well-being by promoting pain relief, stress reduction, and relaxation.

(b) The term does not include providing examinations for the purpose of diagnosis, providing treatments that are outside the scope of massage therapy, attempts to adjust, manipulate, or mobilize any articulations of the body or spine by the use of high-velocity, low-amplitude thrusting force, exercise, exercise instruction or prescription, or the use of tape when applied to restrict joint movement, manual or mechanical traction when applied to the spine or extremities for the purposes of joint mobilization or manipulation, injection therapy, laser therapy, microwave diathermy, electrical stimulation, ultrasound, iontophoresis, or phonophoresis.

(2) Except as provided in subsection (3), it is unlawful for a person to perform the duties of an operator without being certified under this chapter.

(3) The prohibitions in subsections (1) and (2) do not pertain to a water distribution system that:

(a) does not contain a treatment facility;

(b) obtains all of its water from a public water supply system but is not owned or operated by the owner or operator of that public water supply system; and

(c) does not sell water.

(4) For good cause shown, the department may issue temporary certificates that are valid for up to 1 year.

37-42-303. Operator of treatment plant or distribution system to be certified — exemption. (1) Water and wastewater treatment plants and water distribution systems, whether publicly or privately owned, must be under the supervision of an operator whose competency is certified to by the department in a grade corresponding to the classification of that portion of the water or wastewater supply system to be supervised.

(2) However, this chapter does not prevent a governmental agency, corporation, or individual from continuing to employ in this capacity a person in responsible charge of the operation of such works on July 1, 1967. Certificates of proper classification may be issued without examination to the person or persons certified by the governing board or owner to have

been in responsible charge of the water and wastewater plants and water distribution systems on July 1, 1967. A certificate so issued will be valid only in that plant.

A person desiring to engage in the operation of a water treatment plant, water distribution system, or wastewater treatment plant shall first file an application with the department for a proper certificate. The department shall charge a fee of the same amount as the license cost, except that the department shall reduce the fee by the amount that the cost of processing the application is offset by federal funds received. The department may not act on an application until the fee has been paid.

History: En. Sec. 8, Ch. 239, L. 1967; amd. Sec. 2, Ch. 306, L. 1971; amd. Sec. 89, Ch. 349, L. 1974; R.C.M. 1947, 69-5908(part); amd. Sec. 10, Ch. 243, L. 1983; amd. Sec. 3, Ch. 195, L. 1999; amd. Sec. 95, Ch. 467, L. 2005.

37-42-305. Certification without examination. The department may consider for certification the holder of a certificate issued by a governmental agency or equivalent certification board of another state on presentation to the department of satisfactory evidence that the applicant is in responsible charge of works located in this state requiring a certified operator and that the applicant has successfully passed an examination at least equivalent to that required under 37-42-202(2).

History: En. Sec. 6, Ch. 239, L. 1967; amd. Sec. 87, Ch. 349, L. 1974; R.C.M. 1947, 69-5906(part); amd. Sec. 11, Ch. 243, L. 1983; amd. Sec. 92, Ch. 370, L. 1987; amd. Sec. 1401, Ch. 56, L. 2009.

37-42-307. Retention of certificate by operators who terminate employment — notification to department. (1) Operators who terminate employment may retain their certificate for 2 years, provided that all other requirements are met. After 2 years, a certificate is automatically invalidated. Operators whose certificates are invalidated under this chapter may be issued new certificates of like classification, provided appropriate proof of competency is presented to the department. Successful completion of an examination may be required at the discretion of the department.

(2) Any person, firm, or corporation, both municipal and private, shall notify the department within 3 business days after termination if a certified water or wastewater operator terminates employment.

37-42-308. Annual renewal — fees — revocation for failure to renew — reinstatement — notice of suspension. (1) Certificates issued under this chapter must be renewed annually before July 1. A certificate issued after July 1 expires the following June 30. After the payment of the initial fee under 37-42-304, a certificate holder shall pay before July 1 of each certificate year a renewal fee according to the schedule adopted by the department, except that the department shall reduce the fee by the amount that the cost of administering the certificate is offset by federal funds received to fund the administration of the program.

(2) Subject to subsection (6), if a certificate holder does not apply for a renewal of the certificate before July 1 and remit to the department the necessary renewal fee, the department shall suspend the certificate. Subject to subsection (6), the department shall revoke any certificate that remains suspended for a period of more than 30 days. However, the department, before this revocation, shall notify the certificate holder by certified mail at the address on the issued certificate of the department's intention to revoke, at least 10 days before the time set for action to be taken by the department on the certificate.

(3) A certificate once revoked may not be reinstated unless it appears that an injustice has occurred through error or omission or other fact or circumstances indicating to the department that the certificate holder was not guilty of negligence or laches.

(4) Notice of suspension must be given to the certificate holder when the suspension occurs and to the proper official or owner of the treatment works or distribution system.

(5) If a person whose certificate has been revoked through the person's own fault desires to continue as a water or wastewater plant operator, the person shall apply to the department under 37-42-304. Successful completion of an examination may be required at the discretion of the department.

(6) This section may not be interpreted to conflict with the provisions of 37-1-138.

(a) the operator has practiced fraud or deception;

Ground water, Title 85, ch. 2, part 5.

Part 1
General

37-43-101. Purpose. It is the purpose of this chapter to reduce and minimize the waste and contamination of ground water resources within this state by reasonable regulation and licensing of drillers or makers of water wells and monitoring wells and to protect the health and general welfare by providing a means for the development of the natural resource of underground water in an orderly, sanitary, and reasonable manner. The reasonable regulation and licensing of drillers or makers of water wells and monitoring wells is in the best interest of the public, and the waste and contamination of ground water resources through inefficient or incompetent operations of drillers or makers of water wells and monitoring wells is prohibited. For the protection of the public and for the conservation of underground water resources, it is necessary that standards be set and maintained to insure that competency in the drilling and making of water wells and monitoring wells in this state is obtained.

Board costs not related to specific programs may be equitably distributed as determined by the board. The board shall maintain records sufficient to support the fees charged for each program area.

(9) The rules of the board must be compiled in printed form for distribution to interested persons, for which the department may charge a fee. Sums realized from these sales must be deposited in the state special revenue fund for the use of the board.

(10) The board shall:

(a) authorize the department to issue licenses to qualified water well contractors, water well drillers, and monitoring well constructors in this state;

(b) The board shall promptly issue a permit if it finds that:

(i) the well is located on land that the applicant owns or leases and that the applicant uses for farming, ranching, or agricultural purposes or as the applicant's residence; and

(ii) the construction or installation method to be used meets the minimum standards for water wells or monitoring wells set by board rule.

37-43-303. Application — fee. (1) Except as provided in 37-43-302(2), a person desiring to engage in the drilling, making, construction, alteration, or rehabilitation of one or more water or monitoring wells for underground water in this state shall first file an application with the department for a license. The application must set forth the applicant's qualifications, the equipment proposed to be used in the contracting, and other matters required by the board on forms adopted by the board.

(3) An appropriate license shall be issued to an applicant if, in the opinion of the board, the applicant is qualified to conduct water well or monitoring well construction operations. In

the granting of licenses, the board shall have due regard for the interest of this state in the protection of its underground waters.

(1) Under board rules pertaining to the business of drilling and contracting for drilling of water wells and monitoring wells, the department shall inquire by examination or otherwise into the qualifications of applicants for licenses. Examinations may be oral, written, or both.

(2) The qualifications for a water well contractor's license are:

(a) familiar knowledge of ground water laws of this state and sanitary standards for water well drilling and construction of water wells;

(b) knowledge of types of water well construction;

(d) knowledge of geology in its relation to well construction;

(e) possession of adequate equipment by the applicant to complete satisfactory water wells under the standards of the board;

(f) financial responsibility of the applicant;

(g) successful completion of an examination given by the department; and

(h) completion of an apprenticeship of 1 year or more under the direct supervision of a licensed water well contractor or equivalent education, experience, or both, as determined by the board.

(3) The qualifications for a water well driller's license are:

(5) The department shall give examinations at times and places the board determines. Failure of an applicant to successfully complete the examination disqualifies the applicant from making further application for a period of 3 months. The board shall act within a reasonable time on applications for licenses. An application must be accompanied by the initial fee, and failure to successfully meet the requirements of the board does not entitle the applicant to a refund of the fee.

(2) A person who is licensed in more than one category need supply only one surety bond or its equivalent in a certificate of deposit, cashier's check, bank draft, or certified check, to be approved by the board, for $4,000.

(3) A state or federal employee who is bonded by the state or federal government is not required to supply a bond during the course of employment with the state or federal government. A bond is required if the person ceases government employment.

(4) In lieu of the requirements of subsections (1) through (3), a firm, corporation, or partnership having more than two licensed water well contractors or monitoring well constructors may submit one bond in the amount of $10,000 for the entire firm, corporation, or partnership.

37-43-307. Annual renewal — fee — revocation for nonrenewal. (1) The term for licenses issued under this chapter is from July 1 of each year through the following June 30. After the payment of the initial fee under 37-43-303, a licensee shall pay, before the first day of each license year, a renewal fee as prescribed by the board.

(2) Subject to subsection (3), if a licensee does not apply for renewal of the license before the first day of a license year and remit to the department the renewal fee, the license must be suspended by the board. Subject to subsection (3), if the license remains suspended for a period of more than 30 days after the first day of a license year, it must be revoked by the board. However, the department, prior to this revocation, shall notify the licensee of the board's intention to revoke at least 10 days prior to the time set for action to be taken by the board on the license, by mailing notice to the licensee at the address appearing for the licensee in the records and files of the department. A license once revoked may not be reinstated unless it appears that an injustice has occurred indicating to the board that the licensee was not guilty of negligence or laches. If a person whose license has been revoked through the person's own fault desires to engage in the business of water well drilling or monitoring well construction in this state or contracting for those services, the person shall apply under 37-43-303. Notice of suspension must be given to a licensee when the suspension occurs.

(3) This section may not be interpreted to conflict with the provisions of 37-1-138.

If a person holding a license entitling the person to drill water wells or monitoring wells in another state applies for a Montana water well contractor's, water well driller's, or monitoring well constructor's license, the board may waive the apprenticeship requirements and examination requirements if it finds that the standards and requirements of the state in which the applicant is licensed are equal to or exceed those of Montana. However, the board may require the applicant to successfully complete an examination based on Montana statutes and rules relating to the drilling of water wells or monitoring wells in this state.

Copies of any documents, logs, or reports must be attached to the proposed order.

(2) The board shall mail or deliver a copy of the proposed order to the licensee, along with notice that the licensee may request a hearing to show cause why the order should be rejected or modified. If a hearing is not requested within 20 days, the board shall adopt the proposed order as a final order.

Part 4
Relative Duties of Outfitters, Guides, and Participants

37-47-401. Purpose. It is recognized that some activities conducted by outfitters, guides, and outfitter's assistants within the scope of their authorized services are inherently hazardous to participants regardless of all feasible safety measures that may be taken. It is the purpose of this part to define those areas of responsibility and affirmative acts or omissions for which outfitters, guides, and outfitter's assistants are liable for loss, damage, or injury and those risks for which the participant expressly assumes or is considered to have voluntarily assumed the risk of loss or damage.

History: En. Sec. 2, Ch. 170, L. 1981; Sec. 87-4-161, MCA 1985; redes. 37-47-401 by Sec. 11, Ch. 528, L. 1987; amd. Sec. 15, Ch. 328, L. 1995; amd. Sec. 5, Ch. 241, L. 2013; amd. Sec. 14, Ch. 341, L. 2013.

37-47-402. Duties of outfitters and guides. An outfitter or guide offering professional services in this state shall:

(1) act as would a reasonably prudent member of the profession while engaging in providing the services authorized to be performed by a licensed member of the profession;

(2) comply with all standards adopted by board rule.

History: En. Sec. 3, Ch. 170, L. 1981; Sec. 87-4-162, MCA 1985; redes. 37-47-402 by Sec. 11, Ch. 528, L. 1987; amd. Sec. 15, Ch. 220, L. 1993; amd. Sec. 16, Ch. 328, L. 1995; amd. Sec. 15, Ch. 341, L. 2013.

37-47-403. Duties of participants. (1) A participant shall:

(a) act as would a reasonably prudent person when engaging in the activities offered by a licensed outfitter or guide or by an unlicensed outfitter's assistant in this state;

(b) receive permission from the outfitter or guide prior to embarking on any self-initiated activity and inform the outfitter or guide of the participant's plans and intentions upon receiving permission to engage in the self-initiated activity.

(2) A participant may not:

(a) interfere with the running or operation of an outfitter's, guide's, or outfitter's assistant's activities when those activities conform to the standards of care set forth in 37-47-402 or 37-47-405;

(b) use the outfitter's, guide's, or outfitter's assistant's equipment, facilities, or services unless the participant has requested and received permission from the outfitter, guide, or outfitter's assistant;

(c) knowingly, purposely, or negligently engage in any type of conduct that contributes to or causes injury to the participant or any other person.

History: En. Sec. 4, Ch. 170, L. 1981; Sec. 87-4-163, MCA 1985; redes. 37-47-403 by Sec. 11, Ch. 528, L. 1987; amd. Sec. 17, Ch. 328, L. 1995; amd. Sec. 6, Ch. 241, L. 2013; amd. Sec. 16, Ch. 341, L. 2013.

37-47-404. Responsibility for violations of law. (1) A person accompanying a hunting or fishing party as an outfitter, guide, or outfitter's assistant is equally responsible with any person or party engaging the person as an outfitter for any violation of fish and game laws unless the violation is reported to a peace officer by the outfitter, guide, or outfitter's assistant and the outfitter, guide, or outfitter's assistant was not an active participant. An outfitter, guide, or outfitter's assistant who willfully fails or refuses to report any violation of fish and game laws is liable for the penalties provided in this chapter. If a guide or outfitter's assistant violates the laws or applicable regulations relating to fish and game, outfitting, or guiding with actual knowledge of an outfitter engaging the guide or outfitter's assistant, the outfitter is legally responsible for the violation for all purposes under the laws or regulations if the outfitter fails to report the violation to the proper authority.

(2) An outfitter, guide, or outfitter's assistant shall report any violation or suspected violation of fish and game laws that the outfitter, guide, or outfitter's assistant knows has been committed by the employees, contractors, agents, representatives, clients, or participants in the outfitting or guiding activity. The violation or suspected violation must be reported to a peace officer at the earliest possible opportunity.

(3) A person may not hire or retain an outfitter unless the outfitter is currently licensed in accordance with the laws of the state of Montana. A person may not use the services of a guide, and a guide may not offer services unless the services are obtained through an endorsing outfitter.

(4) An outfitter may not place a hired or retained outfitter's assistant in a position of providing services to participants until the outfitter has documentation as specified by board rule under 37-47-201(4)(e).

(i) a buyer or a buyer agent any adverse material facts that concern the property and that are known to the statutory broker, except that the statutory broker is not required to inspect the property or verify any statements made by the seller;

(ii) a seller or a seller agent any adverse material facts that are known to the statutory broker and that concern the ability of the buyer to perform on any purchase offer;

(b) exercise reasonable care, skill, and diligence in putting together a real estate transaction; and

(b) A statutory broker's relationship continues until the completion, termination, or abandonment of the real estate transaction giving rise to the relationship.

(12) Upon termination of an agency relationship, a broker or salesperson does not have any further duties to the principal, except as follows:

(a) to account for all money and property of the principal;

(b) to keep confidential all information received during the course of the agency relationship that was made confidential at the principal's direction, except for:

(5) A buyer agent or seller agent who contemplates becoming or subsequently becomes a dual agent shall disclose the potential or actual relationship to the buyer and seller and receive their consent prior to the time or at the time that the dual agency arises. If the buyer agent or seller agent who contemplates becoming a dual agent has not previously given the buyer or seller the initial disclosure, as provided in subsection (6), the initial disclosure must be used, but if the initial disclosure has been given, any subsequent disclosures must take the form of the disclosure provided in subsection (7).

(6) The initial disclosure as required by subsections (2)(a), (3)(a), (4)(a), and (5) must be written and contain substantially the following information:

(a) a description of the duties owed by the broker and the salesperson as set forth in 37-51-313;

(b) a statement that reads as follows: "IF A SELLER AGENT IS ALSO REPRESENTING A BUYER OR A BUYER AGENT IS ALSO REPRESENTING A SELLER WITH REGARD TO A PROPERTY, THEN A DUAL AGENCY RELATIONSHIP MAY BE ESTABLISHED. IN A DUAL AGENCY RELATIONSHIP, THE DUAL AGENT IS EQUALLY OBLIGATED TO BOTH THE SELLER AND THE BUYER. THESE OBLIGATIONS MAY PROHIBIT THE DUAL AGENT FROM ADVOCATING EXCLUSIVELY ON BEHALF OF THE SELLER OR BUYER AND MAY LIMIT THE DEPTH AND DEGREE OF REPRESENTATION THAT YOU RECEIVE. A BROKER OR A SALESPERSON MAY NOT ACT AS A DUAL AGENT WITHOUT THE SIGNED, WRITTEN CONSENT OF BOTH THE SELLER AND THE BUYER".

(c) a definition of "adverse material fact";

(d) identification of the type of relationship disclosed;

(e) the signature of the seller or the buyer to whom the disclosure is given;

(f) the signature of the broker or the salesperson making the disclosure; and

(g) the date of the disclosure.

(7) The subsequent disclosure required by subsections (2)(b), (2)(c), (3)(b), (3)(c), (4)(b), and (5) or otherwise necessitated by a change or prospective change in a relationship described in a previous disclosure must be written, must contain the information required in subsections (6)(d), (6)(e), and (6)(g), and may be included in other documents involved in the real estate transaction. If a seller or buyer has not previously consented to the entry of the broker or the salesperson into a dual agency relationship, a subsequent disclosure must include all the information required in subsection (6), including the seller's or buyer's written consent to the dual agency relationship.

(8) A broker or salesperson, while managing properties for owners, shall disclose to all customers and clients the contractual relationship of the broker or salesperson.

(9) When a broker or salesperson is acting only as a property manager, another relationship disclosure is not required and a disclosure that complies with subsection (8) must be construed as a sufficient disclosure of the contractual relationship.

(10) Any disclosure required by this section may contain the following information:

(a) a description of the other relationships and corresponding duties available under this part, as long as the disclosure clearly indicates the relationship being disclosed;

(b) a consent to the creation of a dual agency relationship;

(c) other definitions in or provisions of this chapter; and

(d) other information not inconsistent with the information required in the disclosure.

(11) A written disclosure that complies with the provisions of this section must be construed as a sufficient disclosure of the relationship between a broker or salesperson and a buyer or

seller and must be construed as conclusively establishing the obligations owed by a broker or salesperson to a buyer or seller in a real estate transaction.

37-51-315. Vicarious liability. (1) A party to a real estate transaction is not liable for a misrepresentation made by the party's agent or subagent unless:

(a) the party has actual knowledge of the misrepresentation; or

(b) the agent or subagent is repeating a misrepresentation made by the party.

37-51-325. *(Effective November 1, 2020)* **Professional liability insurance required — errors and omissions insurance coverage — policy requirements.** (1) A real estate broker or salesperson licensed under this chapter must maintain continuous professional liability insurance coverage that meets the requirements of this section during the period of licensure. The insurance must cover the broker or salesperson for activities contemplated under Title 37, chapter 51, part 3, including errors and omissions by the real estate broker or salesperson.

(2) A real estate broker or salesperson licensed under this chapter must be covered by professional liability insurance through a policy:

(a) issued to real estate broker or salesperson licensees provided on a group policy basis that is approved by the board;

(b) obtained by real estate broker or salesperson licensees independently; or

(c) issued to the firm with which a real estate broker or salesperson license is affiliated.

(3) All policies issued under this chapter must:

(a) be issued by an insurer licensed under Title 33 to provide professional liability insurance;

(b) offer prior acts coverage to an insured who maintains continuous past insurance coverage;

(c) provide an automatic 60-day extended reporting period to report a claim if the policy is canceled or not renewed for any reason other than nonpayment of premium or a deductible; and

(d) offer an optional extended reporting of not less than 365 days to report a claim, as long as the insured requests the extended reporting period and pays any additional premium for the extended reporting period within 60 days after expiration or cancellation of the policy.

(4) (a) A professional liability insurance policy must be issued to the board and must cover a group of real estate brokers and salespersons licensed under Title 37, chapter 51, part 3, as

named insureds. The board may request bids from insurers for the group policy and may use a limited solicitation under 18-4-305. The maximum contract period between the insurer and the board is seven consecutive policy terms, although the board may place the contract out for bid at the end of any policy period. A policy term is for a year. A real estate broker or salesperson licensee may not be denied coverage or be canceled by the group policy.

(b) The group policy must:

(i) have a minimum per-claim limit of $100,000;

(ii) have a minimum annual aggregate limit of $300,000;

(iii) have a deductible maximum of $2,500 a claim for damages; and

(iv) provide coverage that is specific to the real estate broker or salesperson licensee regardless of changes in supervising broker.

(5) If the board is unable to obtain a professional liability insurance policy as described in subsection (4) on terms and conditions the board determines are commercially reasonable, the requirements of this section do not apply to the licensing period for which the policy is sought.

(6) A professional liability insurance policy may be independently issued to a real estate broker or salesperson licensee. The individual policy must:

(a) have a minimum per-claim limit of $100,000;

(b) have a minimum annual aggregate limit of $300,000; and

(c) have a deductible maximum of $2,500 a claim for damages.

(7) A professional liability insurance policy issued to the firm with which a real estate broker or salesperson licensee is affiliated must:

(a) have a minimum per-claim limit of $100,000;

(b) have a minimum annual aggregate limit of $1 million; and

(c) provide for a deductible not to exceed $10,000 a claim to be paid by the firm with which a real estate broker or salesperson licensee is affiliated.

(8) An applicant seeking to obtain or renew a real estate broker or salesperson license shall prove to the board compliance with the insurance requirements of this section. A real estate broker or salesperson licensee who fails to produce proof of coverage on request by the board or its designee is subject to administrative suspension or disciplinary action as determined by the board.

(9) For purposes of this section, the following definitions apply:

(a) "Aggregate limit" means a provision in an insurance contract limiting the maximum liability of an insurer for a series of losses in a given time period, such as a policy term.

(b) "Claims-made and reported policy" means an insurance policy written on a claims-made and reported basis, which provides coverage for claims first made against the insured and first reported to the insurer during the insured's policy period for acts, errors, or omissions that occur after the insured's retroactive date.

(c) "Extended reporting period" means a designated period of time after expiration or cancellation of a claims-made and reported policy during which a claim may be made and reported as if the claim had been made and reported during the policy period.

(d) "Per-claim limit" means the maximum limit payable, per licensee, for damages arising from the same or a related claim.

(e) "Prior acts coverage" means coverage under a policy for claims made against the insured and reported to the insurer that arise from acts, errors, or omissions in services rendered by an insured prior to inception of the current policy period.

(f) "Proof of coverage" means a copy of the actual policy of insurance, a certificate of insurance, or a binder of insurance.

(g) "Retroactive date" means a provision, found in many claims-made and reported policies, that the policy may not cover claims for injuries or damages that occurred before the retroactive date even if the claim is first made during the policy period.

If the $25,000 liability of the account is insufficient to pay in full the valid claims of all applications that have been filed against any one licensee and ordered to be paid, the $25,000 must be distributed among those claimants in the ratio that the amount ordered to be paid to any one claimant bears to the total amounts ordered to be paid or in such other manner as the board considers equitable; and upon such a distribution, all claims are considered satisfied by the amount so distributed. Distribution of such money must, at any time, be among the persons ordered to receive the same, without regard to the order or priority in which their respective judgments were obtained or their applications filed.

(2) Upon petition of any person, the board may require all existing applications for payment of claims against one licensee to be joined in one proceeding for the purpose of a timely determination of their respective rights to the money in the account.

(3) An application for payment of a claim against a licensee filed after the distribution of the full amount for which the account is liable for that licensee must be denied by the board. *(Repealed effective February 1, 2021—secs. 3, 7, Ch. 354, L. 2019.)*

The board shall pay accumulated interest beginning on the date of the order to pay at the judgment rate on each such unpaid claim. *(Repealed effective February 1, 2021—secs. 3, 7, Ch. 354, L. 2019.)*

37-51-511. *(Temporary)* **Subrogation rights of board.** Upon payment of money from the account, the board is subrogated to all of the rights of the judgment creditor to the extent of the amount paid and the judgment creditor is considered to have assigned to the board all of the creditor's right, title, and interest in the judgment to the extent of the amount paid from the account. Any amount and interest recovered by the board on the judgment must be deposited in the account. *(Repealed effective February 1, 2021—secs. 3, 7, Ch. 354, L. 2019.)*

(c) The term does not include the work ordinarily performed by persons who operate or maintain machinery or equipment, communication lines, signal circuits, electric powerlines, or pipelines.

(8) "Practice of land surveying" means any service or work, the performance of which requires the application of special knowledge of the principles of mathematics, physical sciences, applied sciences, and:

(a) the principles of property boundary law to the recovery and preservation of evidence pertaining to earlier land surveys;

(b) teaching of land surveying subjects;

(c) measurement and allocation of lines, angles, elevations, and coordinate systems;

39-2-207. Qualified testing program. A qualified testing program must comply with the following criteria:

(1) Testing must be conducted according to the terms of written policies and procedures that must be adopted by the employer and must be available for review by all employees 60 days before the terms are implemented or changed. Controlled substance and alcohol testing procedures for samples that are covered by 49 CFR, part 40, must conform to 49 CFR, part 40. For samples that are not covered by 49 CFR, part 40, the qualified testing program must contain chain-of-custody and other procedural requirements that are at least as stringent as those contained in 49 CFR, part 40, and the testing methodology must be cleared by the United States food and drug administration. At a minimum, the policies and procedures must require:

(a) a description of the applicable legal sanctions under federal, state, and local law for the unlawful manufacture, distribution, possession, or use of a controlled substance;

(b) the employer's program for regularly educating or providing information to employees on the health and workplace safety risks associated with the use of controlled substances and alcohol;

(f) identification of the types of controlled substance and alcohol tests to be used from the types of tests listed in 39-2-208;

(h) a description of the employer's hiring policy with respect to prospective employees who test positive;

(i) a detailed description of the procedures that will be followed to conduct the testing program, including the resolution of a dispute concerning test results;

(j) a provision that all information, interviews, reports, statements, memoranda, and test results are confidential communications that may not be disclosed to anyone except:

(i) the tested employee;

(ii) the designated representative of the employer; or

(iii) in connection with any legal or administrative claim arising out of the employer's implementation of 39-2-205 through 39-2-211 or in response to inquiries relating to a workplace accident involving death, physical injury, or property damage in excess of $1,500, when there is reason to believe that the tested employee may have caused or contributed to the accident; and

(k) a provision that information obtained through testing that is unrelated to the use of a controlled substance or alcohol must be held in strict confidentiality by the medical review officer and may not be released to the employer.

(2) In addition to imposing appropriate sanctions on an employee for violation of the employer's standards of conduct, an employer may require an employee who tests positive on a test for controlled substances or alcohol to participate in an appropriate drug or alcohol counseling, treatment, or rehabilitation program as a condition of continued employment. An employer may require the employee to submit to periodic followup testing as a condition of the counseling, treatment, or rehabilitation program.

(3) Testing must be at the employer's expense, and all employees must be compensated at the employee's regular rate, including benefits, for time attributable to the testing program.

(4) The collection, transport, and confirmation testing of urine samples must be performed in accordance with 49 CFR, part 40, and the collection, transport, and confirmation testing of nonurine samples must be as stringent as the requirements of 49 CFR, part 40, in requiring split specimens as defined by the United States department of health and human services, requiring transport to a testing facility under the chain of custody, and requiring confirmation of all screened positive results using mass-spectrometry technology.

(5) Before an employer may take any action based on a positive test result, the employer shall have the results reviewed and certified by a medical review officer who is trained in the field of substance abuse. An employee or prospective employee must be given the opportunity to provide notification to the medical review officer of any medical information that is relevant to interpreting test results, including information concerning currently or recently used prescription or nonprescription drugs.

(6) Breath alcohol tests must be administered by a certified breath alcohol technician and may only be conducted using testing equipment that appears on the list of conforming products published in the Federal Register.

(i) an established calendar period for testing;

(ii) an established testing rate within the calendar period;

(iii) a random selection process that will determine who will be tested on any given date during the calendar period for testing;

(iv) all supervisory and managerial employees in the random selection and testing process; and

(v) a procedure that requires the employer to obtain a signed statement from each employee that confirms that the employee has received a written description of the random selection process and that requires the employer to maintain the statement in the employee's personnel file. The selection of employees in a random testing procedure must be made by a scientifically valid method, such as a random number table or a computer-based random number generator table.

(3) An employer may require an employee to submit to followup tests if the employee has had a verified positive test for a controlled substance or for alcohol. The followup tests must be described in the employer's controlled substance and alcohol policy and may be conducted for up to 1 year from the time that the employer first requires a followup test.

(4) An employer may require an employee to be tested for controlled substances or alcohol if the employer has reason to suspect that an employee's faculties are impaired on the job as a result of the use of a controlled substance or alcohol consumption. An employer shall comply with the supervisory training requirement in 49 CFR, part 382.603, whenever the employer requires a test on the basis of reasonable suspicion.

(5) An employer may require an employee to be tested for controlled substances or alcohol if the employer has reason to believe that the employee's act or failure to act is a direct or proximate cause of a work-related accident that has caused death or personal injury or property damage in excess of $1,500.

History: En. Sec. 4, Ch. 521, L. 1997.

39-2-209. Employee's right of rebuttal. The employer shall provide an employee who has been tested under any qualified testing program described in 39-2-208 with a copy of the test report. The employer is also required to obtain, at the employee's request, an additional test of the split sample by an independent laboratory selected by the person tested. The employer shall pay for the additional tests if the additional test results are negative, and the employee shall pay for the additional tests if the additional test results are positive. The employee must be provided the opportunity to rebut or explain the results of any test.

History: En. Sec. 5, Ch. 521, L. 1997; amd. Sec. 3, Ch. 177, L. 2005.

39-2-210. Limitation on adverse action. Except as provided in 50-46-320, no adverse action, including followup testing, may be taken by the employer if the employee presents a reasonable explanation or medical opinion indicating that the original test results were not caused by illegal use of controlled substances or by alcohol consumption. If the employee presents a reasonable explanation or medical opinion, the test results must be removed from the employee's record and destroyed.

History: **En. Sec. 6, Ch. 521, L. 1997; amd. Sec. 2, Ch. 315, L. 2011.**

39-2-211. Confidentiality of results. (1) Except as provided in subsection (2) and except for information that is required by law to be reported to a state or federal licensing authority, all information, interviews, reports, statements, memoranda, or test results received by an employer through a qualified testing program are confidential communications and may not be used or received in evidence, obtained in discovery, or disclosed in any public or private proceeding.

(2) Material that is confidential under subsection (1) may be used in a proceeding related to:

(a) legal action arising out of an employer's implementation of 39-2-205 through 39-2-211; or

At a minimum, the policy must identify the means by which an employer will make available a space suitable for breastfeeding and breast pumping for a lactating employee, including the provision of basic necessities of privacy, lighting, and electricity for the pump apparatus. The space does not need to be fully enclosed or permanent, but must be readily available during the term that the employee needs the space.

(2) It is an unlawful discriminatory practice for any public employer:

(a) to refuse to hire or employ or to bar or to discharge from employment an employee who expresses milk in the workplace; or

(2) All public employers are encouraged to establish policies to allow mothers who wish to continue to breastfeed after returning to work to have privacy in order to express milk and to provide facilities for milk storage.

History: **En. Sec. 2, Ch. 290, L. 2007.**

39-2-217. Break time for nursing mothers. All state and county governments, municipalities, and school districts and the university system shall provide reasonable unpaid break time each day to an employee who needs to express breast milk for the employee's child, as provided in 39-2-215 and 39-2-216, if breaks are currently allowed. If breaks are not currently allowed, the public employer shall consider each case and make accommodations as possible.

The break time must, if possible, run concurrently with any break time already provided to the employee. A public employer is not required to provide break time under this section if to do so would unduly disrupt the public employer's operations.

Part 9
Wrongful Discharge From Employment

39-2-901. Short title. This part may be cited as the "Wrongful Discharge From Employment Act".

History: En. Sec. 1, Ch. 641, L. 1987.

39-2-902. Purpose. This part sets forth certain rights and remedies with respect to wrongful discharge. Except as provided in 39-2-912, this part provides the exclusive remedy for a wrongful discharge from employment.

History: En. Sec. 2, Ch. 641, L. 1987; amd. Sec. 1, Ch. 583, L. 2001.

39-2-903. Definitions. In this part, the following definitions apply:

(1) "Constructive discharge" means the voluntary termination of employment by an employee because of a situation created by an act or omission of the employer which an objective, reasonable person would find so intolerable that voluntary termination is the only reasonable alternative. Constructive discharge does not mean voluntary termination because of an employer's refusal to promote the employee or improve wages, responsibilities, or other terms and conditions of employment.

(2) "Discharge" includes a constructive discharge as defined in subsection (1) and any other termination of employment, including resignation, elimination of the job, layoff for lack of work, failure to recall or rehire, and any other cutback in the number of employees for a legitimate business reason.

(3) "Employee" means a person who works for another for hire. The term does not include a person who is an independent contractor.

(4) "Fringe benefits" means the value of any employer-paid vacation leave, sick leave, medical insurance plan, disability insurance plan, life insurance plan, and pension benefit plan in force on the date of the termination.

(5) "Good cause" means reasonable job-related grounds for dismissal based on a failure to satisfactorily perform job duties, disruption of the employer's operation, or other legitimate business reason. The legal use of a lawful product by an individual off the employer's premises during nonworking hours is not a legitimate business reason, unless the employer acts within the provisions of 39-2-313(3) or (4).

(6) "Lost wages" means the gross amount of wages that would have been reported to the internal revenue service as gross income on form W-2 and includes additional compensation deferred at the option of the employee.

(7) "Public policy" means a policy in effect at the time of the discharge concerning the public health, safety, or welfare established by constitutional provision, statute, or administrative rule.

History: En. Sec. 3, Ch. 641, L. 1987; amd. Sec. 3, Ch. 193, L. 1993.

39-2-904. Elements of wrongful discharge — presumptive probationary period. (1) A discharge is wrongful only if:

(a) it was in retaliation for the employee's refusal to violate public policy or for reporting a violation of public policy;

(b) the discharge was not for good cause and the employee had completed the employer's probationary period of employment; or

(c) the employer violated the express provisions of its own written personnel policy.

(2) (a) During a probationary period of employment, the employment may be terminated at the will of either the employer or the employee on notice to the other for any reason or for no reason.

(b) If an employer does not establish a specific probationary period or provide that there is no probationary period prior to or at the time of hire, there is a probationary period of 6 months from the date of hire.

History: En. Sec. 4, Ch. 641, L. 1987; amd. Sec. 2, Ch. 583, L. 2001.

39-2-905. Remedies. (1) If an employer has committed a wrongful discharge, the employee may be awarded lost wages and fringe benefits for a period not to exceed 4 years from the date of discharge, together with interest on the lost wages and fringe benefits. Interim earnings, including amounts the employee could have earned with reasonable diligence, must be deducted from the amount awarded for lost wages. Before interim earnings are deducted from lost wages, there must be deducted from the interim earnings any reasonable amounts expended by the employee in searching for, obtaining, or relocating to new employment.

(2) The employee may recover punitive damages otherwise allowed by law if it is established by clear and convincing evidence that the employer engaged in actual fraud or actual malice in the discharge of the employee in violation of 39-2-904(1)(a).

(3) There is no right under any legal theory to damages for wrongful discharge under this part for pain and suffering, emotional distress, compensatory damages, punitive damages, or any other form of damages, except as provided for in subsections (1) and (2).

History: En. Sec. 5, Ch. 641, L. 1987; amd. Sec. 1, Ch. 442, L. 1993; amd. Sec. 3, Ch. 583, L. 2001.

39-2-906 through 39-2-910 reserved.

39-2-911. Limitation of actions. (1) An action under this part must be filed within 1 year after the date of discharge.

(2) If an employer maintains written internal procedures, other than those specified in 39-2-912, under which an employee may appeal a discharge within the organizational structure of the employer, the employee shall first exhaust those procedures prior to filing an action under this part. The employee's failure to initiate or exhaust available internal procedures is a defense to an action brought under this part. If the employer's internal procedures are not completed within 90 days from the date the employee initiates the internal procedures, the employee may file an action under this part and for purposes of this subsection the employer's internal procedures are considered exhausted. The limitation period in subsection (1) is tolled until the procedures are exhausted. In no case may the provisions of the employer's internal procedures extend the limitation period in subsection (1) more than 120 days.

(3) If the employer maintains written internal procedures under which an employee may appeal a discharge within the organizational structure of the employer, the employer shall within 7 days of the date of the discharge notify the discharged employee of the existence of such procedures and shall supply the discharged employee with a copy of them. If the employer fails to comply with this subsection, the discharged employee need not comply with subsection (2).

History: En. Sec. 6, Ch. 641, L. 1987.

39-2-912. Exemptions. This part does not apply to a discharge:

(1) that is subject to any other state or federal statute that provides a procedure or remedy for contesting the dispute. The statutes include those that prohibit discharge for filing complaints, charges, or claims with administrative bodies or that prohibit unlawful discrimination based on race, national origin, sex, age, disability, creed, religion, political belief, color, marital status, and other similar grounds.

(2) of an employee covered by a written collective bargaining agreement or a written contract of employment for a specific term.

History: En. Sec. 7, Ch. 641, L. 1987; amd. Sec. 30, Ch. 472, L. 1997.

39-2-913. Preemption of common-law remedies. Except as provided in this part, no claim for discharge may arise from tort or express or implied contract.

History: En. Sec. 8, Ch. 641, L. 1987.

39-2-914. Arbitration. (1) A party may make a written offer to arbitrate a dispute that otherwise could be adjudicated under this part.

(2) An offer to arbitrate must be in writing and contain the following provisions:

(a) A neutral arbitrator must be selected by mutual agreement or, in the absence of agreement, as provided in 27-5-211.

(b) The arbitration must be governed by the Uniform Arbitration Act, Title 27, chapter 5. If there is a conflict between the Uniform Arbitration Act and this part, this part applies.

(c) The arbitrator is bound by this part.

(3) If a complaint is filed under this part, the offer to arbitrate must be made within 60 days after service of the complaint and must be accepted in writing within 30 days after the date the offer is made.

(4) A discharged employee who makes a valid offer to arbitrate that is accepted by the employer and who prevails in such arbitration is entitled to have the arbitrator's fee and all costs of arbitration paid by the employer.

(5) If a valid offer to arbitrate is made and accepted, arbitration is the exclusive remedy for the wrongful discharge dispute and there is no right to bring or continue a lawsuit under this part. The arbitrator's award is final and binding, subject to review of the arbitrator's decision under the provisions of the Uniform Arbitration Act.

History: En. Sec. 9, Ch. 641, L. 1987; amd. Sec. 2, Ch. 442, L. 1993.

39-2-915. Effect of rejection of offer to arbitrate. A party who makes a valid offer to arbitrate that is not accepted by the other party and who prevails in an action under this part is entitled as an element of costs to reasonable attorney fees incurred subsequent to the date of the offer.

39-3-506. County attorney to file complaint in district court on belief of violation. If a county attorney believes after receiving information that the provisions of part 2 of this chapter or this part have been violated and that the violation was willful or that the financial condition of the employer endangers employees in receiving prompt payment or collection of wages, the county attorney shall file a complaint in district court. All proceedings upon the complaint must be promptly prosecuted.

History: **En. Sec. 4, Ch. 39, L. 1939; R.C.M. 1947, 41-1315(part); amd. Sec. 19, Ch. 397, L. 1979; amd. Sec. 1492, Ch. 56, L. 2009.**

(1) On or after July 1, 1995, a person who acts as a professional employer organization or group by entering into a professional employer arrangement or an employee leasing arrangement with a client in this state without a license or who violates the provisions of this chapter may be subject to the penalties provided in 39-8-302.

(2) The provisions of this chapter do not apply to a labor organization, the state or its political subdivisions, the United States, or any programs or agencies of those entities.

(3) A license issued under this chapter remains the property of the department and may not be transferred.

(4) The department may adopt rules to implement the provisions of this chapter.

History: En. Sec. 3, Ch. 344, L. 1995.

39-8-202. Initial license application — application fee — standards — provisional license. (1) An applicant for initial licensure as a professional employer organization or group shall file with the department a completed application on a form provided by the department.

(2) The application must be accompanied by a nonrefundable application fee and any material or information required by the department that demonstrates compliance with the requirements of this chapter. The application fee is:

(a) $750 for a resident or nonresident unrestricted license; and

(b) $500 for a restricted license.

(3) As a condition of licensure under this chapter, an applicant who is not a resident or who is domiciled outside the state must first be licensed as a professional employer organization or group in the state in which the applicant is a resident or is domiciled if licensing is required by that state.

(4) An applicant for licensure as a professional employer organization or group must meet one of the following applicable standards:

(a) An individual must be 18 years of age or older.

(b) A partnership or a limited partnership shall provide the names and home addresses of all partners, indicate whether each partner is a general or a limited partner, and include a copy of the partnership agreement or an affidavit signed by all partners acknowledging that a written partnership agreement does not exist.

(c) A corporation shall state the names and home addresses of all officers, directors, and shareholders who own a 5% or greater interest in the corporation. A domestic or foreign corporation must have filed any required documents with the secretary of state and shall remain in good standing to conduct business pursuant to this chapter.

(d) A limited liability company shall state the names and home addresses of those individuals who own a 5% or greater interest in the limited liability company. A domestic or foreign limited liability company must have filed any required documents with the secretary of state and shall remain in good standing to conduct business pursuant to this chapter.

(e) A group:

(i) must be authorized to act on behalf of the group;

(ii) shall include for each professional employer organization within the group the information required in subsection (4); and

(iii) shall guarantee, on a form provided by the department and executed by each professional employer organization within the group, payment of all financial obligations with respect to wages, payroll-related taxes, insurance premiums, and employee benefits of each other member within the group.

(5) (a) An applicant shall also provide:

(i) the trade name or names under which the applicant conducts business, the business's taxpayer or employer identification number, the address of the business's principal place of business in the state, and the addresses of any other offices within the state through which the applicant intends to conduct business as a professional employer organization or group. If the applicant's principal place of business is located in another state, the address must be provided.

(ii) a list by jurisdiction of each name under which the applicant has operated in the preceding 5 years, including any alternative names, names of predecessors, and names of related business entities with common majority ownership, and detailed information on the background of each controlling person to the extent required by the department; and

(iii) other information requested by the department to show that the applicant and each controlling person are of good moral character, have business integrity, and are financially responsible. "Good moral character" means a personal history of honesty, trustworthiness, and fairness; a good reputation for fair dealings; and respect for the rights of others and for the laws of this state and nation.

(b) (i) As a prerequisite to the issuance of a license, the department shall require the applicant and any controlling person to submit fingerprints for the purpose of fingerprint checks by the Montana department of justice and the federal bureau of investigation.

(ii) The applicant and any controlling person shall sign a release of information to the department and are responsible to the department of justice for the payment of all fees associated with the criminal background check.

(iii) Upon completion of the criminal background check, the department of justice shall forward all criminal justice information, as defined in 44-5-103, concerning the applicant or any controlling person that involves the conviction of a criminal offense in any jurisdiction to the department, as authorized in 44-5-303.

(iv) At the conclusion of any background check required by this section, the department must receive the criminal background check report but may not receive the fingerprint card of the applicant or of any controlling person. Upon receipt of the criminal background check report, the department of justice shall promptly destroy the fingerprint card of the applicant and of any controlling person.

(c) If an applicant or any controlling person has a history of criminal convictions, then pursuant to 37-1-203, the applicant or controlling person has the opportunity to demonstrate to the department that the applicant or controlling person is sufficiently rehabilitated to warrant the public trust, and if the department determines that the applicant or controlling person is not, the license may be denied.

(6) (a) Except for an applicant who is granted a restricted license under subsection (9), an applicant shall maintain a tangible accounting net worth of not less than $50,000, evidenced by:

(i) providing financial statements that have been independently audited by a certified public accountant in accordance with generally accepted accounting principles; or

(ii) providing independently compiled financial statements and a $100,000 security deposit in a form that is acceptable to the department.

(b) If, after licensure, an applicant defaults in paying wages or payroll-related taxes or in meeting any liability arising pursuant to Title 39, chapter 71, or this chapter, the security deposit may be used to meet those obligations. The security deposit may not be used in determining the net worth of an applicant.

(c) (i) Documents submitted to establish net worth must reflect net worth as of a date not more than 6 months prior to the date on which the application is submitted.

(ii) Financial statements submitted must be attested by the president, chief financial officer, and at least one controlling person of the professional employer organization or group.

(iii) If an applicant is unable to meet the $50,000 net worth requirement, the applicant shall provide to the department a surety bond, a letter of credit, or marketable securities acceptable to the department in an amount of not less than $50,000 to cover the deficiency. If, after licensure, an applicant defaults in paying wages or payroll-related taxes or in meeting any liability arising pursuant to Title 39, chapter 71, or this chapter, the surety bond, letter of credit, or marketable securities provided to the department may be used to meet those obligations.

(7) The applicant shall maintain a positive working capital, as evidenced by financial statements.

(8) The department may provide by rule for the acceptance, in lieu of the requirements of subsections (6) and (7), of an affidavit provided by a bonded, independent, and qualified assurance organization that has been approved by the department certifying the qualifications of a professional employer organization or group seeking licensure under this chapter.

(9) The department may issue a restricted license for limited operation within this state to a professional employer organization or group that is a resident of or domiciled in another state if:

(a) the applicant's state of residence or domicile provides for licensing of professional employer organizations or groups and the applicant is licensed and in good standing in that state and that state grants a similar privilege for restricted licensing to professional employer organizations or groups that are residents of or domiciled in this state and that are licensed under this chapter;

(b) the applicant does not maintain an office, a sales force, or a sales representative in this state and does not solicit clients who are residents of or domiciled in this state; and

(c) the applicant does not have more than 100 leased employees working in this state.

(10) An applicant for a license shall appoint a recognized and approved entity as its registered agent to receive service of legal process issued against it in this state if a registered agent has not already been appointed.

(11) The department may issue a provisional license to an applicant that allows the applicant to operate in this state while the applicant's application is being processed by the department.

The department may not charge a fee for a provisional license. The department may adopt rules to implement the provisions of this subsection.

(12) A license issued under 39-8-204 or this section may not be transferred.

History: En. Sec. 4, Ch. 344, L. 1995; amd. Sec. 2, Ch. 260, L. 2005; amd. Sec. 41, Ch. 416, L. 2005; amd. Sec. 1, Ch. 15, L. 2007; amd. Sec. 4, Ch. 112, L. 2009.

39-8-203. Denial of license application or renewal — hearing. (1) The department shall deny a license application or an application to renew a license if:

(a) the application is not fully completed or properly executed;

(b) documents required to supplement the application are not included in the application packet or are inadequate;

(c) the nonrefundable application or license fee is not submitted or is incorrectly submitted with the application packet;

(d) the applicant or any person named in the application misrepresents material in the application;

(e) the applicant is determined by the department to lack good moral character, business integrity, or financial responsibility; or

(f) the department determines that the applicant has failed to meet or maintain any requirement of this chapter.

(2) Conviction of a crime within the last 7 years does not automatically bar an applicant from obtaining a license or bar a licensee from renewing a license. The department shall consider the type of crime committed, the crime's relevancy to the employee leasing industry, the length of time since the conviction, and any other factor considered relevant by the department.

(3) The department or its agent shall furnish the applicant with a written statement of the reason or reasons for denying the license or license renewal application.

(4) An applicant or licensee may request a hearing before the department within 30 days after receiving the written denial statement. The hearing and appeal must follow the procedures provided in Title 2, chapter 4, parts 6 and 7.

(5) During the hearing and appeal process, a licensee may continue to operate unless the circumstances warrant the ordering of immediate cessation of operations. If the renewal application is rejected, the licensee shall cease operations within this state 30 days after receiving written notification. A licensee who does not comply with the department's order to cease is subject to the penalties provided in 39-8-302.

(6) The department may institute and maintain in the name of the state, through the attorney general or the county attorney of the county in which the violation of an order to cease occurs, an action for an injunction, order, or other civil remedy in district court to enforce its order.

(7) An applicant or licensee is ineligible to reapply for a license for 1 year following final department action denying the issuance of or renewal of a license. The 1-year restriction does not apply to an administrative denial or nonrenewal if the denial or nonrenewal was caused:

(a) by an inadvertent error or omission on the application;

(b) by experience that was insufficiently documented to the department at the time of the previous application;

(c) by a failure to submit the required fees; or

(d) when the applicant or licensee was determined to be ineligible because an individual no longer associated with the professional employer organization or group was determined to lack good moral character, business integrity, or financial responsibility.

History: En. Sec. 5, Ch. 344, L. 1995.

39-8-204. License renewal. (1) A license issued under this chapter is valid for 1 year from the date of issuance unless suspended or revoked.

(2) An applicant for license renewal is subject to the requirements of 39-8-202(3) through (11).

(3) At least 30 days prior to the expiration of the license, the licensee shall submit an application for renewal of a license on a form prescribed by the department and accompanied by the license fee, as provided in 39-8-205.

(4) A late renewal application may not be processed prior to the expiration of the licensee's current license. A person engaged in an unlicensed activity is subject to the penalty established in 39-8-302.

(5) Denial of a renewal license is subject to review under the provisions of 39-8-203.

History: En. Sec. 6, Ch. 344, L. 1995; amd. Sec. 3, Ch. 260, L. 2005.

39-8-205. Renewal fees. (1) The fee for the renewal of a resident or nonresident unrestricted license is $750.

(2) The fee for the renewal of a restricted license is $500.

(3) The application fee required in 39-8-202 does not apply to the renewal of an unrestricted license.

(4) Fees collected must be used by the department to implement this chapter.

History: En. Sec. 7, Ch. 344, L. 1995; amd. Sec. 2, Ch. 15, L. 2007.

39-8-206. License suspension, revocation, or nonrenewal. (1) In addition to the penalty provided in 39-8-302, the department may suspend for up to 1 year, may permanently revoke, or may refuse to renew a license issued under this chapter if, after notice to the licensee, the department finds that any of the following exists:

(a) a cause for which issuance of the license could have been refused had it been known to the department at the time of issuance;

(b) a violation of an order of the department or noncompliance with any provision of this chapter;

(c) procurement of or attempting to procure a license through misrepresentation or fraud;

(d) failure to provide a written response to a written inquiry from the department or its agent within 30 days after receiving an inquiry; or

(e) failure to meet or maintain any other requirement of this chapter.

(2) If a license is suspended, revoked, or not renewed, the department shall:

(a) immediately notify by certified mail the licensee and the licensee's workers' compensation carrier; and

(b) require the licensee to:

(i) notify each client by certified mail, return receipt requested, of the suspension, revocation, or nonrenewal using language furnished by the department;

(ii) notify each client in writing that the client shares joint and several liability, retroactive to the date of the client's entering into a contract with the licensee, for any wages, workers' compensation premiums, payroll-related taxes, and any benefits left unpaid by the professional employer organization or group; and

(iii) provide the department with evidence of client notification.

(3) Upon notification, the licensee may appeal the decision of the department pursuant to the procedure provided in 39-8-203.

History: En. Sec. 8, Ch. 344, L. 1995; amd. Sec. 4, Ch. 260, L. 2005.

39-8-207. Requirements of licensee. (1) A professional employer organization or group shall, by written contract with the client, establish the responsibilities and duties of each party. The contract must disclose to the client:

(a) the services provided, the administrative fee, and the respective rights and obligations of the parties;

(b) a statement providing that the professional employer organization or group:

(i) reserves a right of direction and control over employees assigned to the client's location. The client may retain sufficient direction and control over employees necessary to conduct business and without which the client would be unable to conduct business, discharge fiduciary responsibilities, or comply with state licensing laws.

(ii) assumes responsibility for the payment of wages of employees, workers' compensation premiums, payroll-related taxes, and employee benefits from its own accounts without regard to payments by the client; and

(iii) retains authority to hire, terminate, discipline, and reassign employees. The client has the right to accept or cancel the assignment of an employee.

(c) a statement that, with respect to a worker supplied to a client by a professional employer organization or group, the client shares joint and several liability for any wages, workers' compensation premiums, and payroll-related taxes and for any benefits left unpaid by the professional employer organization or group and that, in the event that the licensee's license is suspended or revoked, this liability is retroactive to the client's entering into a contract with the licensee; and

(d) a statement that the client is responsible for compliance with the Montana Safety Culture Act, Title 39, chapter 71, part 15.

(2) The professional employer organization or group shall:

(a) give written notice of the general nature of the relationship between the professional employer organization or group and the client to each employee assigned to perform services at the client's place of work. The disclosure must provide that the professional employer organization:

(i) reserves a right of direction and control over employees assigned to the client's location. The client may retain sufficient direction and control over employees necessary to conduct business and without which the client would be unable to conduct business, discharge fiduciary responsibilities, or comply with state licensing laws.

(ii) retains authority to hire, terminate, discipline, and reassign employees. The client has the right to accept or cancel the assignment of an employee.

(b) submit to the department, within 90 days of the end of each calendar quarter, information certified by an independent certified public accountant demonstrating that all payroll-related taxes for the quarter have been paid. Upon a showing of reasonable cause, one 30-day extension may be granted for each quarter. The department, by rule, may waive the requirements of this subsection (2)(b) if the licensee provides to the department an affidavit from an organization of the type specified in 39-8-202(8).

(c) maintain and make available for the department or its agent all records relating to the licensee's business conduct. Records must be maintained for 5 years after terminating a professional employer arrangement or employee leasing arrangement.

(d) notify the department in writing within 20 days of a change of business address or a change in partners, directors, officers, members, or controlling persons designated in the license;

(e) notify the department in writing within 20 days after a client either commences or terminates a professional employer arrangement or an employee leasing arrangement with that professional employer organization or group; and

(f) post the license issued in a conspicuous place in the principal place of business and display, in clear public view in each licensee's office, a notice stating that the professional employer organization or group is licensed and regulated by the department.

(3) (a) When a professional employer organization or group uses a professional employer arrangement with the client, both the professional employer organization or group and the client are the immediate employers of the workers subject to the arrangement for the purposes of the workers' compensation laws of this state.

(b) When a professional employer organization or group uses an employee leasing arrangement with the client, the professional employer organization or group is the immediate employer of the workers subject to the arrangement for the purposes of the workers' compensation laws of this state.

(4) A professional employer organization or group shall:

(a) pay wages and collect, report, and pay payroll-related taxes from its own accounts;

(b) pay unemployment taxes, pursuant to 39-51-1103, and provide, maintain, and secure all records and documents required of employers under the unemployment insurance laws of this state. For unemployment reporting purposes, each professional employer organization is the employing unit, as defined in 39-51-201, and shall keep separate records and submit quarterly wage lists for each of its clients.

(c) provide workers' compensation coverage for all employees and provide, maintain, and secure all records and documents required of employers under the workers' compensation laws of this state. A license may not be issued to a professional employer organization or group until the department receives proof of Montana workers' compensation coverage for the professional employer organization or group.

(5) A professional employer organization or group is an employer for sponsoring and maintaining employee benefit and welfare plans. The plans, if limited to employees of the

professional employer organization or group, are not multiple employer welfare arrangements. This section does not preclude the client from providing benefits to employees coemployed by a professional organization or group.

(6) A professional employer organization or group shall disclose to the department, to each client, and to its employees information on any health or life fringe benefit program provided for its employees. The information must include:

(a) the type of benefits;

(b) the identity of each insurer providing each type of coverage;

(c) the amount of benefits for each type of coverage and to whom or on whose behalf the benefits will be paid;

(d) the policy limits on each insurance policy; and

(e) whether coverage is fully insured, partially insured, or fully self-funded.

(7) Disclosure required by this section may be made by any written means reasonably calculated to adequately inform the employees, including a summary plan description that meets the requirements of the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1001, et seq., as amended.

(8) (a) Subject to any contrary provisions of the contract between the client and the professional employer organization or group, the professional employer arrangement that exists between the parties must be interpreted for purposes of insurance, bonding, and employer liability pursuant to subsection (8)(b).

(b) The professional employer organization or group:

(i) is entitled, along with the client, to the exclusivity of the remedy under both the workers' compensation and employers' liability provisions of a workers' compensation policy or plan of either party; and

(ii) is not liable for the acts, errors, or omissions of a client or of an employee acting under the direction and control of a client, subject to the provisions of this chapter. Subject to the provisions of this chapter, a client is not liable for the acts, errors, or omissions of a professional employer organization or group or of any employee of a professional employer organization or group acting under the direction and control of the professional employer organization or group.

(9) A professional employer organization or group that applies for workers' compensation coverage shall also maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor for each client employer, including but not limited to:

(a) the client employer's corporate or business name;

(b) the client employer's taxpayer or employer identification number;

(c) the client employer's risk identification number;

(d) a listing of all employees assigned to each client employer and the applicable classification code and payroll; and

(e) the client employer's first report of injury identifying the client employer and any other information necessary to permit the calculation of an experience modification factor for each client employer.

(10) An employee assigned to a client by a professional employer organization or group is considered the employee of the client for purposes of general liability insurance, motor vehicle insurance, fidelity bonds, surety bonds, and liquor liability insurance carried by the client. An employee assigned to a client by a professional employer organization or group is not an employee of the professional employer organization or group for purposes of general liability insurance, motor vehicle insurance, fidelity bonds, surety bonds, or liquor liability insurance carried by the professional employer organization or group unless the employee is included by reference in an employment arrangement contract, insurance contract, or bond.

(11) The sale of professional employer services pursuant to this chapter does not constitute the sale of insurance under Title 33 unless the professional employer organization or group:

(a) undertakes to indemnify another or pay or provide a specified or determinable amount of benefit based on determinable contingencies unless done through a licensed insurer or an employee welfare benefit plan as defined in 29 U.S.C. 1002(1);

39-11-202. Primary sector business workforce training grants — eligibility. (1) Subject to appropriation by the legislature to the primary sector business training program, the department may award workforce training grants to primary sector businesses that provide education or skills-based training, through eligible training providers, for employees in new jobs.

(2) To be eligible for a grant, an applicant shall demonstrate that the applicant is a primary sector business and meets at least one of the following criteria:

(a) is a value-adding business as defined by the Montana board of investments;

(b) has a significant positive economic impact to the region and state beyond the job creation involved;

(c) provides a service or function that is essential to the locality or the state; or

(d) is a for-profit or a nonprofit hospital or medical center providing a variety of medical services for the community or region.

(3) An applicant shall also provide a match of at least $1 for every $3 requested. The match:

(a) must be from new, unexpended funds available at the time of application; and

(b) may include new loans and investments and expenditures for direct project-related costs such as new equipment and buildings. The department may consider recent purchases of fixed assets directly related to the proposal on a case-by-case basis. A purchase of fixed assets directly related to the proposed training activities that have been made within 90 days after submission of the application may be considered eligible by the department.

(4) (a) Except as provided in subsection (4)(c), a grant provided under this section may not exceed $5,000 for each full-time position and $2,500 for each part-time position for which an employee is being trained. A grant may be provided only for a new job that has an average weekly wage that meets or exceeds the lesser of 170% of Montana's current minimum wage or the current average weekly wage of the county in which the employees are to be principally employed, provided minimum wage requirements are met.

(b) The department may consider the value of employee benefits in calculating the expected annual wage.

(c) The department may, in exceptional circumstances, consider a higher grant ceiling for jobs that will pay high wages and benefits if the need for higher training costs is documented in the application.

(d) A grant provided under this section must be proportional to the number of jobs provided, the expected average annual wage of all jobs provided, and the underlying economic indicators of the region where the majority of the jobs will be created.

(5) Funding ceilings must be determined by the availability of funding, the cost for each job, the quality of the primary sector business proposal, and whether training will be provided in Montana.

(6) The grant application, at a minimum, must contain:

(a) a business plan containing information that is sufficient for the department to obtain an adequate understanding of the business to be assisted, including the products or services offered, estimated market potential, management experience of principals, current financial position, and details of the proposed venture. In lieu of a business plan, the department may consider a copy of the current loan application to entities such as the Montana board of investments, the federal business and industry guarantee program, or the small business administration.

(b) financial statements and projections for the 2 most recent years of operation and projections for each of the 2 years following the grant, including but not limited to balance sheets, profit and loss statements, and cash flow statements. A business operating for less than 2 years shall provide all available financial statements.

(c) a hiring and training plan, which must include:

(i) a breakdown of the jobs to be created or retained, including the number and type of jobs that are full-time, part-time, skilled, semiskilled, or unskilled positions;

(ii) a timetable for creating the positions and the total number of employees to be hired;

(iii) an assurance that the business will comply with the equal opportunity and nondiscrimination laws;

(iv) procedures for outreach, recruitment, screening, training, and placement of employees;

(v) a description of the training curriculum and resources;

(vi) written commitments from any agency or organization participating in the implementation of the hiring plan; and

(vii) a description of the type and method of training to be provided to employees, the starting wage and wage to be paid after training for each position, the job benefits to be paid or provided, and any payment to eligible training providers.

(7) If the department determines that an applicant meets the criteria established in this section and has complied with the applicable procedures and review processes established by the department, the department may award a primary sector business workforce development grant to the employer and authorize the disbursement of funds under contract to the primary sector business.

(8) The department shall provide employers assistance in accessing workforce and education services outside the scope of parts 1 and 2 of this chapter for which employees may be eligible. These additional services may not be used to replace a grant provided under this section once the contract has been finalized.

(9) (a) A contract with a grant recipient must contain provisions:

(i) certifying that the amount of the grant already expended will be reimbursed in the event that the primary sector business ceases operation in the state of Montana within the grant contract period, which may be up to 2 years;

(ii) specifying that the employer may receive grant funds over the contract period only upon documenting the creation of eligible jobs, the hiring of employees for the jobs, or the incurring of eligible training expenses; and

(iii) providing the department with annual reports and a final closeout report that documents the wages paid to an employee upon completion of the training.

(b) The contract must be signed by the person in the primary sector business who is assigned the duties and responsibilities for training and the overall success of the program and by the primary sector business's chief executive.

(10) The department may adopt rules to implement this section.

39-29-102. Point preference or alternative preference in initial hiring for certain applicants — substantially equivalent selection procedure. (1) Subject to the restrictions in subsections (2) and (3), whenever a public employer uses a scored procedure, an applicant for an initial hiring, as defined in 39-30-103, must have added to the applicant's score the following percentage points of the total possible points that may be granted in the scored procedure:

(a) 5 percentage points if the applicant is a veteran; and

(b) 10 percentage points if the applicant is a disabled veteran or an eligible relative.

(2) A veteran, disabled veteran, or eligible relative may not receive the percentage points provided for in subsection (1) unless the person:

(a) is a United States citizen; and

(b) meets the minimum qualifications required for the position. If no applicant meets the minimum qualifications and the public employer fills a training position, veterans' preference must be applied.

(3) A disabled veteran who receives 10 percentage points under subsection (1)(b) may not receive an additional 5 percentage points under subsection (1)(a).

(4) Whenever a public employer uses a selection procedure other than a scored procedure, the public employer shall give preference to a disabled veteran, a person with a disability, a veteran, an eligible relative as defined in 39-29-101, and an eligible spouse as defined in 39-30-103, in that order, over any nonpreferred applicant holding substantially equal qualifications, as defined in 39-30-103.

(5) The preference under this section may include a guaranteed job interview for a veteran who meets the required qualifications for the position and has requested a preference, as provided in 39-29-103, if the public employer provides for a job interview preference by rule or ordinance. The guarantee of a job interview is not part of the preference claim that may be enforced as provided in 39-29-104.

History: En. Sec. 2, Ch. 646, L. 1989; amd. Sec. 1, Ch. 168, L. 1999; amd. Sec. 1, Ch. 191, L. 2013.

39-29-103. Notice and claim of preference. (1) A public employer shall, by posting or on the application form, give notice of the preference provided in 39-29-102.

(2) A job applicant who believes that the applicant is eligible to receive a preference shall claim the preference in writing before the time for filing applications for the position involved has passed. Failure to make a timely preference claim for a position is a complete defense to an action instituted by an applicant under 39-29-104 with regard to that position.

(3) If an applicant for a position makes a timely written preference claim, the public employer:

(a) may, under an existing rule or ordinance implementing this subsection (3)(a), guarantee to a veteran a job interview for a position for which the veteran meets the required qualifications and has submitted a preference claim; and

(b) shall give written notice of its hiring decision to the applicant claiming preference.

History: En. Sec. 3, Ch. 646, L. 1989; amd. Sec. 2, Ch. 168, L. 1999; amd. Sec. 2, Ch. 191, L. 2013.

39-29-104. Enforcement of preference. (1) An applicant who believes that the applicant is entitled to but has not been given the preference provided in 39-29-102 may, within 30 days of receipt of the notice of the hiring decision provided for in 39-29-103, submit to the public employer a written request for an explanation of the public employer's hiring decision. Within 15 days of receipt of the request, the public employer shall give the applicant a written explanation.

(2) After following the procedure described in subsection (1), the applicant may, within 90 days after receipt of notice of the hiring decision, file a petition in the district court in the county in which the application was received by the public employer. The petition must state facts that on their face entitle the applicant to a preference.

(3) (a) Upon filing of the petition, the court shall order the public employer to appear in court at a specified time not less than 5 or more than 10 days after the day the petition was filed and show cause why the applicant was not hired for the position. At the hearing, the public employer has the burden of proving by a preponderance of the evidence that the public employer applied the preference under 39-29-102 and made a reasonable hiring decision. The applicant has the burden of proving by a preponderance of the evidence that the applicant is a preference-eligible applicant.

(b) The time to appear provided in subsection (3)(a) may be waived by stipulation of the parties. If a time to appear has been specified pursuant to subsection (3)(a), the court may, on motion of one of the parties or on stipulation of all of the parties, grant a continuance.

(c) If the public employer does not carry its burden of proof under subsection (3)(a) and the court finds that the applicant is a preference-eligible applicant, the court shall order the public employer to comply with the provisions of 39-29-102. In addition, the court shall, upon proper proof, grant an award of backpay, reasonable attorney fees, and costs.

(4) Failure of an applicant to file a petition under subsection (2) within 90 days bars the filing of a petition. If a public employer fails to provide an explanation under subsection (1) within 15 days and a petition is filed under subsection (2), the court shall order the public employer to comply with the provisions of 39-29-102.

(5) The Montana Rules of Civil Procedure apply to a proceeding under this section to the extent that they do not conflict with this section.

History: En. Sec. 4, Ch. 646, L. 1989; amd. Sec. 3, Ch. 168, L. 1999.

39-29-105 through 39-29-110 reserved.

39-29-111. Retention during reduction in force. (1) Subject to the restrictions in subsections (2) and (3), during a reduction in force, a public employer shall retain in a position:

(a) a veteran, disabled veteran, or eligible relative whose performance has not been rated unacceptable under a performance appraisal system over other employees with similar job duties and qualifications and same length of service; and

(b) a disabled veteran with a service-connected disability of 30% or more whose performance has not been rated unacceptable under a performance appraisal system over other veterans, disabled veterans, and eligible relatives with similar job duties and qualifications and same length of service.

(2) An employee is not entitled to preference in retention under subsection (1) unless the employee is a United States citizen.

(3) The preference in retention under subsection (1) does not apply to a position covered by a collective bargaining agreement.

History: En. Sec. 5, Ch. 646, L. 1989; amd. Sec. 1508, Ch. 56, L. 2009.

39-29-112. Adoption of rules. The department of administration shall adopt rules implementing this chapter, except that the decision of whether to guarantee a job interview to a veteran is a decision that may be made by a local government by ordinance. The department's rules apply to all local and state public employers.

History: En. Sec. 6, Ch. 646, L. 1989; amd. Sec. 3, Ch. 191, L. 2013.

Part 2
Operative Provisions

39-30-201. Employment preference in initial hiring. (1) Except as provided in 10-2-402 and subsection (3) of this section, in an initial hiring for a position, if a job applicant who is a person with a disability or eligible spouse meets the eligibility requirements contained in 39-30-202 and claims a preference as required by 39-30-206, a public employer shall hire the applicant over any other applicant with substantially equal qualifications who is not a preference-eligible applicant.

(2) The employment preference provided for in subsection (1) does not apply to a personnel action described in 39-30-103(2)(b) or to any other personnel action that is not an initial hiring.

(3) To minimize confusion between 39-29-102 and this section, if a public employer in an initial hiring for a position uses a scoring procedure, the employer shall follow the guidelines in 39-29-102 if an applicant requests a veterans' or disabled veterans' preference. If a scoring procedure is not used, the employer shall provide preference first to a disabled veteran, then to a person with a disability, a veteran, an eligible relative as defined in 39-29-101, and an eligible spouse as defined in 39-30-103, in that order, over any applicant that does not have preference eligibility and that has substantially equal qualifications.

(1) the individual is a United States citizen;

(2) the individual has resided continuously in the state for at least 1 year immediately before applying for employment;

(3) if applying for municipal or county employment, the individual has resided for at least 30 days immediately before applying for employment in the city, town, or county in which employment is sought; and

(4) the individual meets those requirements considered necessary by a public employer to successfully perform the essential duties of the position for which the individual is applying.

History: En. Sec. 7, Ch. 1, Sp. L. 1983; amd. Sec. 13, Ch. 646, L. 1989; amd. Sec. 39, Ch. 472, L. 1997.

39-30-204 and 39-30-205 reserved.

39-30-206. Notice and claim of preference. (1) A public employer shall, by posting or on the application form, give notice of the preferences that this chapter provides in public employment.

(2) A job applicant who believes that the applicant has an employment preference shall claim the preference in writing before the time for filing applications for the position involved has passed. Failure to make a timely employment preference claim for a position is a complete defense to an action in regard to that position under 39-30-207.

(3) If an applicant for a position makes a timely written employment preference claim, the public employer shall give written notice of its hiring decision to each applicant claiming preference.

History: En. Sec. 8(1)-(3), Ch. 1, Sp. L. 1983; amd. Sec. 1509, Ch. 56, L. 2009.

39-30-207. Enforcement of preference. (1) An applicant who believes that the applicant has not been accorded the applicant's rights under this chapter may, within 30 days of receipt of the notice of the hiring decision provided for in 39-30-206, submit to the public employer a written request for an explanation of the public employer's hiring decision. Within 15 days of receipt of the request, the public employer shall give the applicant a written explanation.

(2) The applicant may, within 90 days after receipt of notice of the hiring decision, file a petition in the district court in the county in which the applicant's application was received by the public employer. The petition must state facts that on their face entitle the applicant to an employment preference.

(3) (a) Upon filing of the petition, the court shall order the public employer to appear in court at a specified time not less than 10 or more than 30 days after the day the petition was filed and show cause why the applicant was not hired for the position. At the hearing, the public employer has the burden of proving by a preponderance of the evidence that the employer made a reasonable determination pursuant to 39-30-103(7), and the applicant has the burden of proving by a preponderance of the evidence that the applicant is a preference-eligible applicant.

(b) The time to appear provided in subsection (3)(a) may be waived by stipulation of the parties. If a time to appear has been specified pursuant to subsection (3)(a), the court may, on motion of one of the parties or on stipulation of all of the parties, grant a continuance.

(c) If the public employer does not carry its burden of proof under subsection (3)(a) and the court finds that the applicant is a preference-eligible applicant, the court shall order the public employer to reopen the selection process for the position involved and shall grant the applicant reasonable attorney fees and court costs. The remedy provided by this section is the only remedy for a violation of this chapter, and a court may not grant any other relief in an action for violation of this chapter.

(4) Failure of an applicant to file a petition under subsection (2) within 90 days bars the filing of a petition. If a public employer fails to provide an explanation under subsection (1) within 15 days and a petition is filed under subsection (2), the court shall order the public employer to reopen the selection process.

(5) The Montana Rules of Civil Procedure apply to a proceeding under this section to the extent that they do not conflict with this section.

39-31-201. Public employees protected in right of self-organization. Public employees shall have and shall be protected in the exercise of the right of self-organization, to form, join, or assist any labor organization, to bargain collectively through representatives of their own choosing on questions of wages, hours, fringe benefits, and other conditions of employment, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection free from interference, restraint, or coercion.

History: En. Sec. 3, Ch. 441, L. 1973; amd. Sec.-1, Ch. 244, L. 1974; R.C.M. 1947, 59-1603(1).

39-31-202. Board to determine appropriate bargaining unit — factors to be considered. (1) In order to ensure employees the fullest freedom in exercising the rights guaranteed by this chapter, the board or an agent of the board shall decide the unit appropriate for the purpose of collective bargaining and shall consider such factors as community of interest, wages, hours, fringe benefits, and other working conditions of the employees involved, the history of collective bargaining, common supervision, common personnel policies, extent of integration of work functions and interchange among employees affected, and the desires of the employees.

(2) If a state agency or facility of a state agency is reorganized to the extent that the reorganization results in substantial changes to the factors listed in subsection (1), the public employer representative, as provided in 39-31-301, may petition the board to make a new determination of the appropriate unit for the purpose of collective bargaining. In making this determination, the board shall take into account the consequences of the reorganization on each position in the affected agency or facility.

(3) Unless the board has received a petition, as provided in 39-31-207, to consider a collective bargaining unit that was not designated as an appropriate unit prior to the reorganization described in subsection (2), the board may not consider any labor organization that was not designated to represent employees of the affected agency or facility at the time that the reorganization became effective.

History: En. Sec. 6, Ch. 441, L. 1973; amd. Sec. 1, Ch. 136, L. 1975; R.C.M. 1947, 59-1606(2); amd. Sec. 1, Ch. 176, L. 1999.

39-31-203. Deduction of dues from employee's pay. Upon written authorization of any public employee within a bargaining unit, the public employer shall deduct from the pay of the public employee the monthly amount of dues as certified by the secretary of the exclusive representative and shall deliver the dues to the treasurer of the exclusive representative.

History: En. Sec. 12, Ch. 441, L. 1973; R.C.M. 1947, 59-1612.

39-31-204. Right of nonassociation with labor organization on religious grounds — requirements and procedure for assertion of right. (1) A public employee who is a member of a bona fide religious sect or division of a sect, the established and traditional tenets or teachings of which oppose a requirement that a member of the sect or division join or financially support a particular or any labor organization, may not be required to join or financially support that particular labor organization or any labor organization if the tenets or teachings oppose a requirement that any labor organization be joined or supported as a condition of employment. However, the public employee shall pay in lieu of periodic union dues, initiation fees, and assessments, at the same time or times the periodic union dues, initiation fees, and assessments would otherwise be payable, a sum of money equivalent to the periodic union dues, initiation fees, and assessments to a nonreligious, nonunion charity designated by the labor organization. The public employee shall furnish to the labor organization written receipts evidencing the payments, and failure to make the payments or furnish the receipts subjects the employee to the same sanctions as would nonpayment of dues, initiation fees, or assessments under the applicable collective bargaining agreement.

(2) A public employee desiring to exercise the right of nonassociation with a labor organization as provided in this section shall make written application to the presiding officer of the board of personnel appeals. Within 10 days of the date of receipt of an application, the presiding officer shall appoint a committee of three consisting of a member of the clergy not connected with the sect in question, a labor union official not directly connected with the labor

organization in question, and a member of the public at large who is the presiding officer. The committee shall within 10 days of the date of its appointment meet at the locale of either the employee's residence or place of employment and, after receiving written or oral presentations from all interested parties, determine by a majority vote whether or not the public employee qualifies for the right of nonassociation with the labor organization. The committee's decision must be made in writing within 3 days of the meeting date, and a copy of the decision must be mailed to the public employee, labor organization, and presiding officer of the board of personnel appeals.

39-31-205. Designated labor organizations to represent employees without discrimination. Labor organizations designated in accordance with the provisions of this chapter are responsible for representing the interest of all employees in the exclusive bargaining unit without discrimination for the purposes of collective bargaining with respect to rates of pay, hours, fringe benefits, and other conditions of employment.

39-31-206. Labor organization to guarantee certain rights and safeguards prior to certification or recognition. (1) Certification or recognition as an exclusive representative shall be extended or continued, as the case may be, only to a labor or employee organization the written bylaws of which provide for and guarantee the following rights and safeguards and whose practices conform to such rights and safeguards as:

(a) provisions are made for democratic organization and procedures;

(b) elections are conducted pursuant to adequate standards and safeguards;

(c) controls are provided for the regulation of officers and agents having fiduciary responsibility to the organization; and

(d) requirements exist for maintenance of sound accounting and fiscal controls, including annual audits.

(2) The board shall hear and decide all disputes arising under subsection (1).

39-31-207. Petition on representation question — investigation by board — hearing. (1) The board or an agent of the board shall investigate the petition and, if it has reasonable cause to believe that a question of representation exists, it shall provide for an appropriate hearing upon due notice whenever, in accordance with such rules as may be prescribed by the board, a petition has been filed:

(a) by an employee or group of employees or any labor organization acting in their behalf alleging that 30% of the employees:

(i) wish to be represented for collective bargaining by a labor organization as exclusive representative; or

(ii) assert that the labor organization which has been certified or is currently being recognized by the public employer as bargaining representative is no longer the representative of the majority of employees in the unit; or

(b) by the public employer alleging that one or more labor organizations have presented to it a claim to be recognized as the exclusive representative in an appropriate unit.

(2) In this hearing, the board is not bound by common law and statutory rules of evidence.

History: En. Sec. 6, Ch. 441, L. 1973; amd. Sec. 1, Ch. 136, L. 1975; R.C.M. 1947, 59-1606(part).

39-31-208. Representation election at direction of board. (1) If the board or an agent of the board, in the hearing provided for in 39-31-207, finds that there is a question of representation, it shall direct an election by secret ballot to determine whether and by which labor organization the employees desire to be represented or whether they desire to have no labor organization represent them and shall certify the results thereof.

(2) Only those labor organizations which have been designated by more than 10% of the employees in the unit found to be appropriate shall be placed on the ballot.

(3) The board or an agent of the board shall determine who is eligible to vote in the election and shall establish rules governing the election.

(4) Unless the majority vote is for no representation by a labor organization and in any election where none of the choices for a representative on the ballot receives a majority, a runoff election shall be conducted, the ballot providing for selection between the two choices receiving the largest and the second largest number of valid votes cast in the election.

(5) A labor organization which receives the majority of the votes cast in an election shall be certified by the board as the exclusive representative.

39-31-209. Consent election. Nothing in 39-31-207 or 39-31-208 prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules of the board.

History: **En. Sec. 6, Ch. 441, L. 1973; amd. Sec. 1, Ch. 136, L. 1975; R.C.M. 1947, 59-1606(part).**

(5) determine the methods, means, job classifications, and personnel by which government operations are to be conducted;

(6) take whatever actions may be necessary to carry out the missions of the agency in situations of emergency;

(7) establish the methods and processes by which work is performed.

39-31-304. Negotiable items for school districts. Nothing in this chapter shall require or allow boards of trustees of school districts to bargain collectively upon any matter other than matters specified in 39-31-305(2).

History: En. Sec. 2, Ch. 117, L. 1975; R.C.M. 1947, 59-1617.

39-31-305. Duty to bargain collectively — good faith. (1) The public employer and the exclusive representative, through appropriate officials or their representatives, have the authority and the duty to bargain collectively. This duty extends to the obligation to bargain collectively in good faith as set forth in subsection (2).

(2) For the purpose of this chapter, to bargain collectively is the performance of the mutual obligation of the public employer or the public employer's designated representatives and the representatives of the exclusive representative to meet at reasonable times and negotiate in good faith with respect to wages, hours, fringe benefits, and other conditions of employment or the negotiation of an agreement or any question arising under an agreement and the execution of a written contract incorporating any agreement reached. The obligation does not compel either party to agree to a proposal or require the making of a concession.

(3) For purposes of state government only, the requirement of negotiating in good faith may be met by the submission of a negotiated settlement to the legislature in the executive budget or by bill or joint resolution. The failure to reach a negotiated settlement for submission is not, by itself, prima facie evidence of a failure to negotiate in good faith.

History: (1)En. Sec. 4, Ch. 441, L. 1973; Sec. 59-1604, R.C.M. 1947; (2), (3)En. Sec. 5, Ch. 441, L. 1973; amd. Sec. 1, Ch. 36, L. 1975; amd. Sec. 1, Ch. 97, L. 1975; amd. Sec. 2, Ch. 384, L. 1975; Sec. 59-1605, R.C.M. 1947; R.C.M. 1947, 59-1604, 59-1605(3), (4); amd. Sec. 1512, Ch. 56, L. 2009.

39-31-306. Collective bargaining agreements. (1) An agreement reached by the public employer and the exclusive representative must be reduced to writing and must be executed by both parties.

(2) Except as provided in subsection (5), an agreement may contain a grievance procedure culminating in final and binding arbitration of unresolved grievances and disputed interpretations of agreements.

(3) An agreement between the public employer and a labor organization must be valid and enforced under its terms when entered into in accordance with the provisions of this chapter and signed by the chief executive officer of the state or political subdivision or commissioner of higher education or by a representative. A publication of the agreement is not required to make it effective.

(4) The procedure for the making of an agreement between the state or political subdivision and a labor organization provided by this chapter is the exclusive method of making a valid agreement for public employees represented by a labor organization.

(5) An agreement to which a school is a party must contain a grievance procedure culminating in final and binding arbitration of unresolved and disputed interpretations of agreements. The aggrieved party may have the grievance or disputed interpretation of the agreement resolved either by final and binding arbitration or by any other available legal method and forum, but not by both. After a grievance has been submitted to arbitration, the grievant and the exclusive representative waive any right to pursue against the school an action or complaint that seeks the same remedy. If a grievant or the exclusive representative files a complaint or other action against the school, arbitration seeking the same remedy may not be filed or pursued under this section.

History: En. Sec. 10, Ch. 441, L. 1973; amd. Sec. 4, Ch. 313, L. 1974; R.C.M. 1947, 59-1610; amd. Sec. 1, Ch. 582, L. 1993.

39-31-307. Mediation of disputes. If, after a reasonable period of negotiation over the terms of an agreement or upon expiration of an existing collective bargaining agreement, a dispute concerning the collective bargaining agreement exists between the public employer and a labor organization, the parties shall request mediation.

History: En. Sec. 14, Ch. 441, L. 1973; amd. Sec. 1, Ch. 18, L. 1975; R.C.M. 1947, 59-1614(1).

39-31-308. Initiation of factfinding — designation of fact finder. (1) If, upon expiration of an existing collective bargaining agreement or 30 days following certification or recognition of an exclusive representative, a dispute concerning the collective bargaining agreement exists between the employer and the exclusive representative, either party may petition the board to initiate factfinding.

(2) Within 3 days of receipt of such petition, the board shall submit to the parties a list of five qualified, disinterested persons from which the parties shall alternate in striking two names. The remaining person shall be designated fact finder. This process shall be completed within 5 days of receipt of the list. The parties shall notify the board of the designated fact finder.

(3) If no request for factfinding is made by either party before the expiration of the agreement or 30 days following certification or recognition of an exclusive representative, the board may initiate factfinding as provided for in subsection (2) above.

History: En. Sec. 14, Ch. 441, L. 1973; amd. Sec. 1, Ch. 18, L. 1975; R.C.M. 1947, 59-1614(2) thru (4).

39-31-309. Factfinding proceedings. (1) The fact finder shall immediately establish dates and place of hearings.

(2) The public employer and the exclusive representative are the only proper parties to factfinding proceedings.

(3) Upon request of either party or the fact finder, the board shall issue subpoenas for hearings conducted by the fact finder. The fact finder may administer oaths.

(4) Upon completion of the hearings, but no later than 20 days from the date of appointment, the fact finder shall make written findings of facts and recommendations for resolution of the dispute and shall serve the findings on the public employer and the exclusive representative. The fact finder may make this report public 5 days after it is submitted to the parties. If the dispute is not resolved 15 days after the report is submitted to the parties, the report must be made public.

(5) When a party petitions the board to initiate factfinding, the cost of factfinding proceedings must be equally borne by the parties. When the board initiates factfinding, the cost of factfinding proceedings must be equally borne by the board and the parties.

(6) Nothing in 39-31-307 through 39-31-310 prohibits the fact finder from endeavoring to mediate the dispute in which the fact finder has been selected or appointed.

History: En. Sec. 14, Ch. 441, L. 1973; amd. Sec. 1, Ch. 18, L. 1975; R.C.M. 1947, 59-1614(5) thru (8); amd. Sec. 33, Ch. 397, L. 1979; amd. Sec. 10, Ch. 90, L. 1995.

39-31-310. Submission of issues to arbitration. Nothing in 39-31-307 through 39-31-310 prohibits the parties from voluntarily agreeing to submit any or all of the issues to final and binding arbitration, and if such agreement is reached, the arbitration shall supersede the factfinding procedures set forth in those sections. An agreement to arbitrate and the award issued in accordance with such agreement shall be enforceable in the same manner as is provided in this chapter for enforcement of collective bargaining agreements.

History: En. Sec. 14, Ch. 441, L. 1973; amd. Sec. 1, Ch. 18, L. 1975; R.C.M. 1947, 59-1614(9).

"Unfair labor practice" defined, 39-31-103.

39-31-401. Unfair labor practices of public employer. It is an unfair labor practice for a public employer to:

(1) interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in 39-31-201;

(2) dominate, interfere, or assist in the formation or administration of any labor organization. However, subject to rules adopted by the board under 39-31-104, an employer is not prohibited from permitting employees to confer with the employer during working hours without loss of time or pay.

(3) discriminate in regard to hire or tenure of employment or any term or condition of employment in order to encourage or discourage membership in any labor organization. However, nothing in this chapter or in any other statute of this state precludes a public employer from making an agreement with an exclusive representative to require, as a condition of employment, that an employee who is not or does not become a union member must have an amount equal to the union initiation fee and monthly dues deducted from the employee's wages in the same manner as checkoff of union dues.

(4) discharge or otherwise discriminate against an employee because the employee has signed or filed an affidavit, petition, or complaint or given any information or testimony under this chapter; or

(5) refuse to bargain collectively in good faith with an exclusive representative.

History: En. Sec. 5, Ch. 441, L. 1973; amd. Sec. 1, Ch. 36, L. 1975; amd. Sec. 1, Ch. 97, L. 1975; amd. Sec. 2, Ch. 384, L. 1975; R.C.M. 1947, 59-1605(1); amd. Sec. 34, Ch. 397, L. 1979; amd. Sec. 1514, Ch. 56, L. 2009.

39-31-402. Unfair labor practices of labor organization. It is an unfair labor practice for a labor organization or its agents to:

(1) restrain or coerce:

(a) employees in the exercise of the right guaranteed in 39-31-201; or

(b) a public employer in the selection of a representative for the purpose of collective bargaining or the adjustment of grievances;

(2) refuse to bargain collectively in good faith with a public employer if it has been designated as the exclusive representative of employees;

(3) use agency shop fees for contributions to political candidates or parties at state or local levels.

History: En. Sec. 5, Ch. 441, L. 1973; amd. Sec. 1, Ch. 36, L. 1975; amd. Sec. 1, Ch. 97, L. 1975; amd. Sec. 2, Ch. 384, L. 1975; R.C.M. 1947, 59-1605(2); amd. Sec. 1515, Ch. 56, L. 2009.

39-31-403. Remedies for unfair labor practices. Violations of the provisions of 39-31-401 or 39-31-402 are unfair labor practices remediable by the board pursuant to this part.

History: En. Sec. 7, Ch. 441, L. 1973; R.C.M. 1947, 59-1607(part); amd. Sec. 35, Ch. 397, L. 1979.

39-31-404. Six-month limitation on unfair labor practice complaint — exception. A notice of hearing may not be issued based upon any unfair labor practice more than 6 months before the filing of the charge with the board unless the person aggrieved was prevented from filing the charge by reason of service in the armed forces, in which event the 6-month period must be computed from the day of discharge.

History: En. Sec. 7, Ch. 441, L. 1973; R.C.M. 1947, 59-1607(part); amd. Sec. 1516, Ch. 56, L. 2009.

39-31-405. Unfair labor practice complaint — investigation — notice of hearing — service — answer. (1) Whenever a complaint is filed alleging that any person has engaged in or is engaging in any such unfair labor practice, the board shall issue and cause to be served upon the person a copy of the complaint and provide the person with an opportunity to respond to all charges. After receipt of responses from the charged party, an agent designated by the board for such purposes shall investigate the alleged unfair labor practice.

(2) If, after the investigation, the agent designated by the board determines that the charge is without probable merit, the board shall issue and cause to be served upon the complaining party and the person being charged notice of its intention to dismiss the complaint. The dismissal becomes a final order of the board unless either party requests a review of the decision to dismiss the complaint. The request for a review must be made in writing within 10 days of receipt of the notice of intention to dismiss. If a review is requested, the board may uphold its decision to dismiss the complaint or, pursuant to subsection (3), schedule a hearing on the merits. If the board upholds its decision to dismiss the complaint, the dismissal becomes a final order of the board.

(3) If after the investigation or after the review provided for in subsection (2), the board determines that there is probable merit for the charge, the board shall issue and cause to be served upon the complaining party and the party charged a notice of hearing before the board, a member thereof, or before a designated agent at a time and place therein fixed, not less than 5 working days after the date of service.

(4) If a hearing is to be held, the person against whom the charge is filed shall file an answer to the complaint.

(5) Each party to an unfair labor practice proceeding has the right to disqualify, without cause, the hearing examiner designated by the board to hear the complaint. The right may be exercised only once by each party and must be exercised within 5 days from the time a party is notified by the board of the hearing examiner designated to hear the matter. The exercise of this right is in addition to any rights a party has to disqualify a hearing examiner under 2-4-611.

History: En. Sec. 7, Ch. 441, L. 1973; R.C.M. 1947, 59-1607(part); amd. Sec. 1, Ch. 95, L. 1983; (5)En. Sec. 1, Ch. 211, L. 1983.

39-31-406. Hearing on complaint — findings — order. (1) The complainant and the person charged must be parties and shall appear in person or otherwise give testimony at the place and time fixed in the notice of hearing. In the discretion of the board or its agent conducting the hearing, any other person may be allowed to intervene in the proceeding and present testimony.

(2) In a hearing, the board is not bound by the rules of evidence prevailing in the courts.

(3) The testimony taken by the board or its agent must be reduced to writing and filed with the board. Thereafter, in its discretion, the board upon notice may take further testimony or hear argument.

(4) If, upon the preponderance of the testimony taken, the board is of the opinion that any person named in the complaint has engaged in or is engaging in an unfair labor practice, it shall state its findings of fact and shall issue and cause to be served on the person an order requiring the person to cease and desist from the unfair labor practice and to take affirmative action, including reinstatement of employees with or without backpay, that will effectuate the policies of this chapter. The order may further require the person to make reports from time to time showing the extent to which the person has complied with the order. An order of the board may not require the reinstatement of an individual as an employee who has been suspended or discharged or the payment to the employee of any backpay if it is found that the individual was suspended or discharged for cause.

(5) If, upon the preponderance of the testimony taken, the board is not of the opinion that the person named in the complaint has engaged in or is engaging in the unfair labor practice, then the board shall state its findings of fact and shall issue an order dismissing the complaint.

(6) If the evidence is presented before a member of the board or before an examiner, the member or the examiner shall issue and cause to be served on the parties to the proceeding a proposed decision, together with a recommended order, which must be filed with the board, and if exceptions are not filed within 20 days after service of the proposed decision and recommended order upon the parties or within a further period that the board may authorize, the recommended order becomes the order of the board. The board shall issue a final order within 5 months after final briefs are submitted to the hearings officer. If briefs are to be submitted but either or both of the parties fail to submit their brief on the date set by the hearings examiner at the close of the hearing on the matter, then the board shall issue a final order within 5 months after the

date the last brief was ordered to be submitted. If no briefs are to be submitted, the board shall issue a final order within 5 months after the hearing.

39-31-407. Amendment of complaint. Any complaint may be amended by the complainant at any time prior to the issuance of an order based thereon, provided that the charged party is not unfairly prejudiced thereby.

39-31-408. Modification by board of findings and order. Until the record in a proceeding has been filed in district court, the board at any time, upon reasonable notice and in such manner as it considers proper, may modify or set aside, in whole or in part, any finding or order made or issued by it.

History: **En. Sec. 7, Ch. 441, L. 1973; R.C.M. 1947, 59-1607(3).**

39-31-409. Court enforcement and review of board order. (1) The board or the complaining party may petition for the enforcement of the order of the board and for appropriate temporary relief or a restraining order and shall file in the district court at its own expense the record in the proceedings.

(2) Upon the filing of the petition, the district court shall have jurisdiction of the proceeding. Thereafter, the district court shall set the matter for hearing and shall order the party charged to be served with notice of hearing at least 20 days before the date set for hearing.

(3) No objection that has not been raised before the board shall be considered by the court unless the failure or neglect to raise the objection is excused because of extraordinary circumstances.

(4) The findings of the board with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive.

(5) If either party applies to the court for leave to present additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to present it in the hearing before the board, the court may order the additional evidence to be taken before the board and to be made part of the record. The board may modify its findings as to the facts or make new findings by reason of additional evidence so taken and filed, and it shall file the modifying or new findings with the district court.

(6) After the hearing, the district court shall issue its order granting such temporary or permanent relief or restraining order as it considers just and proper, enforcing as so modified or setting aside, in whole or in part, the order of the board. Any order of the district court shall be subject to review by the supreme court in accordance with rules of civil procedure.

(7) The commencement of proceedings under subsections (1) through (6) of this section shall not, unless specifically ordered by the court, operate as a stay of the board's order.

39-31-501. Strikes by police officers prohibited. (1) It is unlawful for a police officer to strike or recognize a picket line of a labor organization while in the performance of official duties.

(2) (a) As used in this section, "strike" means an action listed in subsection (2)(b), in concerted action with others, for the purpose of inducing, influencing, or coercing a change in the conditions of employment, compensation, rights, privileges, or obligations of employment of a police officer.

(b) A police officer may not engage in the following actions in concert with others:

(ii) willful absence from the police officer's position;

(iii) stoppage of work; or

(iv) departure from the full, faithful, or proper performance of duties of employment.

History: **En. Sec. 1, Ch. 225, L. 2005.**

39-31-502. Mediation of disputes. (1) If after a 150-calendar-day period of good faith negotiation over the terms of an agreement or 150 days after certification or recognition of an exclusive representative an agreement has not been signed, either or both of the parties may notify the board of personnel appeals of the status of the negotiations and of the need for a mediator. The parties may agree to request a mediator before the end of the 150-day period. The 150-day period begins when the parties meet for the first bargaining session and each party has received the other party's initial proposal. Upon receipt of the notification, the board of personnel appeals shall appoint a mediator and notify the parties of the appointment.

(2) (a) After 15 days of mediation, either party may declare an impasse. The mediator may declare an impasse at any time during the mediation process. Written notification of an impasse must be filed with the board of personnel appeals.

(b) Within 7 days of the declaration of an impasse, each party shall submit to the mediator the final written offer of the party, including a cost summary of the offer. Within 7 days of receipt of the final offers, the mediator shall make public the final offers, including any proposed contract language and each party's cost summary addressing those issues on which the parties have failed to reach an agreement. Each party's proposed contract language must be titled "Final Offer".

(c) Within 30 days after the mediator makes public the parties' final offers, the parties may agree to and, upon agreement, shall jointly petition the board of personnel appeals to appoint a fact finder. The fact finder must be appointed as provided in 39-31-308(2).

(d) If an agreement is not reached within 30 days after the mediator makes the final offers public or, if the parties participated in fact finding, within 30 days after the receipt of the fact finder's report, either party may petition the board of personnel appeals for binding arbitration. The petition must include a copy of each party's final offer, as provided in subsection (2)(b).

History: En. Sec. 2, Ch. 225, L. 2005.

39-31-503. Binding arbitration — policy. (1) It is the policy of the state that because the right of police officers to strike is prohibited by 39-31-501, it is necessary to the high morale of police officers and to the efficient operation of police departments to provide an alternative, expeditious, and effective procedure for the resolution of labor disputes through binding arbitration.

(2) Binding arbitration must be scheduled by mutual agreement no earlier than 30 days following the submission of the petition seeking binding arbitration under 39-31-502(2)(d).

History: En. Sec. 3, Ch. 225, L. 2005.

39-31-504. Selection of arbitrator — procedure — cost sharing. (1) (a) After receipt of the petition to arbitrate under 39-31-502(2)(d), the board of personnel appeals shall submit a list of five qualified, disinterested, and unbiased individuals to the parties. Each party shall alternately strike two names from the list. The order of striking names must be determined by a coin toss. The remaining individual is the arbitrator.

(b) If the parties have not designated the arbitrator and notified the board of personnel appeals of their choice within 5 days of receipt of the list, the board of personnel appeals shall appoint the arbitrator from the names on the list. However, if one of the parties strikes names from the list, as provided in subsection (1)(a), the board of personnel appeals shall appoint the arbitrator from the names remaining on the list.

(2) The arbitrator shall establish the dates, times, and places of hearings. The arbitrator may issue subpoenas. Within 14 calendar days prior to the date of a hearing, each party shall submit to the other party a written last best offer package on all unresolved mandatory subjects. The last best offer package may not be changed. The arbitrator may administer oaths and shall afford the parties the opportunity to examine and cross-examine all witnesses and to present evidence relevant to the dispute.

(3) The arbitrator shall decide the unresolved mandatory subjects contained in the last best offer package. The arbitrator shall base findings and opinions on the criteria listed in subsections (3)(a) through (3)(h). Primary consideration must be given to the criteria in subsection (3)(a). The criteria are:

(a) the interest and welfare of the public;

(b) the reasonable financial ability of the unit of government to meet the costs of the proposed contract, giving consideration and weight to the other services provided by the unit of government, as determined by the governing body of the unit of government;

(c) the ability of the unit of government to attract and retain qualified personnel at the wage and benefit levels provided;

(d) the overall compensation presently received by the police officers, including direct wage compensation, holiday pay, other paid excused time, insurance, and all other direct or indirect monetary benefits;

(e) comparison of the overall compensation of other police officers in comparable communities with similar populations in Montana and contiguous states;

(f) inflation as measured by the consumer price index, U.S. city average, commonly known as the cost of living;

(g) the stipulations of the parties; and

(h) other factors, consistent with subsections (3)(a) through (3)(g), that are traditionally taken into consideration in the determination of wages, hours, and other terms and conditions of employment. However, the arbitrator may not use other factors if, in the judgment of the arbitrator, the factors listed in subsections (3)(a) through (3)(g) provide a sufficient basis for an award.

(4) Within 30 days after the conclusion of the hearings or an additional period agreed upon by the parties, the arbitrator shall select only one of the last best offer packages submitted by the parties and shall make written findings along with an opinion and order. The opinion and order must be served on the parties and the board of personnel appeals. Service may be made by personal delivery or by certified mail. The findings, opinion, and order must be based upon the criteria listed in subsection (3).

(5) The cost of arbitration must be borne equally by the parties.

History: En. Sec. 4, Ch. 225, L. 2005.

39-31-505. Arbitration decision final. Subject to Title 27, chapter 5, part 3, the decision of the arbitrator is final and is binding on the parties, and the board of personnel appeals shall issue an order containing the decision. Refusal or failure to comply with any provision of a final and binding arbitration award is an unfair labor practice. An order issued by the board of personnel appeals pursuant to this section may be enforced by either party or the board of personnel appeals in the district court for any county in which the dispute arose.

History: En. Sec. 5, Ch. 225, L. 2005.

(2) In the event no such mutual consent is available, then either the facility or representatives of employees may apply to the board and said board, through a duly designated agent, shall make a determination of the composition of such an appropriate unit.

(3) In determining such appropriate unit, professional employees may not be included in the same unit with nonprofessional employees unless a majority of professional employees in a proposed unit desire such inclusion. Part 1
General Provisions

39-51-101. Short title. This chapter shall be known and may be cited as the "Unemployment Insurance Law".

History: En. Sec. 1, Ch. 137, L. 1937; R.C.M. 1947, 87-101; amd. Sec. 1, Ch. 57, L. 1979.

39-51-102. Declaration of state public policy. As a guide to the interpretation and application of this chapter, the public policy of this state is declared to be as follows:

(1) Economic insecurity because of unemployment is a serious menace to the health, morals, and welfare of the people of this state.

(2) Involuntary unemployment is, therefore, a subject of general interest and concern that requires appropriate action by the legislature to prevent its spread and to lighten its burden that now so often falls with crushing force upon the unemployed worker and the worker's family. The achievement of social security requires protection against this greatest hazard of our economic life. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious social consequences of poor relief assistance.

(3) The legislature, therefore, declares that in its considered judgment the public good and the general welfare of the citizens of this state require the enactment of this chapter under the police powers of the state for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own.

History: En. Sec. 2, Ch. 137, L. 1937; R.C.M. 1947, 87-102; amd. Sec. 1525, Ch. 56, L. 2009.

39-51-103. Nonliability of state — right to benefits subject to provisions of chapter and extent of available funds. (1) Benefits shall be deemed to be due and payable under this chapter only to the extent provided in this chapter and to the extent that moneys are available therefor to the credit of the unemployment insurance fund, and neither the state nor the department shall be liable for any amount in excess of such sums.

(2) The legislature reserves the right to amend or repeal all or any part of this chapter at any time and there shall be no vested private right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or by acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter at any time.

History: (1)En. Sec. 18, Ch. 137, L. 1937; amd. Sec. 32, Ch. 368, L. 1975; Sec. 87-147, R.C.M. 1947; (2)En. Sec. 20, Ch. 137, L. 1937; Sec. 87-150, R.C.M. 1947; R.C.M. 1947, 87-147, 87-150; amd. Sec. 2, Ch. 57, L. 1979; amd. Sec. 1, Ch. 349, L. 1981.

(2) (a) The term "employment" includes an individual's entire service performed within or both within and outside this state if:

(i) the service is localized in this state; or

(ii) the service is not localized in any state but some of the service is performed in this state and:

(A) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in this state; or

(B) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(b) Service is considered to be localized within a state if:

(i) the service is performed entirely within the state; or

(3) Service not covered under subsection (2) and performed entirely outside the state and on which contributions are neither required nor paid under an unemployment insurance law of any other state or of the federal government is considered to be employment subject to this chapter if the individual performing the services is a resident of this state and the department approves the election of the employing unit for whom the services are performed in order that the entire service of the individual is considered to be employment subject to this chapter.

(i) the employer's principal place of business in the United States is located in this state;

(f) casual labor not in the course of an employer's trade or business performed in any calendar quarter, unless the cash remuneration paid for the service is $50 or more and the service is performed by an individual who is regularly employed by the employer to perform the service. (n) service performed by an individual who is enrolled at a nonprofit or public educational institution that normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on, as a student in a full-time program taken for credit at an institution that combines academic instruction with work experience if the service is an integral part of the program and the institution has certified that fact to the employer, except that this subsection (1)(n) does not apply to service performed in a program established for or on behalf of an employer or group of employers;

The credit or refund may be allowed only if the claim is filed, or the determination is made, within a 5-year period after the date on which any taxes, penalty, or interest became due or within 1 year from the date the payment is made, whichever is later. The department shall credit or refund the amount to the employer, without interest.

(b) The department may not adjust wages that have been used for the purpose of establishing benefit eligibility after the statute of limitations provided in 39-51-2402 has expired, and a credit or refund may not be made with respect to those wages.

(2) If the department determines that an employer has paid taxes to this state under this chapter but the taxes should have been paid to another state under a similar act of the other state, a transfer of the taxes to the other state must be made upon discovery or, upon proof of payment that the other state has been fully paid, then a refund to the employer must be made upon application without limitation of time.

(3) If this chapter is not certified by the secretary of labor under 26 U.S.C. 3304 for any year, then refunds must be made of all taxes required under this chapter from employers for that year.

39-51-1121. Definitions. As used in part 12 and this part, the following definitions apply:

(1) "Computation date" means the 12-month reporting period ending September 30 preceding the calendar year for which a covered employer's contribution rate is effective.

(2) "Cutoff date" means October 31 immediately following the computation date. The department may extend the cutoff date in meritorious cases.

History: En. Secs. 1, 2, Ch. 685, L. 1979; amd. Sec. 1, Ch. 3, L. 1981; amd. Sec. 1, Ch. 349, L. 1981; amd. Sec. 7, Ch. 234, L. 1987; amd. Sec. 7, Ch. 618, L. 1989; amd. Sec. 20, Ch. 373, L. 1991; amd. Sec. 3, Ch. 362, L. 2007; amd. Sec. 12, Ch. 25, L. 2009.

39-51-1122. Treatment of minor irregularities in determination of eligible employer status. For the purpose of determining if a covered employer is an eligible employer, delinquencies of a minor nature may be disregarded if it is shown to the satisfaction of the department that the covered employer acted in good faith and that forfeiture of a reduced contribution rate because of such minor delinquency would be inequitable.

History: En. Sec. 3, Ch. 685, L. 1979; amd. Sec. 1, Ch. 349, L. 1981.

39-51-1123. Rates of contributions. All covered employers, except governmental entities and those qualified and electing to make payments in lieu of contributions, shall pay contributions at rates assigned annually by the department.

History: En. Sec. 4, Ch. 685, L. 1979; amd. Sec. 1, Ch. 349, L. 1981.

39-51-1124. Procedure for election to make payments in lieu of contributions. (1) Any nonprofit organization defined in 39-51-1103, tribal unit, or governmental entity electing to become liable for payments in lieu of contributions shall file a written notice of its election with the department not later than 30 days immediately following the date of the determination of subjectivity to this chapter. This election must be for a period of not less than 2 years.

(2) Any nonprofit organization defined in 39-51-1103, tribal unit, or governmental entity that has been paying contributions for at least 2 tax years may change to payments in lieu of contributions by filing a written notice to that effect with the department within 30 days before the beginning of the tax year for which the change is effective.

History: En. Sec. 5, Ch. 685, L. 1979; amd. Sec. 1, Ch. 349, L. 1981; amd. Sec. 5, Ch. 200, L. 2001.

39-51-1125. Computation of payments in lieu of contributions. (1) Employers electing to make payments in lieu of contributions under 39-51-1103 shall pay into the unemployment insurance fund established in 39-51-401 an amount equivalent to the full amount of regular benefits plus the state's share of extended benefits paid to individuals based on wages paid by the employing unit. Governmental entities shall pay the full amount of extended benefits.

(2) When the base period wages of an individual include wages from more than one employer, the amount to be paid into the unemployment insurance fund with respect to the benefits paid to the individual must be prorated among the liable employers in proportion to the wages paid to the individual by each employer during the base period.

(3) The amount of payment required from employers must be ascertained by the department monthly and becomes due and payable by the employer quarterly as directed in this chapter. Penalty and interest for delinquency must be assessed to employers as specified in 39-51-1301.

(4) Subject to the provisions of 39-51-605, a payment may not be required under this section with respect to benefits paid to an individual if the qualified employer continues to provide employment to the individual without a reduction in hours or wages.

History: En. Sec. 6, Ch. 685, L. 1979; amd. Sec. 1, Ch. 349, L. 1981; amd. Sec. 8, Ch. 234, L. 1987; amd. Sec. 21, Ch. 373, L. 1991; amd. Sec. 13, Ch. 25, L. 2009; amd. Sec. 3, Ch. 203, L. 2013.

39-51-1126. Termination of election to make payments in lieu of contributions. (1) Any nonprofit organization, tribal unit, or governmental entity may terminate its election to make payments in lieu of contributions after 2 years from the effective date of an election by filing a written notice with the department not later than 30 days prior to the beginning of the tax year for which the termination is effective.

(2) If a nonprofit organization, tribal unit, or governmental entity is delinquent in making payments in lieu of contributions, the department may terminate the election to make payments in lieu of contributions as of the beginning of the next tax year, and the termination is effective for that and the next tax year.

History: En. Sec. 7, Ch. 685, L. 1979; amd. Sec. 1, Ch. 349, L. 1981; amd. Sec. 6, Ch. 200, L. 2001.

39-51-1132. Liability of tribal units — cancellation for failure to make payments. (1) Each tribal unit of an Indian tribe is jointly and severally liable for all contributions or payments in lieu of contributions, including those under subsection (2), owed by any other tribal unit of the same Indian tribe.

(2) (a) An Indian tribe and its tribal units that make contributions are liable for reimbursing the department for 50% of any extended benefits paid pursuant to Title 39, chapter 51, part 25, that are chargeable to the account of the Indian tribe or one of its tribal units.

(b) An Indian tribe and its tribal units that elect to make payments in lieu of contributions are liable for reimbursing the department for 100% of any extended benefits paid pursuant to Title 39, chapter 51, part 25, that are chargeable to the account of the Indian tribe or one of its tribal units.

(3) (a) The failure of an Indian tribe or any of its tribal units to make the required payments under this chapter within 90 days of being given notice that the Indian tribe or tribal unit is delinquent in payment cancels the participation of the Indian tribe and all of its tribal units in the unemployment insurance program provided by this chapter and removes service provided to the Indian tribe and all of its tribal units from being considered as employment, within the meaning of 39-51-203.

(b) Payment in full of amounts that have been delinquent for more than 90 days reinstate the participation of the Indian tribe and its tribal units in Montana's unemployment insurance system, and service to the Indian tribe and its tribal units once again is considered to be employment within the meaning of 39-51-203. However, upon reinstatement, the Indian tribe and all of its tribal units no longer have the option of electing to make payments in lieu of contributions and, pursuant to 39-51-1126, are required to make contributions as provided in this chapter.

39-51-1206. Department to provide for notification of employers of their classification and contribution rate. (1) The department shall by rule provide for the proper notification of employers of the classification and rate of contribution applicable to their accounts. Except as provided in subsection (2), the notification is final for all purposes unless the employer files a written request with the department for a redetermination or hearing on the classification and rate of contribution within 30 days after the department sends the notice. The department may extend the 30-day period for good cause.

(2) The department may make changes in classification and rate of contribution upon an oral request for redetermination from the employer if the department finds that the department has made an error.

(3) The employer's request for a determination or redetermination pertains only to the experience factors or the major industrial classification that determines the classification and rate of contribution. The rate schedules provided by 39-51-1218 and the method of calculation provided by 39-51-1217 are not subject to appeal.

39-51-1211. Definitions. The definitions set forth in 39-51-1121 apply to this part.

History: En. 39-51-1211 by Code Commissioner, 1979.

39-51-1212. Experience rating for governmental entities. (1) The rates of governmental entities who have accumulated experience rating credits must be adjusted annually as follows with each governmental entity assigned a rate based upon:

(a) its benefit cost experience, to be arrived at by dividing the total sum of benefits charged to the employer's account for all past periods that are completed transactions by December 31 by total wages from date of subjectivity of the employing unit through December 31; and

(b) the benefit cost for all past years of governmental entities electing to pay contributions compared with total payrolls reported for all past years by these governmental entities used as a median, with the rates fixed using the median so that the rates will, when applied to the total annual payroll for subject governmental entities, yield total paid contributions equaling approximately the total benefit costs.

(2) New governmental entities electing to pay contributions must be assigned the median rate for the year in which they become subject.

(3) The minimum rate may not be less than 0.06% and the maximum rate may not be greater than 1.5%. The rates are to be graduated at one-tenth intervals.

(4) If benefit charges exceed contributions paid in the last completed state fiscal year, governmental entities' rates must be adjusted by increasing all rates to the next higher schedule.

(5) The computed rate is effective July 1 of each year.

(6) Governmental entities must be charged for their share of the total benefits paid to a claimant if the governmental entity contributed wages during the claimant's base period. The benefit charged must be based on the percentage of wages paid by the governmental entity as compared to the total wages paid by all employers in the claimant's base period.

(7) Subject to the provisions of 39-51-605, the department may relieve benefit charges paid by a governmental employer with respect to benefits paid to an individual if the governmental employer continues to provide employment to the individual without a reduction in hours or wages.

History: En. Sec. 9, Ch. 685, L. 1979; amd. Sec. 1, Ch. 50, L. 1989; amd. Sec. 22, Ch. 373, L. 1991; amd. Sec. 4, Ch. 362, L. 2007; amd. Sec. 14, Ch. 25, L. 2009; amd. Sec. 5, Ch. 123, L. 2011; amd. Sec. 4, Ch. 203, L. 2013; amd. Sec. 7, Ch. 132, L. 2015.

39-51-1213. Classification of employers for experience rating purposes. (1) The department shall for each calendar year classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year must be determined on the basis of the employer's record as of October 1 of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below:

(a) Each employer is given an "experience factor", which is contributions paid since October 1, 1981, minus benefits charged on each employer's account since October 1, 1981, divided by the employer's average annual taxable payroll rounded to the next lower dollar amount for the 3 federal fiscal years immediately preceding the computation date. The computation of the "experience factor" must be to six decimal places.

(b) Schedules must be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There must be listed on the schedules for each employer in addition to the experience factor:

(i) the amount of the employer's taxable payroll for the federal fiscal year ending on the computation date; and

(ii) the cumulative total consisting of the sum of the employer's taxable payroll for the federal fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding that employer on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in 39-51-1218 must be segregated into groups that will yield approximately the average tax rate according to the tax schedule assigned for that particular taxable year. Each group must be identified by the rate class number listed in the table that represents the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite that employer's rate class for the tax schedule in effect for the taxable year.

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of the two rates designated for the two classes in which the halves of that employer's taxable payroll are required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxable payroll, the employer is assigned the rate designated for the class in which the greater part of that employer's taxable payroll is required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, those employers are included in and assigned the contribution rate specified for the class.

(5) If the taxable payroll amount, the experience factor, or both of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules that the employer would have occupied had that employer's taxable payroll amount or experience factor as changed been used in determining that employer's position in the first instance. However, the change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years.

(6) An employer who has not filed all required payroll reports or paid all taxes, penalties, and interest due by the cutoff date must be assigned a contribution rate in effect for the taxable year for the employer's classification as an eligible, deficit, or new employer, plus an additional assessment of 50% of the employer's assigned contribution rate, rounded to the nearest 1/100 of 1%.

39-51-1214. Benefit payments chargeable to employer experience rating accounts — definition. (1) Except for cost reimbursement, benefits paid must be charged to the account of each of the claimant's base period employers. The benefit charged must be based on the percentage of wages paid by the employer as compared to the total wages paid by all employers in the claimant's base period.

(2) The account of an employer with an experience rating as provided in 39-51-1213 may not be charged with respect to benefits paid under the following situations:

(a) if paid to a worker who terminated services voluntarily with a covered employer without good cause. The department shall determine that a claimant left work with good cause attributable to employment when:

(i) the claimant had compelling reasons arising from the work environment that caused the claimant to leave and the claimant:

(A) attempted to correct the problem in the work environment; and

(B) informed the employer of the problem and gave the employer reasonable opportunity to correct the problem;

(ii) the claimant left work that the department determines to be unsuitable; or

(iii) the claimant left work within 30 days of returning to state-approved training.

(b) if paid in accordance with the extended benefit program triggered by either national or state indicators;

(c) subject to the provisions of 39-51-605, if the base period employer continues to provide employment with no reduction in hours or wages;

(d) if benefits are paid to claimants who are in training approved under 39-51-2307;

(e) if the base period employer is ordered to military service, as defined in 10-1-1003;

(f) if benefits are paid to an employee laid off as the result of the return to work of a permanent employee who:

(i) was called to military service, as defined in 10-1-1003; and

(ii) had completed 4 or more weeks of military service and exercised reemployment rights under Title 10, chapter 1, part 10;

(g) if the worker separates from employment as a result of domestic violence, a sexual assault, or stalking pursuant to 39-51-2111;

(h) if paid to a worker who was terminated by the employer for misconduct or gross misconduct; or

(i) if benefits are paid to a claimant laid off as a direct result of a major natural disaster declared by the president pursuant to 42 U.S.C. 5170, et seq., if the recipient of the benefits would have been eligible for federal disaster unemployment assistance with respect to that unemployment except for the recipient's receipt of state unemployment insurance benefits.

(3) For purposes of this section, the term "compelling reasons" includes but is not limited to:

(a) undue risk of injury, illness, or physical impairment or reasonably foreseeable risk to the claimant's morals;

(b) unreasonable actions by the employer concerning hours, wages, terms of employment, or working conditions;

(c) a condition underlying a workers' compensation or occupational disease claim for which liability has been accepted by a workers' compensation insurer. If the condition is one for which liability has not been accepted by the workers' compensation insurer, the department shall independently evaluate the condition to determine whether the condition appears to result from the claimant's employment. If the condition appears to the satisfaction of the department to be related to work, the department shall consider the condition to provide a compelling reason for leaving work.

(d) unreasonable rules or discipline by the employer so severe as to constitute harassment.

History: En. Sec. 11, Ch. 685, L. 1979; amd. Sec. 3, Ch. 3, L. 1981; amd. Sec. 2, Ch. 50, L. 1989; amd. Sec. 24, Ch. 373, L. 1991; amd. Sec. 1, Ch. 86, L. 1993; amd. Sec. 25, Ch. 381, L. 2005; amd. Sec. 10, Ch. 52, L. 2007; amd. Sec. 6, Ch. 123, L. 2011; amd. Sec. 3, Ch. 81, L. 2013; amd. Sec. 1, Ch. 167, L. 2013; amd. Sec. 5, Ch. 203, L. 2013.

39-51-1215. Maintenance of experience rating records. An experience rating record must be maintained for each covered employer. The record is credited with all contributions that the covered employer has paid since October 1, 1981. The record must also be charged with the amount of benefits paid that are chargeable to the covered employer's account since October 1, 1981. This section does not grant any covered employer or individual in the covered employer's service a priority with respect to any claim or right because of amounts paid by the covered employer into the employment security fund.

History: En. Sec. 12, Ch. 685, L. 1979; amd. Sec. 4, Ch. 3, L. 1981; amd. Sec. 4, Ch. 371, L. 1985; amd. Sec. 1530, Ch. 56, L. 2009.

39-51-1216. Experience rating record voided when account inactive. An employer who has not had covered employment or whose coverage has been terminated because the employer has ceased to do business for 5 consecutive years is considered a new employer and may not be credited with the employer's previous experience for the purpose of computing any future "experience factor".

History: En. Sec. 13, Ch. 685, L. 1979; amd. Sec. 1531, Ch. 56, L. 2009; amd. Sec. 9, Ch. 88, L. 2009.

39-51-1217. Schedule of rates assigned based on trust fund reserve. (1) The rate schedule for each calendar year is assigned based upon the ratio of the trust fund balance as of October 31 prior to the rate year to total wages in covered employment for the 12-month period ending June 30 prior to the computation date.

(2) The ratio at the top of each tax schedule in the tax table shown in 39-51-1218 represents the minimum fund level required for a specific tax schedule to be in effect.

(3) Employer rates are assigned in accord with the rates provided in each schedule for eligible and deficit employers, based upon their experience as defined in this section.

(4) For the calendar year 1990 and each year thereafter, any employer classified as a new employer must be assigned a rate equal to the average rate of contributions paid by employers in the same major industrial classification for the calendar year preceding the computation date, plus an adjustment for the difference between the average tax rate assigned for the previous calendar year and the average rate in effect for the current calendar year. At no time may a new employer be assigned a rate lower than 1%. The computation of the average rate of contributions in a major industrial classification must exclude those employer accounts that are not eligible for the computation of an experience rating solely by reason of insufficient experience. The department shall develop the major industrial classifications for the state and shall annually determine the contribution rate for each classification.

39-51-1219. Procedures for substitution, merger, transfer, or acquisition of employer account by successor employing unit — prohibitions and penalties — definitions. (1) (a) If an employer in any manner succeeds to or acquires all or a portion of the trade or business of another employer or transfers all or a portion of the employer's trade or business to another employer and both employers are under substantially common ownership, management, or control at the time of the succession, acquisition, or transfer, the experience rating record attributable to the predecessor employer must be transferred to and combined with the experience rating record of the successor employer.

(b) In the case of a partial transfer of a trade or business, the portion of the experience rating record transferred from the predecessor employer to the successor employer must be based on the portion of the trade or business transferred. The portion must be determined in the same ratio as the payroll transferred to the successor employer in the 4 reported calendar quarters immediately preceding the date of the transfer.

(c) Whenever a transfer involves only a portion of the experience rating record and the predecessor employer or successor employer fails to supply the required payroll information to the department within 10 days after notification, the transfer must be based on estimates of the applicable payrolls.

(d) A successor employer who was not an employer on the date of acquisition becomes a covered employer as of that date.

(e) A successor employer must be notified by the department in writing of the transfer of the experience rating record, and unless the successor employer appeals the transfer within 30 days of the date on which the notice was sent, the successor employer's right to appeal the transfer is waived.

(2) (a) If an employer transfers, succeeds to, or acquires all or a portion of the trade or business of a covered employer and the employers are not under substantially common ownership, management, or control, the predecessor employer and the successor employer have the option to transfer the applicable portion of the experience rating record from the predecessor employer to the successor employer if that portion of the trade or business is continued by the successor employer.

(b) In order to make the transfer, a joint application for the transfer of the experience rating record must be made by the predecessor employer and the successor employer within 90 days of the acquisition and approval by the department.

(c) In the case of a complete transfer of the trade or business, all of the experience rating record of the predecessor employer is transferred to the successor employer.

(d) In the case of a partial transfer of the trade or business, the portion of the experience rating record transferred from the predecessor employer to the successor employer must be based on the portion of the trade or business transferred. This portion must be determined in the same ratio as the payroll transferred to the successor employer in the 4 reported calendar quarters immediately preceding the date of transfer.

(e) A successor employer who was not an employer on the date of acquisition becomes a covered employer as of that date.

(f) The 90-day period for filing the joint application may be extended at the discretion of the department.

(3) (a) If the successor employer was a covered employer prior to the date of the acquisition of all or a portion of the predecessor employer's trade or business and if:

(i) the employers are not under substantially common ownership, management, or control at the time of acquisition, the successor employer's rate of contribution, effective the first day of the calendar year immediately following the date of acquisition, is based on the combined experience of the predecessor employer and successor employer; or

(ii) the employers were under substantially common ownership, management, or control at the time of acquisition, the successor employer's experience rate must be combined with the predecessor employer's experience rate and must be recalculated and become effective at the beginning of the calendar quarter in which the acquisition occurred.

(b) If the successor employer was not a covered employer prior to the date of the acquisition of all or a portion of the predecessor employer's trade or business and the employers are not under substantially common ownership, management, or control, upon joint application by the employers, the successor employer's rate is the rate assigned to the predecessor employer as of the date of acquisition. If there was more than one predecessor employer, the successor employer's rate must be computed based on the combined experience of the predecessor employers and becomes effective immediately after the date of acquisition and remains in effect for the balance of the rate year.

(4) The transfer of all or part of an employer's workforce to another employer must be considered a transfer of a trade or business if, as a result of the workforce transfer, the transferring employer is not any longer performing the trade or business with respect to the transferred workforce and the trade or business is performed by the employer to which the workforce is transferred.

(5) (a) The experience rating record of a predecessor trade or business may not be transferred to a person acquiring the trade or business if:

(i) the person is not otherwise an employer at the time of the acquisition; and

(ii) the department finds that the person acquired the trade or business solely or primarily for the purpose of obtaining a lower rate of contributions.

(b) A person subject to the provisions of subsection (5)(a) must be assigned the applicable new employer rate pursuant to 39-51-1217.

(6) Factors that the department may consider in determining if a person acquired a trade or business solely or primarily for the purpose of obtaining a lower rate of contributions include but are not limited to:

(a) the cost of acquisition;

(b) whether the person continued the trade or business operation;

(c) the length of time that the trade or business operation was continued after acquisition; and

(d) whether a substantial number of new employees were to perform duties unrelated to the trade or business operations conducted prior to the acquisition.

(7) A person who knowingly violates, attempts to violate, or provides advice on violating the provisions of this section is subject to the following penalties:

(a) If the person is an employer, the employer shall be assessed a penalty equal to 6% of the employer's average annual taxable wages used in computing the employer's most recent year's experience rating record. The penalty must be deposited in the penalty and interest account established in 39-51-1301(4).

(b) If the person is not an employer, the person is subject to a civil penalty of not more than $5,000. The penalty must be deposited in the penalty and interest account established in 39-51-1301(4).

(c) In addition to the penalties provided for in subsections (7)(a) and (7)(b), a person who violates a provision of this section:

(i) is subject to any other penalties prescribed by this chapter;

(ii) may be subject to a criminal penalty pursuant to 39-51-3204; and

(iii) may be charged with any other applicable criminal violations provided by law.

(8) For the purposes of this section, the following definitions apply:

(a) "Knowingly" means having actual knowledge of, acting with deliberate ignorance of, or reckless disregard for the prohibitions established in this section.

(b) "Person" includes an individual, trust, estate, partnership, association, company, or corporation.

(c) "Trade or business" includes an employer's workforce.

(9) The department shall establish procedures to identify the transfer or acquisition of a trade or business for the purposes of this section.

(10) This section must be interpreted and applied in a manner that meets the minimum requirements contained in any guidance or regulations issued by the United States department of labor.

General definitions, 39-51-201.

39-51-1301. Penalty and interest on past-due reports and payments. (1) Failure to file reports and make payments in a timely manner, as required under 39-51-404, 39-51-603, 39-51-1103, and 39-51-1125, may subject an employer to penalty and interest, as provided in subsection (2).

(2) The department may assess penalties and interest under this section as follows:

(a) a penalty of $25 for the failure to file reports or make payments in a timely manner;

(b) in addition to the late penalty provided in subsection (2)(a), a penalty of $50 if the department issues a subpoena or makes a summary or jeopardy assessment, as provided in 39-51-1302, as the result of an employer's refusal or failure to provide requested information;

(c) in addition to the penalties in subsections (2)(a) and (2)(b), a penalty of $100 for failure to comply with a subpoena; and

(d) interest at the rate of 1.5% a month on any amounts owed to the department under this subsection (2) that are not paid in a timely manner.

(3) The department may waive all or any portion of any penalties and interest assessed under subsection (2).

(4) There is an account in the federal special revenue fund. Penalties and interest collected for unemployment insurance obligations must be deposited in that account. Money deposited in that account and appropriated to the department may be used by the department only to administer this chapter, including the detection and collection of unpaid taxes and overpayments of benefits to the extent that federal grant revenue is less than amounts appropriated for this purpose. Money in the account not appropriated for these purposes must be transferred by the department to the unemployment insurance trust fund at the end of each fiscal year.

(5) All money accruing to the unemployment insurance trust fund from interest and penalties collected on past-due unemployment insurance taxes must be used solely for the payment of unemployment insurance benefits and may not be used for any other purpose.

39-51-1302. Summary or jeopardy assessment of unpaid taxes. (1) If an employer fails to file a report or return as required under this chapter or the rules adopted by the department within the time specified or if the employer's records are inaccurate or are incomplete when an employer has filed a quarterly wage report for the period in question, the department may make a summary or jeopardy assessment of the amount due by estimating the report and determining the amount of taxes due and owing to the fund upon the basis of any information that the department may be able to obtain. The tax must be collected the same as other reports and taxes due, with penalty and interest as provided in this chapter.

(2) Upon making a summary or jeopardy assessment, the department shall immediately notify the employer in writing by personal service or by certified mail sent to the last-known mailing address or place of business operated by the employer. The assessment is final unless:

(a) the employer protests the assessment in writing within 15 days after service of the notice;

(b) the employer files within 15 days after service of the notice a correct, signed, and sworn report and statement as provided for by this chapter and the rules of the department; or

(c) the department has good cause to amend the summary or jeopardy assessment, in which case the department shall notify the employer in the manner provided for in this subsection (2).

(3) Upon written protest being filed by an employer, the department may reconsider the summary or jeopardy assessment, and if the department redetermines the assessment, it shall notify the employer of its redetermination and the reasons for the redetermination. A summary or jeopardy assessment or redetermination by the department under this subsection is final unless the employer submits a written appeal within 10 days in the same manner as provided in 39-51-1109.

39-51-1303. Collection of unpaid taxes. (1) The department may enter into payment agreements with an employer to resolve unpaid taxes, penalty, and interest. Penalty or interest, or both penalty and interest, may be abated if an acceptable payment agreement is entered into and followed. Failure to meet the terms of the payment agreement voids the penalty and interest abatement, and the penalty and interest must be recomputed from the due date of the unpaid tax.

(2) If, after due notice, any employer, liable corporate officer, liable member or manager of a limited liability company referred to in 39-51-1105, or partner in a limited liability partnership defaults in any payment of taxes, penalties, or interest on the taxes and penalties, the department may initiate a civil action in the name of the state to collect the amount due, and the employer, liable corporate officer, liable member or manager of a limited liability company, or partner in a limited liability partnership adjudged in default shall pay the costs of the action.

(3) An action for the collection of taxes due must be brought within 5 years from the date the original or amended report was filed or the assessment became due, whichever is later, or the action is barred.

(4) The department may pursue its remedy under 39-51-1304 or this section, or both.

39-51-1304. Lien for payment of unpaid taxes — levy and execution. (1) Unpaid taxes, including penalties and interest assessed on unpaid taxes, have the effect of a judgment against the employer, against the liable corporate officer or liable member or manager of a limited liability company referred to in 39-51-1105, or against a partner in a limited liability partnership. The judgment arises at the time that the payments are due. The department may issue a certificate stating the amount of payments due and directing the clerk of the district court of any county of the state to enter the certificate as a judgment in the docket pursuant to 25-9-301. From the time that the judgment is docketed, it becomes a lien upon all real and personal property of the employer. After the due process requirements of 39-51-1109 and 39-51-2403 have been satisfied, the department may enforce the judgment through the sheriff or agent authorized to collect the tax in the same manner as prescribed for execution upon a judgment. When issued, a notice of levy has the same force and effect as a writ of execution. A levy upon earnings continues in effect for 120 days or until the judgment is satisfied, whichever occurs first. The levy applies to all pay periods beginning during the 120-day period. A notice of levy may be made by means of a certified letter by an agent authorized to collect the tax. The department may enforce the judgment at any time within 10 years of the creation of the lien or the effective date of the lien, whichever is later.

(2) A judgment lien filed pursuant to this section may be renewed for another 10-year period, upon motion, or by judgment for that purpose founded upon supplemental pleadings.

(3) The lien provided for in subsection (1) is not valid against any third party owning an interest in real or personal property against which the judgment is enforced if:

(a) the third party's interest is recorded prior to the entrance of the certificate as a judgment; and

(b) the third party receives from the most recent grantor of the interest a signed affidavit stating that all taxes, penalties, and interest due from the grantor have been paid.

(4) A grantor who signs and delivers an affidavit is subject to the penalties imposed by 39-51-3204 if any part of it is untrue. Notwithstanding the provisions of 39-51-3204, the department may proceed under 39-51-1303, this section, or both, to collect the delinquent taxes, penalties, and interest from the:

(a) employer;

(b) liable corporate officer;

(c) liable member or manager of a limited liability company referred to in 39-51-1105; or

(d) partner in a limited liability partnership.

(5) The lien provided for in subsection (1) must be released upon payment in full of the unpaid taxes, penalties, and accumulated interest. The department may release or may partially release the lien upon partial payment or whenever the department determines that the release or partial release of the lien will facilitate the collection of unpaid taxes, penalties, or interest. The department may release the lien if it determines that the lien is unenforceable.

In the event of any distribution of an employer's assets pursuant to an order of any court under the laws of this state, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceeding, taxes then or thereafter due shall be paid in full prior to all other claims, except taxes and claims for wages of not more than $250 to each claimant earned within 6 months of the commencement of the proceeding.

39-51-1306. Reciprocity with other states for collection of unpaid taxes. (1) The courts of this state shall recognize and enforce liabilities for unemployment taxes and any other special assessments imposed by other states that extend a like comity to this state.

(2) The department may sue in the courts of any other jurisdiction that extends comity to collect unemployment taxes, penalties, and interest due this state. The officials of other states that by statute or otherwise extend a like comity to this state may sue in the courts of this state to collect the taxes and any other special assessments and interest and penalties, if any, due that state. In any case brought for another state, the administrator may through the administrator's attorney institute and conduct the suit for the other state.

(3) Venue of proceedings under this section must be the same as for actions to collect delinquent taxes, penalties, and interest due under this chapter.

(4) A certificate by the secretary of any state under the great seal of that state attesting the authority of the official to collect unemployment insurance taxes and any other special assessments, penalties, and interest is conclusive evidence of that authority.

39-51-1307. Collection of unpaid taxes, penalties, and interest by offset. (1) To collect delinquent taxes, penalties, and interest, the department may direct the offset of any funds due the debtor from the state, except wages subject to the provisions of 25-13-614 and retirement benefits. The department, through the department of revenue, shall provide the debtor with notice of the right to request a hearing on the offset action. A request for hearing must be made within 30 days of the date of the notice.

(2) Subject to approval by the department, reasonable fees or costs of collection incurred by the department of revenue may be added to the amount of the debt, including added fees or costs. The debtor is liable for repayment of the amount of the debt plus fees or costs added pursuant to this subsection. All money collected must be returned to the department to be applied to the debt, except that all fees or costs collected must be retained by the department of revenue. If

less than the full amount of the debt is collected, the department of revenue shall retain only a proportionate share of the collection fees or costs.

(3) The department may file a claim for state funds on behalf of the employer if a claim is required before funds are available for offset.

(4) The debt need not be determined to be uncollectible as provided for in 39-51-3207 before being transferred for offset.

(5) The department may direct the offset of funds owed to a person under 26 U.S.C. 6402 if the person owes a covered unemployment insurance tax debt. For the purposes of this subsection, "covered unemployment insurance tax debt" means:

(a) employer contributions, penalties, and interest owed to the unemployment insurance fund for which the department determines a person is liable and which remain uncollected; and

(b) any costs or processing fees associated with obtaining an offset for a covered unemployment insurance tax debt.

(1) An unemployed individual, including an alien entitled to benefits under the provisions of 39-51-2110, is eligible to receive benefits for any week of total unemployment within the individual's benefit year only if the department finds that the individual:

(a) has filed a claim and has filed continued claims in accordance with rules that the department may prescribe;

(b) is able to work, is available for work, and is seeking work. An individual may not place limitations on the individual's availability that would constitute a withdrawal from the labor market. A claimant is not considered ineligible in any week of unemployment for failure to comply with the provisions of this subsection if the failure is because of an illness or disability that occurs after the claimant has filed or reopened a claim for unemployment insurance benefits and suitable work has not been offered to the claimant after the beginning of the illness or disability.

(c) prior to the first week for which the individual is paid benefits, has been totally unemployed for a waiting period of 1 week. A week is not counted as a week of total unemployment for the purposes of this subsection:

(i) if benefits have been paid for that week;

(ii) unless the individual was eligible for benefits during the week;

(iii) unless it occurs within the benefit year of the claimant;

(iv) unless it occurs after benefits first could become payable to any individual under this chapter.

(d) has registered for work with the individual's local job service office unless the individual is excused by department rule from registering for work.

(2) (a) Except as provided in subsection (2)(b), if an individual is unavailable for work for less than 3 days within a week for which work is available, the individual must be paid the weekly benefit amount reduced by one-fifth of that amount for each day or part of a day that the individual is unavailable for work.

(b) If the individual is unavailable for work for 3 days or more, or part of each of 3 days or more, within a week for which work is available, the individual must be considered unavailable for work for the entire week and is not eligible to receive benefits for the week.

(3) (a) The department shall establish a profiling system to identify individuals who are likely to exhaust their regular benefits and who are in need of reemployment services.

(b) In addition to the requirements listed in subsection (1), an individual identified pursuant to subsection (3)(a) may be required to participate in reemployment services in order to be eligible for unemployment benefits.

(c) The requirement for participation in reemployment services may be waived if the department determines that:

(i) the individual has completed reemployment services; or

(ii) the individual's failure to participate in reemployment services is justifiable.

(2) Benefits based on services in any other capacity for an educational institution must be denied to any individual for any week which commences during a period between 2 successive academic years or terms if the individual performs the services in the first of the academic years or terms and there is a reasonable assurance that the individual will perform the services in the second of the academic years or terms. If any individual is denied benefits and was not offered an opportunity to perform the services for the educational institution for the second of the academic years or terms, the individual is entitled to a retroactive payment of the benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of the denial provided for in this section.

(3) Benefits based on services described in subsections (1) and (2) of this section must be denied to any individual for any week that commences during an established and customary vacation period or holiday recess if the individual performs the services in the period immediately before the vacation period or holiday recess and there is reasonable assurance that the individual will perform the service in the period immediately following the vacation period or holiday recess.

(4) Benefits based on services described in subsections (1) and (2) to an individual who performed the services for an educational institution while in the employ of an educational service agency must be denied as specified in subsections (1) through (3). (2) In order to be qualified for benefits under subsection (1), the majority of the individual's workweeks in the base period must have been part-time.

History: En. Sec. 29, Ch. 489, L. 2009.

Part 22
Amount and Duration of Benefits

Part Cross-References

General definitions, 39-51-201.

39-51-2201. Weekly benefit amount — determination of average weekly wage. (1) An individual's weekly benefit amount must be an amount equal to 1% of the total base period wages or equal to 1.9% of the total wages paid in the 2 calendar quarters in which wages were the highest during the base period. The weekly benefit amount, if not a multiple of $1, must be rounded to the nearest lower full dollar amount. However, the amount may not be less than the minimum or more than the maximum weekly benefit amount.

(2) On or before May 31 of each year, the total wages paid by all employers as reported on contribution reports submitted on or before that date for the preceding calendar year must be divided by the average monthly number of individuals employed during the same preceding calendar year as reported on the contribution reports. The amount obtained is the average annual wage. The average annual wage divided by 52, rounded to the nearest cent, is the average weekly wage.

(3) The maximum and minimum weekly benefit amounts are computed in the following manner:

(a) (i) If the unemployment insurance contributions schedule provided for in 39-51-1218 is Schedule II or higher, the maximum weekly benefit amount is 66.5% of the average weekly wage and must be applied to all maximum weekly benefit amount claims for benefits filed to establish a benefit year commencing on or after July 1 of the same year.

(ii) The minimum weekly benefit amount must be 19% of the average weekly wage.

(b) (i) If the unemployment insurance contributions schedule provided for in 39-51-1218 is Schedule I, the maximum weekly benefit amount is 67.5% of the average weekly wage and must be applied to all maximum weekly benefit amount claims for benefits filed to establish a benefit year commencing on or after July 1 of the same year.

(ii) The minimum weekly benefit amount must be 20% of the average weekly wage.

Partial payment for a week of unemployment, as used in this section, is the claimant's weekly benefit amount less 50% of wages for employment earned in excess of one-fourth of the claimant's weekly benefit amount. The wages for employment and the one-fourth weekly benefit amount, if not a multiple of $1, must be rounded to the nearest lower full dollar amount.

39-51-2203. Reduction of benefits because of amounts received from certain other sources. (1) An individual's weekly benefit amount must be reduced (but not below zero) by the amount that the individual is receiving in the form of a governmental or other pension, retirement pay, annuity, or other similar periodic payment that is based on the previous work of the individual and that is reasonably attributable to the week if:

(a) the payment is made under a plan maintained or contributed to by a base-period or chargeable employer; and

(b) except in the case of payments made under the Social Security Act or the Railroad Retirement Act, the services performed for the employer by the individual after the beginning of the base period or the remuneration for services affect eligibility for or the amount of the pension, retirement pay, annuity, or other similar payment.

(2) The reduction required by subsection (1) does not apply in those instances in which the governmental or other pension, retirement pay, annuity, or other similar periodic payment is made from a fund to which the individual was required to make a direct contribution.

2019 Amendment: Chapter 51 in (1)(d) at end inserted "subject to the provisions in subsection (3)"; deleted former (3)(b) that read: "(b) deduct and withhold from unemployment compensation amounts of federal income tax other than those specified in subsection (1)(c) in accordance with the priorities established by the department by rule"; and made minor changes in style. Amendment effective March 7, 2019.

39-51-2208. Deduction and withholding of unemployment benefits to repay overissuance of food stamps — definitions. (1) For the purposes of this section, the following definitions apply:

(a) "State food stamp agency" means any agency of a state or a political subdivision of a state that is responsible for enforcing the repayment of an obligation for overissuance of food stamp benefits.

(b) "Unemployment benefits" means benefits payable under the Montana unemployment insurance law, including amounts payable by the department pursuant to an agreement under any federal law that provides for benefits, assistance, or allowances with respect to unemployment.

(2) An individual filing a new claim for unemployment benefits shall disclose at the time of filing the claim whether or not the individual owes for an uncollected overissuance of food stamp benefits as defined in section 13(c)(1) of the Food Stamp Act of 1977, 7 U.S.C. 2022(c)(1). If an individual discloses that the individual has an uncollected obligation for overissuance of food stamp benefits and if the department finds that the individual is eligible for unemployment benefits, the department shall notify the state food stamp agency that the individual is eligible for unemployment benefits.

(3) Except as provided in subsection (7), the department shall deduct and withhold from any unemployment benefits payable to an individual who has an obligation for an uncollected overissuance of food stamp benefits:

(a) the amount specified by the individual to the department to be deducted and withheld, in which case subsections (3)(b) and (3)(c) are not applicable;

(b) the amount, if any, determined by a state food stamp agency for enforcing obligations for overissuance of food stamp benefits, pursuant to an agreement submitted to the department under section 13(c)(3)(A) of the Food Stamp Act of 1977, 7 U.S.C. 2022(c)(3)(A), unless subsection (3)(c) is applicable; or

(c) any amount otherwise required to be deducted and withheld from unemployment benefits pursuant to section 13(c)(3)(B) of the Food Stamp Act of 1977, 7 U.S.C. 2022 (c)(3)(B).

(4) The department shall pay any amount deducted and withheld under subsection (3) to the appropriate state food stamp agency responsible for enforcing an obligation for overissuance of food stamp benefits.

(5) Deductions may be made pursuant to this section only if appropriate arrangements have been made for reimbursement by the state food stamp agency for the administrative costs incurred by the department under this section.

(6) Any amount deducted and withheld under subsection (3) must be treated as if it were paid to the individual as unemployment benefits and then paid by the individual to the state food stamp agency in satisfaction of the individual's uncollected overissuance of food stamp benefits.

(7) The department may not deduct or withhold unemployment benefits in a case involving overissuance of food stamps that meets the provisions of 53-2-108(2).

39-51-2304. Disqualification for failure to apply for or to accept suitable work. (1) (a) An individual is disqualified for benefits if the individual fails without good cause to:

(i) apply for available and suitable work when directed to do so by the employment office or the department; or

(ii) accept an offer from a former employer or a new employer of suitable work that the individual is physically able and mentally qualified to perform.

(b) The disqualification continues for the week in which the failure occurs and until the individual has performed services for which remuneration is received equal to or in excess of six times that individual's weekly benefit amount subsequent to the week the act causing the disqualification occurred, with a reduction in the individual's maximum benefit amount equal to six times the weekly benefit amount, as determined by the department. The services constitute employment as defined in 39-51-203.

(a) the degree of risk involved to the individual's health, safety, and morals;

(b) the individual's physical fitness and prior training;

(c) the individual's experience and previous earnings;

(d) the individual's length of unemployment and prospects for securing local work in the customary occupation; and

(e) the distance of the available work from the individual's residence.

(3) Notwithstanding any other provisions of this chapter, including subsection (4), work may not be considered suitable and benefits may not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(a) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(b) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(c) if, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(4) Subject to subsection (3), after 13 weeks of unemployment, suitable work is work that meets the criteria in this section and that offers 75% of the individual's earnings in previous insured work in the individual's customary occupation. However, an individual is not required to accept a job paying less than the federal minimum wage.

39-51-2305. Disqualification when unemployment because of strike. (1) An individual must be disqualified for benefits for any week with respect to which the department finds that the individual's total unemployment is due to a strike that exists because of a labor dispute at the factory, establishment, or other premises at which the individual is or was last employed. However, this subsection does not apply if it is shown to the satisfaction of the department that the individual:

(a) is not participating in or financing or directly interested in the labor dispute that caused the strike; and

(b) does not belong to a grade or class of workers of which, immediately before the commencement of the strike, there were members employed at the premises at which the strike occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) If in any case separate branches of work that are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each department must, for the purpose of this section, be considered to be a separate factory, establishment, or other premises.

(3) If the department, upon investigation, finds that the labor dispute is caused by the failure or refusal of any employer to conform to the provisions of any law of the state in which the labor dispute occurs or of the United States pertaining to collective bargaining, hours, wages, or other conditions of work, the labor dispute may not render the workers ineligible for benefits.

39-51-2306. Disqualification because of receipt of certain other wages, compensation, or benefits. (1) An individual is disqualified for benefits for any week with respect to which the individual receives payment for the week or part of the week in the form of:

(a) compensation for disability under the workers' compensation law or the occupational disease law of this or any other state or under a similar law of the United States. However, when an injured claimant ceases to draw compensation benefits and returns to the labor market, the claimant is entitled to receive unemployment compensation benefits under this chapter if the claimant is otherwise qualified. Compensation received as a payment for a permanent partial disability may not be computed to be spread over a period of weeks in advance so as to bar the recipient from receiving unemployment compensation benefits under this chapter if the recipient has returned to the labor market and is otherwise qualified.

(b) benefits under the Railroad Unemployment Insurance Act, 45 U.S.C. 351, et seq., or any state unemployment compensation act or similar laws of any state or of the United States. This disqualification does not apply to any week with respect to which an individual receives benefits under an unemployment compensation law of another state or of the United States if the benefits are paid pursuant to 39-51-504.

(2) If an individual receives wages, compensation, or benefits as set forth in subsection (1) after payment of unemployment benefits with respect to the same week for which unemployment benefits were received, the individual shall repay the unemployment benefits, and the department may collect the unemployment benefits in the same manner as provided for collection of benefits under 39-51-3206.

39-51-2410. Finality of board's decision — judicial review. (1) (a) A decision of the board, in the absence of an appeal filed within 30 days as provided by this section, becomes final 30 days after the decision was sent to the parties at their respective addresses of record.

(b) Judicial review is permitted only after any party claiming to be aggrieved has exhausted all remedies before the board.

(c) The department is considered to be a party to any judicial action involving a decision and may be represented in that action by an attorney employed by the department or, at the department's request, by the attorney general.

(2) Within 30 days after the decision of the board was sent to the parties at their respective addresses of record, any party aggrieved by the decision may secure judicial review by commencing an action in the district court of the county in which the party resides and in which action any other party to the proceeding before the board must be made a defendant. As part of the action, the aggrieved party seeking judicial review shall file a petition, which need not be verified but must state the grounds on which a review is sought. The petition must be served on the commissioner of labor and industry and all interested parties in the manner provided in the Montana Rules of Civil Procedure within 30 days of filing the petition.

(3) The department shall certify and file with the court all documents and papers and a record of all testimony taken in the matter, together with the board's findings of fact and decision. The board may also in its discretion certify to the court questions of law involved in any decision by the board.

(4) Whenever the department seeks review under this section of a decision of the board, all interested parties must be served with a copy of its petition together with all documents filed with the court.

(5) In any judicial proceeding under 39-51-2406 through 39-51-2410, the findings of the board as to the facts, if supported by evidence and in the absence of fraud, are conclusive and the jurisdiction of the court is confined to questions of law. The action and the questions certified as described in subsection (3) must be heard in a summary manner and must be given precedence over all other civil cases.

(6) The district court's decision may be appealed to the supreme court of Montana in the same manner, but not inconsistent with the provisions of this chapter, as is provided in civil cases. It is not necessary in any judicial proceeding under this section to enter exceptions to the rulings of the board and a bond may not be required for entering an appeal. Upon the final determination of the judicial proceeding, the department shall enter an order in accordance with the determination.

Part Cross-References

General definitions, 39-51-201, 39-51-2501.

39-51-2501. Definitions. As used in this part, unless the context clearly requires otherwise, the following definitions apply:

(1) "Eligibility period", relating to extended benefits, means the period consisting of the weeks in the individual's benefit year that begin in an extended benefit period and, if the individual's benefit year ends within the extended benefit period, any weeks thereafter that begin in the period.

(2) "Exhaustee" means an individual who, with respect to any week of unemployment in the eligibility period:

(a) has received, prior to that week, all of the regular benefits that were available under this chapter or any other state law, including dependents' allowances and benefits payable to federal civilian employees and ex-service personnel under 5 U.S.C. chapter 85, in the current benefit year that includes that week. However, for the purposes of this subsection, an individual is considered to have received all of the regular benefits that were available although, as a result of a pending appeal with respect to wages that were not considered in the original monetary determination of the benefit year, the individual may subsequently be determined to be entitled to added regular benefits.

(b) if the benefit year has expired prior to that week, has no wages or insufficient wages on the basis of which the individual could establish a new benefit year that would include that week;

(c) has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act and other federal laws that are specified in regulations issued by the U.S. secretary of labor; and

(d) has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada, but if the individual is seeking those benefits and the appropriate agency finally determines that the individual is not entitled to benefits under law, the individual is considered an exhaustee.

(3) "Extended benefit period" means a period that:

(a) begins with the third week after a week for which there is a state "on" indicator, provided that no extended benefit period may begin by reason of a state "on" indicator before the 14th week following the end of a prior extended benefit period that was in effect with respect to this state; and

(b) ends with the third week after the first week for which there is a state "off" indicator or the 13th consecutive week of the period.

(4) "Extended benefits" means benefits, including benefits payable to federal civilian employees and to ex-service personnel pursuant to 5 U.S.C. chapter 85, payable to an individual under the provisions of this part for weeks of unemployment in the individual's eligibility period.

(5) (a) "Rate of insured unemployment", for purposes of 39-51-2504 and 39-51-2505, means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state for weeks of unemployment with respect to the most recent 13-consecutive-week period, as determined by the department on the basis of its reports to the U.S. secretary of labor, by the average monthly employment covered under this chapter for the first 4 of the most recent 6 completed calendar quarters ending before the end of the 13-week period.

(b) Computations required by the provisions of subsection (5)(a) must be made by the department in accordance with regulations prescribed by the U.S. secretary of labor.

(6) "Regular benefits" means benefits payable to an individual under this chapter or under any other state law, including benefits payable to federal civilian employees and to ex-service personnel pursuant to 5 U.S.C. chapter 85, other than extended benefits.

(7) "State law" means the unemployment insurance law of any state approved by the U.S. secretary of labor under section 3304 of the Internal Revenue Code, 26 U.S.C. 3304, as amended.

39-51-3206. Collection of benefit overpayments. (1) A person who receives benefits not authorized by this chapter shall repay to the department either directly or, as authorized by the department, by offset of future benefits to which the claimant may be entitled, or by a combination of both methods, a sum equal to the amount of the overpayment.

(2) The department may collect a benefit overpayment and any penalty:

(a) by having the claimant pay the amount owed directly to the department by check, money order, credit card, debit card, or electronic funds transfer;

(b) by offsetting the amount of the overpaid benefits owed against future unemployment benefits to be received by the claimant; or

(c) as provided in 39-51-3208.

(3) The claimant is responsible for any:

(a) penalty established in accordance with 39-51-3201;

(b) costs or processing fees associated with using the repayment methods set out in subsection (2)(a); and

(c) costs or processing fees associated with obtaining an offset as provided in subsection (7)(a).

(4) (a) The department may enter into an agreement with a claimant for:

(i) the repayment of any benefit overpayment and penalty if repayment in full is made within 5 years of the date that it was established that an overpayment occurred; or

(ii) a lump-sum repayment to collect a benefit overpayment if the benefit overpayment was not the result of a false claim, a misrepresentation, or failure to disclose a material fact by the claimant.

(b) The agreement must provide that:

(i) the lump-sum repayment amount is more than 50% of the amount due; and

(ii) the remaining unpaid amount of the benefit overpayment is a debt that is forgiven if the claimant does not, in conjunction with a claim for unemployment benefits, make a false claim or misrepresentation or fail to disclose a material fact during the 2-year period following the claimant's repayment of the lump-sum amount agreed to in subsection (4)(a)(ii).

(5) (a) Except as provided in subsection (5)(b), a benefit offset may not exceed 50% of the weekly benefits to which a claimant is entitled unless the claimant gives consent.

(b) In cases of theft or fraud or when benefit overpayments have been made to winners of a state lottery as provided in 39-51-3208, benefits may be offset by as much as 100% of the weekly benefits to which a claimant is entitled.

(6) (a) The department may collect any benefit overpayment and penalty by directing the offset of any funds due the claimant from the state, except future unemployment benefits as provided in subsection (1) and retirement benefits. The department, through the department of revenue or through the state lottery and sports wagering commission established in 23-7-201 if overpayment is to be collected as provided in 39-51-3208, shall provide the claimant with notice of the right to request a hearing on the offset action. A request for hearing must be made within 30 days of the date of the notice.

(b) The debt does not have to be determined to be uncollectible before being transferred for offset.

(7) (a) The department may direct the offset of funds owed to a person under 26 U.S.C. 6402 if the person owes a covered unemployment compensation benefit debt.

(b) For the purposes of this subsection (7), "covered unemployment compensation benefit debt" means a benefit overpayment and penalty that has been adjudicated as a debt under Montana law and has remained uncollected and that is owed because of:

(i) the erroneous payment of unemployment compensation resulting from the person's own fraud; or

(ii) the person's failure to report earnings, irrespective of whether this failure constitutes fraud.

(8) If, upon demand of the department, the claimant fails to make the payments provided for in this section, the unpaid benefit overpayment and associated penalty may be treated as a judgment against the claimant at the time the payments become due. The department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the claimant. The department may enforce the judgment at any time within 10 years of creation of the lien.

(9) The department may waive the benefit overpayment if the department finds that:

(a) the claimant did not conceal or misrepresent material facts to obtain the overpaid benefits and that recovery of the benefit overpayment would cause a long-term financial hardship on the claimant; or

(b) the overpayment was the result of department error.

(10) An action for collection of overpaid benefits must be brought within 5 years after the date of the overpayment.

(11) Notwithstanding any other provision of this chapter, the department may recover an overpayment of benefits paid to any individual under the laws of this state or another state or under an unemployment benefit program of the United States.

39-71-105. *(Temporary)* **Declaration of public policy.** For the purposes of interpreting and applying this chapter, the following is the public policy of this state:

(1) An objective of the Montana workers' compensation system is to provide, without regard to fault, wage-loss and medical benefits to a worker suffering from a work-related injury or disease. Wage-loss benefits are not intended to make an injured worker whole but are intended to provide assistance to a worker at a reasonable cost to the employer. Within that limitation,

the wage-loss benefit should bear a reasonable relationship to actual wages lost as a result of a work-related injury or disease.

(2) It is the intent of the legislature to assert that a conclusive presumption exists that recognizes that a holder of a current, valid independent contractor exemption certificate issued by the department is an independent contractor if the person is working under the independent contractor exemption certificate. The holder of an independent contractor exemption certificate waives the rights, benefits, and obligations of this chapter unless the person has elected to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3.

(3) A worker's removal from the workforce because of a work-related injury or disease has a negative impact on the worker, the worker's family, the employer, and the general public. Therefore, an objective of the workers' compensation system is to return a worker to work as soon as possible after the worker has suffered a work-related injury or disease.

(4) Montana's workers' compensation and occupational disease insurance systems are intended to be primarily self-administering. Claimants should be able to speedily obtain benefits, and employers should be able to provide coverage at reasonably constant rates. To meet these objectives, the system must be designed to minimize reliance upon lawyers and the courts to obtain benefits and interpret liabilities.

(5) This chapter must be construed according to its terms and not liberally in favor of any party.

(6) It is the intent of the legislature that:

(a) a stress claim, often referred to as a "mental-mental claim" or a "mental-physical claim", is not compensable under Montana's workers' compensation and occupational disease laws. The legislature recognizes that these claims are difficult to objectively verify and that the claims have a potential to place an economic burden on the workers' compensation and occupational disease system. The legislature also recognizes that there are other states that do not provide compensation for various categories of stress claims and that stress claims have presented economic problems for certain other jurisdictions. In addition, not all injuries are compensable under the present system, and it is within the legislature's authority to define the limits of the workers' compensation and occupational disease system. However, it is also within the legislature's authority to recognize the public service provided by firefighters and to join with other states that have extended a presumptive occupational disease recognition to firefighters.

(b) for occupational disease or presumptive occupational disease claims, because of the nature of exposure, workers should not be required to provide notice to employers of the disease as required of injuries and that the requirements for filing of claims reflect consideration of when the worker knew or should have known that the worker's condition resulted from an occupational disease or a presumptive occupational disease. The legislature recognizes that occupational diseases in the workplace are caused by events occurring on more than a single day or work shift and that the legislature has the authority to define an occupational disease or a presumptive occupational disease and establish the causal connection to the workplace. *(Void on occurrence of contingency—sec. 7, Ch. 158, L. 2019.)*

39-71-105. *(Effective on occurrence of contingency)* **Declaration of public policy.** For the purposes of interpreting and applying this chapter, the following is the public policy of this state:

Compiler's Comments

2019 Amendment: Chapter 158 in (6)(a) inserted last sentence concerning presumptive occupational disease for firefighters; in (6)(b) in three places after reference to occupational disease inserted reference to presumptive occupational disease; and made minor changes in style. Amendment effective July 1, 2019.

Effective Date — Applicability: Section 8, Ch. 158, L. 2019, provided: "[This act] is effective July 1, 2019, and applies to presumptive occupational diseases diagnosed on or after July 1, 2019."

Contingent Voidness: Section 7, Ch. 158, L. 2019, provided: "If a court finds any part of [this act] to be in violation of any clause of the U.S. or Montana constitutions relating to workers' compensation claims or a court through any other action or doctrine in law or equity applies the presumption in [sections 1 and 2] [39-71-1401 and 39-71-1402] to another class of occupation other than firefighters, then [this act] is void."

39-71-106. No liability for reporting violation. A person, including but not limited to an insurer or an employer, may not be held liable for civil damages as a result of reporting in good faith information that the person believes proves a violation of the provisions of this chapter.

History: En. Sec. 17, Ch. 619, L. 1993; amd. Sec. 10, Ch. 416, L. 2005.

39-71-107. Insurers to act promptly on claims — in-state claims examiners — third-party agents — penalties. (1) Pursuant to the public policy stated in 39-71-105, prompt claims handling practices are necessary to provide appropriate service to injured workers, to employers, and to providers who are the customers of the workers' compensation system.

(2) All workers' compensation and occupational disease claims filed pursuant to the Workers' Compensation Act must be examined by a claims examiner in Montana. For a claim to be considered as examined by a claims examiner in Montana, the claims examiner examining the claim is required to determine the entitlement to benefits, authorize payment of all benefits due, manage the claim, have authority to settle the claim, maintain an office located in Montana, and examine Montana claims from that office. Use of a mailbox or maildrop in Montana does not constitute maintaining an office in Montana.

(3) An insurer shall maintain the documents related to each claim filed with the insurer under the Workers' Compensation Act at the Montana office of the claims examiner examining the claim in Montana until the claim is settled. The documents may be either original documents or duplicates of the original documents and must be maintained in a manner that allows the

documents to be retrieved from that office and copied at the request of the claimant or the department. Settled claim files stored outside of the claims examiner's office must be made available within 48 hours of a request for the file. Electronic or optically imaged documents are permitted.

(4) (a) An insurer that uses a third-party agent to provide the insurer with claim examination services shall notify the department in writing of a change of a third-party agent at least 14 days in advance of the change.

(b) The department may assess a penalty not to exceed $200 against an insurer that does not comply with the advance notice provision in subsection (4)(a). The penalty may be assessed for each failure by an insurer to give the required advance notice.

(5) (a) Except for those medical benefits provided by a managed care organization or a preferred provider organization in Title 39, chapter 71, part 11, or paid pursuant to 39-71-704(5), an insurer that uses a third-party agent to review medical bills shall, when first using the agent's services and annually in subsequent years, obtain written certification from the agent that, for each bill the agent reviews, the agent agrees to calculate the payment due based on the Montana workers' compensation medical fee schedules, provided for under 39-71-704, that were in effect on the date the service was provided.

(b) Except for those medical benefits provided by a managed care organization or a preferred provider organization in Title 39, chapter 71, part 11, or paid pursuant to 39-71-704(5), an insurer whose agent neglects or fails to use the proper fee schedule may be assessed a penalty of not less than $200 or more than $1,000 for each bill that its agent reviews under a fee schedule other than the proper Montana fee schedule.

(c) An insurer that without good cause neglects or fails to pay undisputed medical bills on an accepted liability claim within 60 days of receipt of the bill may be assessed a penalty of not less than $200 or more than $1,000 for each bill that is the subject of a delay as provided in this subsection (5)(c).

(6) An insurer shall provide to the claimant:

(a) a written statement of the reasons that a claim is being denied at the time of denial;

(b) whenever benefits are denied to a claimant, a written explanation of how the claimant may appeal an insurer's decision;

(c) a written explanation of the amount of wage-loss benefits being paid to the claimant, along with an explanation of the calculation used to compute those benefits. The explanation must be sent within 7 days of the initial payment of the benefit.

(d) a written notice advising the claimant when a change is made to the claims examiner handling the claim, including the name and contact information of the new claims examiner. The notice must be sent within 14 days of the change in claims examiner.

(7) An insurer shall:

(a) begin making payments that are due on a claim within 14 days of acceptance of the claim, unless the insurer promptly notifies the claimant that the insurer needs additional information in order to begin paying benefits and specifies the information needed; and

(b) pay settlements within 30 days of the date the department issues an order approving the settlement.

(8) An insurer may contest a penalty assessed pursuant to subsection (4) or (5) in a hearing conducted according to department rules. A party may appeal the final agency order to the workers' compensation court. The court shall review the order pursuant to the requirements of 2-4-704.

(9) The department may adopt rules to implement this section.

(10) (a) For the purposes of this section, "settled claim" means a department-approved or court-ordered compromise of benefits between a claimant and an insurer or a claim that was paid in full.

(b) The term does not include a claim in which there has been only a lump-sum advance of benefits.

(a) the state and each county, city and county, city school district, and irrigation district; all other districts established by law; all public corporations and quasi-public corporations and public agencies; each person; each prime contractor; each firm, voluntary association, limited liability company, limited liability partnership, and private corporation, including any public service corporation and including an independent contractor who has a person in service under an appointment or contract of hire, expressed or implied, oral or written; and the legal representative of any deceased employer or the receiver or trustee of the deceased employer;

(3) Except as provided in chapter 8 of this title, an employer defined in subsection (1) who uses the services of a worker furnished by another person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, is presumed to be the employer for workers' compensation premium and loss experience purposes for work performed by the worker. The presumption may be rebutted by substantial credible evidence of the following:

(a) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, furnishing the services of a worker to another retains control over all aspects of the work performed by the worker, both at the inception of employment and during all phases of the work; and

(b) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation furnishing employees or workers in this state to a motor carrier has obtained Montana workers' compensation insurance on the employees or workers in Montana both at the inception of employment and during all phases of the work performed.

(5) The definition of "employer" in subsection (1)(d) is limited to implementing the administrative purposes of this chapter and may not be interpreted or construed to create an employment relationship in any other context.

(6) (a) A fiscal agent that qualifies under subsection (1)(e) and that is designated as a payor, using federal, state, or local government funds, under 26 CFR 31.3504-1 is considered to be the employer for the purposes of the Workers' Compensation Act of those workers for whom the fiscal agent is making payments.

(b) The client of the fiscal agent, despite exercising control over the hiring, scheduling, and direction of the work tasks performed by the worker, is not the employer of that worker for the purposes of the Workers' Compensation Act.

(c) a person who is receiving on-the-job vocational rehabilitation training or other on-the-job training under a state or federal vocational training program, whether or not under an appointment or contract of hire with an employer, as defined in 39-71-117, and, except as provided in subsection (9), whether or not receiving payment from a third party. However, this subsection (1)(c) does not apply to students enrolled in vocational training programs, as outlined in this subsection, while they are on the premises of a public school or community college.

(d) an aircrew member or other person who is employed as a volunteer under 67-2-105;

(e) a person, other than a juvenile as described in subsection (1)(b), who is performing community service for a nonprofit organization or association or for a federal, state, or local government entity under a court order, or an order from a hearings officer as a result of a probation or parole violation, whether or not under appointment or contract of hire with an employer, as defined in 39-71-117, and whether or not receiving payment from a third party. For a person covered by the definition in this subsection (1)(e):

(i) compensation benefits must be limited to medical expenses pursuant to 39-71-704 and an impairment award pursuant to 39-71-703 that is based upon the minimum wage established under Title 39, chapter 3, part 4, for a full-time employee at the time of the injury; and

(ii) premiums must be paid by the employer, as defined in 39-71-117(3), and must be based upon the minimum wage established under Title 39, chapter 3, part 4, for the number of hours of community service required under the order from the court or hearings officer.

(f) an inmate working in a federally certified prison industries program authorized under 53-30-132;

(g) a volunteer firefighter as described in 7-33-4109 or a person who provides ambulance services under Title 7, chapter 34, part 1;

(h) a person placed at a public or private entity's worksite pursuant to 53-4-704. The person is considered an employee for workers' compensation purposes only. The department of public health and human services shall provide workers' compensation coverage for recipients of cash assistance, as defined in 53-4-201, or for participants in the food stamp program, as defined in 53-2-902, who are placed at public or private worksites through an endorsement to the department of public health and human services' workers' compensation policy naming the public or private worksite entities as named insureds under the policy. The endorsement may cover only the entity's public assistance participants and may be only for the duration of each participant's training while receiving cash assistance or while participating in the food stamp program under a written agreement between the department of public health and human services and each public or private entity. The department of public health and human services may not provide workers' compensation coverage for individuals who are covered for workers' compensation purposes by another state or federal employment training program. Premiums and benefits must be based upon the wage that a probationary employee is paid for work of a similar nature at the assigned worksite.

(i) subject to subsection (11), a member of a religious corporation, religious organization, or religious trust while performing services for the religious corporation, religious organization, or religious trust, as described in 39-71-117(1)(d).

(2) The terms defined in subsection (1) do not include a person who is:

(a) performing voluntary service at a recreational facility and who receives no compensation for those services other than meals, lodging, or the use of the recreational facilities;

(b) performing services as a volunteer, except for a person who is otherwise entitled to coverage under the laws of this state. As used in this subsection (2)(b), "volunteer" means a person who performs services on behalf of an employer, as defined in 39-71-117, but who does not receive wages as defined in 39-71-123.

(c) serving as a foster parent, licensed as a foster care provider in accordance with 52-2-621, and providing care without wage compensation to no more than six foster children in the provider's own residence. The person may receive reimbursement for providing room and board, obtaining training, respite care, leisure and recreational activities, and providing for other needs and activities arising in the provision of in-home foster care.

(d) performing temporary agricultural work for an employer if the person performing the work is otherwise exempt from the requirement to obtain workers' compensation coverage under 39-71-401(2)(r) with respect to a company that primarily performs agricultural work at a fixed business location or under 39-71-401(2)(d) and is not required to obtain an independent contractor's exemption certificate under 39-71-417 because the person does not regularly perform agricultural work away from the person's own fixed business location. For the purposes of this subsection, the term "agricultural" has the meaning provided in 15-1-101(1)(a).

(3) With the approval of the insurer, an employer may elect to include as an employee under the provisions of this chapter a volunteer as defined in subsection (2)(b) or a volunteer firefighter as defined in 7-33-4510.

(4) (a) If the employer is a partnership, limited liability partnership, sole proprietor, or a member-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any member of the partnership or limited liability partnership, the owner of the sole proprietorship, or any member of the limited liability company devoting full time to the partnership, limited liability partnership, proprietorship, or limited liability company business.

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the partners, sole proprietor, or members to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (4)(d). A partner, sole proprietor, or member is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (4)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $900 a month and not more than 1½ times the state's average weekly wage.

(5) (a) If the employer is a quasi-public or a private corporation or a manager-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any corporate officer or manager exempted under 39-71-401(2).

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the corporate officer or manager to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A corporate officer or manager is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) For the purposes of an election under this subsection (5), all weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (5)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $200 a week and not more than 1½ times the state's average weekly wage.

(6) Except as provided in Title 39, chapter 8, an employee or worker in this state whose services are furnished by a person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, to an employer, as defined in 39-71-117, is presumed to be under the control and employment of the employer. This presumption may be rebutted as provided in 39-71-117(3).

(7) A student currently enrolled in an elementary, secondary, or postsecondary educational institution who is participating in work-based learning activities and who is paid wages by the educational institution or business partner is the employee of the entity that pays the student's wages for all purposes under this chapter. A student who is not paid wages by the business partner or the educational institution is a volunteer and is subject to the provisions of this chapter.

(8) For purposes of this section, an "employee or worker in this state" means:

(a) a resident of Montana who is employed by an employer and whose employment duties are primarily carried out or controlled within this state;

(b) a nonresident of Montana whose principal employment duties are conducted within this state on a regular basis for an employer;

(c) a nonresident employee of an employer from another state engaged in the construction industry, as defined in 39-71-116, within this state; or

(d) a nonresident of Montana who does not meet the requirements of subsection (8)(b) and whose employer elects coverage with an insurer that allows an election for an employer whose:

(i) nonresident employees are hired in Montana;

(ii) nonresident employees' wages are paid in Montana;

(iii) nonresident employees are supervised in Montana; and

(iv) business records are maintained in Montana.

(9) An insurer may require coverage for all nonresident employees of a Montana employer who do not meet the requirements of subsection (8)(b) or (8)(d) as a condition of approving the election under subsection (8)(d).

(10) (a) An ambulance service not otherwise covered by subsection (1)(g) or a paid or volunteer nontransporting medical unit, as defined in 50-6-302, in service to a town, city, or county may elect to include as an employee within the provisions of this chapter a volunteer emergency care provider who serves public safety through the ambulance service not otherwise covered by subsection (1)(g) or the paid or volunteer nontransporting medical unit. The ambulance service or nontransporting medical unit may purchase workers' compensation coverage from any entity authorized to provide workers' compensation coverage under plan No. 1, 2, or 3 as provided in this chapter.

(b) If there is an election under subsection (10)(a), the employer shall report payroll for all volunteer emergency care providers for premium and weekly benefit purposes based on the number of volunteer hours of each emergency care provider, but no more than 60 hours, times the state's average weekly wage divided by 40 hours.

(c) An ambulance service not otherwise covered by subsection (1)(g) or a paid or volunteer nontransporting medical unit, as defined in 50-6-302, may make a separate election to provide benefits as described in this subsection (10) to a member who is either a self-employed sole proprietor or partner who has elected not to be covered under this chapter, but who is covered as a volunteer emergency care provider pursuant to subsection (10)(a). When injured in the course and scope of employment as a volunteer emergency care provider, a member may instead of the benefits described in subsection (10)(b) be eligible for benefits at an assumed wage of the minimum wage established under Title 39, chapter 3, part 4, for 2,080 hours a year. If the separate election is made as provided in this subsection (10), payroll information for those self-employed sole proprietors or partners must be reported and premiums must be assessed on the assumed weekly wage.

(d) A volunteer emergency care provider who receives workers' compensation coverage under this section may not receive disability benefits under Title 19, chapter 17, if the individual is also eligible as a volunteer firefighter.

(e) An ambulance service not otherwise covered by subsection (1)(g) or a nontransporting medical unit, as defined in 50-6-302, that does not elect to purchase workers' compensation coverage for its volunteer emergency care providers under the provisions of this section shall annually notify its volunteer emergency care providers that coverage is not provided.

(f) (i) The term "volunteer emergency care provider" means a person who is licensed by the board of medical examiners as provided in Title 50, chapter 6, part 2, and who serves the public through an ambulance service not otherwise covered by subsection (1)(g) or a paid or volunteer nontransporting medical unit, as defined in 50-6-302, in service to a town, city, or county.

(ii) The term does not include a volunteer emergency care provider who serves an employer as defined in 7-33-4510.

(g) The term "volunteer hours" means the time spent by a volunteer emergency care provider in the service of an employer or as a volunteer for a town, city, or county, including but not limited to training time, response time, and time spent at the employer's premises.

(11) The definition of "employee" or "worker" in subsection (1)(i) is limited to implementing the administrative purposes of this chapter and may not be interpreted or construed to create an employment relationship in any other context.

39-71-123. Wages defined. (1) "Wages" means all remuneration paid for services performed by an employee for an employer, or income provided for in subsection (1)(d). Wages include the cash value of all remuneration paid in any medium other than cash. The term includes but is not limited to:

(a) monetary commissions, bonuses, and remuneration at the regular hourly rate for overtime work, holidays, vacations, and periods of sickness;

(b) backpay or any similar pay made for or in regard to previous service by the employee for the employer, other than retirement or pension benefits from a qualified plan;

(c) tips or other gratuities received by the employee to the extent that tips or gratuities are documented by the employee to the employer for tax purposes;

(d) income or payment in the form of a draw, wage, net profit, or money received or taken by a sole proprietor or partner, regardless of whether the sole proprietor or partner has performed work or provided services for that remuneration;

(e) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement;

(f) board if it constitutes a part of the employee's remuneration and is based on its actual value; and

(g) lodging, rent, or housing if it constitutes part of the employee's remuneration and is based on a value as set by administrative rule. The values set by administrative rule must address the general geographic proximity to available housing and may consider other reasonable factors that affect value.

(2) The term "wages" does not include any of the following:

(a) employee expense reimbursements or allowances for meals, lodging, travel, subsistence, and other expenses, as set forth in department rules;

(b) the amount of the payment made by the employer for employees, if the payment was made for:

(i) retirement or pension pursuant to a qualified plan as defined under the provisions of the Internal Revenue Code;

(ii) sickness or accident disability under a workers' compensation policy;

(iii) medical or hospitalization expenses in connection with sickness or accident disability, including health insurance for the employee or the employee's immediate family;

(iv) death, including life insurance for the employee or the employee's immediate family;

(c) vacation or sick leave benefits accrued but not paid;

(d) special monetary rewards for individual invention or discovery; or

(e) monetary and other benefits paid to a person as part of public assistance, as defined in 53-4-201.

(3) (a) Except as provided in subsection (3)(b), for compensation benefit purposes, the average actual earnings for the four pay periods immediately preceding the injury are the employee's wages, except that if the term of employment for the same employer is less than four pay periods, the employee's wages are the hourly rate times the number of hours in a week for which the employee was hired to work.

(b) For good cause shown, if the use of the last four pay periods does not accurately reflect the claimant's employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). As used in this subsection, "concurrent employment" means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.

(b) Except as provided in 39-71-118(10)(c), the compensation benefits for a covered volunteer must be based on the average actual monetary wages in the volunteer's regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which the volunteer is disabled by the injury incurred.

(c) The compensation benefits for an employee working at two or more concurrent remunerated employments must be based on the aggregate of average actual monetary wages of all employments, except for the wages earned by individuals while engaged in the employments outlined in 39-71-401(3)(a) who elected not to be covered, from which the employee is disabled by the injury incurred.

(5) For the purposes of calculating compensation benefits for an employee working for an employer, as provided in 39-71-117(1)(d), and for calculating premiums to be paid by that employer, the wages must be based upon all hours worked multiplied by the mean hourly wage by area, as published by the department in the edition of Montana Informational Wage Rates by Occupation, adopted annually by the department, that is in effect as of the date of injury or for the period in which the premium is due.

The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) By April 30 of each year, the department shall notify employers described in subsections (5)(a) and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate share of administrative and regulatory costs. The assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund and may be used to pay the reimbursement of premiums required under 39-71-319.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment may be up to 4% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) The assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and may be up to 4% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund and may be used to pay the reimbursement of premiums required under 39-71-319.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the assessment on the paid losses paid in the preceding year. Any excess amount collected must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the assessed amount must be added to the amount to be collected as a premium surcharge in the following year.

(8) By July 1, an insurer under compensation plan No. 2 that paid benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment of up to 4% of paid losses paid in the preceding calendar year. The department shall determine and notify the insurer by April 30 of each year of the amount that is due by July 1.

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of $500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state. Reimbursement of premiums required under 39-71-319 by the workers' compensation administration fund also is a debit on the fund.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund. *(Terminates June 30, 2023—sec. 7, Ch. 400, L. 2019.)*

39-71-201. *(Effective July 1, 2023)* **Workers' compensation administration fund.** (1) A workers' compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers' Compensation Act, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. The department shall collect and deposit in the state treasury to the credit of the workers' compensation administration fund:

(b) all fees paid by an assessment on paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay its proportionate share determined by the paid losses in the preceding calendar year of all costs of administering and regulating the Workers' Compensation Act, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) By April 30 of each year, the department shall notify employers described in subsections (5)(a) and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate share of administrative and regulatory costs. The assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment may be up to 4% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) The assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and may be up to 4% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the assessment on the paid losses paid in the preceding year. Any excess amount collected must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the assessed amount must be added to the amount to be collected as a premium surcharge in the following year.

(8) By July 1, an insurer under compensation plan No. 2 that paid benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment of up to 4% of paid losses paid in the preceding calendar year. The department shall determine and notify the insurer by April 30 of each year of the amount that is due by July 1.

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of $500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. (4) The workers' compensation database system must be designed in accordance with the following principles:

An employer who has any employee in service under any appointment or contract of hire, expressed or implied, oral or written, shall elect to be bound by the provisions of compensation plan No. 1, 2, or 3 unless the provisions of 39-71-442 apply. Each employee whose employer is bound by the Workers' Compensation Act is subject to and bound by the compensation plan that has been elected by the employer.

(2) Unless the employer elects coverage for these employments under this chapter and an insurer allows an election, the Workers' Compensation Act does not apply to any of the following:

(a) household or domestic employment;

(b) casual employment;

(c) employment of a dependent member of an employer's family for whom an exemption may be claimed by the employer under the federal Internal Revenue Code;

(d) employment of sole proprietors, working members of a partnership, working members of a limited liability partnership, or working members of a member-managed limited liability company, except as provided in subsection (3);

(e) employment of a real estate, securities, or insurance salesperson paid solely by commission and without a guarantee of minimum earnings;

As used in this subsection (2)(k):

(i) "freelance correspondent" means a person who submits articles or photographs for publication and is paid by the article or by the photograph; and

(ii) "newspaper carrier":

(l) cosmetologist's services and barber's services as referred to in 39-51-204(1)(e);

(m) a person who is employed by an enrolled tribal member or an association, business, corporation, or other entity that is at least 51% owned by an enrolled tribal member or members, whose business is conducted solely within the exterior boundaries of an Indian reservation;

(n) employment of a jockey who is performing under a license issued by the board of horseracing from the time that the jockey reports to the scale room prior to a race through the time that the jockey is weighed out after a race if the jockey has acknowledged in writing, as a condition of licensing by the board of horseracing, that the jockey is not covered under the Workers' Compensation Act while performing services as a jockey;

(o) employment of a trainer, assistant trainer, exercise person, or pony person who is performing services under a license issued by the board of horseracing while on the grounds of a licensed race meet;

(p) employment of an employer's spouse for whom an exemption based on marital status may be claimed by the employer under 26 U.S.C. 7703;

(iii) performs all services as an independent contractor pursuant to a written contract.

(r) an officer of a quasi-public or a private corporation or, except as provided in subsection (3), a manager of a manager-managed limited liability company who qualifies under one or more of the following provisions:

(i) the officer or manager is not engaged in the ordinary duties of a worker for the corporation or the limited liability company and does not receive any pay from the corporation or the limited liability company for performance of the duties;

(ii) the officer or manager is engaged primarily in household employment for the corporation or the limited liability company;

(iv) the officer or manager is the spouse, child, adopted child, stepchild, mother, father, son-in-law, daughter-in-law, nephew, niece, brother, or sister of a corporate officer who meets the requirements of subsection (2)(r)(iii)(A) or (2)(r)(iii)(B);

(u) service performed to provide companionship services, as defined in 29 CFR 552.6, or respite care for individuals who, because of age or infirmity, are unable to care for themselves when the person providing the service is employed directly by a family member or an individual who is a legal guardian;

(v) employment of a person performing the services of an intrastate or interstate common or contract motor carrier when hired by an individual or entity who meets the definition of a broker or freight forwarder, as provided in 49 U.S.C. 13102;

(w) employment of a person who is not an employee or worker in this state as defined in 39-71-118(8);

(x) employment of a person who is working under an independent contractor exemption certificate;

(y) employment of an athlete by or on a team or sports club engaged in a contact sport. As used in this subsection, "contact sport" means a sport that includes significant physical contact between the athletes involved. Contact sports include but are not limited to football, hockey, roller derby, rugby, lacrosse, wrestling, and boxing.

(z) a musician performing under a written contract.

(3) (a) (i) A person who regularly and customarily performs services at locations other than the person's own fixed business location shall elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3 unless the person has waived the rights and benefits of the Workers' Compensation Act by obtaining an independent contractor exemption certificate from the department pursuant to 39-71-417.

(ii) Application fees or renewal fees for independent contractor exemption certificates must be deposited in the state special revenue account established in 39-9-206 and must be used to offset the certification administration costs.

(4) (a) A corporation or a manager-managed limited liability company shall provide coverage for its employees under the provisions of compensation plan No. 1, 2, or 3. A quasi-public corporation, a private corporation, or a manager-managed limited liability company may elect coverage for its corporate officers or managers, who are otherwise exempt under subsection (2), by giving a written notice in the following manner:

(i) if the employer has elected to be bound by the provisions of compensation plan No. 1, by delivering the notice to the board of directors of the corporation or to the management organization of the manager-managed limited liability company; or

(ii) if the employer has elected to be bound by the provisions of compensation plan No. 2 or 3, by delivering the notice to the board of directors of the corporation or to the management organization of the manager-managed limited liability company and to the insurer.

(b) If the employer changes plans or insurers, the employer's previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any

work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. The sign must be provided by the department, distributed through insurers or directly by the department, and posted by employers in accordance with rules adopted by the department. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation.

39-71-402. Extraterritorial applicability and reciprocity of coverage — agreements with other states — rulemaking. (1) (a) In the absence of an agreement under subsection (2), if a worker employed in this state who is subject to the provisions of this chapter temporarily leaves this state incidental to that employment and receives an injury arising out of and in the course of employment, the provisions of this chapter apply to the worker as though the worker were injured within this state.

(b) Except as provided in subsection (1)(c) and in the absence of an agreement under subsection (2), if a worker from another state and the worker's employer from another state are temporarily engaged in work within this state, this chapter does not apply to them:

(i) if the employer and employee are bound by the provisions of the workers' compensation law or similar law of the other state that applies to them while they are temporarily engaged in work in the state of Montana; and

(ii) if the Workers' Compensation Act of this state is recognized and given effect as the exclusive remedy for workers employed in this state who are injured while temporarily engaged in work in the other state.

(c) Unless specifically addressed in an agreement as provided in subsection (2)(d), employers from another state that are engaged in the construction industry, as defined in 39-71-116, and that employ workers from another state shall obtain coverage for those workers under the provisions of this chapter.

(2) (a) The department, with the approval of the governor, may enter into a reciprocal agreement with an authorized officer of the workers' compensation department or similar agency of another state to allow an employer from one state and its employees from that state to work in the other state without obtaining workers' compensation coverage from both states.

(b) The reciprocal agreement must contain, at a minimum, the following provisions:

(i) the employer and employee must be bound by the provisions of the workers' compensation law or similar law of the other state that applies to them while they are engaged in work in the state of Montana; and

(ii) the Workers' Compensation Act of this state must be recognized and given effect as the exclusive remedy for workers employed in this state who are injured while engaged in work in the other state.

(c) The agreement may contain other provisions, including but not limited to provisions regarding how long the work may continue and whether limitations or exclusions apply to the types of work covered by the agreement.

(d) Unless the agreement specifically provides that the agreement is applicable to employers engaged in the construction industry, as defined in 39-71-116, an employer from another state engaged in the construction industry in Montana does not qualify for extraterritorial coverage that might otherwise be provided by this section.

(e) The agreement may be canceled, renewed, or modified from time to time as provided in the agreement.

(f) After an agreement has been entered into pursuant to this subsection (2), a certificate from an authorized officer of the workers' compensation department or similar agency of another state certifying that an employer of the other state is bound by the Workers' Compensation Act of the state and that its act will be applied to employees of the employer while engaged in work in the state of Montana is prima facie evidence that:

(i) the workers' compensation law of the certifying state applies to the employer and its employees while engaged in work in Montana; and

(ii) the employer is properly insured for workers' compensation purposes in the certifying state as of the date of the certification.

(3) The department may adopt rules to implement this section.

39-71-403. Plan three exclusive for state agencies — election of plan by public corporations — financing of self-insurance fund — exemption for university system — definitions — rulemaking. (1) (a) Except as provided in subsection (5), if a state agency is the employer, the terms, conditions, and provisions of compensation plan No. 3, state fund, are exclusive, compulsory, and obligatory upon both employer and employee. Any sums necessary to be paid under the provisions of this chapter by a state agency are considered to be ordinary and necessary expenses of the agency. The agency shall pay the sums into the state fund at the time and in the manner provided for in this chapter, notwithstanding that the state agency may have failed to anticipate the ordinary and necessary expense in a budget, estimate of expenses, appropriations, ordinances, or otherwise.

(b) (i) Subject to subsection (5), the department of administration, provided for in 2-15-1001, shall manage workers' compensation insurance coverage for all state agencies.

(ii) The state fund shall provide the department of administration with all information regarding the state agencies' coverage.

(iii) Notwithstanding the status of a state agency as employer in subsection (1)(a) and contingent upon mutual agreement between the department of administration and the state fund, the state fund shall issue one or more policies for all state agencies.

(iv) In any year in which the workers' compensation premium due from a state agency is lower than in the previous year, the appropriation for that state agency must be reduced by the same amount that the workers' compensation premium was reduced and the difference must be returned to the originating fund instead of being applied to other purposes by the state agency submitting the premium.

(2) A public corporation, other than a state agency, may elect coverage under compensation plan No. 1, plan No. 2, or plan No. 3, separately or jointly with any other public corporation, other than a state agency. A public corporation electing compensation plan No. 1 may purchase reinsurance or issue bonds or notes pursuant to subsection (3)(b). A public corporation electing compensation plan No. 1 is subject to the same provisions as a private employer electing compensation plan No. 1.

(3) (a) A public corporation, other than a state agency, that elects plan No. 1 may establish a fund sufficient to pay the compensation and benefits provided for in this chapter and to discharge all liabilities that are reasonably incurred during the fiscal year for which the election is effective. Proceeds from the fund must be used only to pay claims covered by this chapter

and for actual and necessary expenses required for the efficient administration of the fund, including debt service on any bonds and notes issued pursuant to subsection (3)(b).

(b) (i) A public corporation, other than a state agency, separately or jointly with another public corporation, other than a state agency, may issue and sell its bonds and notes for the purpose of establishing, in whole or in part, the self-insurance workers' compensation fund provided for in subsection (3)(a) and to pay the costs associated with the sale and issuance of the bonds. Bonds and notes may be issued in an amount not exceeding 0.18% of the total assessed value of taxable property, determined as provided in 15-8-111, of the public corporation as of the date of issue. The bonds and notes must be authorized by resolution of the governing body of the public corporation and are payable from an annual property tax levied in the amount necessary to pay principal and interest on the bonds or notes. This authority to levy an annual property tax exists despite any provision of law or maximum levy limitation, including 15-10-420, to the contrary. The revenue derived from the sale of the bonds and notes may not be used for any other purpose.

(ii) The bonds and notes:

(A) may be sold at public or private sale;

(B) do not constitute debt within the meaning of any statutory debt limitation; and

(C) may contain other terms and provisions that the governing body determines.

(iii) Two or more public corporations, other than state agencies, may agree to exercise their respective borrowing powers jointly under this subsection (3)(b) or may authorize a joint board to exercise the powers on their behalf.

(iv) The fund established from the proceeds of bonds and notes issued and sold under this subsection (3)(b) may, if sufficient, be used in lieu of a surety bond, reinsurance, specific and aggregate excess insurance, or any other form of additional security necessary to demonstrate the public corporation's ability to discharge all liabilities as provided in subsection (3)(a). Subject to the total assessed value limitation in subsection (3)(b)(i), a public corporation may issue bonds and notes to establish a fund sufficient to discharge liabilities for periods greater than 1 year.

(4) All money in the fund established under subsection (3)(a) not needed to meet immediate expenditures must be invested by the governing body of the public corporation or the joint board created by two or more public corporations as provided in subsection (3)(b)(iii), and all proceeds of the investment must be credited to the fund.

(5) For the purposes of subsection (1)(b), the judicial branch or the legislative branch may choose not to have the department of administration manage its workers' compensation policy.

(6) The department of administration may adopt rules to implement subsection (1)(b)(i).

(7) As used in this section, the following definitions apply:

(a) "Public corporation" includes the Montana university system.

(b) (i) "State agency" means:

(A) the executive branch and its departments and all boards, commissions, committees, bureaus, and offices;

(B) the judicial branch; and

(C) the legislative branch.

(ii) The term does not include the Montana university system.

(1) An employer who contracts with an independent contractor to have work performed of a kind which is a regular or a recurrent part of the work of the trade, business, occupation, or profession of such employer is liable for the payment of benefits under this chapter to the employees of the contractor if the contractor has not properly complied with the coverage requirements of the Worker's Compensation Act. Any insurer who becomes liable for payment of benefits may recover the amount of benefits paid and to be paid and necessary expenses from the contractor primarily liable therein.

(2) Where an employer contracts to have any work to be done by a contractor other than an independent contractor, and the work so contracted to be done is a part or process in the trade or business of the employer, then the employer is liable to pay all benefits under this chapter to the same extent as if the work were done without the intervention of the contractor, and the work so contracted to be done shall not be construed to be casual employment. Where an employer contracts work to be done as specified in this subsection, the contractor and the contractor's employees shall come under that plan of compensation adopted by the employer.

(3) Where an employer contracts any work to be done, wholly or in part for the employer, by an independent contractor, where the work so contracted to be done is casual employment as to such employer, then the contractor shall become the employer for the purposes of this chapter.

39-71-407. *(Temporary)* **Liability of insurers — limitations.** (1) For workers' compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee's beneficiaries, if any.

(2) An injury does not arise out of and in the course of employment when the employee is:

(a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or

(b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes of this subsection (2)(b), "requested" means the employer asked the employee to assume duties for the activity so that the employee's presence is not completely voluntary and optional and the injury occurred in the performance of those duties.

(3) (a) Subject to subsection (3)(c), an insurer is liable for an injury, as defined in 39-71-119, only if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:

(i) a claimed injury has occurred; or

(ii) a claimed injury has occurred and aggravated a preexisting condition.

(b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

(c) Objective medical findings are sufficient for a presumptive occupational disease as defined in 39-71-1401 but may be overcome by a preponderance of the evidence.

(4) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:

(i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee's benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or

(ii) the travel is required by the employer as part of the employee's job duties.

(b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(5) Except as provided in subsection (6), an employee is not eligible for benefits otherwise payable under this chapter if the employee's use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident.

(6) (a) An employee who has received written certification, as defined in 50-46-302, from a physician for the use of marijuana for a debilitating medical condition and who is otherwise eligible for benefits payable under this chapter is subject to the limitations of subsections (6)(b) through (6)(d).

(b) An employee is not eligible for benefits otherwise payable under this chapter if the employee's use of marijuana for a debilitating medical condition, as defined in 50-46-302, is the major contributing cause of the injury or occupational disease.

(c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the use of marijuana for a debilitating medical condition, as defined in 50-46-302.

(d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker's use of marijuana for a debilitating medical condition, as defined in 50-46-302. An insurer remains liable for those benefits that the worker would qualify for absent the worker's use of marijuana for a debilitating medical condition.

(7) The provisions of subsection (5) do not apply if the employer had knowledge of and failed to attempt to stop the employee's use of alcohol or drugs not prescribed by a physician. This subsection (7) does not apply to the use of marijuana for a debilitating medical condition because marijuana is not a prescribed drug.

(8) If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

(9) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers' compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(10) Except for cases of presumptive occupational disease as provided in 39-71-1401 and 39-71-1402, an employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker's condition to the original injury.

(11) (a) For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 if the employee is diagnosed with a compensable occupational disease.

(b) The provisions of subsection (11)(a) apply to presumptive occupational disease if the employee is diagnosed and meets the conditions of 39-71-1401 and 39-71-1402.

(12) An insurer is liable for an occupational disease only if the occupational disease:

(a) is established by objective medical findings; and

(b) arises out of or is contracted in the course and scope of employment. An occupational disease is considered to arise out of or be contracted in the course and scope of employment if the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease. For the purposes of this subsection (12), an occupational disease is not the same as a presumptive occupational disease.

(13) When compensation is payable for an occupational disease or a presumptive occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

(14) When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:

(a) the time that the occupational disease or presumptive occupational disease was first diagnosed by a health care provider; or

(b) the time that the employee knew or should have known that the condition was the result of an occupational disease or a presumptive occupational disease.

(15) In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

(16) As used in this section, "major contributing cause" means a cause that is the leading cause contributing to the result when compared to all other contributing causes. *(Void on occurrence of contingency—sec. 7, Ch. 158, L. 2019.)*

39-71-407. *(Effective on occurrence of contingency)* **Liability of insurers — limitations.** (1) For workers' compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee's beneficiaries, if any.

(2) An injury does not arise out of and in the course of employment when the employee is:

(a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or

(b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes of this subsection (2)(b), "requested" means the employer asked the employee to assume duties for the activity so that the employee's presence is not completely voluntary and optional and the injury occurred in the performance of those duties.

(3) (a) An insurer is liable for an injury, as defined in 39-71-119, only if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:

(i) a claimed injury has occurred; or

(ii) a claimed injury has occurred and aggravated a preexisting condition.

(b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

(4) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:

(i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee's benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or

(ii) the travel is required by the employer as part of the employee's job duties.

(b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(5) Except as provided in subsection (6), an employee is not eligible for benefits otherwise payable under this chapter if the employee's use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident.

(6) (a) An employee who has received written certification, as defined in 50-46-302, from a physician for the use of marijuana for a debilitating medical condition and who is otherwise eligible for benefits payable under this chapter is subject to the limitations of subsections (6)(b) through (6)(d).

(b) An employee is not eligible for benefits otherwise payable under this chapter if the employee's use of marijuana for a debilitating medical condition, as defined in 50-46-302, is the major contributing cause of the injury or occupational disease.

(c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the use of marijuana for a debilitating medical condition, as defined in 50-46-302.

(d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker's use of marijuana for a debilitating medical condition, as defined in 50-46-302. An insurer remains liable for those benefits that the worker would qualify for absent the worker's use of marijuana for a debilitating medical condition.

(7) The provisions of subsection (5) do not apply if the employer had knowledge of and failed to attempt to stop the employee's use of alcohol or drugs not prescribed by a physician. This subsection (7) does not apply to the use of marijuana for a debilitating medical condition because marijuana is not a prescribed drug.

(8) If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

(9) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers' compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(10) An employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker's condition to the original injury.

(11) For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 if the employee is diagnosed with a compensable occupational disease.

(12) An insurer is liable for an occupational disease only if the occupational disease:

(a) is established by objective medical findings; and

(b) arises out of or is contracted in the course and scope of employment. An occupational disease is considered to arise out of or be contracted in the course and scope of employment if the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease.

(13) When compensation is payable for an occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

(14) When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:

(a) the time that the occupational disease was first diagnosed by a health care provider; or

(b) the time that the employee knew or should have known that the condition was the result of an occupational disease.

(15) In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

(16) As used in this section, "major contributing cause" means a cause that is the leading cause contributing to the result when compared to all other contributing causes.

39-71-408. Liability as first lien in case of bankruptcy or failure. In case of bankruptcy, insolvency, liquidation, or the failure of an employer or insurer to meet any obligations imposed by this chapter, every liability which may be due under this chapter shall constitute a first lien upon any deposit made by such employer or insurer, and if such deposit shall not be sufficient to secure the payment of such liability in the manner and at the times provided for in this chapter, the deficiency shall be a lien upon all the property of such employer or insurer within this state and shall be prorated with other lienable claims and shall have preference over the claim of any creditor or creditors of such employer or insurer except the claims of other lienors.

(2) (a) A person who possesses and is working under a current independent contractor exemption certificate issued by the department waives all rights and benefits of the Workers' Compensation Act unless the person elects coverage pursuant to 39-71-401(3)(b).

39-71-411. Provisions of chapter exclusive remedy — nonliability of insured employer. For all employments covered under the Workers' Compensation Act or for which an election has been made for coverage under this chapter, the provisions of this chapter are exclusive. Except as provided in part 5 of this chapter for uninsured employers and except as otherwise provided in the Workers' Compensation Act, an employer is not subject to any liability whatever for the death of or personal injury to an employee covered by the Workers' Compensation Act or for any claims for contribution or indemnity asserted by a third person from whom damages are sought on account of the injuries or death. The Workers' Compensation Act binds the employee and, in case of death, binds the employee's personal representative and all persons having any right or claim to compensation for the employee's injury or death, as well as the employer and the servants and employees of the employer and those conducting the employer's business during liquidation, bankruptcy, or insolvency.

The right to compensation and medical benefits as provided by this chapter is not affected by the fact that the injury, occupational disease, or death is caused by the negligence of a third party other than the employer or the servants or employees of the employer. Whenever injury, occupational disease, or death occurs to an employee while performing the duties of employment and the event is caused by the act or omission of some persons or corporations other than the employee's employer or the servants or employees of the employee's employer, the employee or in case of death the employee's heirs or personal representative, in addition to the right to receive compensation under this chapter, has a right to prosecute any cause of action that the employee or heirs may have for damages against the persons or corporations.

39-71-413. Liability of employer or fellow employee for intentional and deliberate acts — additional cause of action — intentional injury defined. (1) (a) If an employee is intentionally injured by an intentional and deliberate act of the employee's employer or by the intentional and deliberate act of a fellow employee while performing the duties of employment, the employee or in case of death the employee's heirs or personal representatives, in addition to the right to receive compensation under the Workers' Compensation Act, have a cause of action for damages against the person whose intentional and deliberate act caused the intentional injury.

(b) For the purposes of this section, the standard of proof for an act to be determined to be intentional and deliberate is clear and convincing evidence.

(2) An employer is not vicariously liable under this section for the intentional and deliberate acts of an employee.

(3) As used in this section, "intentional injury" means an injury caused by an intentional and deliberate act that is specifically and actually intended to cause injury to the employee injured and there is actual knowledge that an injury is certain to occur.

39-71-414. Subrogation. (1) If an action is prosecuted as provided for in 39-71-412 or 39-71-413 and except as otherwise provided in this section, the insurer is entitled to subrogation for all compensation and benefits paid or to be paid under the Workers' Compensation Act. The insurer's right of subrogation is a first lien on the claim, judgment, or recovery.

(2) (a) If the injured employee intends to institute the third-party action, the employee shall give the insurer reasonable notice of the intention to institute the action.

(b) The injured employee may request that the insurer pay a proportionate share of the reasonable cost of the action, including attorney fees.

(c) The insurer may elect not to participate in the cost of the action. If this election is made, the insurer waives 50% of its subrogation rights granted by this section.

(d) If the injured employee or the employee's personal representative institutes the action, the employee is entitled to at least one-third of the amount recovered by judgment or settlement less a proportionate share of reasonable costs, including attorney fees, if the amount of recovery is insufficient to provide the employee with that amount after payment of subrogation.

(3) If an injured employee refuses or fails to institute the third-party action within 1 year from the date of injury, the insurer may institute the action in the name of the employee and for the employee's benefit or that of the employee's personal representative. If the insurer institutes the action, it shall pay to the employee any amount received by judgment or settlement that is in excess of the amounts paid or to be paid under the Workers' Compensation Act after the insurer's reasonable costs, including attorney fees for prosecuting the action, have been deducted from the recovery.

(4) An insurer may enter into compromise agreements in settlement of subrogation rights.

(5) Regardless of whether the amount of compensation and other benefits payable under the Workers' Compensation Act have been fully determined, the insurer and the claimant's heirs or personal representative may stipulate the proportion of the third-party settlement to be allocated under subrogation. Upon review and approval by the department, the agreement constitutes a compromise settlement of the issue of subrogation. A dispute between the insurer and claimant concerning subrogation is a dispute subject to the mediation requirements of 39-71-2401.

(6) (a) The insurer is entitled to full subrogation rights under this section, unless the claimant is able to demonstrate damages in excess of the workers' compensation benefits and the third-party recovery combined. If the insurer is entitled to subrogation under this section, the insurer may subrogate against the entire settlement or award of a third-party claim brought by the claimant or the claimant's personal representative without regard to the nature of the damages.

(b) If a survival action does not exist and the parties reach a settlement of a wrongful death claim without apportionment of damages by a court or jury, the insurer may subrogate against the entire settlement amount, without regard to the parties' apportionment of the damages, unless the insurer is a party to the settlement agreement.

(7) Regardless of whether the amount of compensation and other benefits payable have been fully determined, the insurer and the claimant may stipulate the proportion of the third-party settlement to be allocated under subrogation. Upon review and approval by the department, the agreement constitutes a compromise settlement of the issue of subrogation. A dispute between the insurer and claimant concerning subrogation is a dispute subject to the mediation requirements of 39-71-2401.

39-71-415. Procedure for resolving disputes regarding independent contractor status.(1) If a claimant and insurer have a dispute over benefits and the dispute involves an issue of whether the claimant is an independent contractor or employee, either party may, after mediation pursuant to department rules, petition the workers' compensation judge for resolution of the dispute in accordance with 39-71-2905.

(2) (a) A dispute involving an employer, a worker, or the department and involving the issue of whether a worker is an independent contractor or an employee, but not involving workers' compensation benefits, must be brought before the independent contractor central unit of the department for resolution.

(b) (i) A decision of the independent contractor central unit is final unless a party dissatisfied with the decision requests mediation pursuant to department rules within 15 days of the mailing of the decision by the independent contractor central unit.

(ii) At the conclusion of the mediation process, the mediator shall issue a report summarizing the status of the proceeding and shall mail a copy of the report to the parties.

(c) If after mediation the parties have not resolved their dispute concerning a worker's status as an independent contractor or an employee, a party may appeal the decision of the independent contractor central unit by filing a petition with the workers' compensation court within 30 days of the mailing of the mediator's report.

(d) An appeal from the independent contractor central unit to the workers' compensation court brought pursuant to this subsection (2) is a new proceeding.

39-71-417. Independent contractor certification. (1) (a) (i) Except as provided in subsection (1)(a)(ii), a person who regularly and customarily performs services at a location other than the person's own fixed business location shall apply to the department for an independent contractor exemption certificate unless the person has elected to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3.

(ii) An officer or manager who is exempt under 39-71-401(2)(r)(iii) or (2)(r)(iv) may apply, but is not required to apply, to the department for an independent contractor exemption certificate.

(b) A person who meets the requirements of this section and receives an independent contractor exemption certificate is not required to obtain a personal workers' compensation insurance policy.

(c) For the purposes of this section, "person" means:

(i) a sole proprietor;

(ii) a working member of a partnership;

(iii) a working member of a limited liability partnership;

(iv) a working member of a member-managed limited liability company; or

(v) a manager of a manager-managed limited liability company that is engaged in the work of the construction industry as defined in 39-71-116.

(2) The department shall adopt rules relating to an original application for or renewal of an independent contractor exemption certificate. The department shall adopt by rule the amount of the fee for an application or certificate renewal. The application or renewal must be accompanied by the fee.

(3) The department shall deposit the application or renewal fee in an account in the state special revenue fund to pay the costs of administering the program.

(4) (a) To obtain an independent contractor exemption certificate, the applicant shall swear to and acknowledge the following:

(i) that the applicant has been and will continue to be free from control or direction over the performance of the person's own services, both under contract and in fact; and

(ii) that the applicant is engaged in an independently established trade, occupation, profession, or business and will provide sufficient documentation of that fact to the department.

(b) For the purposes of subsection (4)(a)(i), an endorsement required for licensure, as provided in 37-47-303, does not imply or constitute control.

(5) (a) An applicant for an independent contractor exemption certificate shall submit an application under oath on a form prescribed by the department and containing the following:

(i) the applicant's name and address;

(ii) the applicant's social security number;

(iii) each occupation for which the applicant is seeking independent contractor certification; and

(iv) other documentation as provided by department rule to assist in determining if the applicant has an independently established business.

(b) The department shall adopt a retention schedule that maintains copies of documents submitted in support of an initial application or renewal application for an independent contractor exemption certificate for a minimum of 3 years after an application has been received by the department. The department shall, to the extent feasible, produce renewal applications that reduce the burden on renewal applicants to supply information that has been previously provided to the department as part of the application process.

(c) An applicant who applies on or after July 1, 2011, to renew an independent contractor exemption certificate is not required to submit documents that have been previously submitted to the department if:

(i) the applicant certifies under oath that the previously submitted documents are still valid and current; and

(ii) the department, if it considers it necessary, independently verifies a specific document or decides that a document has not expired pursuant to the document's own terms and is therefore still valid and current.

(6) The department shall issue an independent contractor exemption certificate to an applicant if the department determines that an applicant meets the requirements of this section.

(7) (a) When the department approves an application for an independent contractor exemption certificate and the person is working under the independent contractor exemption certificate, the person's status is conclusively presumed to be that of an independent contractor.

(b) A person working under an approved independent contractor exemption certificate has waived all rights and benefits under the Workers' Compensation Act and is precluded from obtaining benefits unless the person has elected to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3.

(c) For the purposes of the Workers' Compensation Act, a person is working under an independent contractor exemption certificate if:

(i) the person is performing work in the trade, business, occupation, or profession listed on the person's independent contractor exemption certificate; and

(ii) the hiring agent and the person holding the independent contractor exemption certificate do not have a written or an oral agreement that the independent contractor exemption certificate holder's status with respect to that hiring agent is that of an employee.

(8) Once issued, an independent contractor exemption certificate remains in effect for 2 years unless:

(a) suspended or revoked pursuant to 39-71-418; or

(b) canceled by the independent contractor.

(9) If the department's independent contractor central unit denies an application for an independent contractor exemption certificate, the applicant may contest that decision as provided in 39-71-415(2).

History: En. Sec. 1, Ch. 448, L. 2005; amd. Sec. 4, Ch. 117, L. 2007; amd. Sec. 2, Ch. 340, L. 2007; amd. Sec. 1, Ch. 120, L. 2009; amd. Sec. 2, Ch. 200, L. 2011.

39-71-418. Suspension or revocation of independent contractor exemption certificate. (1) The department may suspend an independent contractor exemption certificate for a specific business relationship if the department determines that the employing unit exerts or retains a right of control to a degree that causes a certificate holder to violate the provisions of 39-71-417(4).

(2) The department may revoke an independent contractor exemption certificate after determining that the certificate holder:

(a) made misrepresentations in the application affidavit or certificate renewal form;

(b) altered or amended the application form, the renewal application form, other supporting documentation required by the department, or the independent contractor exemption certificate;

(c) failed to cooperate with the department in providing information relevant to the continued validity of the holder's certificate; or

(d) does not have an independently established business as required by 39-71-417(4).

(3) A decision by the department to suspend or revoke an independent contractor exemption certificate takes effect upon issuance of the decision. Suspension or revocation of the independent contractor exemption certificate does not invalidate the certificate holder's waiver of the rights and benefits of the Workers' Compensation Act for the period prior to notice to the hiring agent by the department of the department's decision to suspend or revoke the independent contractor exemption certificate.

(4) A decision by the department's independent contractor central unit to suspend or revoke an independent contractor exemption certificate may be contested in the same manner as provided in 39-71-415(2).

History: En. Sec. 2, Ch. 448, L. 2005; amd. Sec. 5, Ch. 117, L. 2007; amd. Sec. 2, Ch. 150, L. 2011.

39-71-419. Independent contractor violations — penalty. (1) A person may not:

(a) perform work as an independent contractor without first:

(i) obtaining from the department an independent contractor exemption certificate unless the individual is not required to obtain an independent contractor exemption certificate pursuant to 39-71-417(1)(a); or

(ii) electing to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3;

(b) perform work as an independent contractor when the department has revoked or denied the independent contractor's exemption certificate;

(c) transfer to another person or allow another person to use an independent contractor exemption certificate that was not issued to that person;

(d) alter or falsify an independent contractor exemption certificate; or

(e) misrepresent the person's status as an independent contractor.

(2) An employer may not:

(a) require an employee through coercion, misrepresentation, or fraudulent means to adopt independent contractor status to avoid the employer's obligations to provide workers' compensation coverage; or

(b) exert control to a degree that causes the independent contractor to violate the provisions of 39-71-417(4).

(3) In addition to any other penalty or sanction provided in this chapter, a person or employer who violates a provision of this section is subject to a fine to be assessed by the department of up to $1,000 for each violation. The department shall deposit the fines in the uninsured employers' fund. The lien provisions of 39-71-506 apply to any assessed fines.

(4) A person or employer who disputes a fine assessed by the department pursuant to this section may file an appeal with the department within 30 days of the date on which the fine was assessed. If, after mediation, the issue is not resolved, the issue must be transferred to the workers' compensation court for resolution.

39-71-432. Definitions. As used in 39-71-433, the following definitions apply:

(1) "Business entity" means a business enterprise owned by a single person, corporation, organization, business trust, trust, partnership, limited liability company, limited liability partnership, joint venture, association, or other business entity.

(2) "Group" means two or more business entities that join together to purchase individual workers' compensation insurance policies covering each business entity that is part of a group.

History: En. Sec. 20, Ch. 619, L. 1993; amd. Sec. 7, Ch. 516, L. 1995; amd. Sec. 6, Ch. 172, L. 1997; amd. Sec. 6, Ch. 377, L. 1999.

39-71-433. Group purchase of workers' compensation insurance. (1) Two or more business entities may join together to form a group to purchase individual workers' compensation insurance policies covering each member of the group.

(2) A group formed under this section may purchase individual workers' compensation insurance policies covering each member of the group from any insurer authorized to write workers' compensation insurance in this state, except that the state fund, as defined in

39-71-2312, has the right to refuse coverage of a group and its plan of operation but may not refuse coverage to an individual employer. Under an individual policy, the group is entitled to a premium or volume discount that would be applicable to a policy of the combined premium amount of the individual policies.

(3) A group shall apportion any discount or policyholder dividend received on workers' compensation insurance coverage among the members of the group according to a formula adopted in the plan of operation for the group.

(4) A group shall adopt a plan of operation that must include the composition and selection of a governing board, the methods for administering the group, the eligibility requirements to join the group, and guidelines for the workers' compensation insurance coverage obtained by the group, including the payment of premiums, the distribution of discounts, and the method for providing risk management.

History: En. Sec. 21, Ch. 619, L. 1993; amd. Sec. 8, Ch. 516, L. 1995; amd. Sec. 5, Ch. 310, L. 1997.

39-71-434. Deductible insurance policy provision for medical benefits. (1) In order to lower the amount an employer is required to pay to obtain workers' compensation insurance coverage under this chapter, a workers' compensation policy issued by the state compensation insurance fund under plan No. 3 or by a private insurer under plan No. 2 must offer a deductible for the medical, hospital, and related services allowed under 39-71-704. The medical deductible must be offered in amounts of at least $500.

(2) If the insured employer chooses to accept a medical deductible, the insured employer is liable for the amount of the deductible for the medical benefits paid for each otherwise compensable claim of work injury suffered by an employee.

(3) The insured employer shall contract with the insurer to have the insurer pay the entire cost of the covered medical benefits directly to the provider of medical or related services and then seek reimbursement from the insured employer for the deductible amount. The insurer is entitled to reimbursement only for medical, hospital, and related services allowed under 39-71-704, up to the amount of the deductible.

(4) If an insured employer who has contracted with an insurer for a medical deductible does not pay the medical deductible amount to the insurer through reimbursement, the amount paid by the insurer on the claim may be included as benefits paid in a determination of the insured employer's rate.

(5) If an insured employer chooses to accept a medical deductible, then for purposes of computing rates and rating plans, all medical losses incurred must be reported to the insurer without regard to the application of any medical deductible regardless of whether the employer or the insurer pays the losses.

History: En. Sec. 1, Ch. 641, L. 1989; amd. Sec. 1, Ch. 666, L. 1991; amd. Sec. 1, Ch. 248, L. 1993.

39-71-435. Workers' compensation and employers' liability insurance — optional deductibles. (1) An insurer issuing a workers' compensation or an employer's liability insurance policy may offer to the policyholder, as part of the policy or by endorsement, optional deductibles for benefits payable under the policy consistent with the standards contained in subsection (3).

(2) The advisory organization designated under 33-16-1023 may develop and file a deductible plan or plans on behalf of its members consistent with the standards contained in subsection (3).

(3) The commissioner of insurance shall approve a deductible plan that is in accordance with the following standards:

(a) Claimants' rights are properly protected and claimants' benefits are paid without regard to the deductible.

(b) Premium reductions reflect the type and level of the deductible, consistent with accepted actuarial standards.

(c) Premium reductions for deductibles are determined before application of any experience modification, premium surcharge, or premium discount.

(d) Recognition is given to policyholder characteristics, including but not limited to size, financial capabilities, nature of activities, and number of employees.

(e) The policyholder is liable to the insurer for the deductible amount in regard to benefits paid for compensable claims.

(f) The insurer pays all of the deductible amount applicable to a compensable claim to the person or provider entitled to benefits and then seeks reimbursement from the policyholder for the applicable deductible amount.

(g) Failure by the policyholder to reimburse deductible amounts to the insurer is treated under the policy as nonpayment of premium.

(h) Losses subject to the deductible must be reported and recorded as losses for purposes of calculating rates for a policyholder on the same basis as losses under policies providing first dollar coverage.

(4) The state compensation insurance fund, plan No. 3, may adopt the plan filed by the designated advisory organization or adopt an optional deductible plan that meets the requirements of this section.

(5) For purposes of 39-71-201, 39-71-915, and 50-71-128, liability for assessments must be ascertained without regard to application of any deductible, whether the employer or the insurer pays the losses. For all other taxes and assessments based on premium, the amount of premium or assessment must be determined after application of the deductible.

History: En. Sec. 8, Ch. 619, L. 1993; amd. Sec. 24, Ch. 186, L. 1995; amd. Sec. 9, Ch. 214, L. 2001; amd. Sec. 2, Ch. 365, L. 2015.

39-71-436 through 39-71-440 reserved.

39-71-441. Tribal employment coverage. The department may, as provided in Title 18, chapter 11, enter into an agreement with a tribal government to recognize, with the same effect as the exclusive remedy and benefits under plans No. 1, 2, and 3, tribal workers' compensation plans or self-insured plans that the department determines provide adequate coverage to persons who are:

(1) employed by an enrolled tribal member or by an association, business, corporation, or other entity at least 51% of which is owned by one or more enrolled tribal members; and

(2) working outside the exterior boundaries of an Indian reservation.

History: En. Sec. 1, Ch. 112, L. 2009.

39-71-442. Employer option for extraterritorial coverage. (1) Notwithstanding 39-71-118(8)(a), an employee of an employer in this state who is employed by the employer to work solely in North Dakota, and who is required by the laws of that state to be covered for workers' compensation purposes while working in that state, is not considered to be an employee in this state covered under Title 39, chapter 71, during any time that the employer maintains workers' compensation coverage for the employee in North Dakota. For purposes of this section, "work solely in North Dakota" means the employee does not perform job duties in Montana and coverage is required by the state of North Dakota. Travel that is commuting to and from a job site in North Dakota from a location in Montana does not constitute performing job duties in Montana even if the employer pays for all or a portion of the costs of travel or if the worker is paid for the travel time.

(2) A plan No. 1, 2, or 3 insurer providing coverage to the employer under this chapter may require proof of coverage in North Dakota and records of work in North Dakota. An insurer may use a verification of employment form, developed by the department, to request an attestation by the employer regarding the employees working solely in North Dakota.

(3) (a) This section does not exempt an employee from coverage under this chapter when the employee's usual job duties begin in this state and the employee is otherwise covered under 39-71-407(4)(a).

(b) This section exempts an employee from coverage under this chapter when the employee is engaged in travel while commuting as provided in subsection (1).

39-71-503. Uninsured employers' fund — purpose and administration of fund — maintaining balance for administrative costs — appropriation. (1) There is created an uninsured employers' fund in the state special revenue account to pay:

(a) to an injured employee of an uninsured employer the same benefits the employee would have received if the employer had been properly enrolled under compensation plan No. 1, 2, or 3, except as provided in subsection (3);

(b) the costs of investigating and prosecuting workers' compensation fraud under 2-15-2015; and

(c) the expenses incurred by the department in administering the uninsured employers' fund.

(2) The department may refer to the workers' compensation fraud office, established in 2-15-2015, cases involving:

(a) false or fraudulent claims for benefits; and

(b) criminal violations of 45-7-501.

(3) (a) Except as provided in subsection (3)(b), surpluses and reserves may not be kept for the fund. The department shall make payments that it considers appropriate as funds become available from time to time. The payment of weekly disability benefits takes precedence over the payment of medical benefits. Lump-sum payments of future projected benefits, including impairment awards, may not be made from the fund. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

(b) The department shall maintain at least a 3-month balance based on projected budget costs for administration of the fund. The balance for administrative costs may be used by the department only in administering the fund.

(c) The maximum aggregate medical benefits expenditure that may be made from the fund may not exceed $100,000 for any single claim regardless of whether the claim arises from an injury or an occupational disease.

(4) The amounts necessary for the payment of benefits from the fund are statutorily appropriated, as provided in 17-7-502, from the fund.

39-71-504. Funding of fund — option for agreement between department and injured employee. The fund is funded in the following manner:

(1) (a) The department may require that the uninsured employer pay to the fund a penalty of either up to double the premium amount the employer would have paid on the payroll of the employer's workers in this state if the employer had been enrolled with compensation plan No. 3 or $200, whichever is greater. In determining the premium amount for the calculation of the penalty under this subsection, the department shall make an assessment based on how much premium would have been paid on the employer's past 3-year payroll for periods within the 3 years when the employer was uninsured.

(b) The fund shall collect from an uninsured employer an amount equal to all benefits paid or to be paid from the fund to or on behalf of an injured employee of the uninsured employer.

(c) In addition to any amounts recovered under subsections (1)(a) and (1)(b), the fund shall collect a penalty of $200 from an employer that fails to obtain Montana workers' compensation insurance within 30 days of notice of the requirement.

(2) (a) An uninsured employer that fails to make timely penalty or claim reimbursement payments required under this part must be assessed a late fee of $50 for each late payment.

(b) Any unpaid balance owed to the fund under this part must accrue interest at 12% a year or 1% a month or fraction of a month. Interest on unpaid balances accrues from the date of the original billing.

(c) Late fees and interest assessed pursuant to this subsection (2) must be deposited into the fund for payment of administrative expenses and benefits.

(3) The department may enter into an agreement with the injured employee or the employee's beneficiaries to assign to the employee or the beneficiaries all or part of the funds collected by the department from the uninsured employer pursuant to subsection (1)(b).

39-71-506. Lien for payment of unpaid penalties, fees, and interest — levy and execution. (1) (a) If, upon demand of the department, an uninsured employer refuses to make the payments to the fund that are provided for in 39-71-504(1)(a), (1)(c), and (2), the unpaid penalties, fees, and interest have the effect of a judgment against the employer at the time the payments become due. After issuing an order to the uninsured employer requiring payment of penalties, fees, and interest and after the due process requirements of 39-71-2401(2) and (3) are satisfied, the department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is entered on the docket, it becomes a lien upon all real property of the uninsured employer. The department may enforce the judgment at any time within 10 years of creation of the lien.

(b) A judgment lien filed pursuant to this section may be renewed for another 10-year period upon motion of the lienholder or by a judgment for that purpose.

(2) The department may settle through compromise with an uninsured employer the amount due the fund under subsection (1).

39-71-507. Department to order uninsured employer to cease operations — noncompliance with order a misdemeanor — coordination of remedies. (1) When the department discovers an uninsured employer, it shall order the employer to cease operations until the employer has elected to be bound by a compensation plan.

(2) When the department discovers a person, business, or other entity functioning as a prime contractor that has subcontracted for the services of an uninsured employer, it may order the person, business, or other entity functioning as a prime contractor to cause all operations performed by the uninsured employer to cease at worksites controlled by the prime contractor until the uninsured employer has elected to be bound by a compensation plan. If after 3 business days following the order by the department the person, business, or other entity functioning as a prime contractor has not complied with the order, the department may order the prime contractor to cease all operations at the affected worksites.

(3) An employer who does not comply with the department's order to cease operations is guilty of a misdemeanor. Each day of violation is a separate offense. The county attorney may

prosecute a criminal action under this subsection in the county in which the violation occurs. Prosecution under this subsection does not bar the department from enforcing its order by a civil action.

(4) A person, business, or other entity functioning as a prime contractor that does not comply with the department's order to cease all operations is guilty of a misdemeanor. Each day of violation is a separate offense. The county attorney may prosecute a criminal action under this subsection in the county in which the violation occurs. Prosecution under this subsection does not bar the department from enforcing its order by a civil action. In addition, the department may assess a penalty against the person, business, or other entity functioning as a prime contractor of not more than $1,000 per day for each day of violation.

(5) The department may institute and maintain in the name of the state, through the attorney general or the county attorney of the county in which the violation occurs, an action for an injunction order or other civil remedy in district court to enforce its order to cease operations.

(6) The remedies provided in 39-71-506 and subsections (3) through (5) of this section are not mutually exclusive and may be pursued concurrently.

(1) An employee who suffers an injury arising out of and in the course of employment while working for an uninsured employer, as defined in 39-71-501, or an employee's beneficiaries in injuries resulting in death may pursue all remedies concurrently, including but not limited to:

(a) a claim for benefits from the uninsured employers' fund;

(2) An employee who is entitled to recover under this part is not liable to any third-party provider for services provided to the employee that are not reimbursed by the uninsured employers' fund.

(3) A third-party provider that is not fully reimbursed by the uninsured employers' fund for services provided to an injured employee may bring an action directly against the uninsured employer for the amount of services that were not paid by the uninsured employers' fund.

39-71-509. Action against uninsured employer — limitation of employer's defenses. If an injured employee or the employee's beneficiaries bring an action to recover damages for personal injuries sustained or for death resulting from personal injuries sustained, it is not a defense for the employer that the:

(1) employee was negligent unless the negligence was willful;

(2) injury was caused by the negligence of a fellow employee; or

(3) employee had assumed the risks inherent in, incident to, or arising out of the employee's employment or arising from the failure of the employer to provide and maintain a reasonably safe place to work or reasonably safe tools or appliances.

39-71-510. Limitation on benefit entitlement under fund. (1) Notwithstanding the provisions of 39-71-407, 39-71-503, and subsection (2) of this section, injured employees or an employee's beneficiaries who pursue a claim for benefits from the uninsured employers' fund are not granted an entitlement by this state for full workers' compensation benefits from the fund. Benefits from the fund must be paid in accordance with the money in the fund. If the department determines at any time that the money in the fund is not adequate to fully pay all claims, the department may make appropriate proportionate reductions in benefits to all claimants. The reductions do not entitle claimants to retroactive reimbursements in the future.

(2) The maximum medical benefits entitlement for any single claim against the fund is limited to an aggregate amount of $100,000.

39-71-511. Setoffs to claim against fund. A claim for benefits from the uninsured employers' fund must be discharged, finally or periodically, to the extent that an employee or the employee's beneficiaries receive actual monetary compensation by judgment or settlement from the uninsured employer, a third party who shares liability as defined in 39-71-412, or a fellow employee who shares liability as defined in 39-71-413.

History: En. Sec. 3, Ch. 601, L. 1985.

39-71-512 through 39-71-514 reserved.

39-71-515. Independent cause of action. (1) An injured employee or the employee's beneficiaries have an independent cause of action against an uninsured employer for failure to be enrolled in a compensation plan as required by this chapter.

(2) In an action described in subsection (1), prima facie liability of the uninsured employer exists if the claimant proves, by a preponderance of the evidence, that:

(a) the employer was required by law to be enrolled under compensation plan No. 1, 2, or 3 with respect to the claimant; and

(b) the employer was not enrolled on the date of the injury or death.

(3) It is not a defense to an action that the employee had knowledge of or consented to the employer's failure to carry insurance or that the employee was negligent in permitting the failure to exist.

(4) The amount of recoverable damages in an action is the amount of compensation that the employee would have received had the employer been properly enrolled under compensation plan No. 1, 2, or 3.

(5) A plaintiff who prevails in an action brought under this section is entitled to recover reasonable costs and attorney fees incurred in the action, in addition to damages.

In pursuing remedies under 39-71-501, 39-71-503 through 39-71-511, and 39-71-515 through 39-71-520, an injured employee or the employee's beneficiaries shall serve all pleadings and all other litigation papers on the department and the uninsured employer, regardless of whether the department or the uninsured employer is a party to the particular action to which the papers relate.

39-71-518. Setoffs against remaining liability. Any actual monetary compensation received by judgment or settlement by the injured employee or the employee's beneficiaries under 39-71-509 or 39-71-515 may be offset by the uninsured employer against the employer's remaining liability under those sections.

History: En. Sec. 9, Ch. 601, L. 1985; amd. Sec. 1547, Ch. 56, L. 2009.

39-71-519. Settlement. The department, the uninsured employer, the injured employee or the employee's beneficiaries, a third party who shares liability as defined in 39-71-412, or a fellow employee who shares liability as defined in 39-71-413 may enter into a settlement agreement to finally settle the rights and liabilities under 39-71-501, 39-71-503 through 39-71-511, and 39-71-515 through 39-71-520 of any or all of the parties. The settlement is subject to department approval in accordance with 39-71-741.

39-71-520. Time limit to appeal to mediation — petitioning workers' compensation court — failure to settle or petition. (1) A dispute concerning uninsured employers' fund benefits must be appealed to mediation within 90 days from the date of the determination by the department or the determination is considered final.

(2) (a) If the parties fail to reach a settlement through the mediation process, any party who disagrees with the department's determination may file a petition before the workers' compensation court.

(b) A party's petition must be filed within 60 days of the mailing of the mediator's report provided for in 39-71-2411 unless the parties stipulate in writing to a longer time period for filing the petition.

(c) If a settlement is not reached through mediation and a petition is not filed within 60 days of the mailing of the mediator's report, the determination by the department is final.

(d) A mediator's report is not a determination by the department for the purposes of this section. A determination by the department is final if an appeal to mediation described in subsection (1) or a petition described in subsection (2)(a) is not filed within the required time period.

History: En. Sec. 19, Ch. 555, L. 1993; amd. Sec. 5, Ch. 193, L. 2003; amd. Sec. 13, Ch. 112, L. 2009.

39-71-521. Burden of proof — insurance coverage. (1) In a proceeding brought by the department or an employer to resolve the issue of the existence of workers' compensation insurance coverage for that employer, the initial burden of proof is on the department to demonstrate that:

(a) the employer is required to have workers' compensation insurance coverage; and

(b) either:

(i) the database of the recognized agent providing proof of coverage indicates that no coverage is reported by an insurer to cover the employer's Montana operations; or

(ii) the department confirms with the insurer that reported coverage for the employer that the policy previously covering the employer's Montana operations has been canceled by that insurer.

(2) The burden then shifts to the employer to demonstrate that the employer is not required either to have workers' compensation insurance coverage or to produce a valid workers' compensation insurance policy covering the employer's Montana operations during the period of time in question. A valid workers' compensation insurance policy is one acknowledged by the insurer to be valid or adjudged to be valid by a court of competent jurisdiction.

History: En. Sec. 1, Ch. 214, L. 2001.

39-71-522. Inspection of construction sites — public policy — penalty. (1) In recognition of the benefit of fair competition among business competitors and the public policy of this state providing for enforcement of workers' compensation insurance coverage requirements, the legislature finds that it is reasonable to allow access by authorized employees of the department onto construction sites for the purpose of determining whether workers are appropriately covered by workers' compensation insurance or a valid exemption from insurance coverage.

(2) In order to determine if proper workers' compensation insurance coverage is in place or if a valid exemption is held by a worker present on a construction site, authorized employees of the department may enter onto any construction site for which a construction permit is required or has been issued.

(3) Upon presentation of proper credentials, department employees must be admitted to a construction site to:

(a) gather information relating to compliance with the coverage requirements of this chapter; and

(b) when appropriate, issue a notice of violation to a person who is in violation of 39-71-419.

(4) This section does not authorize the department's employees to engage in a breach of the peace. The department may request the assistance of appropriate local law enforcement agencies to peaceably enter a construction site.

(5) A person who purposely or knowingly restricts the access to a construction site by a credentialed department employee or who obstructs the employee in the performance of the employee's duties under this section commits the offense of obstruction of a public servant as provided in 45-7-302.

(6) As used in this section, the following definitions apply:

(a) "Construction permit" means any permit that can be issued pursuant to Title 50, chapter 60, and includes:

(i) a boiler permit;
(ii) a building permit;
(iii) an electrical permit;
(iv) an elevator permit;
(v) a mechanical permit; or
(vi) a plumbing permit.

(b) "Construction site" means any parcel of real property where work is being performed for which a construction permit is required or has been issued.

39-71-535. Collection of penalties, claim costs, late fees, and interest — liability for payment of collection costs. (1) If the department is unable to collect penalties, claim costs, late fees, or interest assessed pursuant to the provisions of this part, the department may assign the debt to a collection service or transfer the debt to the department of revenue pursuant to Title 17, chapter 4, part 1.

(2) (a) The reasonable collection costs of a collection service, if approved by the department, or assistance costs charged the department by the department of revenue pursuant to 17-4-103(3) may be added to the debt for which collection is being sought.

(b) (i) All money collected by the department of revenue is subject to the provisions of 17-4-106.

(ii) All money collected by a collection service must be paid to the department, except that the collection service may retain those collection costs or, if the total debt is not collected, that portion of collection costs that are approved by the department.

39-71-536 through 39-71-540 reserved.

39-71-541. Uninsured employer as party to benefits disputes — indemnification by uninsured employer for benefits paid — lien for payment — levy and execution. (1) An uninsured employer or an employer alleged to be uninsured is a party to all disputes concerning any benefits for which the employer may become obligated to indemnify the department pursuant to 39-71-504(1)(b).

(2) (a) After mediation pursuant to department rules, an uninsured employer or an employer alleged to be uninsured is joined as a party when a dispute over benefits is brought before the workers' compensation judge pursuant to 39-71-2905.

(b) The workers' compensation judge may enter a judgment, including a default judgment, requiring an uninsured employer to indemnify the department with respect to any benefits paid or ordered payable by the department in relation to the claim.

(c) If a judgment ordered under subsection (2)(b) includes a specific amount paid or ordered payable, the department may issue to the uninsured employer a certificate listing the amount of payment due and directing the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. The judgment becomes a lien on all real property of the uninsured employer from the time of being entered on the docket.

(3) (a) An uninsured employer is obligated to make claim reimbursements as provided in 39-71-504(1)(b), plus the interest and other charges assessed on the claim reimbursement as provided in 39-71-504(2), when demand for those payments is made to the uninsured employer.

(b) If the uninsured employer does not make the payments and does not dispute the obligation in the manner provided by 39-71-520, the department may issue a certificate listing the amount of payment due and directing the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. The judgment becomes a lien on all real property of the uninsured employer from the time of being entered on the docket.

(4) A judgment lien filed pursuant to this section may be renewed for another 10-year period upon motion of the lienholder or by a judgment for that purpose.

39-71-601. Statute of limitation on presentment of claim — waiver. (1) Except for a claim for benefits for occupational diseases pursuant to subsections (3) and (4), all claims in the case of personal injury or death must be forever barred unless signed by the claimant or the claimant's representative and presented in writing to the employer, the insurer, or the department within 12 months from the date of the happening of the accident, either by the claimant or someone legally authorized to act on the claimant's behalf.

(2) The insurer may waive the time requirement up to an additional 24 months upon a reasonable showing by the claimant of:

(a) lack of knowledge of disability;

(b) latent injury; or

(c) equitable estoppel.

(3) When a claimant seeks benefits for an occupational disease, the claimant's claims for benefits must be in writing, signed by the claimant or the claimant's representative, and presented to the employer, the employer's insurer, or the department within 1 year from the date that the claimant knew or should have known that the claimant's condition resulted from

an occupational disease. When a beneficiary seeks benefits under this chapter, claims for death benefits must be presented in writing to the employer, the employer's insurer, or the department within 1 year from the date that the beneficiary knew or should have known that the decedent's death was related to an occupational disease.

(4) Any dispute regarding the statute of limitations for filing time is considered a dispute that, after mediation pursuant to department rules, is subject to jurisdiction of the workers' compensation court.

39-71-602. Statute of limitation not to apply during minority or mental incompetency unless guardian appointed. No limitation of time as provided in 39-71-601 or in this chapter, known as the Workers' Compensation Act, shall run as against any injured worker who is mentally incompetent and without a guardian or an injured minor under 18 years of age who may be without a parent or guardian. A guardian in either case may be appointed by any court of competent jurisdiction, in which event the period of limitations as provided for in 39-71-601 shall begin to run on the date of appointment of such guardian or when such minor arrives at 18 years of age, whichever date is earlier.

(1) A claim to recover benefits under the Workers' Compensation Act for injuries not resulting in death may not be considered compensable unless, within 30 days after the occurrence of the accident that is claimed to have caused the injury, notice of the time and place where the accident occurred and the nature of the injury is given to the employer or the employer's insurer by the injured employee or someone on the employee's behalf. Actual knowledge of the accident and injury on the part of the employer or the employer's managing agent or superintendent in charge of the work in which the injured employee was engaged at the time of the injury is equivalent to notice.

(2) If a sole proprietor, partner, manager of a manager-managed limited liability company, member of a member-managed limited liability company, or corporate officer covered under this chapter is injured in an accident, the sole proprietor, partner, manager, member, or corporate officer or an appointed designee shall, within 30 days, notify the insurer of the time and location of the accident and the nature of the injury.

39-71-604. Application for compensation — disclosure and communication without prior notice of health care information. (1) If a worker is entitled to benefits under this chapter, the worker shall file with the insurer all reasonable information needed by the insurer to determine compensability. It is the duty of the worker's attending physician to lend all necessary assistance in making application for compensation and proof of other matters that may be required by the rules of the department without charge to the worker. The filing of forms or other documentation by the attending physician does not constitute a claim for compensation.

(2) A signed claim for workers' compensation or occupational disease benefits authorizes disclosure to the workers' compensation insurer, as defined in 39-71-116, or to the agent of a workers' compensation insurer by the health care provider. The disclosure authorized by this subsection authorizes the physician or other health care provider to disclose or release only information relevant to the claimant's condition. Health care information relevant to the

claimant's condition may include past history of the complaints of or the treatment of a condition that is similar to that presented in the claim, conditions for which benefits are subsequently claimed, other conditions related to the same body part, or conditions that may affect recovery. A release of information related to workers' compensation must be consistent with the provisions of this subsection. Authorization under this section is effective only as long as the claimant is claiming benefits. This subsection may not be construed to restrict the scope of discovery or disclosure of health care information, as allowed under the Montana Rules of Civil Procedure, by the workers' compensation court or as otherwise provided by law.

(3) A signed claim for workers' compensation or occupational disease benefits or a signed release authorizes a workers' compensation insurer, as defined in 39-71-116, or the agent of the workers' compensation insurer to communicate with a physician or other health care provider about relevant health care information, as authorized in subsection (2), by telephone, letter, electronic communication, in person, or by other means, about a claim and to receive from the physician or health care provider the information authorized in subsection (2) without prior notice to the injured employee, to the employee's authorized representative or agent, or in the case of death, to the employee's personal representative or any person with a right or claim to compensation for the injury or death.

(4) If death results from an injury, the parties entitled to compensation or someone in their behalf shall file a claim with the insurer. The claim must be accompanied with proof of death and proof of relationship, showing the parties entitled to compensation, certificate of the attending physician, if any, and such other proof as may be required by the department.

39-71-605. Examination of employee by physician — effect of refusal to submit to examination — report and testimony of physician — cost. (1) (a) Whenever in case of injury the right to compensation under this chapter would exist in favor of any employee, the employee shall, upon the written request of the insurer, submit from time to time to examination by a physician, psychologist, or panel that must be provided and paid for by the insurer and shall likewise submit to examination from time to time by any physician, psychologist, or panel selected by the department or as ordered by the workers' compensation judge.

(b) The request or order for an examination must fix a time and place for the examination, with regard for the employee's convenience, physical condition, and ability to attend at the time and place that is as close to the employee's residence as is practical. An examination that is conducted by a physician, psychologist, or panel licensed in another state is not precluded under this section. The employee is entitled to have a physician present at any examination. If the employee, after written request, fails or refuses to submit to the examination or in any way obstructs the examination, the employee's right to compensation must be suspended and is subject to the provisions of 39-71-607. Any physician, psychologist, or panel employed by the insurer or the department who makes or is present at any examination may be required to testify as to the results of the examination.

(2) In the event of a dispute concerning the physical condition of a claimant or the cause or causes of the injury or disability, if any, the department or the workers' compensation judge, at the request of the claimant or insurer, as the case may be, shall require the claimant to submit to an examination as it considers desirable by a physician, psychologist, or panel within the state or elsewhere that has had adequate and substantial experience in the particular field of medicine concerned with the matters presented by the dispute. The physician, psychologist, or panel making the examination shall file a written report of findings with the claimant and insurer for their use in the determination of the controversy involved. The requesting party shall pay the physician, psychologist, or panel for the examination.

(3) As used in this section, a panel includes a practitioner having substantial experience in the field of medicine concerned with the matters presented by the dispute and whose licensure would qualify the practitioner to act as a treating physician, as defined in 39-71-116, and may include a psychologist.

(4) A claimant is required, upon a written request of an insurer, to submit to a functional capacities evaluation conducted by a licensed physical or occupational therapist.

39-71-606. Insurer to accept or deny claim within 30 days of receipt — notice of benefits and entitlements to claimants — notice of denial — notice of reopening — notice to employer — employer's right to loss information. (1) Each insurer under any plan for the payment of workers' compensation benefits shall, within 30 days of receipt of a claim for compensation signed by the claimant or the claimant's representative, either accept or deny the claim and, if denied, shall inform the claimant and the department in writing of the denial.

(2) The department shall make available to insurers for distribution to claimants sufficient copies of a document describing current benefits and entitlements available under Title 39, chapter 71. On receipt of a claim, each insurer shall promptly notify the claimant in writing of potential benefits and entitlements available by providing the claimant a copy of the document prepared by the department.

(3) Each insurer under plan No. 2 or No. 3 for the payment of workers' compensation benefits shall notify the employer of the reopening of the claim within 14 days after the reopening of a claim for the purpose of paying compensation benefits.

(4) (a) When requested by an employer that an insurer currently insures or has insured in the immediately preceding 5 years or when requested by the employer's designated insurance producer, an insurer shall provide the loss information listed in subsection (4)(b) within 10 days of the request.

(b) Loss information provided under this subsection (4) must include for the period requested:

(i) all date of injury or occupational disease data for the employer's claims;

(ii) payment data on the employer's closed claims; and

(iii) payment data and loss reserve amounts on the employer's open claims, including all compensation benefits that are ongoing and are being charged against that employer's account.

(c) The information provided under this subsection (4) is confidential insurance information. The information may be used by the employer for internal management purposes or for procuring insurance products but may not be disclosed for any other purpose without the express written consent of the insurer.

(5) Failure of an insurer to comply with the time limitations required in subsections (1) and (3) does not constitute an acceptance of a claim as a matter of law. However, an insurer who fails to comply with 39-71-608 or subsections (1) and (3) of this section may be assessed a penalty under 39-71-2907 if a claim is determined to be compensable by the workers' compensation court.

39-71-607. Suspension of payments by insurer pending receipt of medical information. Under rules adopted by the department, an insurer may suspend compensation payments pending the receipt of medical information when an injured worker unreasonably fails to keep scheduled medical appointments. If, after a medical examination, the injured worker is released to return to work, the worker forfeits the right to any suspended benefits.

History: En. Sec. 2, Ch. 477, L. 1973; amd. Sec. 2, Ch. 173, L. 1974; R.C.M. 1947, 92-616(part); amd. Sec. 64, Ch. 613, L. 1989; amd. Sec. 4, Ch. 619, L. 1993.

39-71-608. Payments within 30 days by insurer without admission of liability or waiver of defense authorized — notice — limitations on payments over 90 days. (1) An insurer may, after written notice to the claimant and the department, make payment of compensation benefits within 30 days of receipt of a claim for compensation without the payments being construed as an admission of liability or a waiver of any right of defense.

(2) An insurer may not make payments pursuant to this section for more than 90 days without:

(a) written consent of the claimant; or

(b) approval of the department.

History: **En. Sec. 1, Ch. 477, L. 1973; amd. Sec. 1, Ch. 173, L. 1974; R.C.M. 1947, 92-615(part); amd. Sec. 64, Ch. 613, L. 1989; amd. Sec. 7, Ch. 103, L. 2005.**

39-71-609. Denial of claim after payments made or termination of all benefits or reduction to partial benefits by insurer — 14-day notice required — criteria for conversion of benefits. (1) Except as provided in subsection (2), if an insurer determines to deny a claim on which payments have been made under 39-71-608 during a time of further investigation or, after a claim has been accepted, terminates all biweekly compensation benefits, it may do so only after 14 days' written notice to the claimant, the claimant's authorized representative, if any, and the department. For injuries occurring prior to July 1, 1987, an insurer shall give 14 days' written notice to the claimant before reducing benefits from total to partial. However, if an insurer has knowledge that a claimant has returned to work, compensation benefits may be terminated as of the time the claimant returned to work.

(2) Temporary total disability benefits may be terminated on the date that the worker has been released to return to work in some capacity. Unless the claimant is found, at maximum healing, to be without a permanent physical impairment from the injury, the insurer, prior to converting temporary total disability benefits or temporary partial disability benefits to permanent partial disability benefits:

(a) must have a physician's determination that the claimant has reached medical stability;

(b) must have a physician's determination of the claimant's physical restrictions resulting from the industrial injury;

(c) must have a physician's determination, based on the physician's knowledge of the claimant's job analysis prepared by a rehabilitation provider, that the claimant can return to work, with or without restrictions, on the job on which the claimant was injured or on another job for which the claimant is suited by age, education, work experience, and physical condition;

(d) shall give notice to the claimant of the insurer's receipt of the report of the physician's determinations required pursuant to subsections (2)(a) through (2)(c). The notice must be attached to a copy of the report.

History: **En. Sec. 1, Ch. 477, L. 1973; amd. Sec. 1, Ch. 173, L. 1974; R.C.M. 1947, 92-615(part); amd. Sec. 8, Ch. 103, L. 1979; amd. Sec. 5, Ch. 333, L. 1989; amd. Sec. 64, Ch. 613, L. 1989; amd. Sec. 10, Ch. 243, L. 1995; amd. Sec. 1, Ch. 174, L. 2001.**

39-71-610. Termination of benefits by insurer — department order to pay disputed benefits prior to hearing or mediation — limitation on order — right of reimbursement. If an insurer terminates biweekly compensation benefits and the termination of compensation benefits is disputed by the claimant, the department may, upon written request, order an insurer to pay additional biweekly compensation benefits prior to a hearing before the workers' compensation court or prior to mediation, but the biweekly compensation benefits may not be ordered to be paid under this section for a period exceeding 49 days or for any period subsequent to the date of the hearing or mediation. A party may appeal this order to the workers' compensation court. A proceeding in the workers' compensation court brought pursuant to this section is a new proceeding and is not subject to mediation. If after a hearing before the workers' compensation court it is held that the insurer was not liable for the compensation payments ordered by the department, the insurer has the right to be reimbursed for the payments by the claimant.

39-71-611. Costs and attorney fees payable on denial of claim or termination of benefits later found compensable — barring of attorney fees under common fund and other doctrines. (1) The insurer shall pay reasonable costs and attorney fees as established by the workers' compensation court if:

(a) the insurer denies liability for a claim for compensation or terminates compensation benefits;

(b) the claim is later adjudged compensable by the workers' compensation court; and

(c) in the case of attorney fees, the workers' compensation court determines that the insurer's actions in denying liability or terminating benefits were unreasonable.

(2) A finding of unreasonableness against an insurer made under this section does not constitute a finding that the insurer acted in bad faith or violated the unfair trade practices provisions of Title 33, chapter 18.

(3) Attorney fees may be awarded only under the provisions of subsection (1) and may not be awarded under the common fund doctrine or any other action or doctrine in law or equity.

History: En. Sec. 2, Ch. 477, L. 1973; amd. Sec. 2, Ch. 173, L. 1974; R.C.M. 1947, 92-616(part); amd. Sec. 2, Ch. 63, L. 1979; amd. Sec. 16, Ch. 464, L. 1987; amd. Sec. 2, Ch. 464, L. 2003.

39-71-612. Costs and attorney fees that may be assessed against insurer by workers' compensation judge — barring of attorney fees under common fund or other doctrines. (1) If an insurer pays or submits a written offer of payment of compensation under this chapter but controversy relates to the amount of compensation due, the case is brought before the workers' compensation judge for adjudication of the controversy, and the award granted by the judge is greater than the amount paid or offered by the insurer, reasonable attorney fees and costs as established by the workers' compensation judge if the case has gone to a hearing may be awarded by the judge in addition to the amount of compensation.

(2) An award of attorney fees under subsection (1) may be made only if it is determined that the actions of the insurer were unreasonable. Any written offer of payment made 30 days or more before the date of hearing must be considered a valid offer of payment for the purposes of this section.

(3) A finding of unreasonableness against an insurer made under this section does not constitute a finding that the insurer acted in bad faith or violated the unfair trade practices provisions of Title 33, chapter 18.

(4) Attorney fees may be awarded only under the provisions of subsections (1) and (2) and may not be awarded under the common fund doctrine or any other action or doctrine in law or equity.

39-71-613. Regulation of attorney fees — forfeiture of fee for noncompliance — return of fee when claimant received benefits through fraud or deception. (1) When an attorney represents or acts on behalf of a claimant or any other party on any workers' compensation claim, the attorney shall submit to the department a contract of employment, on a form provided by the department, stating specifically the terms of the fee arrangement between the attorney and the claimant.

(2) The department may regulate the amount of the attorney fees in any workers' compensation case. In regulating the amount of the fees, the department shall consider:

(a) the benefits the claimant gained due to the efforts of the attorney;

(b) the time the attorney was required to spend on the case;

(c) the complexity of the case; and

(d) any other relevant matter the department may consider appropriate.

(3) An attorney who violates a provision of this section, a rule adopted under this section, or an order fixing attorney fees under this section forfeits the right to any fees that the attorney collected or was entitled to collect.

(4) If, after an attorney receives attorney fees and costs assessed against an insurer, the claimant is convicted of having obtained benefits through fraud or deception, the attorney fees and costs for obtaining the benefits must be returned to the insurer by the attorney.

(5) (a) A dispute concerning the forfeiture or return of attorney fees is considered a dispute for which the workers' compensation court has original jurisdiction and is not subject to mediation or a contested case hearing.

(b) The parties to a dispute referred to in subsection (5)(a) may voluntarily request a mediator appointed by the department and proceed to nonbinding mediation.

39-71-614. Calculation of attorney fees — limitation. (1) The amount of an attorney's fee assessed against an insurer under 39-71-611 or 39-71-612 must be based exclusively on the time spent by the attorney in representing the claimant on the issues brought to hearing. The attorney must document the time spent, but the judge is not bound by the documentation submitted.

(2) The judge shall determine a reasonable attorney fee and assess costs. The hourly rate applied to the time spent must be based on the attorney's customary and current hourly rate for legal work performed in this state, subject to a maximum established by the department.

(3) This section does not restrict a claimant and an attorney from entering into a contingency fee arrangement under which the attorney receives a percentage of the amount of compensation payments received by the claimant because of the efforts of the attorney. However, an amount equal to any fee and costs assessed against an insurer under 39-71-611 or 39-71-612 and this section must be deducted from the fee an attorney is entitled to from the claimant under a contingency fee arrangement.

39-71-615. Payment of medical claims without acceptance of liability. (1) An insurer may pay a medical claim that is based upon the report of a nonwage loss injury or occupational disease without the payments being construed as an acceptance of liability for the claim.

(2) An insurer shall, within 10 days of making payment under subsection (1), notify the worker of the payment of the medical claim without acceptance of liability.

(3) Upon written request by a worker for the payment of indemnity benefits or for a determination of liability, the insurer shall investigate the claim to determine liability for the injury or occupational disease under 39-71-606 or 39-71-608.

39-71-701. Compensation for temporary total disability — exception. (1) Subject to the limitation in 39-71-736 and subsection (4) of this section, a worker is eligible for temporary total disability benefits:

(a) when the worker suffers a total loss of wages as a result of an injury and until the worker reaches maximum healing; or

(b) until the worker has been released to return to the employment in which the worker was engaged at the time of the injury or to employment with similar physical requirements.

(2) The determination of temporary total disability must be supported by a preponderance of objective medical findings.

(3) Weekly compensation benefits for injury producing temporary total disability are 66⅔% of the wages received at the time of the injury. The maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury. Temporary total disability benefits must be paid for the duration of the worker's temporary disability. The weekly benefit amount may not be adjusted for cost of living as provided in 39-71-702(5).

(4) If the treating physician releases a worker to return to the same, a modified, or an alternative position that the individual is able and qualified to perform with the same employer at an equivalent or higher wage than the individual received at the time of injury, the worker is no longer eligible for temporary total disability benefits even though the worker has not reached

maximum healing. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available to the worker for any reason except for the worker's incarceration as provided for in 39-71-744, resignation, or termination for disciplinary reasons caused by a violation of the employer's policies that provide for termination of employment and if the worker continues to be temporarily totally disabled, as defined in 39-71-116.

(5) In cases in which it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for the week, which amount is to be calculated from the date of the disability social security entitlement.

(6) If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan.

(7) A worker may not receive both wages and temporary total disability benefits without the written consent of the insurer. A worker who receives both wages and temporary total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301.

39-71-702. Compensation for permanent total disability. (1) If a worker is no longer temporarily totally disabled and is permanently totally disabled, as defined in 39-71-116, the worker is eligible for permanent total disability benefits. Permanent total disability benefits must be paid for the duration of the worker's permanent total disability, subject to 39-71-710.

(2) The determination of permanent total disability must be supported by a preponderance of objective medical findings.

(3) Weekly compensation benefits for an injury resulting in permanent total disability are 66⅔% of the wages received at the time of the injury. The maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury.

(4) In cases in which it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for the week, which amount is to be calculated from the date of the disability social security entitlement.

(5) A worker's benefit amount must be adjusted for a cost-of-living increase on the next July 1 after 104 weeks of permanent total disability benefits have been paid and on each succeeding July 1. The adjustment must be the percentage increase, if any, in the state's average weekly wage as adopted by the department over the state's average weekly wage adopted for the previous year.

(6) A worker may not receive both wages and permanent total disability benefits without the written consent of the insurer. A worker who receives both wages and permanent total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301.

(7) If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan.

Sec. 1, Ch. 138, L. 2003.

39-71-703. Compensation for permanent partial disability. (1) If an injured worker suffers a permanent partial disability and is no longer entitled to temporary total or permanent total disability benefits, the worker is entitled to a permanent partial disability award if that worker:

(a) has an actual wage loss as a result of the injury; and

(b) has a permanent impairment rating as determined by the sixth edition of the American medical association Guides to the Evaluation of Permanent Impairment for the ratable condition. The ratable condition must be a direct result of the compensable injury or occupational disease that:

(i) is not based exclusively on complaints of pain;

(ii) is established by objective medical findings; and

(iii) is more than zero.

(2) When a worker receives a Class 2 or greater class of impairment as converted to the whole person, as determined by the sixth edition of the American medical association Guides to the Evaluation of Permanent Impairment for the ratable condition, and has no actual wage loss as a result of the compensable injury or occupational disease, the worker is eligible to receive payment for an impairment award only.

(3) The permanent partial disability award must be arrived at by multiplying the percentage arrived at through the calculation provided in subsection (5) by 400 weeks.

(4) A permanent partial disability award granted an injured worker may not exceed a permanent partial disability rating of 100%.

(5) The percentage to be used in subsection (4) must be determined by adding all of the following applicable percentages to the whole person impairment rating:

(a) if the claimant is 40 years of age or younger at the time of injury, 0%; if the claimant is over 40 years of age at the time of injury, 1%;

(b) for a worker who has completed less than 12 years of education, 1%; for a worker who has completed 12 years or more of education or who has received a high school equivalency diploma, 0%;

(c) if a worker has no actual wage loss as a result of the industrial injury, 0%; if a worker has an actual wage loss of $2 or less an hour as a result of the industrial injury, 10%; if a worker has an actual wage loss of more than $2 an hour as a result of the industrial injury, 20%. Wage loss benefits must be based on the difference between the actual wages received at the time of injury and the wages that the worker earns or is qualified to earn after the worker reaches maximum healing.

(d) if a worker, at the time of the injury, was performing heavy labor activity and after the injury the worker can perform only light or sedentary labor activity, 5%; if a worker, at the time of injury, was performing heavy labor activity and after the injury the worker can perform only medium labor activity, 3%; if a worker was performing medium labor activity at the time of the injury and after the injury the worker can perform only light or sedentary labor activity, 2%.

(6) The weekly benefit rate for permanent partial disability is 66⅔% of the wages received at the time of injury, but the rate may not exceed one-half the state's average weekly wage. The weekly benefit amount established for an injured worker may not be changed by a subsequent adjustment in the state's average weekly wage for future fiscal years.

(7) An undisputed impairment award may be paid biweekly or in a lump sum at the discretion of the worker. Lump sums paid for impairments are not subject to the requirements of 39-71-741, except that lump-sum payments for benefits not accrued may be reduced to present value at the rate established by the department pursuant to 39-71-741(5).

(8) If a worker suffers a subsequent compensable injury or injuries to the same part of the body, the award payable for the subsequent injury may not duplicate any amounts paid for the previous injury or injuries.

(9) If a worker is eligible for a rehabilitation plan, permanent partial disability benefits payable under this section must be calculated based on the wages that the worker earns or would be qualified to earn following the completion of the rehabilitation plan.

(10) As used in this section:

(a) "heavy labor activity" means the ability to lift over 50 pounds occasionally or up to 50 pounds frequently;

(b) "medium labor activity" means the ability to lift up to 50 pounds occasionally or up to 25 pounds frequently;

(c) "light labor activity" means the ability to lift up to 20 pounds occasionally or up to 10 pounds frequently; and

(d) "sedentary labor activity" means the ability to lift up to 10 pounds occasionally or up to 5 pounds frequently.

39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury or occupational disease and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services, including prescription drugs for conditions that are a direct result of the compensable injury or occupational disease, for those periods specified in this section.

(b) Subject to the limitations in this chapter, the insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a health care provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a health care provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) (i) The benefits provided for in this section terminate 60 months from the date of injury or diagnosis of an occupational disease. A worker may request reopening of medical benefits that were terminated under this subsection (1)(f) as provided in 39-71-717.

(ii) Subsection (1)(f)(i) does not apply to a worker who is permanently totally disabled as a result of a compensable injury or occupational disease or for the repair or replacement of a prosthesis furnished as a direct result of a compensable injury or occupational disease.

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under this subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) (a) The department shall annually establish a schedule of fees for medical services that are necessary for the treatment of injured workers. Regardless of the date of injury, payment for medical services is based on the fee schedule rates in this section in effect on the date on which the medical service is provided. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule.

(b) (i) The department may not set the rate for medical services at a rate greater than 10% above the average of the conversion factors used by up to the top five insurers or third-party administrators providing group health insurance coverage within this state who use the resource-based relative value scale to determine fees for covered services. To be included in the rate determination, the insurer or third-party administrator must occupy at least 1% of the market share for group health insurance policies as reported annually to the state auditor.

(ii) The insurers or third-party administrators included under subsection (2)(b)(i) shall provide their standard conversion rates to the department.

(iii) The department may use the conversion rates only for the purpose of determining average conversion rates under this subsection (2).

(iv) The department shall maintain the confidentiality of the conversion rates.

(c) The fee schedule rates established in subsection (2)(b), when adopted, must be based on the following standards as adopted by the centers for medicare and medicaid services, regardless of where services are provided:

(i) the American medical association current procedural terminology codes, as those codes exist on January 1 of each year;

(ii) the healthcare common procedure coding system, as those codes and their relative weights exist on January 1 of each year;

(iii) the medicare severity diagnosis-related groups, as those codes and their relative weights exist on January 1 of each year;

(iv) the ambulatory payment classifications, as those codes and their relative weights exist on January 1 of each year;

(v) the ratio of costs to charges for each hospital, as those codes exist on January 1 of each year;

(vi) the national correct coding initiative edits, as those codes exist on January 1 of each year; and

(vii) the relative value units in the published resource-based relative value scale, as those codes exist on January 1 of each year.

(d) The department may establish additional codes and coding standards for use by providers when billing for medical services under this section.

(3) (a) The department shall establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a rebuttable presumption that the adopted utilization and treatment guidelines establish compensable medical treatment for an injured worker.

(b) (i) The department may adopt a drug formulary as part of its utilization and treatment guidelines. To implement this section, the department may annually adopt by rule an evidence-based commercial or other evidence-based drug formulary as part of its utilization and treatment guidelines.

(ii) If the department adopts a commercial drug formulary, the formulary automatically includes all of the changes and updates furnished by the commercial vendor that are made during the year. This process is independent of the provisions of 2-4-307.

(iii) If the department adopts a drug formulary, the department shall, by rule, provide for:

(A) an appropriate transition of treatment, if the treatment began prior to the adoption of a drug formulary, to treatment that is consistent with the application of the formulary; and

(B) a timely and responsive dispute resolution process for disputes related to use of the formulary.

(c) An insurer is not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer. If prior authorization is not requested or obtained from the insurer, an injured worker is not responsible for payment of the medical treatment or services.

(d) The department, in consultation with health care providers with relevant experience and education, shall provide for an annual review of the evidence-based utilization and treatment guidelines to consider amendments or changes to the guidelines.

(4) The department shall hire a medical director. The department may establish by rule an independent medical review process for treatment or services denied by an insurer pursuant to subsection (3) prior to mediation under 39-71-2401.

(5) For services available in Montana, insurers may pay facilities located outside Montana according to the workers' compensation fee schedule of the state where the medical service is performed.

(6) (a) An insurer shall make payments at the fee schedule rate within 30 days of receipt of medical bills for which a claim has been accepted and for which no other disputes exist. Disputes must be defined by the department by rule.

(b) Any unpaid balance under this subsection (6) accrues interest at 12% a year or 1% a month or a fraction of a month. If the charge is not paid within 30 days, interest on the unpaid balance accrues from the date of receipt of the original billing.

(7) Once a determination has been made regarding the correct reimbursement amount, any overpayment made to a health care provider must be reimbursed to the insurer within 30 days of the determination. Any reimbursement amount remaining unpaid after 30 days accrues interest at 12% a year or 1% a month or a fraction of a month. Interest on the reimbursement amount remaining unpaid accrues from the date of receipt of the determination of the correct reimbursement amount.

(8) For a critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge.

(9) Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

(10) After mediation pursuant to department rules, an unresolved dispute between an insurer and a health care provider regarding the amount of a fee for medical services may be brought before the workers' compensation court.

(11) (a) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) "Visit", as used in this subsection (11), means each time that the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;

(ii) a physical therapist;

(iii) a psychologist; or

(iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection (11)(a) if the visit is for treatment requested by an insurer.

39-71-708. Compensation for disfigurement. (1) Injured workers who suffer serious face, head, or neck disfigurement may be entitled to benefits not to exceed $2,500, in addition to benefits payable under 39-71-703.

(2) A payment under this section may not be in lieu of the separate benefit of medical and hospital services or of any benefits paid under 39-71-701 for temporary total disability.

39-71-710. Termination of benefits upon retirement. (1) If a claimant is receiving disability or rehabilitation compensation benefits and the claimant receives social security retirement benefits or is eligible to receive or is receiving full social security retirement benefits or retirement benefits from a system that is an alternative to social security retirement, the claimant is considered to be retired. When the claimant is retired, the liability of the insurer is ended for payment of permanent partial disability benefits other than the impairment award, payment of permanent total disability benefits, and payment of rehabilitation compensation benefits. However, the insurer remains liable for temporary total disability benefits, any impairment award, and medical benefits.

(2) If a claimant who is eligible under subsection (1) to receive retirement benefits and while gainfully employed suffers a work-related injury, the insurer retains liability for temporary total disability benefits, any impairment award, and medical benefits.

History: En. Sec. 1, Ch. 386, L. 1981; amd. Sec. 27, Ch. 464, L. 1987; amd. Sec. 14, Ch. 243, L. 1995; amd. Sec. 13, Ch. 516, L. 1995.

39-71-711. Impairment evaluation — ratings. (1) An impairment rating:

(a) is a purely medical determination and must be determined by an impairment evaluator after a claimant has reached maximum healing;

(b) must be based on the sixth edition of the American medical association Guides to the Evaluation of Permanent Impairment;

(c) must be expressed as a percentage of the whole person; and

(d) must be established by objective medical findings and may not be based exclusively on complaints of pain.

(2) A claimant or insurer, or both, may obtain an impairment rating from an evaluator if the injury falls within the scope of the evaluator's practice and if the evaluator is one of the following:

(a) a physician or an osteopath licensed under Title 37, chapter 3, with admitting privileges to practice in one or more hospitals, if any, in the area where the physician or osteopath is located;

(b) a chiropractor licensed under Title 37, chapter 12;

(c) a physician assistant licensed under Title 37, chapter 20, if there is not a physician as provided for in subsection (2)(a) in the area where the physician assistant is located;

(d) a dentist licensed under Title 37, chapter 4;

(e) an advanced practice registered nurse licensed under Title 37, chapter 8; or

(f) for a claimant residing out of state or upon approval of the insurer, an evaluator referred to in subsections (2)(a) through (2)(e) who is licensed or certified in another state.

(3) If the claimant and insurer cannot agree upon the rating, the mediation procedure in Title 39, chapter 71, part 24, must be followed.

(4) Disputes over impairment ratings are subject to the provisions of 39-71-605.

History: En. Sec. 24, Ch. 464, L. 1987; amd. Sec. 2, Ch. 161, L. 1989; amd. Sec. 64, Ch. 613, L. 1989; amd. Sec. 7, Ch. 558, L. 1991; amd. Sec. 15, Ch. 243, L. 1995; amd. Sec. 2, Ch. 141, L. 2005; amd. Sec. 17, Ch. 112, L. 2009; amd. Sec. 11, Ch. 167, L. 2011.

39-71-712. Temporary partial disability benefits. (1) Subject to the provisions of subsection (5), if prior to maximum healing an injured worker has a physical restriction and is approved to return to a modified or alternative employment that the worker is able and qualified to perform and the worker suffers an actual wage loss as a result of a temporary work restriction, the worker qualifies for temporary partial disability benefits.

(2) An insurer's liability for temporary partial disability must be the difference between the injured worker's average weekly wage received at the time of the injury, subject to a maximum of 40 hours a week, and the actual weekly wages earned during the period that the claimant is temporarily partially disabled, not to exceed the injured worker's temporary total disability benefit rate.

(3) Except as provided in subsection (5), a worker is not eligible for temporary partial disability benefits or temporary total disability benefits if:

(a) the worker has been released by the treating physician to return to a modified or alternative position that the individual is able and qualified to perform with the same employer;

(b) the wages payable in the modified or alternative position, when combined with the temporary partial disability benefits, would result in an equivalent or higher wage than the worker received at the time of injury; and

(c) the worker refuses to accept the modified or alternative position. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available to the worker for any reason except for the worker's incarceration as provided for in 39-71-744, resignation, or termination for disciplinary reasons caused by a violation of the employer's policies that provide for termination of employment and if the worker continues to be temporarily totally disabled as defined in 39-71-116.

(4) Temporary partial disability may not be credited against any permanent partial disability award or settlement under 39-71-703.

(5) Unless a collective bargaining agreement precludes an injured worker from working in a modified or alternative position with a different employer or includes criteria different from those outlined in this subsection (5), an injured worker who has not reached maximum healing and who has a physical restriction may return to a modified or alternative position with

a different employer at the same or a lower rate of wages as the rate paid by the employer at the time of injury if:

(a) a modified or alternative employment with the employer at the time of injury is not provided and the injured worker and that employer agree to the modified or alternative position with a different employer;

(b) a written description and all required duties of the modified or alternative position with a different employer are approved by the treating physician;

(c) both the employer at the time of injury and the injured worker agree to the type of alternative work, the alternative employer, and the terms and conditions of employment, including payment of benefits and employment taxes for the modified or alternative position with a different employer;

(d) an employee is not displaced as a result of the injured worker's placement in the modified or alternative position with a different employer; and

(e) the employer at the time of injury, the different employer, and the injured worker agree in writing to the terms and conditions, including payment of benefits, covering the injured worker for subsequent injury, unemployment insurance, employment taxes, and liability and provide a copy of the agreement to the injured employee.

(6) Any additional expenses related to the modified or alternative position, including travel, equipment, or training, must be paid by either the employer at the time of injury or the different employer and may not be charged to or deducted from the wages or benefits of the injured employee.

(7) Notwithstanding a written agreement between the employer at the time of injury and a different employer, the employer at the time of injury is the primary employer if a dispute over wages, benefits, employment taxes, workers' compensation insurance, or other terms or conditions of employment occurs.

(8) The injured worker may refuse to accept a modified or alternative position with an employer other than the employer at the time of injury without penalty. If the injured worker is offered a modified or alternative position with a different employer, the injured worker must be given written notice of the right of refusal from the employer at the time of injury and the insurer prior to beginning work with the different employer.

39-71-713. Compensation for occupational diseases and medical benefits — diminution of compensation. (1) Compensation for occupational diseases must be equal to the compensation and medical benefits provided for injuries in this chapter.

(2) When the same medical condition may be claimed as an injury and an occupational disease, compensation payable to the claimant, the claimant's beneficiaries, or the claimant's dependents may not be duplicated for the same conditions over the same time period.

History: En. Sec. 2, Ch. 416, L. 2005.

39-71-714. Autopsy. Upon the filing of a claim for compensation for death caused by an occupational disease, if an autopsy is necessary to determine the cause of death, an autopsy may be requested by an insurer. The autopsy must be made under the supervision of the county coroner or a medical examiner. The expense of the autopsy must be paid by the insurer.

History: En. Sec. 3, Ch. 416, L. 2005.

39-71-715. Benefits for pneumoconiosis — definition. (1) Pneumoconiosis is an occupational disease that is compensable under this part. However, any benefits granted a claimant under this chapter for pneumoconiosis must be reduced, but not below zero, by an amount equal to the benefits granted the claimant under any program under federal law that pays benefits for a claimant suffering disability from pneumoconiosis.

(2) "Pneumoconiosis" means a chronic dust disease of the lungs arising out of employment in coal mines and includes anthracosis, coal workers' pneumoconiosis, silicosis, or anthracosilicosis arising out of employment.

History: En. Sec. 4, Ch. 416, L. 2005.

39-71-716. Prohibiting supplementing of benefits. A person receiving compensation or benefits under chapter 73 of this title is not entitled to compensation or benefits under this chapter.

History: En. Sec. 5, Ch. 416, L. 2005.

39-71-717. Reopening of terminated medical benefits — medical review. (1) A petition to reopen medical benefits that terminate under 39-71-704(1)(f) must be reviewed as provided in this section.

(2) Medical benefits may be reopened only if the worker's medical condition is a direct result of the compensable injury or occupational disease and requires medical treatment in order to allow the worker to continue to work or return to work. Medical benefits closed by settlement or court order are not subject to reopening.

(3) A review of a petition to reopen medical benefits must be conducted by a medical review panel as provided in subsection (4) or, if stipulated by the worker and the insurer, solely by the department's medical director.

(4) The medical review panel must be composed of the department's medical director and two additional physicians who are licensed to practice medicine in Montana and who have expertise and experience in the area of medicine that is relevant to the worker's condition. The department's medical director shall serve as the presiding officer of the medical review panel. Participants on the medical review panel must be reimbursed as provided in 2-18-501 through 2-18-503 if travel is required for a review and must be paid a reasonable fee for services.

(5) A petition for reopening of medical benefits must be filed with the department within 5 years of the termination of medical benefits pursuant to 39-71-704(1)(f). A petition may not be filed more than 90 days before benefits are to terminate.

(6) Upon receipt of a petition to reopen medical benefits, the department shall request from the insurer a copy of the worker's medical records contained in the insurer's claim file. The worker or the insurer may submit additional information that is relevant to the petition to reopen medical benefits.

(7) The proof necessary to support reopening of medical benefits must be a preponderance of the evidence.

(8) Within 60 days of the submission of a petition to reopen medical benefits, the medical review panel or the department's medical director shall issue a report. The report must provide the rationale for the decision reached. A report issued by the medical review panel must be supported by a majority of the panel members. If the report concludes that medical benefits must be reopened, the report must state the extent to which the benefits must be reopened consistent with the utilization and treatment guidelines. Benefits reopened pursuant to this section remain open for 2 years or until maximum medical improvement is achieved following surgery or the recommended medical treatment, whichever occurs first. If the medical panel specifically approves treatment beyond 2 years, medical benefits remain open for as long as recommended by the medical panel. The petitioner and the insurer shall submit updated information to the medical panel every 2 years, and every subsequent 2 years the medical panel shall review the claims that were reopened for longer than 2 years to determine whether to change the previous recommendation.

(9) A party aggrieved by a decision of the department's medical director or medical review panel may, after satisfying the dispute resolution requirements provided in this chapter, file a petition with the workers' compensation court. The report of the department's medical director or the medical review panel is presumed to be correct and may be overcome only by clear and convincing evidence.

39-71-718 through 39-71-720 reserved.

39-71-721. Compensation for injury causing death — limitation. (1) (a) If an injured employee dies and the injury was the proximate cause of the death, the beneficiary of the deceased is entitled to the same compensation as though the death occurred immediately following the injury. A beneficiary's eligibility for benefits commences after the date of death, and the benefit level is established as set forth in subsection (2).

(b) The insurer is entitled to recover any overpayments or compensation paid in a lump sum to a worker prior to death but not yet recouped. The insurer shall recover the payments from the beneficiary's biweekly payments as provided in 39-71-741(5).

(2) To beneficiaries as defined in 39-71-116(4)(a) through (4)(d), weekly compensation benefits for an injury causing death are 66⅔% of the decedent's wages. The maximum weekly compensation benefit may not exceed the state's average weekly wage at the time of injury. The minimum weekly compensation benefit is 50% of the state's average weekly wage, but in no event may it exceed the decedent's actual wages at the time of death.

(3) To beneficiaries as defined in 39-71-116(4)(e) and (4)(f), weekly benefits must be paid to the extent of the dependency at the time of the injury, subject to a maximum of 66⅔% of the decedent's wages. The maximum weekly compensation may not exceed the state's average weekly wage at the time of injury.

(4) If the decedent leaves no beneficiary, a lump-sum payment of $3,000 must be paid to the decedent's surviving parent or parents.

(5) If any beneficiary of a deceased employee dies, the right of the beneficiary to compensation under this chapter ceases. Death benefits must be paid to a surviving spouse for 500 weeks subsequent to the date of the deceased employee's death or until the spouse's remarriage, whichever occurs first. After benefit payments cease to a surviving spouse, death benefits must be paid to beneficiaries, if any, as defined in 39-71-116(4)(b) through (4)(d).

(6) In all cases, benefits must be paid to beneficiaries.

(7) Benefits paid under this section may not be adjusted for cost of living as provided in 39-71-702.

39-71-723. How compensation to be divided among beneficiaries. Compensation that is due to beneficiaries must be paid to the surviving spouse, if any, or if none, divided equally among or for the benefit of the children. In cases in which beneficiaries are a surviving spouse and stepchildren of the spouse, the compensation must be divided equally among all beneficiaries. Compensation that is due to beneficiaries, as defined in 39-71-116(4)(e) and (4)(f), if there is more than one, must be divided equitably among them.

39-71-724. Payment of compensation to beneficiary not a resident of United States. (1) Before payment of compensation to a beneficiary who is not residing within the United States, satisfactory proof of the relationship as to constitute a beneficiary under this chapter must be furnished by the beneficiary, authenticated under seal of an officer of a court of law in the country where the beneficiary resides. The proof is conclusive as to the identity of the beneficiary, and any other claim of any other person to any compensation is barred from and after the filing of the proof.

(2) Payment of compensation to a beneficiary not residing within the United States may be made to any plenipotentiary, consul, or consular agent within the United States representing

the country in which the nonresident beneficiary resides, and the written receipt of the plenipotentiary, consul, or consular agent acquits the employer or the insurer.

39-71-725. Payment of burial expense. There must be paid, in case of the death of an employee whose death is the result of an accidental injury arising out of the employment and happening in the course of the employment, the reasonable burial expenses of the employee, not exceeding $4,000. The payment is not a part of the compensation that might be paid but is a benefit in addition to and separate from compensation.

39-71-727. Payment for prescription drugs — limitations. (1) For payment of prescription drugs, an insurer is liable only for the purchase of generic-name drugs if the generic-name product is the therapeutic equivalent of the brand-name drug prescribed by the physician, unless the generic-name drug is unavailable.

(2) If an injured worker prefers a brand-name drug, the worker may pay directly to the pharmacist the difference in the reimbursement rate between the brand-name drug and the generic-name product, and the pharmacist may bill the insurer only for the reimbursement rate of the generic-name drug.

(3) The pharmacist may bill only for the cost of the generic-name product on a signed itemized billing, except if purchase of the brand-name drug is allowed as provided in subsection (1).

(4) When billing for a brand-name drug, the pharmacist shall certify that the generic-name drug was unavailable.

(5) The department shall establish a schedule of fees for prescription drugs.

(6) Except as provided in subsection (8), a pharmacist may not dispense more than a 30-day supply at any one time.

(7) For purposes of this section, the terms "brand name" and "generic name" have the meanings provided in 37-7-502.

(8) An insurer may not require a worker receiving benefits under this chapter to obtain medications from an out-of-state mail service pharmacy. However, an insurer may authorize up to a 90-day supply of medications from an in-state mail service pharmacy.

(9) The provisions of this section do not apply to an agreement between a preferred provider organization and an insurer.

39-71-736. Compensation — from what dates paid. (1) (a) Except as provided in subsection (1)(c), compensation may not be paid for the first 32 hours or 4 days of loss of wages, whichever is less, that the worker is totally disabled and unable to work because of an injury. A worker is eligible for compensation starting with the 5th day.

(b) Separate benefits of medical and hospital services must be furnished from the date of injury.

(c) If the worker is totally disabled and unable to work in any capacity for 21 days or longer, compensation must be paid retroactively to the first day of total wage loss unless the worker waives the payment as provided in subsection (2)(b)(ii).

(2) (a) For the purpose of this section, except as provided in subsection (3), a worker is not considered to be entitled to compensation benefits if the worker is receiving sick leave benefits, except that each day for which the worker elects to receive sick leave counts 1 day toward the 4-day waiting period.

(b) A worker who is entitled to receive retroactive compensation benefits pursuant to subsection (1)(c) but who took sick leave as provided in subsection (2)(a) may elect to either:

(i) repay the employer the amount of salary for the sick leave received; or

(ii) waive the retroactive payment of benefits attributable to any days or hours for which the worker received sick leave.

(3) Augmentation of temporary total disability benefits with sick leave by an employer pursuant to a collective bargaining agreement may not disqualify a worker from receiving temporary total disability benefits.

(4) Receipt of vacation leave or paid time off leave, other than sick leave, by a worker may not affect the worker's eligibility for temporary total disability benefits.

39-71-737. Compensation to run consecutively — exceptions. 39-71-739. Compensation in case of changes in degree of injury. If aggravation, diminution, or termination of disability takes place or is discovered after the rate of compensation is established or compensation is terminated in any case where the maximum payments for disabilities as provided in this chapter are not reached, adjustments may be made to meet such changed conditions by increasing, diminishing, or terminating compensation payments in accordance with the provisions of this chapter.

39-71-740. Payments — how made in most cases. All payments of compensation as provided in this chapter shall be made at the end of each 2-week period, except as otherwise provided herein.

History: En. Sec. 16, Ch. 96, L. 1915; re-en. Sec. 2925, R.C.M. 1921; re-en. Sec. 2925, R.C.M. 1935; amd. Sec. 9, Ch. 235, L. 1947; amd. Sec. 1, Ch. 197, L. 1961; R.C.M. 1947, 92-714.

39-71-741. Settlements and lump-sum payments — legislative intent. (1) By written agreement, a claimant and an insurer may convert benefits under this chapter in whole or in part into a lump sum. An agreement that settles a claim for any type of benefit is subject to department approval as provided in subsection (2). Lump-sum advances and payment of accrued benefits in a lump sum, except permanent total disability benefits under subsection (2)(c), are not subject to department approval. If the department fails to approve or disapprove the agreement in writing within 14 days of the filing with the department, the agreement is approved.

(2) The department shall directly notify a claimant of a department order approving or disapproving a claimant's settlement or lump-sum payment. Upon approval, the agreement constitutes a compromise and release settlement and may not be reopened by the department. The department may approve a settlement agreement to convert the following benefits to a lump sum only under the following conditions:

(a) all benefits if a claimant and an insurer dispute the initial compensability of an injury and there is a reasonable dispute over compensability;

(b) permanent partial disability benefits if an insurer has accepted initial liability for an injury. The total of any lump-sum payment in part that is awarded to a claimant prior to the claimant's final award may not exceed the anticipated award under 39-71-703. The department may disapprove an agreement under this subsection (2)(b) only if the department determines that the lump-sum payment amount is inadequate.

(c) permanent total disability benefits if the total of all lump-sum payments in part that are awarded to a claimant do not exceed $20,000. The approval or award of a lump-sum permanent total disability payment in whole or in part by the department or court is the exception. It may be given only if the worker has demonstrated financial need that:

(i) relates to:

(A) the necessities of life;

(B) an accumulation of debt incurred prior to the injury; or

(C) a self-employment venture that is considered feasible under criteria set forth by the department; or

(ii) arises subsequent to the date of injury or arises because of reduced income as a result of the injury.

(d) except as otherwise provided in this chapter, all other settlements and lump-sum payments agreed to by a claimant and insurer;

(e) medical benefits on an accepted claim if an insurer disputes the insurer's continued liability for medical benefits and there is a reasonable dispute over the medical treatment or medical compensability; or

(f) medical benefits on an accepted claim if the claimant has reached maximum medical improvement and the following applicable conditions are met:

(i) the insurer and claimant mutually agree to a settlement of all or a portion of medical benefits; and

(ii) a settlement is in the best interest of the parties to the settlement.

(3) The parties to a medical settlement agreement shall set out the rationale that is the basis for the settlement under subsection (2)(f), and the claimant shall indicate by a signed acknowledgment an understanding of what medical benefits will terminate because of the settlement.

(4) Any lump-sum conversion of benefits under this section must be converted to present value using the rate prescribed under subsection (5)(b).

(5) (a) An insurer may recoup any lump-sum advance amortized at the rate established by the department, prorated biweekly over the projected duration of the compensation period.

(b) The rate adopted by the department must be based on the average rate for United States 10-year treasury bills in the previous calendar year.

(c) If the projected compensation period is the claimant's lifetime, the life expectancy must be determined by using the most recent table of life expectancy as published by the United States national center for health statistics.

(6) A dispute between a claimant and an insurer regarding the conversion of biweekly payments into a lump sum is considered a dispute for which a mediator and the workers' compensation court have jurisdiction to make a determination.

(7) If an insurer and a claimant agree to a settlement or a lump-sum payment but the department disapproves the agreement, the parties may request the workers' compensation court to review the department's decision without requesting mediation.

(8) The legislature does not intend to allow settlement of undisputed medical claims under subsection (2)(f) unless all parties willingly agree to the settlement. The failure of the parties to willingly agree to a settlement does not constitute a dispute concerning benefits.

39-71-742. Who may receive payment. (1) A payment due to a child under 18 years of age or to a person adjudged incompetent must be made to the parent or the appointed guardian, and the written receipt for the payment must acquit the employer, the insurer, or the department of further liability.

(2) A payment due to a member of the highway patrol receiving the salary benefit provided in 44-1-511 must be made to the department of justice to offset the salary benefit until the member is no longer eligible to receive the salary benefit.

(3) In other cases, payment must be made to the person entitled to the payment or to the person's authorized representative.

39-71-743. Assignment or attachment of payments. (1) Payments under this chapter are not assignable, subject to attachment or garnishment, or held liable in any way for debts, except:

(a) as provided in 71-3-1118;

(b) a portion of any lump-sum award or periodic payment to pay a monetary obligation for current or past-due child support, subject to the limitations in subsection (2), whenever the support obligation is established by order of a court of competent jurisdiction or by order rendered in an administrative process authorized by state law;

(c) as provided in 53-2-612 or 53-2-613 for medical benefits paid pursuant to this chapter;

(d) as provided in 39-71-742; or

(e) for workers' compensation benefits payable to an injured worker to pay restitution to an insurer whenever the injured worker is subject to court-ordered restitution for theft of workers' compensation benefits. The insurer shall notify the injured worker in writing of the withholding of any court-ordered restitution from the injured worker's benefits.

(2) Payments under this chapter are subject to assignment, attachment, or garnishment for child support as follows:

(a) for any periodic payment, an amount up to the percentage amount established in the guidelines promulgated by the department of public health and human services pursuant to 40-5-209; or

(b) for any lump-sum award, an amount up to that portion of the award that is necessary to pay current child support and a past-due child support obligation.

(3) After determination that the claim is covered under the Workers' Compensation Act, the liability for payment of the claim is the responsibility of the appropriate workers' compensation insurer. Except as provided in 39-71-704(11), a fee or charge is not payable by the injured worker for treatment of injuries sustained if liability is accepted by the insurer.

39-71-745. Calculation of volunteer firefighter benefits and premiums — definitions. (1) (a) A plan No. 1 or plan No. 2 insurer shall designate whether an employer, as defined in 7-33-4510, is to use actual volunteer hours or a flat assumed payroll amount for each volunteer firefighter for calculating premiums. The coverage option must be the same for all fire agencies organized under Title 7, chapter 33, that are covered by that insurer and meet the definition of employer in 7-33-4510. A plan No. 3 insurer shall use a flat assumed payroll amount for each volunteer firefighter for calculating premiums.

(b) If a plan No. 1 or plan No. 2 insurer uses actual volunteer hours, the payroll calculation is the number of actual volunteer hours of each volunteer firefighter, not to exceed 60 hours a week, times the state's average weekly wage divided by 40 hours.

(c) When a plan No. 1, plan No. 2, or plan No. 3 insurer uses a flat assumed payroll amount, the assumed payroll for each volunteer firefighter must be reported as a full month for any month in which the volunteer firefighter is on the roster of service as defined in 7-33-4510. The employer shall maintain the roster of service with the effective date of membership for each volunteer firefighter.

(2) For benefit purposes, if concurrent employment under 39-71-123 does not apply, a volunteer firefighter injured in the course and scope of employment as a volunteer firefighter is eligible for medical and compensation benefits provided in Title 39, chapter 71. Any weekly compensation benefit must be based on either the actual volunteer hours if chosen as provided in subsection (1)(b) or the flat assumed payroll amount on which premiums are based, whichever is applicable.

(3) For the purposes of this section, the following definitions apply:

(a) "Volunteer firefighter" has the meaning provided in 7-33-4510.

(b) "Volunteer hours" means the time spent by a volunteer firefighter in the service of a fire agency organized under Title 7, chapter 33, that meets the definition of employer in 7-33-4510, including but not limited to training time, response time, and time spent at the premises of the fire agency.

The department shall conduct an investigation and shall issue a certificate to a person who, in the department's discretion, meets the requirements for certification. 39-71-907. Certified person with a disability to be compensated for injury as provided by chapter — insurer liability for compensation limited. (1) A person certified as having a physical or mental disability that constitutes or results in a substantial impediment to employment who receives an injury, as defined in 39-71-119, that results in death or disability must be paid compensation in the manner and to the extent provided in this chapter or, in case of death resulting from the injury, the compensation must be paid to the person's beneficiaries or dependents. The liability of the insurer for payment of medical and burial benefits as provided in this chapter is limited to those benefits arising from services rendered during the period of 104 weeks after the date of injury. The liability of the insurer for payment of benefits as provided in this chapter is limited to 104 weeks of compensation benefits actually paid. Thereafter, all compensation and the cost of all medical care and burial are the liability of the fund.

(2) The liability of the fund for reimbursement under this section is limited to the amount currently in the fund at the time the reimbursement request is received by the fund and the amount collectible in the next assessment period pursuant to 39-71-915.

39-71-908. Notification of fund of its potential liability under part — review by fund. Not less than 90 or more than 150 days before the expiration of 104 weeks after the date of injury, the insurer shall notify the fund whether it is likely that compensation may be payable beyond a period of 104 weeks after the date of the injury. The fund thereafter may review, at reasonable times, such information as the insurer has regarding the accident and the nature and extent of the injury and disability.

39-71-909. Effect of fund's failure to give notification of its intent to dispute liability — subsequent notification by fund authorized. If the fund does not notify the insurer of its intent to dispute the payment of compensation, medical, and burial benefits, the insurer shall continue to make payments on behalf of the fund and shall be reimbursed by the fund for all benefits paid in excess of the insurer's liability. However, at any time subsequent to 104 weeks after the date of injury, the fund may notify the insurer of a dispute as to payment of benefits. The liability of the fund to reimburse the insurer shall be suspended 30 days thereafter until the controversy is determined.

39-71-911. Obligation to make payments on behalf of fund not independent liability. Except as provided in 39-71-909 and 39-71-920, the obligation imposed by this part on the insurer to make payments on behalf of the fund does not impose an independent liability on the insurer.

39-71-915. Assessment of insurer — employers — definition — collection. (1) As used in this section, "paid losses" means the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible, regardless of whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(2) The fund must be maintained by assessing each plan No. 1 employer, each employer insured by a plan No. 2 insurer, plan No. 3, the state fund, with respect to claims arising before July 1, 1990, and each employer insured by plan No. 3, the state fund. The assessment amount is the total amount from April 1 of the previous year through March 31 of the current year paid by the fund plus the expenses of administration less other realized income that is deposited in the fund. The total assessment amount to be collected must be allocated among plan No. 1 employers, plan No. 2 employers, plan No. 3, the state fund, and plan No. 3 employers, based on a proportionate share of paid losses for the calendar year preceding the year in which the assessment is collected. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

(3) On or before May 31 each year, the department shall notify each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund, of the amount to be assessed for the ensuing fiscal year. The amount to be assessed against the state fund must separately identify the amount attributed to claims arising before July 1, 1990, and the amount attributable to state fund claims arising on or after July 1, 1990. On or before April 30 each year, the department, in consultation with the advisory organization designated under 33-16-1023, shall notify plan No. 2 insurers and plan No. 3 of the premium surcharge rate to be effective for policies written or renewed on and after July 1 in that year.

(4) The portion of the plan No. 1 assessment assessed against an individual plan No. 1 employer is a proportionate amount of total plan No. 1 paid losses during the preceding calendar year that is equal to the percentage that the total paid losses of the individual plan No. 1 employer bore to the total paid losses of all plan No. 1 employers during the preceding calendar year.

(5) The portion of the assessment attributable to state fund claims arising before July 1, 1990, is the proportionate amount that is equal to the percentage that total paid losses for those claims during the preceding calendar year bore to the total paid losses for all plans in the preceding calendar year. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the subsequent injury fund assessment that is attributable to claims arising before July 1, 1990.

(6) The remaining portion of the assessment must be paid by way of a surcharge on premiums paid by employers being insured by a plan No. 2 insurer or plan No. 3, the state fund, for policies written or renewed annually on or after July 1. The surcharge rate must be computed by dividing the remaining portion of the assessment by the total amount of premiums paid by employers insured under plan No. 2 or plan No. 3 in the previous calendar year. The numerator for the calculation must be adjusted as provided by subsection (9).

(7) Each plan No. 2 insurer providing workers' compensation insurance and plan No. 3, the state fund, shall collect from its policyholders the assessment premium surcharge provided for in subsection (6). When collected, the assessment premium surcharge may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as separate costs imposed upon insured employers. The total of this assessment premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as "workers' compensation subsequent injury fund surcharge".

Each assessment premium surcharge must be shown as a percentage of the total workers' compensation policyholder premium. This assessment premium surcharge must be collected at the same time and in the same manner that the premium for the coverage is collected. The assessment premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the assessment premium surcharge. Cancellation must be in accordance with the procedures applicable to the nonpayment of premium. If an employer fails to remit to an insurer the total amount due for the premium and assessment premium surcharge, the amount received by the insurer must be applied to the assessment premium surcharge first and the remaining amount applied to the premium due.

(8) (a) All assessments paid to the department must be deposited in the fund.

(b) Each plan No. 1 employer shall pay its assessment by July 1.

(c) Each plan No. 2 insurer and plan No. 3, the state fund, shall remit to the department all assessment premium surcharges collected during a calendar quarter by not later than 20 days following the end of the quarter.

(d) The state fund shall pay the portion of the assessment attributable to claims arising before July 1, 1990, by July 1.

(e) If a plan No. 1 employer, a plan No. 2 insurer, or plan No. 3, the state fund, fails to timely pay to the department the assessment or assessment premium surcharge under this section, the department may impose on the plan No. 1 employer, the plan No. 2 insurer, or plan No. 3, the state fund, an administrative fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the fund.

(9) The amount of the assessment premium surcharge actually collected pursuant to subsection (7) must be compared each year to the amount assessed and upon which the premium surcharge was calculated. The amount undercollected or overcollected in any given year must be used as an adjustment to the numerator provided for by subsection (6) for the following year's assessment premium surcharge.

(10) If the total assessment is less than $1 million for any year, the department may defer the assessment amount for that year and add that amount to the assessment amount for the subsequent year.

39-71-916. Reimbursement of subsequent injury fund — effect on claims experience rating. An insurer that uses an employer's claims costs experience as a factor that influences the amount of premium charged to that particular employer by using an experience modification factor or similar rating technique may not base that factor on those claims costs that are reimbursed by the subsequent injury fund.

History: En. Sec. 2, Ch. 48, L. 2007.

39-71-917 through 39-71-919 reserved.

39-71-920. Concurrence of fund in settlements. (1) Petitions for compromise settlements that potentially involve payments from the fund must have written concurrence by an authorized representative of the fund prior to submission for department approval.

(2) The failure to receive written concurrence from the fund's representative relieves the fund of any liability for payment of benefits for a compromise settlement, and the obligation to pay remains with the insurer.

39-71-1006. Rehabilitation benefits. (1) A worker is eligible for rehabilitation benefits if:

(a) (i) the worker meets the definition of a disabled worker as provided in 39-71-1011; or

(ii) the worker has, as a result of the work-related injury, a whole person impairment rating of 15% or greater, as established by objective medical findings, and has no actual wage loss;

(b) a rehabilitation provider, as designated by the insurer, certifies that the worker has reasonable vocational goals and reasonable reemployment opportunity. If eligible because of an impairment rating of 15% or more, with rehabilitation the worker will have a reasonable increase in the worker's wage compared to the wage that the worker received at the time of injury. If eligible because of a wage loss, the worker will have a reasonable reduction in the worker's actual wage loss with rehabilitation.

(c) a rehabilitation plan is agreed upon by the worker and the insurer and a written copy of the plan is provided to the worker. The plan must take into consideration the worker's age, education, training, work history, residual physical capacities, and vocational interests. The plan must specify a beginning date and a completion date. The plan must specify the cost of tuition, fees, books, and other reasonable and necessary retraining expenses required to complete the plan.

(2) A disabled worker is entitled to receive biweekly rehabilitation benefits at the worker's temporary total disability rate. The benefits must be paid for the period specified in the rehabilitation plan, not to exceed 104 weeks. The rehabilitation plan must be completed within 26 weeks of the completion date specified in the plan. Rehabilitation benefits must be paid biweekly while the worker is satisfactorily progressing in the agreed-upon rehabilitation plan. Rehabilitation benefits payable pursuant to a retraining rehabilitation plan under this section are not payable in a lump sum. Rehabilitation benefits may be paid in a lump sum for job placement services.

(3) In addition to rehabilitation benefits payable under subsection (2), a disabled worker who was injured on or after July 1, 1997, is entitled to receive payment for tuition, fees, books, and other reasonable and necessary retraining expenses, excluding travel and living expenses paid pursuant to the provisions of 39-71-1025, as set forth in department rules and as specified in the rehabilitation plan. Expenses must be paid directly by the insurer.

(4) A worker may not receive temporary total benefits and the benefits under subsection (2) during the same period of time.

(5) A rehabilitation provider authorized by the insurer shall continue to assist the injured worker until the rehabilitation plan is completed.

(6) To be eligible for benefits under this section, a worker is required to begin the rehabilitation plan within 78 weeks of reaching maximum medical healing.

(7) A worker may not receive both wages and rehabilitation benefits without the written consent of the insurer. A worker who receives both wages and rehabilitation benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301.

(2) The form must contain, at a minimum, the following information:

(a) the worker's first and last names and claim number;

(b) the diagnosed condition that is a direct result of the compensable injury or occupational disease;

(c) the treatment plan for the worker;

(d) identification of any medications prescribed for treatment of the worker;

(j) the anticipated date of maximum medical improvement; and

(k) the date of the worker's next appointment.

(3) An insurer may request additional information from the health care provider not contained in the department's form.

(4) The treating physician or a designee shall complete the form following every office visit with the worker.

History: En. Sec. 28, Ch. 167, L. 2011.

39-71-1037 through 39-71-1040 reserved.

39-71-1041. Stay-at-work/return-to-work goals and options — notification by department — agreement between worker and insurer. (1) The goal of stay-at-work/return-to-work assistance is to minimize avoidable disruption caused by a work-related injury or occupational disease by assisting the worker in the worker's return to the same position with the same employer or to a modified position with the same employer as soon as possible after an injury or an occupational disease occurs.

(2) To further the goal in subsection (1), the department shall, upon receipt from the insurer of a report of injury or occupational disease pursuant to 39-71-307(2), distribute to the worker a document that describes the stay-at-work/return-to-work assistance that is available upon request by the worker.

(3) Services provided as part of stay-at-work/return-to-work assistance are provided in addition to or prior to rehabilitation services and are intended to help a worker return to work.

History: En. Sec. 16, Ch. 167, L. 2011.

39-71-1042. Request for and delivery of stay-at-work/return-to-work assistance. (1) (a) A worker who is claiming an injury or occupational disease, an employer, or a medical provider may ask that the department furnish stay-at-work/return-to-work assistance. After the worker signs a claim for benefits, the department shall promptly attempt to determine which insurer is at risk for the injury or occupational disease and contact that insurer. The department shall advise the insurer of the request for stay-at-work/return-to-work assistance and shall coordinate the assistance with the insurer.

(b) If an insurer has accepted liability for the claim, the insurer shall provide stay-at-work/return-to-work assistance either in accordance with the insurer's stay-at-work/return-to-work assistance policy or by designating a rehabilitation provider to provide rehabilitation services. The insurer is directly liable for paying for the stay-at-work/return-to-work assistance furnished.

(c) If an insurer at risk has not accepted liability for the claim, the insurer may choose one of the following actions:

(i) The insurer at risk for the claim may initiate stay-at-work/return-to-work assistance either in accordance with the insurer's stay-at-work/return-to-work assistance policy or by designating a rehabilitation provider to provide rehabilitation services and shall notify the department within 3 business days of being contacted by the department that the insurer is acting under this subsection (1)(c)(i). If the insurer provides either type of assistance, the insurer becomes responsible for directly paying for the assistance. Payment of assistance pursuant to this subsection (1)(c)(i) does not constitute admission of liability or a waiver of any right of defense.

(ii) If the insurer at risk for the claim does not notify the department within 3 business days of being contacted by the department that the insurer will provide assistance, the department shall obtain stay-at-work/return-to-work assistance for the worker by designating a rehabilitation provider.

(d) If the department cannot promptly determine which insurer is at risk for coverage, the department shall obtain stay-at-work/return-to-work assistance for the worker by designating a rehabilitation provider.

(e) A rehabilitation provider designated by the department under this section shall bill the department for services provided. The department shall pay for the stay-at-work/return-to-work assistance out of the assistance fund until the maximum allowed amount of assistance is provided or until the insurer denies the claim and notifies the department of the denial.

(f) If an insurer is providing assistance pursuant to the insurer's stay-at-work/return-to-work assistance policy, the insurer shall provide in writing to a worker, with a copy to the department, an explanation of the stay-at-work/return-to-work assistance being provided to the worker under this section and shall include contact information for the person providing the assistance.

(2) Rather than make a request to the department, a worker, an employer, or a medical provider may directly ask the insurer to provide stay-at-work/return-to-work assistance.

(3) In the absence of a request by a worker, an employer, or a medical provider, an insurer may initiate and provide stay-at-work/return-to-work assistance by providing the worker with a copy of the insurer's stay-at-work/return-to-work assistance policy or by designating a rehabilitation provider to provide rehabilitation services.

(4) Stay-at-work/return-to-work assistance requested under this section is available as a service apart from a determination regarding indemnity benefits. A worker or an employer may decline to accept stay-at-work/return-to-work assistance. The failure of a worker to voluntarily agree to assistance is not a dispute concerning benefits. However, if the assistance provided under this part results in a job offer for a position that is within the worker's physical abilities, for which the worker is qualified, and for which the wages are at least equal to the worker's wages at the time of injury and the worker refuses the offer, the workers' indemnity benefits may end as provided in 39-71-701 and 39-71-712.

(5) Stay-at-work/return-to-work assistance is available at any time unless:

(a) the worker, prior to a determination that the worker meets the definition of a disabled worker, has refused a job offer for a position that is within the worker's physical abilities, for which the worker is qualified, and for which the wages are at least equal to the worker's wages at the time of injury;

(b) the worker has actually returned to work; or

(c) the claim has been closed pursuant to 39-71-704(1)(f)(i) or indemnity benefits have been settled pursuant to the definition of a settled claim in 39-71-107.

(6) If the insurer determines that the worker has not suffered a compensable injury or occupational disease and denies liability for the claim, the insurer or the department shall terminate any stay-at-work/return-to-work assistance that was initiated before the insurer's denial of liability.

History: **En. Sec. 17, Ch. 167, L. 2011.**

39-71-1043. Rehabilitation provider — evaluation. (1) Stay-at-work/return-to-work assistance must be provided by a rehabilitation provider pursuant to this section if:

(a) the department provides assistance; or

(b) an insurer elects to designate a rehabilitation provider instead of using the insurer's own stay-at-work/return-to-work assistance policy.

(2) (a) The rehabilitation provider shall evaluate and determine the stay-at-work/return-to-work capabilities of the worker pursuant to the stay-at-work/return-to-work goals listed in 39-71-1041.

(b) If the worker has returned to work, the rehabilitation provider shall provide documentation of the assistance to the worker, the insurer, and the department.

(c) If the worker has not returned to work and has not received a job offer to return to work, the rehabilitation provider shall document the reasons the stay-at-work/return-to-work assistance was unsuccessful. The documentation must be provided to the worker, the insurer, the treating physician, and the department.

(d) The following conditions allow termination of assistance prior to the time a worker meets the definition of a disabled worker:

(i) the worker has returned to work earning wages that are at least as much as at the time of injury;

(ii) the worker has received an offer to return to work at a position that is within the worker's physical abilities, for which the worker is qualified, and for which the wages are at least equal to the worker's wages at the time of injury;

(iii) the worker has returned to work in an alternative position that pays less than the worker's wages at the time of injury and that qualifies the worker for temporary partial disability benefits pursuant to 39-71-712; or

(iv) the worker receives a job offer to return to work in a position that is within the worker's physical abilities, for which the worker is qualified, for which the wages are less than the worker's wages at the time of injury, and that qualifies the worker for temporary partial disability benefits under 39-71-712.

(e) If a worker has requested stay-at-work/return-to-work assistance and a rehabilitation plan has been agreed to by the worker and the insurer, the plan continues until completed.

(3) If the worker or insurer disputes the availability or level of assistance, the worker or insurer may, after mediation, petition the workers' compensation court for resolution of the dispute.

History: **En. Sec. 18, Ch. 167, L. 2011.**

39-71-1044 through 39-71-1048 reserved.

39-71-1049. Stay-at-work/return-to-work assistance fund — purpose — payment process — rulemaking. (1) There is a stay-at-work/return-to-work assistance fund in the proprietary fund category.

(2) The purpose of the assistance fund is to pay for stay-at-work/return-to-work assistance provided by the department so that assistance may be provided as early as practicable in the workers' compensation claims process.

(3) (a) The department may establish by rule:

(i) the amounts and types of assistance to be provided; and

(ii) the maximum hourly rate that may be charged for stay-at-work/return-to-work assistance obtained by the department and paid for by the assistance fund.

(b) The rules adopted under subsection (3)(a) regarding the payment amounts to rehabilitation providers do not apply if the insurer has taken direct responsibility for providing stay-at-work/return-to-work assistance.

(c) If rules are not adopted to implement subsection (3)(a), the department may not provide more than $2,000 in assistance.

History: **En. Sec. 19, Ch. 167, L. 2011.**

39-71-1050. Assessment for stay-at-work/return-to-work assistance fund — definition. (1) (a) The assistance fund must be maintained by assessing employers insured by plan No. 1, plan No. 2, and plan No. 3 an amount as provided in subsections (2) through (10).

(b) The board of investments shall invest the money in the assistance fund. The investment income must be deposited in the assistance fund.

(2) The assessment amount is the total amount paid by the assistance fund in the preceding fiscal year less other realized income that is deposited in the assistance fund. Allocation of the total assessment amount among employers insured by plan No. 1, plan No. 2, and plan No. 3 must be based on each plan's proportionate share of money expended from the assistance fund for the calendar year preceding the year in which the assessment is collected.

(3) On or before May 31 of each year, the department shall notify each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund, of the amount to be assessed for the ensuing fiscal year. On or before April 30 of each year, the department shall consult with the advisory organization designated under 33-16-1023 and notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge rate to be effective for policies written or renewed on or after July 1 in that year.

(4) The portion of the plan No. 1 assessment assessed against an individual plan No. 1 employer is the amount actually expended by the assistance fund on behalf of injured workers employed by that plan No. 1 employer. A group of employers insured jointly under plan No. 1 is considered to be an individual employer for the purposes of this subsection.

(5) After subtracting plan No. 1 assessments from the total assessment, the department shall determine the surcharge rate for plan No. 2 insurers and plan No. 3, the state fund, by

dividing the remaining portion of the assessment by the total amount of premiums paid by employers insured under plan No. 2 or plan No. 3 in the previous calendar year. The numerator for the calculation must be adjusted as provided in subsection (9).

(6) Employers insured under plan No. 2 or plan No. 3 shall pay their portion of the assessment in a surcharge on premiums for policies written or renewed annually on or after July 1.

(7) (a) Each plan No. 2 insurer and .plan No. 3, the state fund, shall collect from its policyholders the assessment premium surcharge provided for in subsection (5). When collected, the assessment premium surcharge may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as separate costs imposed upon insured employers. The total of this assessment premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as "workers' compensation stay-at-work/return-to-work assistance fund surcharge". Each assessment premium surcharge must be shown as a percentage of the total workers' compensation policyholder premium. This assessment premium surcharge must be collected at the same time and in the same manner as the premium for the coverage. The assessment premium surcharge must be excluded from the definition of premium for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the assessment premium surcharge. Cancellation must be in accordance with the procedures applicable to the nonpayment of premium.

(b) If an employer fails to remit to an insurer the total amount due for the premium and assessment premium surcharge, the amount received by the insurer must be applied to the assessment premium surcharge described in 39-71-201 first, then to the assessment premium surcharge described in 50-71-128, then to the assessment premium surcharge in this section, and then to the surcharge in 39-71-915, with any remaining amount applied to the premium due.

(8) (a) The department shall deposit all assessments due under this section into the assistance fund.

(b) Each plan No. 1 employer shall pay its assessment due under this section by July 1.

(c) Each plan No. 2 insurer and plan No. 3, the state fund, shall remit to the department all assessment premium surcharges collected during a calendar quarter no later than 20 days following the end of the quarter.

(d) If a plan No. 1 employer, a plan No. 2 insurer, or plan No. 3, the state fund, fails to timely pay to the department the assessment or assessment premium surcharge under this section, the department may impose on the plan No. 1 employer, the plan No. 2 insurer, or plan No. 3, the state fund, an administrative fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the assistance fund.

(9) Each year, the department shall compare the amount of the assessment premium surcharge actually collected pursuant to subsection (5) with the amount assessed and upon which the premium surcharge was calculated. The amount undercollected or overcollected in any given year must be used as an adjustment to the numerator for the following year's assessment premium surcharge as provided in subsection (5).

(10) If the total assessment is less than $100,000 for any year, the department may defer the assessment for that year and add that amount to the assessment amount for the subsequent year.

(11) As used in this section, "money expended" means expenditures for stay-at-work/return-to-work assistance from the assistance fund.

Part 11
Treatment by Designated Providers

39-71-1101. Choice of health care provider by worker — insurer designation or approval of treating physician or referral to managed care or preferred provider organization — payment terms — definition. (1) Prior to the insurer's designation or approval of a treating physician as provided in subsection (2) or a referral to a managed care organization or preferred provider organization as provided in subsection (8), a worker may choose a person who is listed in 39-71-116(41) for initial treatment. Subject to subsection (2), if the person listed under 39-71-116(41) chosen by the worker agrees to comply with the requirements of subsection (2), that person is the treating physician.

(2) Any time after acceptance of liability by an insurer, the insurer may designate or approve a treating physician who agrees to assume the responsibilities of the treating physician. The designated or approved treating physician:

(a) is responsible for coordinating the worker's receipt of medical services as provided in 39-71-704;

(b) shall provide timely determinations required under this chapter, including but not limited to maximum medical healing, physical restrictions, return to work, and approval of job analyses, and shall provide documentation;

(c) shall provide or arrange for treatment within the utilization and treatment guidelines or obtain prior approval for other treatment; and

(d) shall conduct or arrange for timely impairment ratings.

(3) The treating physician may refer the worker to other health care providers for medical services, as provided in 39-71-704, for the treatment of a worker's compensable injury or occupational disease. A health care provider to whom the worker is referred by the designated treating physician is not responsible for coordinating care or providing determinations as required of the treating physician.

(4) The treating physician designated or approved by the insurer must be reimbursed at 110% of the department's fee schedule.

(5) A health care provider to whom the worker is referred by the treating physician must be reimbursed at 90% of the department's fee schedule.

(6) A health care provider providing health care on a compensable claim prior to the designation or approval of the treating physician by the insurer must be reimbursed at 100% of the department's fee schedule.

(7) Regardless of the date of injury, the medical fee schedule rates in effect as adopted by the department in 39-71-704 and the percentages referenced in subsections (4) through (6) of this section apply to the medical service on the date on which the medical service was provided.

(8) The insurer may direct the worker to a managed care organization or a preferred provider organization for designation of the treating physician.

(9) After the insurer directs a worker to a managed care organization or preferred provider organization, a health care provider who otherwise qualifies as a treating physician but who is not a member of a managed care organization may not provide treatment unless authorized by the insurer.

(10) After the date that a worker subject to the provisions of subsection (9) receives individual written notice of a referral, the worker must, unless otherwise authorized by the insurer, receive medical services from the organization designated by the insurer, in accordance with 39-71-1102 and 39-71-1104. The designated treating physician in the organization then becomes the worker's treating physician. The insurer is not liable for medical services obtained otherwise, except that a worker may receive immediate emergency medical treatment for a compensable injury from a health care provider who is not a member of a managed care organization or a preferred provider organization.

(11) Posting of managed care requirements in the workplace on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means does not constitute individual written notice. To constitute individual written notice under this section, information regarding referral to a managed care organization must be provided to the worker in written form by mail or in person after the date of injury or occupational disease.

History: En. Sec. 5, Ch. 628, L. 1993; amd. Sec. 1, Ch. 468, L. 1999; amd. Sec. 24, Ch. 167, L. 2011; amd. Sec. 18, Ch. 55, L. 2015.

39-71-1102. Preferred provider organizations — establishment — limitations. (1) In order to promote cost containment of medical care provided for in 39-71-704, development of preferred provider organizations by insurers is encouraged. Insurers may establish arrangements with suppliers of soft and durable medical goods and health care providers in addition to or in conjunction with managed care organizations. Workers' compensation insurers may contract with other entities to use the other entities' preferred provider organizations. After the date that an injured worker is given an individual written notice by the insurer of a preferred provider, the insurer is not liable for charges from nonpreferred providers.

(2) Posting of preferred provider requirements in the workplace on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means does not constitute individual written notice. To constitute individual written notice under this section, information regarding referral to preferred providers must be provided to the worker in written form by mail or in person after the date of injury.

History: En. Sec. 6, Ch. 628, L. 1993; amd. Sec. 2, Ch. 468, L. 1999; amd. Sec. 25, Ch. 167, L. 2011.

39-71-1103. Workers' compensation managed care. (1) A managed care system is a program organized to serve the medical needs of injured workers in an efficient and cost-effective manner by managing the delivery of medical services for a defined population of injured workers, pursuant to 39-71-1101, through appropriate health care professionals.

(2) The department shall develop criteria pursuant to 39-71-1105 for certification of managed care organizations. The department may adopt rules for certification of managed care organizations.

(3) Insurers may contract with certified managed care organizations for medical services for injured workers. A worker who is subject to managed care may choose from managed care organizations in the worker's community that have a contract with the insurer responsible for the worker's medical services.

History: En. Sec. 7, Ch. 628, L. 1993.

39-71-1104. Managed care organizations — notification. Workers who are subject to managed care must receive medical services in the manner prescribed in the contract. Each contract must comply with the certification requirements provided in 39-71-1105. Insurers who contract with a managed care organization for medical services shall give written notice to workers of eligible service providers and shall give notice of the manner of receiving medical services.

History: En. Sec. 8, Ch. 628, L. 1993.

39-71-1105. Managed care organizations — application — certification. (1) A health care provider, a group of medical service providers, or an entity with a managed care organization may make written application to the department to become certified under this section to provide managed care to workers for injuries or occupational diseases that are covered under this chapter. However, this section does not authorize an organization that is formed, owned, or operated by a workers' compensation insurer or self-insured employer other than a health care provider to become certified to provide managed care. When a health care provider, a group of medical service providers, or an entity with a managed care organization is establishing a managed care organization and independent physical therapy practices exist in the community, the managed care organization is encouraged to utilize independent physical therapists as part of the managed care organization if the independent physical therapists agree to abide by all the applicable requirements for a managed care organization set forth in this section, in rules established by the department, and in the provisions of a managed care plan for which certification is being sought.

(2) Each application for certification must be accompanied by an application fee if prescribed by the department. A certificate is valid for the period prescribed by the department, unless it is revoked or suspended at an earlier date.

(3) The department shall establish by rule the form for the application for certification and the required information regarding the proposed plan for providing medical services. The information includes but is not limited to:

(a) a list of names of each individual who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for that individual to practice in the state;

(b) names of the individuals who will be designated as treating physicians and who will be responsible for the coordination of medical services;

(c) a description of the times, places, and manner of providing primary medical services under the plan;

(d) a description of the times, places, and manner of providing secondary medical services, if any, that the applicants wish to provide; and

(e) satisfactory evidence of the ability to comply with any financial requirements to ensure delivery of service in accordance with the plan that the department may require.

(4) The department shall certify a group of medical service providers or an entity with a managed care organization to provide managed care under a plan if the department finds that the plan:

(a) proposes to provide coordination of services that meet quality, continuity, and other treatment standards prescribed by the department and will provide all primary medical services that may be required by this chapter in a manner that is timely and effective for the worker;

(b) provides appropriate financial incentives to reduce service costs and utilization without sacrificing the quality of services;

(c) provides adequate methods of peer review and service utilization review to prevent excessive or inappropriate treatment, to exclude from participation in the plan those individuals who violate these treatment standards, and to provide for the resolution of any medical disputes that may arise;

(d) provides for cooperative efforts by the worker, the employer, the rehabilitation providers, and the managed care organization to promote an early return to work for the injured worker;

(e) provides a timely and accurate method of reporting to the department necessary information regarding medical and health care service cost and utilization to enable the department to determine the effectiveness of the plan;

(f) authorizes workers to receive medical treatment from a primary care physician who is not a member of the managed care organization but who maintains the worker's medical records and with whom the worker has a documented history of treatment, if that primary care physician agrees to refer the worker to the managed care organization for any specialized treatment, including physical therapy, that the worker may require and if that primary care physician agrees to comply with all the rules, terms, and conditions regarding services performed by the managed care organization. As used in this subsection (4)(f), "primary care physician" means a physician who is qualified to be a treating physician and who is a family practitioner, a general practitioner, an internal medicine practitioner, or a chiropractor.

(g) complies with any other requirements determined by department rule to be necessary to provide quality medical services and health care to injured workers.

(5) The department shall refuse to certify or may revoke or suspend the certification of a health care provider, a group of medical service providers, or an entity with a managed care organization to provide managed care if the department finds that:

(a) the plan for providing medical care services fails to meet the requirements of this section; and

(b) service under the plan is not being provided in accordance with the terms of a certified plan.

History: En. Sec. 9, Ch. 628, L. 1993; amd. Sec. 28, Ch. 416, L. 2005.

39-71-1106. Compliance with medical treatment required — termination of compensation benefits for noncompliance. An insurer that provides 14 days' notice to the worker and the department may terminate any compensation benefits that the worker is receiving until the worker cooperates, if the insurer believes that the worker is unreasonably refusing:

(1) to cooperate with a managed care organization, a preferred provider organization, or the treating physician;

(2) to submit to medical treatment recommended by the treating physician, except for invasive procedures; or

(3) to provide access to health care information to health care providers, the insurer, or an agent of the insurer.

History: En. Sec. 10, Ch. 628, L. 1993; amd. Sec. 26, Ch. 167, L. 2011.

39-71-1107. Domiciliary care — requirements — evaluation. (1) Reasonable domiciliary care must be provided by the insurer:

(a) from the date the insurer knows of the employee's need for home medical services that results from an industrial injury;

(b) when the preponderance of credible medical evidence demonstrates that nursing care is necessary as a result of the accident and describes with a reasonable degree of particularity the nature and extent of duties to be performed;

(c) when the services are performed under the direction of the treating physician who, following a nursing analysis, prescribes the care on a form provided by the department;

(d) when the services rendered are of the type beyond the scope of normal household duties; and

(e) when subject to subsections (3) and (4), there is a means to determine with reasonable certainty the value of the services performed.

(2) When a worker suffers from a condition that requires domiciliary care, which results from the accident, and requires nursing care as provided for in Title 37, chapter 8, a licensed nurse shall provide the services.

(3) When a worker suffers from a condition that requires 24-hour care and that results from the accident but that requires domiciliary care other than as provided in Title 37, chapter 8, the care may be provided by a family member. The insurer's responsibility for reimbursement for the care is limited to no more than the daily statewide average medicaid reimbursement rate for the current fiscal year for care in a nursing home. The insurer is not responsible for respite care.

(4) Domiciliary care by a family member that is necessary for a period of less than 24 hours a day may not exceed the hourly mean wage by area for home health aides, as published by the department in the most recent edition of the Montana Informational Wage Rates by Occupation and adopted annually by the department prior to January 1. The insurer is not liable for more than 8 hours of care each day at the rate in effect at the time that the services are rendered.

History: En. Sec. 11, Ch. 628, L. 1993; amd. Sec. 8, Ch. 117, L. 2007.

39-71-1108. Physician self-referral prohibition. (1) Unless authorized by the insurer, a treating physician may not refer a claimant to a health care facility at which the physician does not directly provide care or services when the physician has an investment interest in the facility, unless there is a demonstrated need in the community for the facility and alternative financing is not available. The insurer or the claimant is not liable for charges incurred in violation of this section.

(2) Subsection (1) does not apply to care or services provided directly to an injured worker by a treating physician with an ownership interest in a managed care organization that has been certified by the department.

History: En. Sec. 12, Ch. 628, L. 1993; amd. Sec. 18, Ch. 516, L. 1995.

39-71-1109. Repealed. Sec. 13, Ch. 310, L. 1997.

History: En. Sec. 13, Ch. 628, L. 1993.

39-71-1110. Schedule II and III drugs — prescriber obligation. (1) In order to ensure high-quality health care for an individual with a compensable occupational injury or disease, prescriptions for Schedule II or Schedule III drugs identified in Title 50, chapter 32, part 2, may be carefully monitored for potential abuse, dependence, interaction, and diversion. Ongoing prescriptions for Schedule II and Schedule III drugs may be prescribed only by a treating physician.

(2) (a) A treating physician authorized to prescribe prescription drugs may query the prescription drug registry provided for in Title 37, chapter 7, part 15, prior to the initial prescribing or refilling of a Schedule II or Schedule III drug for treatment of a workers' compensation injury or occupational disease. After consulting the prescription drug registry, a treating physician may decline to prescribe or refill a Schedule II or Schedule III drug if, in the treating physician's judgment, the drug should not be prescribed or refilled.

(b) Prior to the initial prescribing of a Schedule II or Schedule III drug, a treating physician may discuss the risks and benefits of the use of the controlled substance, including risk of tolerance and drug dependence, with the patient or the patient's legal guardian.

(c) A treating physician shall note in the patient's medical file each query conducted.

(3) This section does not apply to a health care provider administering a Schedule II or Schedule III drug under the following circumstances:

(a) immediately prior to or after surgery;

(b) at the scene of an emergency;

(c) in a licensed ambulance; or

(d) in the emergency department or intensive care unit of a licensed hospital.

Parts 12 and 13 reserved

Part 14

Presumptive Occupational Disease — Firefighters

39-71-1401. *(Temporary)* **Presumptive occupational disease for firefighters — rebuttal — applicability — definitions.** (1) (a) A firefighter for whom coverage is required under the Workers' Compensation Act is presumed to have a claim for a presumptive occupational disease under the Workers' Compensation Act if the firefighter meets the requirements of 39-71-1402 and is diagnosed with one or more of the diseases listed in subsection (2) within the period listed.

(b) Coverage under 39-71-1402 and this section is optional for the employer of a firefighter for whom coverage under the Workers' Compensation Act is voluntary. An employer of a volunteer firefighter under 7-33-4109 or 7-33-4510 may elect as part of providing coverage under the Workers' Compensation Act to additionally obtain the presumptive occupational disease coverage, subject to the insurer agreeing to provide presumptive coverage.

(2) The following diseases are presumptive occupational diseases proximately caused by firefighting activities, provided that the evidence of the presumptive occupational disease becomes manifest after the number of years of the firefighter's employment as listed for each occupational disease and within 10 years of the last date on which the firefighter was engaged in firefighting activities for an employer:

(a) bladder cancer after 12 years;

(b) brain cancer of any type after 10 years;

(c) breast cancer after 5 years if the diagnosis occurs before the firefighter is 40 years old and is not known to be associated with a genetic predisposition to breast cancer;

(d) myocardial infarction after 10 years;

(e) colorectal cancer after 10 years;

(f) esophageal cancer after 10 years;

(g) kidney cancer after 15 years;

(h) leukemia after 5 years;

(i) mesothelioma or asbestosis after 10 years;

(j) multiple myeloma after 15 years;

(k) non-Hodgkin's lymphoma after 15 years; and

(l) lung cancer after 4 years.

(3) For purposes of calculating the number of years of a firefighter's employment history under subsection (2), a firefighter's employment history after July 1, 2014, may be calculated.

(4) The beneficiaries of a firefighter who otherwise would be eligible for presumptive occupational disease benefits under this section but who dies prior to filing a claim, as provided in 39-71-1402, are eligible for death benefits in the same manner as for a death from an injury, as provided in 39-71-407. The beneficiaries under this subsection are similarly bound by the provisions of exclusive remedy as provided in 39-71-411 and subject to the filing requirements in 39-71-601.

(5) (a) Subject to the provisions of subsection (5)(c), an insurer is liable for the payment of compensation for presumptive occupational disease benefits under this chapter in the same manner as provided in 39-71-407, including objective medical findings of a disease listed in

subsection (2) but excluding the requirement in 39-71-407(10) that the objective medical findings trace a relationship between the presumptive occupational disease and the claimant's job history. For myocardial infarction or lung cancer under subsection (2), the diseases must be the type that can reasonably be caused by firefighting activities.

(b) (i) An insurer under plan 1, 2, or 3 that disputes a presumptive occupational disease claim has the burden of proof in establishing by a preponderance of the evidence that the firefighter is not suffering from a compensable presumptive occupational disease. An insurer that disputes the claim may pay benefits under 39-71-608 or 39-71-615 and may pursue dispute mechanisms established in Title 39, chapter 71, part 24.

(ii) An insurer is not liable for the payment of workers' compensation benefits for presumptive occupational disease if the insurer establishes by a preponderance of the evidence that the firefighter was not exposed during the course and scope of the firefighter's duties to smoke or particles in a quantity sufficient to have reasonably caused the disease claimed.

(c) A total claim payment by an insurer under this section is limited to $5 million for each claim.

(6) This section does not limit an insurer's ability to assert that the occupational disease was not caused by the firefighter's employment history as a firefighter.

(7) A firefighter or the firefighter's beneficiaries may pursue the dispute remedies as provided in Title 39, chapter 71, part 24, if an insurer disputes a claim.

(8) The use of the term "occupational disease" includes a presumptive occupational disease when used in the definitions in 39-71-116 for "claims examiner", "permanent partial disability", "primary medical services", and "treating physician" and when used in 39-71-107, 39-71-307, 39-71-412, 39-71-503, 39-71-601, 39-71-604, 39-71-606, 39-71-615, 39-71-703, 39-71-704, 39-71-713, 39-71-714, 39-71-717, 39-71-1011, 39-71-1036, 39-71-1041, 39-71-1042, 39-71-1101, 39-71-1110, 39-71-1504, 39-71-2311, 39-71-2312, 39-71-2313, 39-71-2316, and 39-71-4003.

(9) Section 39-71-1402 and this section:

(a) apply only to presumptive occupational diseases for firefighters; and

(b) do not apply to any other issue relating to workers' compensation and may not be used or cited as guidance in the administration of Title 33 or 37.

(10) For the purposes of 39-71-1402 and this section, the following definitions apply:

(a) "Firefighter" means an individual whose primary duties involve extinguishing or investigating fires, with at least 1 year of firefighting operations in Montana beginning on or after July 1, 2019, as:

(i) a firefighter defined in 19-13-104;

(ii) a volunteer firefighter defined in 7-33-4510, but only if the volunteer firefighter's employer has elected coverage under Title 39, chapter 71, with an insurer that allows an election and the employer has opted separately to include presumptive occupational disease coverage under 39-71-1402 and this section; or

(iii) a volunteer described in 7-33-4109 for a firefighting entity that has elected coverage under Title 39, chapter 71, with an insurer that allows an election and that has opted separately to include presumptive occupational disease coverage.

(b) "Firefighting activities" means actions required of a firefighter that expose the firefighter to extreme heat or inhalation or physical exposure to chemical fumes, smoke, particles, or other toxic gases arising directly out of employment as a firefighter.

(c) "Presumptive occupational disease" means harm or damage from one or more of the diseases listed under subsection (2) that is established by objective medical findings and that is contracted in the course and scope of employment as a firefighter from either a single day or work shift or for more than a single day or work shift but that is not specific to an accident. *(Void on occurrence of contingency—sec. 7, Ch. 158, L. 2019.)*

History: En. Sec. 1, Ch. 158, L. 2019.

Compiler's Comments

Effective Date — Applicability: Section 8, Ch. 158, L. 2019, provided: "[This act] is effective July 1, 2019, and applies to presumptive occupational diseases diagnosed on or after July 1, 2019."

Contingent Voidness: Section 7, Ch. 158, L. 2019, provided: "If a court finds any part of [this act] to be in violation of any clause of the U.S. or Montana constitutions relating to workers' compensation claims or a court through any other action or doctrine in law or equity applies the presumption in [sections 1 and 2] [39-71-1401 and 39-71-1402] to another class of occupation other than firefighters, then [this act] is void."

39-71-1402. *(Temporary)* **Conditions for claiming presumptive occupational disease.** (1) Except as provided in subsection (4), the following must be satisfied for the presumption in 39-71-1401 to apply:

(a) the firefighter must timely file a claim for a presumptive occupational disease under Title 39, chapter 71, as soon as the firefighter knows or should have known that the firefighter's condition resulted from a presumptive occupational disease; and

(b) (i) the firefighter must have undergone, within 90 days of hiring, a medical examination that did not reveal objective medical evidence or a family history of the presumptive occupational disease for which the presumption under 39-71-1401 is sought; and

(ii) the firefighter must have undergone subsequent periodic medical examinations at least once every 2 years.

(2) (a) Subsection (1)(b) does not require the employer of a firefighter to provide or pay for a medical examination, either at the time of hiring or during the subsequent term of employment.

(b) If the employer of a firefighter does not provide or pay for a medical examination under subsection (1)(b), the firefighter may satisfy the requirements of subsection (1)(b) by obtaining the medical examination at the firefighter's expense or at the expense of another party.

(3) To qualify for a presumptive occupational disease, a firefighter may not:

(a) be a regular user of tobacco products;

(b) have a history of regular tobacco use in the 10 years preceding the filing of the claim under subsection (1)(a); or

(c) have been exposed by a cohabitant who regularly and habitually used tobacco products within the home for a period of 10 or more years prior to the diagnosis.

(4) A firefighter who, prior to July 1, 2019, did not receive a medical examination as frequently as the intervals set forth in subsection (1)(b) is not ineligible on that basis for a presumptive occupational disease claim under 39-71-1401 and this section. *(Void on occurrence of contingency—sec. 7, Ch. 158, L. 2019.)*

Part 15
Montana Safety Culture Act

39-71-1501. Short title. This part may be cited as the "Montana Safety Culture Act".

History: En. Sec. 1, Ch. 295, L. 1993; amd. Sec. 1, Ch. 170, L. 2003.

39-71-1502. Purpose. The purpose of this part is to reduce the incidence of occupational injury and illness by promoting safety in the workplace in order to control the costs of claims for workers' compensation insurance. The creation of a safety culture requires employers to provide training and education to make safety awareness part of the requirement for each worker's satisfactory job performance and requires the department to promote safety awareness for the public through the education and preparation of each student for entrance into the labor market. A reduction in workplace injuries, illnesses, and deaths through enhanced safety on the job benefits the public as well as the employers and the employees by lowering both financial and physical costs. Ensuring immunity to insurers in the provision of safety consultation services encourages and promotes safety in the workplace and improves the relationship between employers and employees.

History: En. Sec. 2, Ch. 295, L. 1993; amd. Sec. 2, Ch. 170, L. 2003.

39-71-1503. Safety consultation. (1) As used in this part, "safety consultation services" means assistance rendered by an insurer or the department to advise and aid an employer in the identification, evaluation, and control of existing and potential accidental and occupational health problems. The services may be delivered in person, by mail, electronically, or by telephone, based upon need.

(2) Safety consultation services include but are not limited to:

(a) surveys consisting of onsite identification and subsequent evaluation of exposures relative to employees, materials, equipment, work methods, processes, and facilities;

(b) recommendations expressed in the form of communications to an employer, with reference to control of exposures to occupational accident, injury, or illness and to improvement of safety programs and systems;

(c) education and training programs, including aids, programs, and materials made available to assist in the control of exposures;

(d) consultations to advise employers relative to risk, exposure, and experience in the employer's business;

(e) accident analysis consisting of review of reported accidents to determine cause and trends; and

(f) industrial hygiene services, including recognition, evaluation, and control of chemical, physical, and biological exposures.

History: En. Sec. 3, Ch. 295, L. 1993; amd. Sec. 3, Ch. 170, L. 2003; amd. Sec. 16, Ch. 27, L. 2009.

39-71-1504. Safety programs — educational activities. (1) To promote health and safety in places of employment in this state:

(a) each public or private employer shall establish and administer a safety program in accordance with rules adopted by the department pursuant to 39-71-1505; and

(b) the department, relying upon the support and assistance of concerned private entities or other governmental agencies, shall produce and distribute material to the schools of Montana and provide guest speakers intended to:

(i) educate students about the necessity for safe work practices;

(ii) prepare students to embark on accident-free careers; and

(iii) disseminate information promoting the reduction and control of the rate of incidence of workplace injuries or occupational disease.

(2) An employer who employs temporary workers shall include those workers in the employer's safety program. A temporary services contractor shall provide a safety program for employees not employed by other employers.

(3) The department may issue a safety recommendation to an employer who fails to comply with the requirements of this section or with rules adopted by the department pursuant to 39-71-1505.

(b) the department to waive the requirement in subsection (2)(a) for a safety committee if a plan No. 1 insurer approved by the department presents sufficient evidence of an effective safety program, including a written safety plan. 39-71-2105. Additional proof of solvency — revocation of order. (1) The department, with the concurrence of the Montana self-insurers guaranty fund, may at any time require from any employer acting under compensation plan No. 1 additional proof of solvency and financial ability to pay the benefits provided by this chapter.

(2) The department may, after providing an opportunity for an administrative review conference to consider information submitted by a plan No. 1 employer, revoke any order of approval upon 20 days' notice to the employer. A decision to revoke approval involving a plan No. 1 employer who is a member of the Montana self-insurers guaranty fund requires the concurrence of the guaranty fund. A plan No. 1 employer that is dissatisfied with the decision following the administrative review conference may appeal the decision and request a contested case hearing pursuant to 39-71-2401(2).

(3) A decision revoking an order of approval is final unless the employer files an appeal with the department within 20 days of the issuance of the notice. An employer may not continue to self insure after the 20-day period provided for in subsection (2) has expired unless the department is satisfied that the employer has provided sufficient security and financial ability to pay the benefits provided by this chapter. A decision issued pursuant to this subsection involving a plan No. 1 employer who is a member of the Montana self-insurers guaranty fund requires the concurrence of the guaranty fund.

39-71-2106. Requiring security of employer. (1) (a) The department, with the concurrence of the Montana self-insurers guaranty fund, may require any employer who elects to be bound by compensation plan No. 1 to provide a security deposit in accordance with rules adopted by the department. All securities of the United States treasury must be in book-entry form. The security deposit may be a surety bond, government bond, certificate of deposit, or letter of credit approved by the department and the Montana self-insurers guaranty fund. For the first 3 years of operating as a self-insured employer, the employer's security deposit must be the greater of:

(i) $250,000; or

(ii) an average of the workers' compensation liabilities incurred by the employer in Montana for the first 3 of the last 4 completed calendar years.

(b) The department, with the concurrence of the Montana self-insurers guaranty fund, may, in accordance with rules adopted by the department, require a larger deposit as additional evidence of ability to pay the benefits provided by this chapter.

(c) The department may, with the concurrence of the Montana self-insurers guaranty fund, reduce the amount of the security deposit if the evidence indicates that the full amount of the deposit is unnecessary.

(2) (a) The department, with the concurrence of the Montana self-insurers guaranty fund, may require an employer to give security in addition to the security deposit described in subsection (1) if:

(i) the department, with the concurrence of the Montana self-insurers guaranty fund, determines that the employer lacks the ability to pay the benefits that are expected to be paid by the employer under the terms and conditions of this chapter that are chargeable to the employer during the year to be covered by the permission provided for in 39-71-2103; or

(ii) the employer is a group of individual employers seeking permission to operate under compensation plan No. 1.

(b) The additional security required in subsection (2)(a) must be an amount that the department, with the concurrence of the Montana self-insurers guaranty fund, finds reasonable and necessary to pay the benefits provided under the terms and conditions of this chapter that the employer may accrue during the year.

(3) (a) The security deposit provided for in subsection (1) must be deposited with the department. The security deposit may consist of:

(i) a bond executed to the department with a surety. The security deposit must state that the employer will pay or cause to be paid to employees the amount for which the employer was given permission under 39-71-2103 and for which the employer is liable under the terms and conditions of this chapter during the year.

(ii) any Montana state, county, municipal, or school district bonds that the department and the Montana self-insurers guaranty fund consider solvent; or

(iii) other security deposits allowed in subsection (1)(a).

(b) Each security deposit and the character and amount of the security deposit are subject to approval, revision, or change considered necessary by the department and the Montana self-insurers guaranty fund.

(c) Upon proof of the final payment of the liability for which the security deposit is given, the security deposit or any remainder of the security deposit must be returned to the depositor.

(d) Payment must be made from the security deposit within 30 days of a demand by the department for payment. If payment is not made within 30 days by the obligor on the security deposit, the obligor is liable to the department for interest at the annual rate of 10% on the amount unpaid.

(4) The department is liable for the value and safekeeping of all security deposits and shall, at any time, upon demand of the depositor, account for the security deposits.

39-71-2107. When employer to make deposit or security to guarantee payment of compensation. Within 30 days after the happening of an accident where death or the nature of the injury renders the amount of future payments certain or reasonably certain, the employer shall make a deposit or give security, as herein defined, with the department for the protection and guaranty of the payment of such liability in such sum as the department may direct. However, if sufficient securities are already on deposit with the department or if the department determines that the employer has sufficient financial responsibility to meet the liability of the employer, together with other liabilities already accrued, no such additional deposit or security shall be demanded.

39-71-2108. Failure of employer to pay benefits — duty of department. Upon the failure of the employer to pay any benefits provided for in this chapter upon the terms, in the amounts, and at the times when the benefits become due and payable, the department shall, upon demand of the person to whom benefits are due, apply any deposits made with the department to the payment of the benefits, and the department shall take the proper steps to convert any securities on deposit with the department or sufficient deposits to pay the liabilities of the employer accruing under the terms of this chapter. The department shall, when necessary, collect and enforce the collection of the liability of all sureties upon any bonds that may be given by the employer to ensure the payment of the employer's liability. The department is considered the owner of the deposit and security and the obligee in the bond in trust for the purposes and may proceed in its own name to recover upon the bonds or foreclose and liquidate the securities. All interest earnings on liquidated security deposits must be retained by the department for payment of benefits pursuant to this section.

(a) submitting an application on a form designated by the department;

39-71-2205. Policy in effect until canceled or replaced — 20-day notification of cancellation required — penalty. (1) The policy remains in effect until canceled, and cancellation may take effect only by written notice to the named insured and to the department at least 20 days prior to the date of cancellation. However, the policy terminates on the effective date of a replacement or succeeding workers' compensation insurance policy issued to the insured. Nothing in this section prevents an insurer from canceling a policy of workers' compensation insurance before a replacement policy is issued to the insured. Notice to the department under this section must be provided electronically.

(2) The department:

(a) may recognize the advisory organization designated under 33-16-1023 or recognize other organizations as agents for authorized workers' compensation insurers in Montana; and

(b) shall, under terms and conditions acceptable to the department, accept notice of cancellation received from the agents recognized under subsection (2)(a) as the insurer's notice of cancellation.

(3) (a) The department may assess a penalty of up to $200 against an insurer that does not comply with the notice requirement in subsection (1). The penalty may be assessed for each policy cancellation that is not reported to the department in a timely manner.

(b) An insurer may contest the penalty assessment in a hearing conducted according to department rules.

(1) With respect to each classification of risk in the construction industry under plan No. 2, the advisory organization designated under 33-16-1023 shall file with the commissioner of insurance a method of computing premiums that does not impose a higher insurance premium solely because of an employer's higher rate of wages paid.

(2) The commissioner shall accept a filing under subsection (1) that includes a reasonable method of recognizing differences in rates of pay. This method must use a credit scale with the starting point set at 1.168 times the state's average weekly wage as reported by the department.

(3) The advisory organization shall file a revenue neutral plan for new and renewed policies for prompt and orderly transition to a method of computing premiums that is in compliance with the requirements of this section.

(4) The state compensation insurance fund, plan No. 3, shall use the plan filed by the designated advisory organization or use a credit scale plan that meets the requirements of this section.

(5) For the purposes of this section, "construction industry" means the construction group of code classifications filed with and approved by the commissioner to be used by the advisory organization to comply with this section.

39-71-2215. Security deposit to ensure payment of liability of plan No. 2 insurer. (1) Except as provided in subsection (7), a plan No. 2 insurer issuing or renewing a policy on or after January 1, 2008, shall post a security deposit with the department as provided by this section. The purpose of the security deposit is to provide a ready source of funds to pay claims arising under this chapter if the plan No. 2 insurer:

(a) becomes insolvent;

(b) is placed in receivership;

(c) declares bankruptcy;

(d) seeks protection from its creditors; or

(e) is otherwise unwilling or unable to pay its liabilities arising under this chapter.

(2) The amount of the security deposit, which is subject to the discretion of the department, must be in an amount from $25,000 to $250,000. The security deposit must be posted in the form of:

(a) a certificate of deposit;

(b) a United States treasury note; or

(c) an irrevocable letter of credit.

(3) If a plan No. 2 insurer fails to discharge any determined liability within the time set by the department, the department may convert the security deposit to cash and use the proceeds to pay the liability. Upon the conversion, the plan No. 2 insurer shall immediately furnish additional security to the department in an amount determined by the department to provide reasonable assurance that all current and future liabilities incurred by the plan No. 2 insurer as a result of the coverage provided under this chapter can be fully paid.

(4) (a) The security deposit required by this section is the property of the department and is held in trust by the department for the payment of the liabilities of the plan No. 2 insurer incurred under this chapter.

(b) Any earnings made by the security deposit accrue to the insurer.

(c) Upon proof of final payment of all liabilities incurred under this chapter, the unexpended portion of the security deposit must be discharged and any proceeds remaining are payable to the plan No. 2 insurer.

(5) In the event of the insolvency of a plan No. 2 insurer, the department may, in its discretion, release part or all of the security deposit to the Montana insurance guaranty association, provided for in 33-10-103, for payment of the plan No. 2 insurer's Montana workers' compensation claims if:

(a) the plan No. 2 insurer has been determined to be insolvent by a court of competent jurisdiction or is the debtor in a bankruptcy proceeding;

(b) the plan No. 2 insurer is unable to pay its workers' compensation claims; and

(c) the plan No. 2 insurer's Montana workers' compensation liabilities have become the responsibility of the Montana insurance guaranty association.

39-71-2311. Intent and purpose of plan — expense constant defined. (1) It is the intent and purpose of the state fund to allow employers an option to insure their liability for workers' compensation and occupational disease coverage with the state fund. The state fund must be neither more nor less than self-supporting. Premium rates must be set at least annually at a level sufficient to ensure the adequate funding of the insurance program, including the costs of administration, benefits, and adequate reserves, during and at the end of the period for which the rates will be in effect. In determining premium rates, the state fund shall make every effort to adequately predict future costs. When the costs of a factor influencing rates are unclear and difficult to predict, the state fund shall use a prediction calculated to be more than likely to cover those costs rather than less than likely to cover those costs. The prediction must take into account the goal of pooling risk and may not place an undue burden on employers that are not eligible for the tier with the lowest-rated premium for workers' compensation purposes.

(2) Unnecessary surpluses that are created by the imposition of premiums found to have been set higher than necessary because of a high estimate of the cost of a factor or factors may be refunded by the declaration of a dividend as provided in this part. For the purpose of keeping the state fund solvent, the board of directors may implement multiple rating tiers as provided in 39-71-2330 and may assess an expense constant, a minimum premium, or both.

(3) As used in this section, "expense constant" means a premium charge applied to each workers' compensation policy to pay expenses related to issuing, servicing, maintaining, recording, and auditing the policy.

History: En. Sec. 1, Ch. 613, L. 1989; amd. Sec. 7, Ch. 4, Sp. L. May 1990; amd. Sec. 6, Ch. 323, L. 1991; amd. Sec. 12, Ch. 295, L. 1993; amd. Sec. 1, Ch. 305, L. 1995; amd. Sec. 7, Ch. 314, L. 2001; amd. Sec. 3, Ch. 218, L. 2009.

39-71-2312. Definitions. Unless the context requires otherwise, in this part the following definitions apply:

(2) "Commissioner" means the commissioner of insurance as provided in 2-15-1903.

(3) "Executive director" means the chief executive officer of the state compensation insurance fund.

(4) "Fiscal year" means for the purposes of the state fund under Title 33 and this part the period from January 1 in one year to December 31 of that same year. A fiscal year for the purposes of assessments under Title 39, chapter 71, is as defined in 39-71-116.

(5) "Guaranteed market" means the insurer that is required to insure any employer in this state who requests to insure their liability for workers' compensation and occupational disease coverage and that may not refuse to provide coverage unless an employer or the employer's principals have defaulted on an obligation and the default remains unsatisfied.

(6) "State fund" means the state compensation insurance fund provided for in 39-71-2313 that serves as the guaranteed market for this state. It is also known as compensation plan No. 3 or plan No. 3.

39-71-2313. State compensation insurance fund created — obligation to insure. (1) There is a state compensation insurance fund known as the state fund that is a nonprofit, independent public corporation established for the purpose of allowing an option for employers to insure their liability for workers' compensation and occupational disease coverage under this chapter.

(2) The state fund is required to insure any employer in this state who requests coverage, and it may not refuse to provide coverage unless an employer or the employer's principals have defaulted on a state fund obligation and the default remains unsatisfied.

39-71-2315. Management of state fund — powers and duties of board — business plan required. (1) The management and control of the state fund is vested in the board, subject to the statutory limitations imposed by this part.

(2) The board is vested with full power, authority, and jurisdiction over the state fund except that the board may not dissolve or liquidate the state fund. To fulfill the objectives and intent of this part, the board may perform all acts necessary or convenient in the exercise of any power, authority, or jurisdiction over the administration of the state fund or in connection with the insurance business to be carried on under the provisions of this part, as fully and completely as the governing body of a private mutual insurance carrier and subject to the regulatory authority of the insurance commissioner in Title 33, except as provided in 33-1-115 and 39-71-2375.

(3) Neither the board, the state fund, nor the executive director may issue bonds on behalf of the state fund.

(4) (a) The board shall adopt a business plan no later than December 31 for the next fiscal year.

(b) At a minimum, the plan must include:

(i) specific goals for the fiscal year for financial performance. The standard for measurement of financial performances must include an evaluation of premium to surplus.

(ii) specific goals for the fiscal year for operating performance. Goals must include but not be limited to specific performance standards for staff in the area of senior management, underwriting, and claims administration. Goals must, in general, maximize efficiency, economy, and equity as allowed by law.

(5) The business plan must be available upon request to the general public for a fee not to exceed the actual cost of publication. However, performance goals relating to a specific employment position are confidential and not available to the public.

(6) No sooner than January 1 or later than March 31, the board shall convene a public meeting to review the performance of the state fund, using the business plan for comparison of all the established goals and targets. The board shall publish, by May 30 of each year, a report of the state fund's actual performance as compared to the business plan.

(7) The state fund board of directors shall establish in-house guidelines for procurement of insurance-related services and shall include guidelines for the solicitation of submissions of information regarding insurance-related services from more than one vendor. The board may include guidelines for the circumstances when business necessity or expedience may preclude the solicitation of submissions from more than one vendor. The board may also include in the guidelines the exemptions to the procurement process in 18-4-132.

39-71-2328. State fund alternative personal leave plan — exception — collective bargaining negotiation — personal leave definition. (1) Except as provided in subsection (2), the state fund, after consultation with the department of administration, may develop an alternative personal leave plan for all state compensation insurance fund employees. The number of days and the rate at which the number of days are earned for the alternative personal leave plan must be the same as the combined total of days provided for in 2-18-612 and 2-18-618. Prior to implementation, the alternative personal leave plan must be adopted by the board and the board may adopt changes to the plan.

(2) The state fund, after consultation with the department of administration, may develop one or more alternative personal leave plans for some or all of its employees or may choose to develop an alternative personal leave plan for a particular class of employees or work unit.

(3) To the extent that an alternative personal leave plan applies to an employee who is a member of a collective bargaining unit, the implementation of the personal leave plan is subject to negotiation under 39-31-305.

(4) As used in this section, "personal leave" means all leave provided to an employee under the provisions of Title 2, chapter 18, part 6.

39-71-2330. Rate setting — surplus — multiple rating tiers. (1) The board has the authority to establish the rates to be charged by the state fund and the supplementary rate information to determine the applicable premium as provided in 39-71-2311 and 39-71-2316 and shall file the rates and supplementary rate information with the commissioner as provided in Title 33, chapter 16. The board shall engage the services of an independent actuary who is a member in good standing with the American academy of actuaries to develop and recommend actuarially sound rates. Rates must be set at amounts sufficient, when invested, to carry the estimated cost of all claims to maturity, to meet the reasonable expenses of conducting the business of the state fund, and to amass and maintain an excess of surplus over the amount produced by the national association of insurance commissioners' risk-based capital requirements for a casualty insurer.

(2) Because surplus is desirable in the insurance business, the board shall annually determine the level of surplus that must be maintained by the state fund pursuant to this section. The state fund shall use the amount of the surplus above the risk-based capital requirements to secure the state fund against various risks inherent in or affecting the business of insurance and not accounted for or only partially measured by the risk-based capital requirements.

(3) The board may establish multiple rating tiers for classifications that take into consideration losses, premium size, and other factors relevant in placing an employer within a rating tier. The board shall file any multiple rating tiers with the commissioner for review as provided in Title 33, chapter 16.

(b) adopts transitional and return-to-work programs;

(c) has at least 3 years of experience without losses;

The plan must include the criteria to be eligible for an aggregate return of premium and a method for apportioning the return of premium among members of the group.

(4) The aggregate record of the individual members of the pooled risk safety group is the basis for determining if the members of the pooled risk safety group qualify for a return on premiums.

The state fund shall prescribe the procedure by which an employer may elect to be bound by compensation plan No. 3, the effective time of the election, and the manner in which the election is terminated for reasons other than default in payment of premiums. Every employer electing to be bound by compensation plan No. 3 must receive from the state fund a contract or policy of insurance in a form approved by the department. All Montana operations of an employer, as defined in 39-71-117, covered by compensation plan No. 3 must be insured by the state compensation insurance fund. The premium must be paid by the employer to the state fund at times that the state fund prescribes and must be paid over by the state fund to the state treasurer to the credit of the state fund.

39-71-2337. State fund to submit notice of coverage within 30 days — penalty for failure. (1) The state fund shall, within 30 days after the issuance of an insurance policy, submit to the department the notice of coverage stating the effective date of the policy insuring the employer and other information the department requires. Notice to the department under this section must be provided electronically.

(2) The department:

(a) may recognize the advisory organization designated under 33-16-1023 or recognize other organizations as agents for the state fund; and

(b) shall, under terms and conditions acceptable to the department, accept notice of coverage received from the agents recognized under subsection (2)(a) as the state fund's notice of coverage.

39-71-2339. Cancellation of coverage — 20-day notice required. (1) The state fund may cancel an employer's coverage under this part for failure to report payroll or pay the premiums due or for another cause provided in the insurance policy. Cancellation may take effect only by written notice to the named insured and the department at least 20 days prior to the date of cancellation or, in cases of nonreporting of payroll or nonpayment of a premium, by failure of the employer to submit payroll reports or pay a premium within 20 days after the due date. The state fund shall notify the department of the names and effective dates of all policies canceled. However, the policy terminates on the effective date of a replacement or succeeding insurance policy issued to the insured. This section does not prevent the state fund from canceling an insurance policy before a replacement policy is issued to the insured. After the cancellation date, the employer has the same status as an employer who is not enrolled under the Workers' Compensation Act unless a replacement or succeeding insurance policy has been issued. Notice to the department under this section must be provided electronically.

(2) The department:

(a) may recognize the advisory organization designated under 33-16-1023 or recognize other organizations as agents for the state fund; and

(b) shall, under terms and conditions acceptable to the department, accept notice of cancellation received from the agents recognized under subsection (2)(a) as the state fund's notice of cancellation.

(3) (a) The department may assess a penalty of up to $200 against the state fund if it does not comply with the notice requirement in subsection (1).

(b) The penalty may be assessed for each policy cancellation that is not reported to the department in a timely manner.

(c) The state fund may contest the penalty assessment in a hearing conducted according to department rules.

39-71-2340. Collection in case of default. (1) If an employer under plan No. 3 defaults in any payment to the state fund, the state fund may collect the sum due in a civil action in the name of the state. The right of action is cumulative.

(2) If an employer's right to operate has been canceled by the state fund for failure to pay premiums and the state fund finds that the property and assets of the employer are not sufficient to pay the premiums, the state fund may compromise the claim for premiums and accept a payment of an amount less than the total amount due.

39-71-2351. Purpose of separation of state fund liability as of July 1, 1990, and of separate funding of claims before and on or after that date. (1) The legislature has determined that it is necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the guaranteed market. In previous years of making this insurance available, and prior to July 1, 1990, the state fund incurred an unfunded liability. The legislature determined that the most cost-effective and efficient way to provide a source of funding for and to ensure payment of the unfunded liability and the best way to administer the unfunded liability was to separate the liability of the state fund on the basis of whether a claim is for an injury resulting from an accident that occurred before July 1, 1990, or an accident that occurs on or after that date.

(2) The legislature further determines that in order to prevent the creation of a new unfunded liability with respect to claims for injuries for accidents that occur on or after July 1, 1990, certain duties of the state fund should be clarified and regulation of the state fund, effective January 1, 2016, and subject to 33-1-115 and 39-71-2375, should be under Title 33, which governs plan No. 2 and plan No. 3 insurers operating in this state.

History: En. Sec. 1, Ch. 4, Sp. L. May 1990; amd. Sec. 5, Ch. 797, L. 1991; amd. Sec. 1, Ch. 637, L. 1993; amd. Sec. 22, Ch. 276, L. 1997; amd. Sec. 19, Ch. 320, L. 2015.

39-71-2352. Separate payment structure and sources for claims for injuries resulting from accidents that occurred before July 1, 1990, and on or after July 1, 1990 — spending limit — authorizing transfer of money. (1) Premiums paid to the state fund based upon wages payable before July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Premiums paid to the state fund based upon wages payable on or after July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occur on or after July 1, 1990.

(2) The state fund shall:

(a) determine the cost of administering and paying claims for injuries resulting from accidents that occurred before July 1, 1990, and separately determine the cost of administering and paying claims for injuries resulting from accidents that occur on or after July 1, 1990;

(b) keep adequate and separate accounts of the costs determined under subsection (2)(a); and

(c) fund administrative expenses and benefit payments for claims for injuries resulting from accidents that occurred before July 1, 1990, and claims for injuries resulting from accidents that occur on or after July 1, 1990, separately from the sources provided by law.

(3) The state fund may not spend more than $1.25 million a year to administer claims for injuries resulting from accidents that occurred before July 1, 1990.

(4) As used in this section, "adequately funded" means the present value of:

(a) the total cost of future benefits remaining to be paid; and

(b) the cost of administering the claims.

(5) An amount of funds in excess of the adequate funding amount established in subsection (4), based on audited financial statements adjusted for unrealized gains and losses, must be transferred to the general fund.

(6) If in any fiscal year after the old fund liability tax is terminated claims for injuries resulting from accidents that occurred before July 1, 1990, are not adequately funded, any amount necessary to pay claims for injuries resulting from accidents that occurred before July 1, 1990, must be transferred from the general fund to the account provided for in 39-71-2321.

Part 24
Mediation

Part Cross-References

Uniform Arbitration Act, Title 27, ch. 5.

39-71-2401. Disputes — jurisdiction — settlement requirements — mediation. (1) A dispute concerning benefits arising under this chapter, other than the disputes described in subsection (2), must be brought before a department mediator as provided in this part. If a dispute still exists after the parties satisfy the mediation requirements in this part, either party may petition the workers' compensation court for a resolution.

(2) A dispute arising under this chapter that does not concern benefits or a dispute for which a specific provision of this chapter gives the department jurisdiction must be brought before the department.

(3) An appeal from a department order may be made to the workers' compensation court.

(4) Except as otherwise provided in this chapter, before a party may bring a dispute concerning benefits before a mediator, the parties shall attempt to settle as follows:

(a) The party making a demand shall present the other party with a specific written demand that contains sufficient explanation and documentary evidence to enable the other party to thoroughly evaluate the demand.

(b) The party receiving the demand shall respond in writing within 15 working days of receipt. If the demand is denied in whole or in part, the response must state the basis of the denial.

(c) Upon motion of a party or upon the mediator's own motion, the mediator has the authority to dismiss a petition if the mediator finds that either party did not comply with this subsection (4). A decision dismissing a petition under this subsection (4)(c) must be in writing and must state in detail the grounds for dismissal. The mediator's decision may be reviewed by the workers' compensation court upon motion of a party.

(d) This subsection (4) does not relieve a party of an obligation otherwise contained in this chapter.

History: En. Sec. 8, Ch. 464, L. 1987; amd. Sec. 1, Ch. 427, L. 1989; amd. Sec. 64, Ch. 613, L. 1989; amd. Sec. 10, Ch. 558, L. 1991; amd. Sec. 29, Ch. 416, L. 2005; amd. Sec. 1550, Ch. 56, L. 2009.

39-71-2402 through 39-71-2405 reserved.

39-71-2406. Purpose. The purpose of this part is to prevent when possible the filing in the workers' compensation court of actions by claimants or insurers relating to claims under this chapter if an equitable and reasonable resolution of the dispute may be effected at an earlier stage. To achieve this purpose, this part provides for a procedure for mandatory, nonbinding mediation. It is the intent of this part that the mediation process be used to resolve cases on an informal basis at minimal cost to the parties, and to this end, the parties are required to fully present their cases at the mediation level. However, if a cause proceeds to the workers' compensation court, the parties are not precluded from presenting additional evidence before the court. If a new issue is raised at the workers' compensation court that was not raised at mediation, the court shall remand the issue to the mediator for consideration.

History: En. Sec. 52, Ch. 464, L. 1987; amd. Sec. 2, Ch. 427, L. 1989; amd. Sec. 30, Ch. 416, L. 2005.

39-71-2407. Department authority — rules. (1) The department shall designate mediators and shall implement the provisions of this part.

(2) The department may adopt the rules necessary to implement this part. The rules may prescribe:

(a) the qualifications of mediators; and

(b) a procedure for the conduct of mediation proceedings.

(3) The cost to the department of implementing this part must be paid out of the workers' compensation administration fund.

History: En. Sec. 53, Ch. 464, L. 1987.

39-71-2408. Mandatory, nonbinding mediation. (1) Except as otherwise provided, in a dispute arising under this chapter, the insurer and claimant shall mediate any issue concerning benefits and the mediator shall issue a report following the mediation process recommending a solution to the dispute before either party may file a petition in the workers' compensation court.

(2) The resolution recommended by the mediator is without administrative or judicial authority and is not binding on the parties.

History: En. Sec. 54, Ch. 464, L. 1987; amd. Sec. 31, Ch. 416, L. 2005.

39-71-2409. Duties of mediator. A mediator shall assist the parties in negotiating a resolution to their dispute by:

(1) facilitating an exchange of information between the parties;

(2) assuring that all relevant information is brought forth during the mediation process;

(3) suggesting possible solutions to issues of dispute between the parties;

(4) recommending a solution; and

(5) assisting the parties to voluntarily resolve their dispute.

History: **En. Sec. 55, Ch. 464, L. 1987; amd. Sec. 3, Ch. 427, L. 1989.**

39-71-2410. Limitations on mediation proceedings. (1) Except as may be necessary for the workers' compensation court to rule on issues arising under 39-71-2401(4)(c) or 39-71-2411(8)(c), mediation proceedings must be:

(a) held in private;

(b) informal and held without a verbatim record; and

(c) confidential.

(2) All communications, verbal or written, from the parties to the mediator and any information and evidence presented to the mediator during the proceeding are confidential.

(3) A mediator's files and records are closed to all persons but the parties.

(4) (a) A mediator may not be called to testify in any proceeding concerning the issues discussed in the mediation process.

(b) The mediator's report and any of the information or recommendations contained in the report are not admissible as evidence in any action subsequently brought in any court of law.

(5) Subsections (1) through (4) do not prohibit a mediator from issuing a report and the parties and the mediator may be required to attend a conference before the workers' compensation court as set forth in 39-71-2411.

History: **En. Sec. 56, Ch. 464, L. 1987; amd. Sec. 4, Ch. 427, L. 1989; amd. Sec. 11, Ch. 558, L. 1991; amd. Sec. 1, Ch. 39, L. 2005.**

39-71-2411. Mediation procedure. (1) Except as otherwise provided, a claimant or an insurer having a dispute relating to benefits under this chapter may petition the department for mediation of the dispute.

(2) A party may take part in mediation proceedings with or without representation.

(3) The mediator shall review the department file for the case and may receive any additional documentation or argument either party submits.

(4) The claimant and an employee of the insurer or an authorized third-party examiner with settlement authority shall attend any scheduled mediation conference in person or shall participate by telephone conference call.

(5) The mediator shall request that each party offer an argument summarizing the party's position. A party's argument must fully present the party's case. The argument is not limited by the rules of evidence.

(6) After the parties have presented all their information and arguments to the mediator, the mediator shall recommend a solution to the parties within a reasonable time to be established by rule.

(7) A party shall notify the mediator within 25 days of the mailing of the mediator's report as to whether the party accepts the mediator's recommendation. If either party does not accept the mediator's recommendation, the party may petition the workers' compensation court for resolution of the dispute.

(8) (a) If a mediator determines that either party failed to cooperate in the mediation process, the mediator shall prepare a written report setting forth the determination and the grounds for the determination. The report must be mailed to the parties and to the workers' compensation court. Unless a party disputes the determination as set forth in subsection (8)(c), the parties shall repeat the mediation process, but only one time.

(b) A mediator may determine that a party has failed to cooperate in the mediation process only if the party failed to:

(i) supply information or offer a summary of the party's position as reasonably requested by the mediator;

(ii) attend scheduled mediation conferences unless excused by the mediator; or

(iii) listen to and review the information and position offered by the opposing party.

(c) If a party disputes a mediator's determination that the party failed to cooperate in the mediation process, the party may file a petition with the workers' compensation court. Upon receipt of a petition, the court shall summon the parties and the mediator to determine by oral discussion whether the mediator's determination of noncooperation is supportable. If the court finds that the mediator's determination is supportable, the court may order the parties to attempt a second time to mediate their dispute.

In the case of a withdrawal, the workers' compensation judge shall designate and contract for a substitute workers' compensation judge to preside over the proceeding from the list provided for in subsection (7).

(4) If the office of the workers' compensation judge becomes vacant and before the vacancy is permanently filled pursuant to Title 3, chapter 1, part 10, the chief justice of the Montana supreme court shall appoint a substitute judge within 30 days of receipt of the notice of vacancy. (b) prior or subsequent to the issuance of an order by the workers' compensation judge granting a claimant benefits, the insurer unreasonably delays or refuses to make the payments.

(2) The question of unreasonable delay or refusal shall be determined by the workers' compensation judge, and such a finding constitutes good cause to rescind, alter, or amend any order, decision, or award previously made in the cause for the purpose of making the increase provided herein.

The stay may be for a period of time and be under conditions that the judge considers proper. A stay of execution under this subsection may not extend for more than 30 days following the judge's disposition of posttrial motions.

(2) The appellant may request of the workers' compensation judge or the supreme court, upon service of a notice of appeal, a stay of execution of the judgment or order pending resolution of the appeal. The appellant may request a stay by presenting a supersedeas bond to the workers' compensation judge and obtaining the approval of the bond. (d) it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

(4) If a petition, pleading, motion, or other paper is signed in violation of this section, the court, upon motion or upon its own initiative, shall impose an appropriate sanction upon the person who signed it, a represented party, or both. (1) "Critical incident" means an event that results in acute or cumulative psychological stress or trauma to an emergency service provider as a result of response to the incident.

(2) "Critical incident stress" means an unusually strong emotional, cognitive, or physical reaction that has the potential to interfere with normal functioning and that results from the response to a critical incident. This may include but is not limited to physical and emotional illness, failure of usual coping mechanisms, loss of interest in the job, personality changes, or loss of ability to function.

(3) "Critical incident stress management" means a process of crisis intervention designed to assist emergency service personnel in coping with the psychological trauma resulting from response to a critical incident.

(2) Any information divulged to the team during the provision of critical incident stress management and response services must be kept confidential and may not be disclosed to a third party or in a criminal, civil, or administrative proceeding unless the merits of disclosure exceed the demands of an individual's privacy. Records kept by critical incident stress management

team members are not subject to subpoena, discovery, or introduction into evidence in a criminal, civil, or administrative action.

(3) The confidentiality privilege provided in subsections (1) and (2) does not apply:

(a) for the appropriate referral to or consultation with other critical incident stress management team members or related qualified professionals;

(b) if the emergency service provider conveys that the provider is an imminent threat to the provider or anyone else or if the provider appears to be an imminent threat to the provider or anyone else;

(c) if the emergency services provider divulges information regarding a past, present, or future criminal act that does not involve the critical incident;
